SAILOR MOON

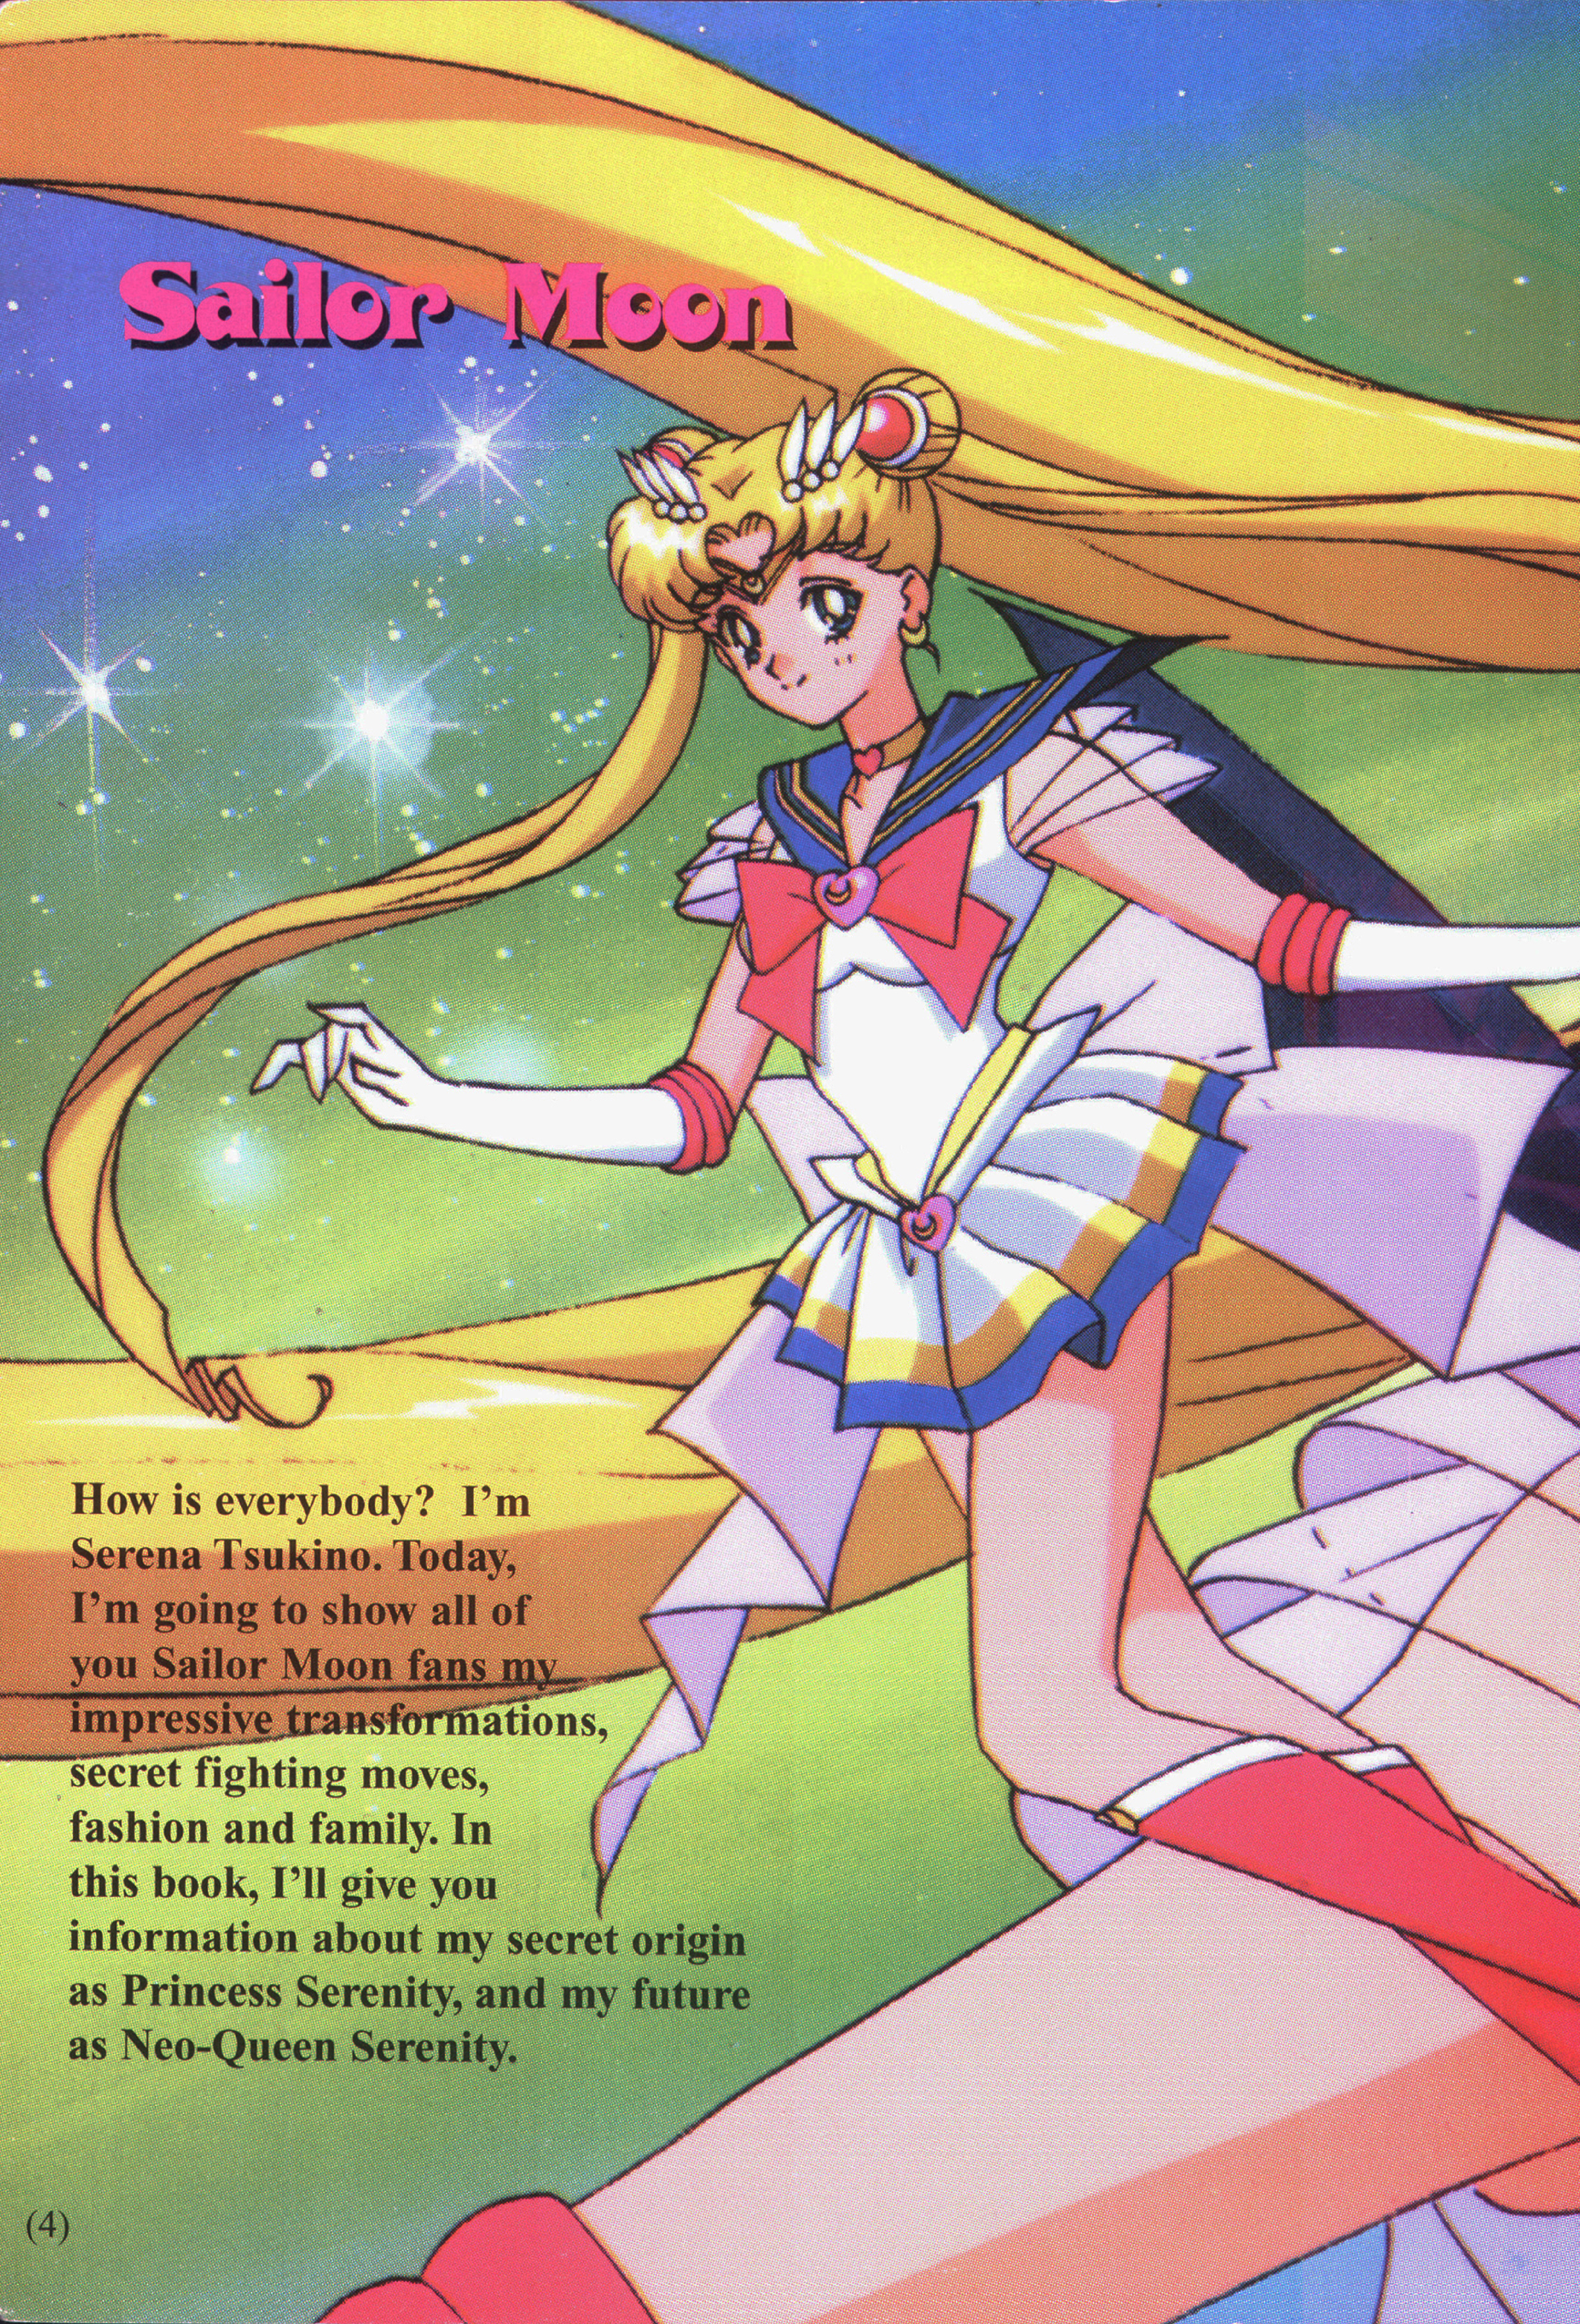
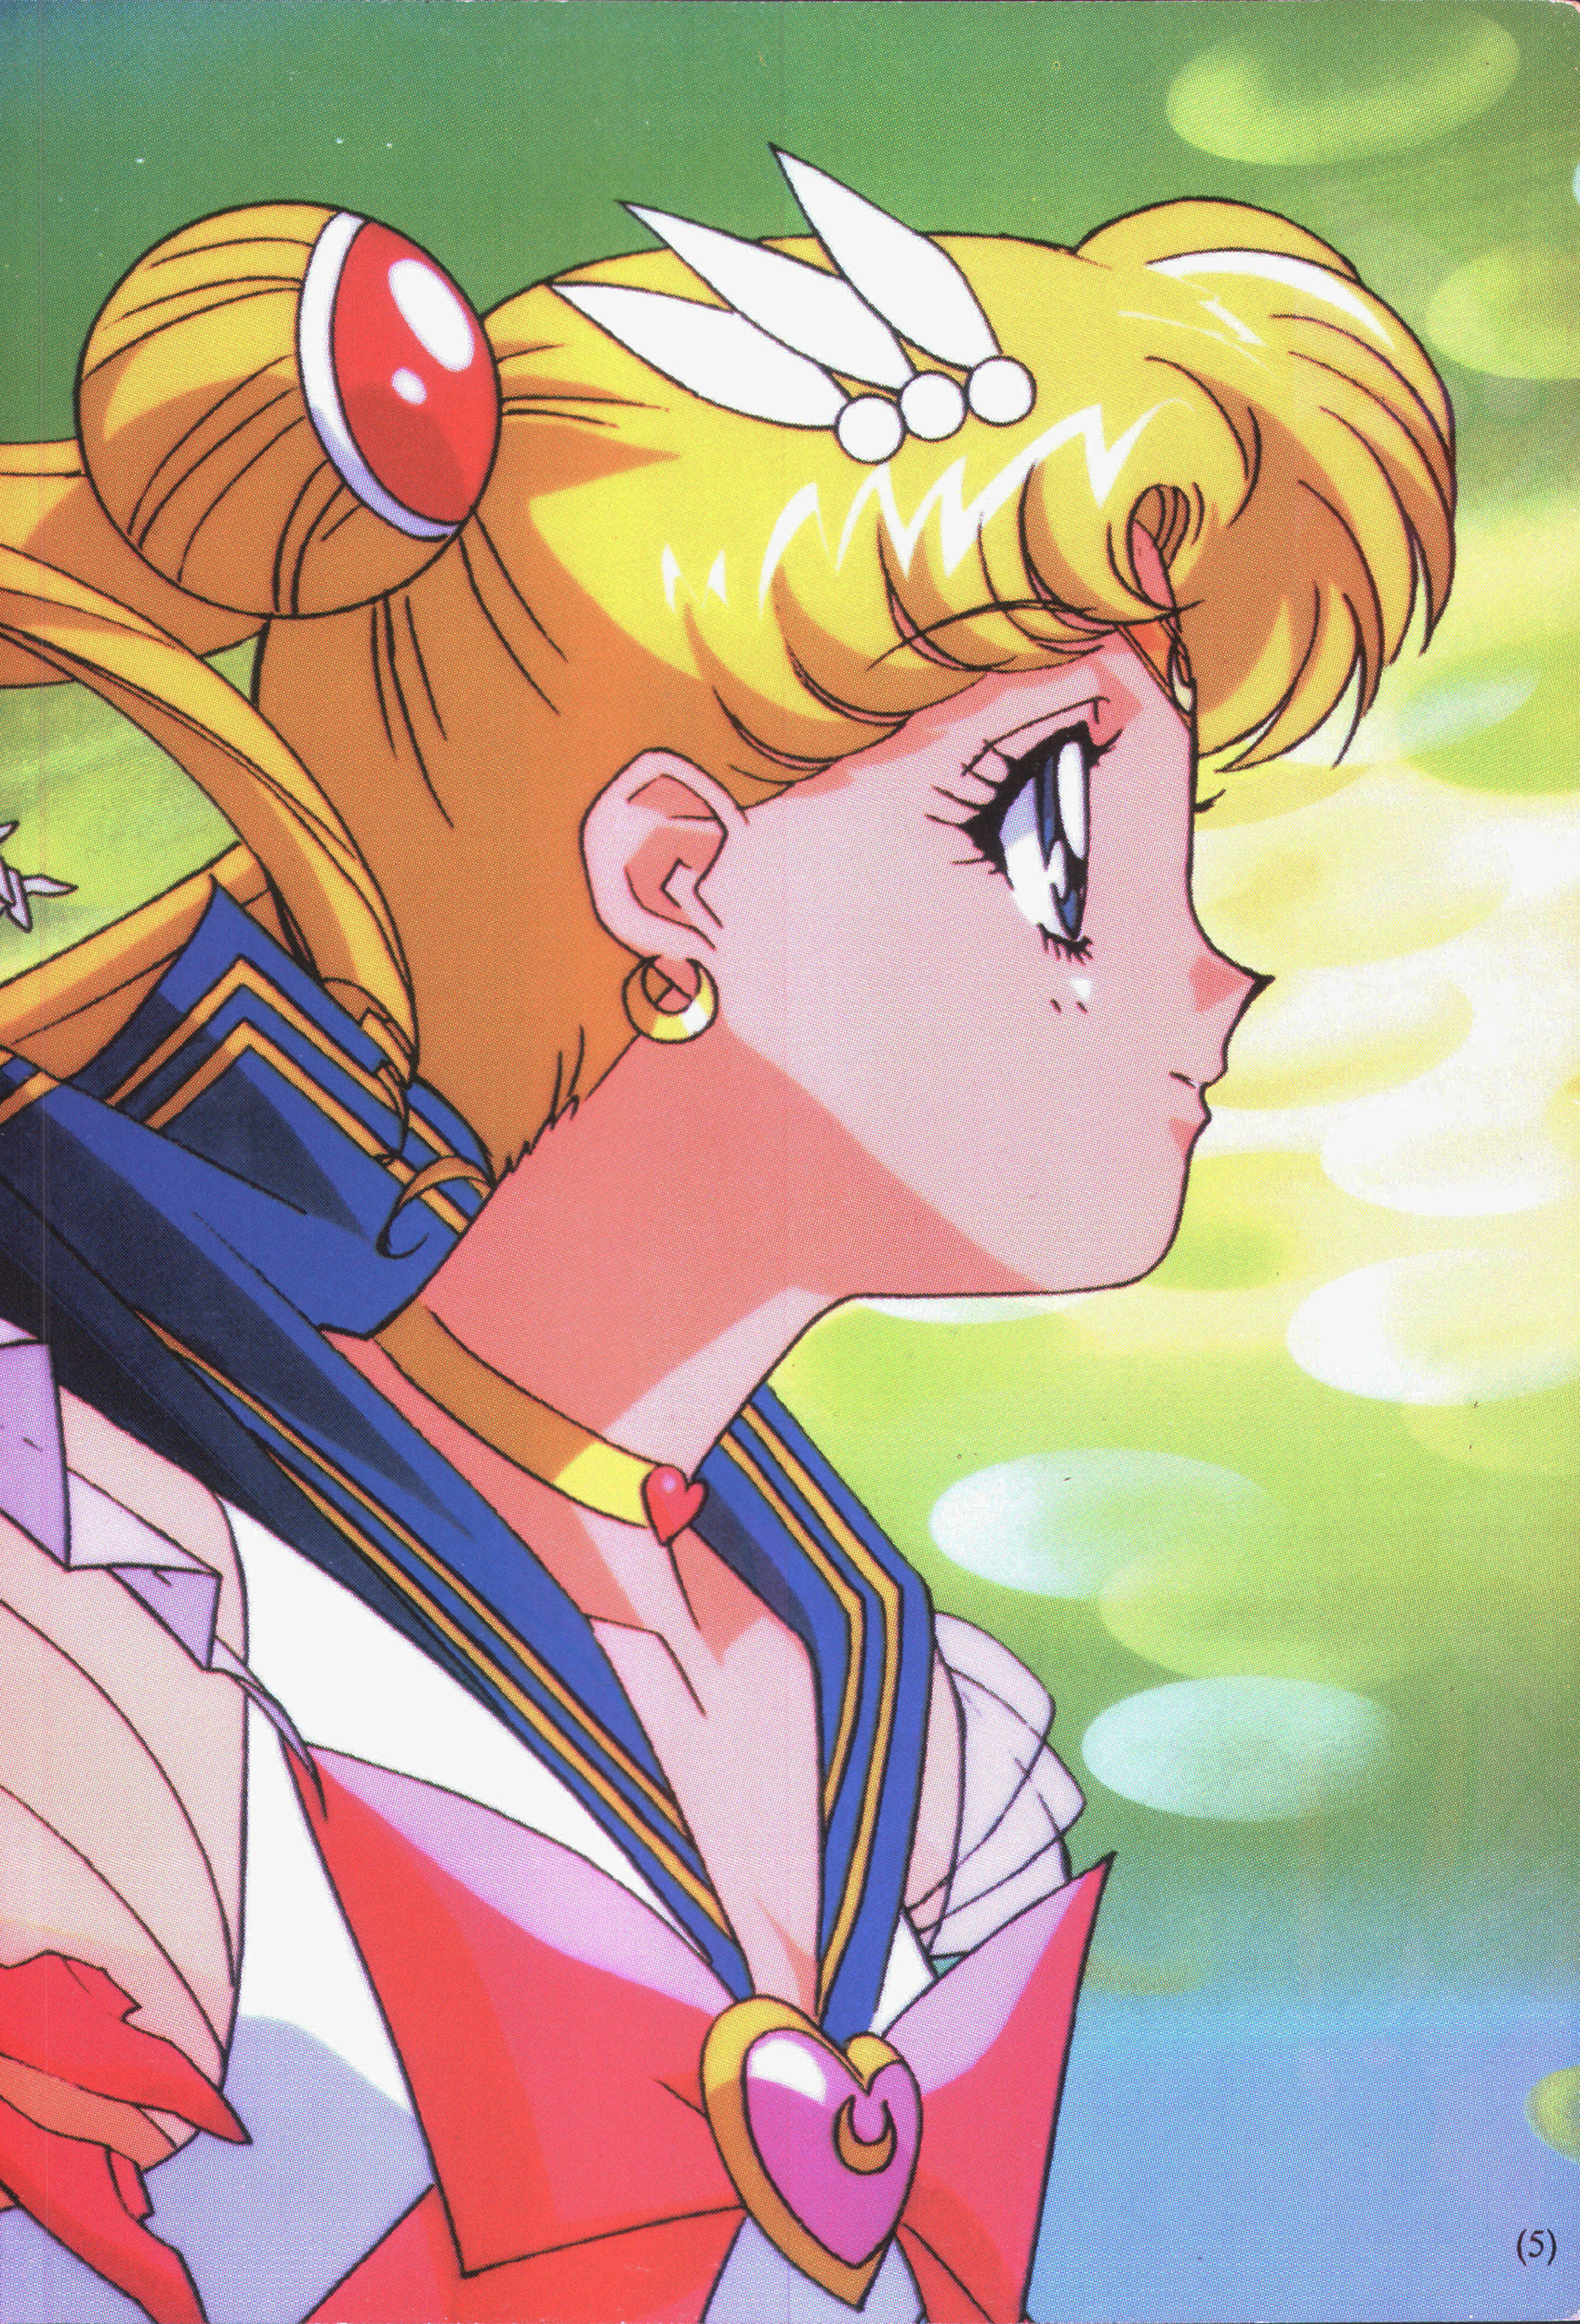
Sailor Moon



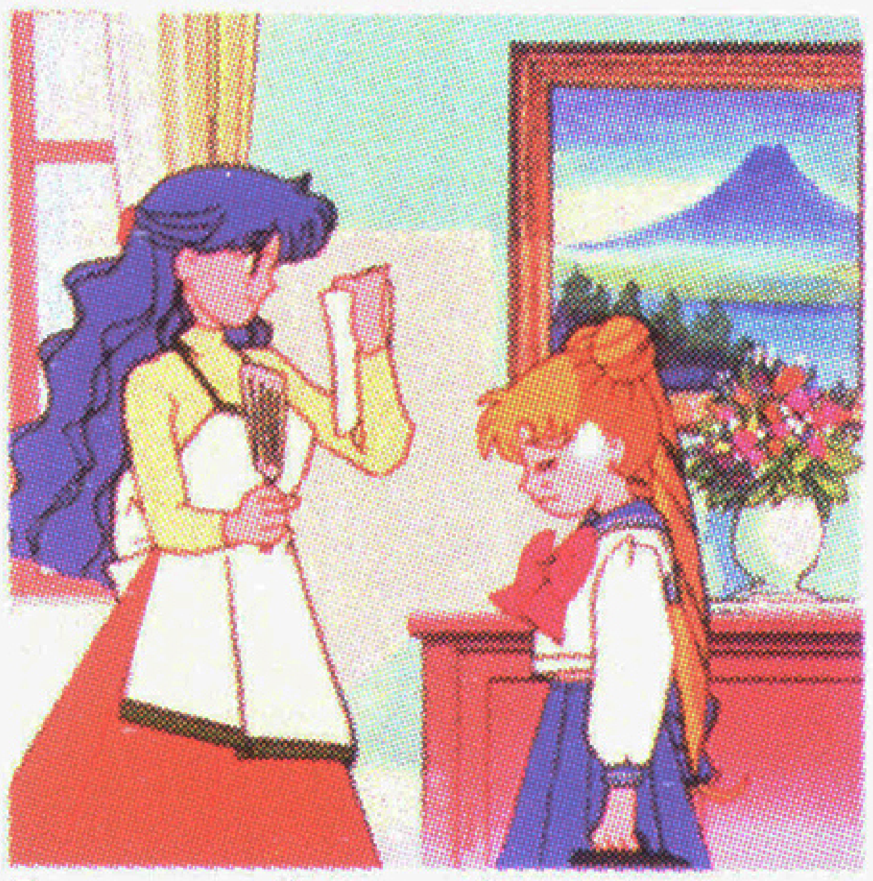
How is everybody? I'm Serena Tsukino. Today, I'm going to show all of you Sailor Moon fans my impressive transformations, secret fighting moves, fashion and family. In this book, I'll give you information about my secret origin as Princess Serenity, and my future as Neo-Queen Serenity.



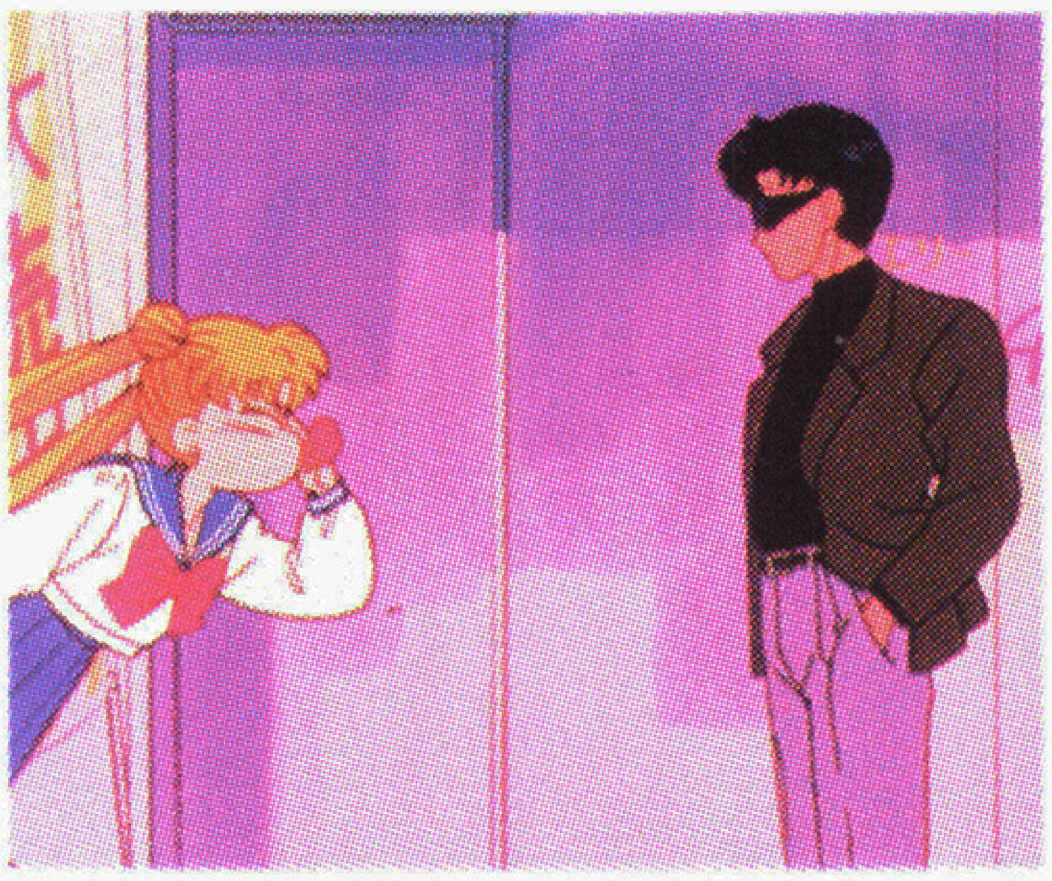
The Secret Origin of Sailor Moon

I'll tell you about the first time I transformed into Sailor Moon. Memorable, isn't it?

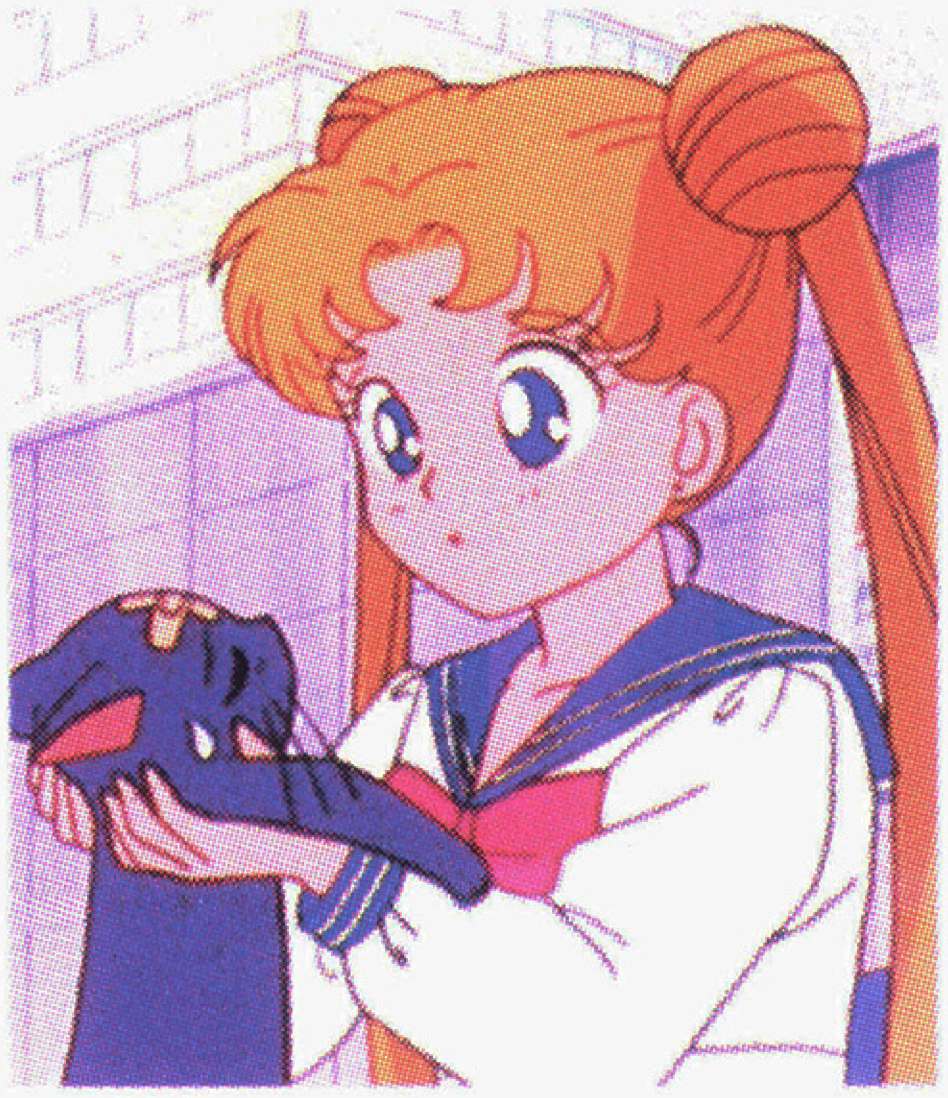
Scout Guide



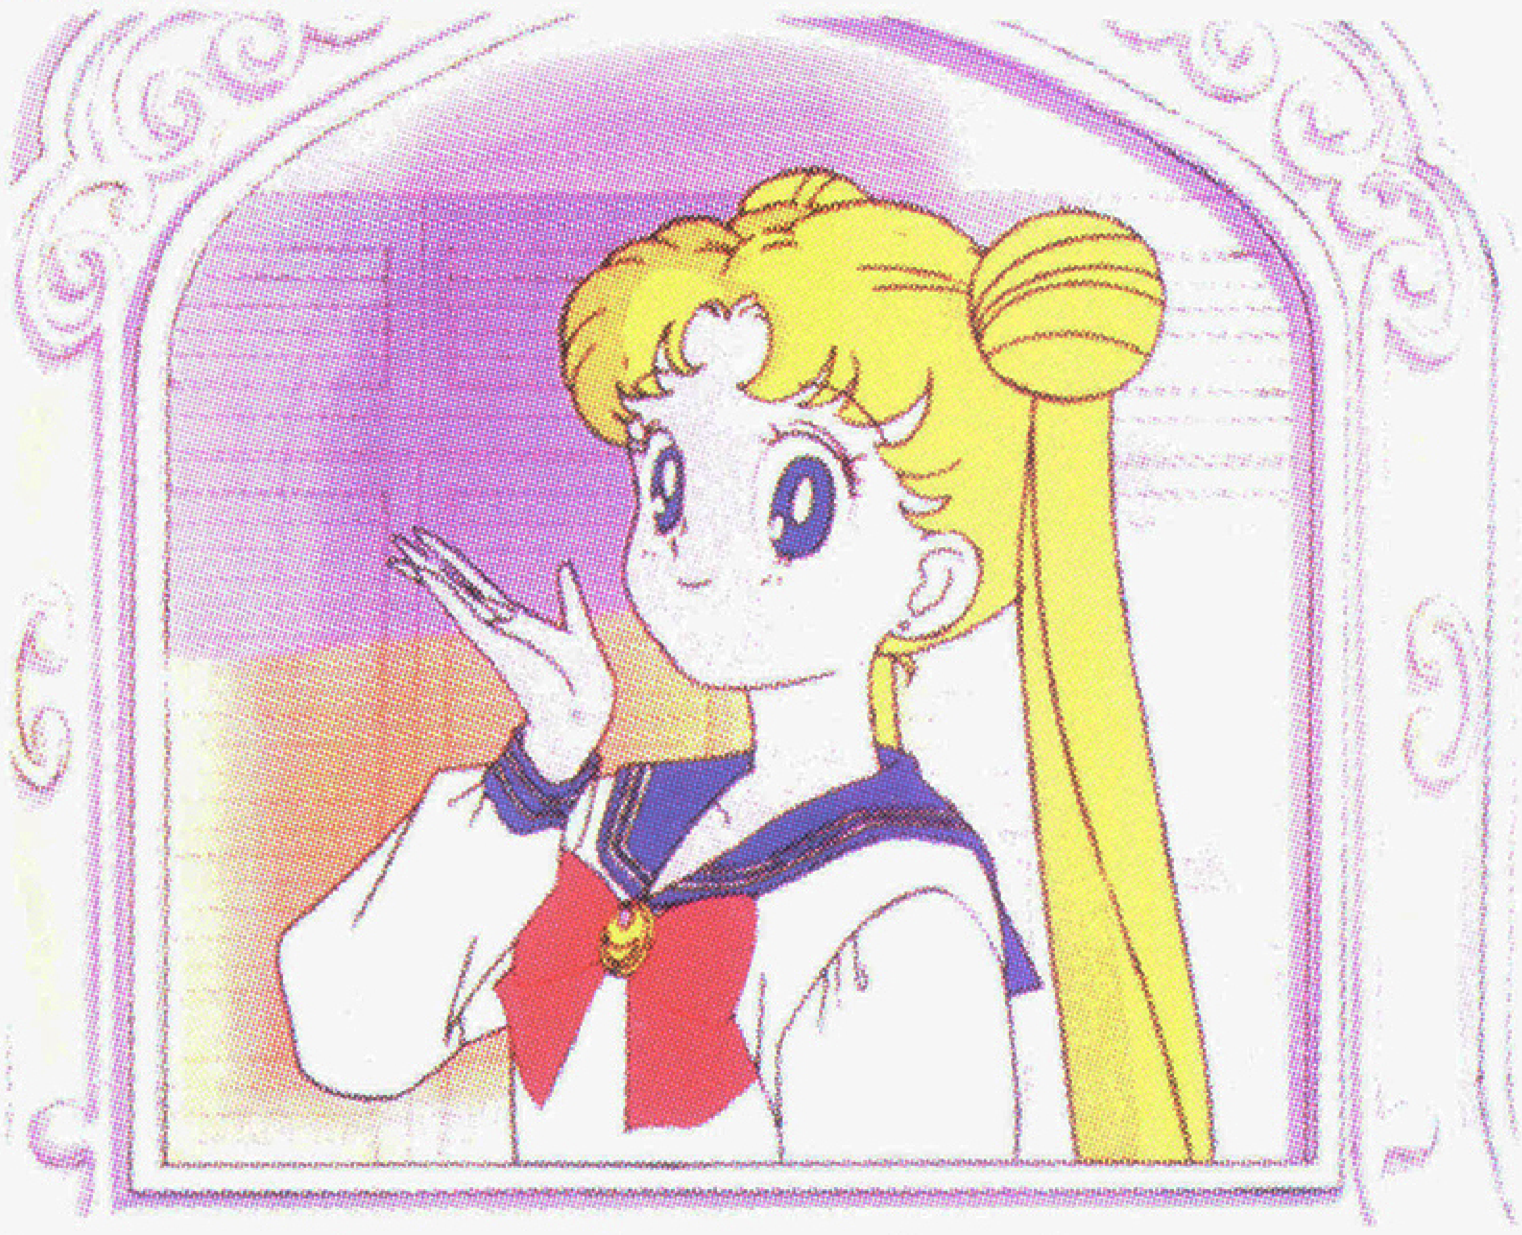
Serena shows her test to her Mom. Unfortunately, the score is 0.



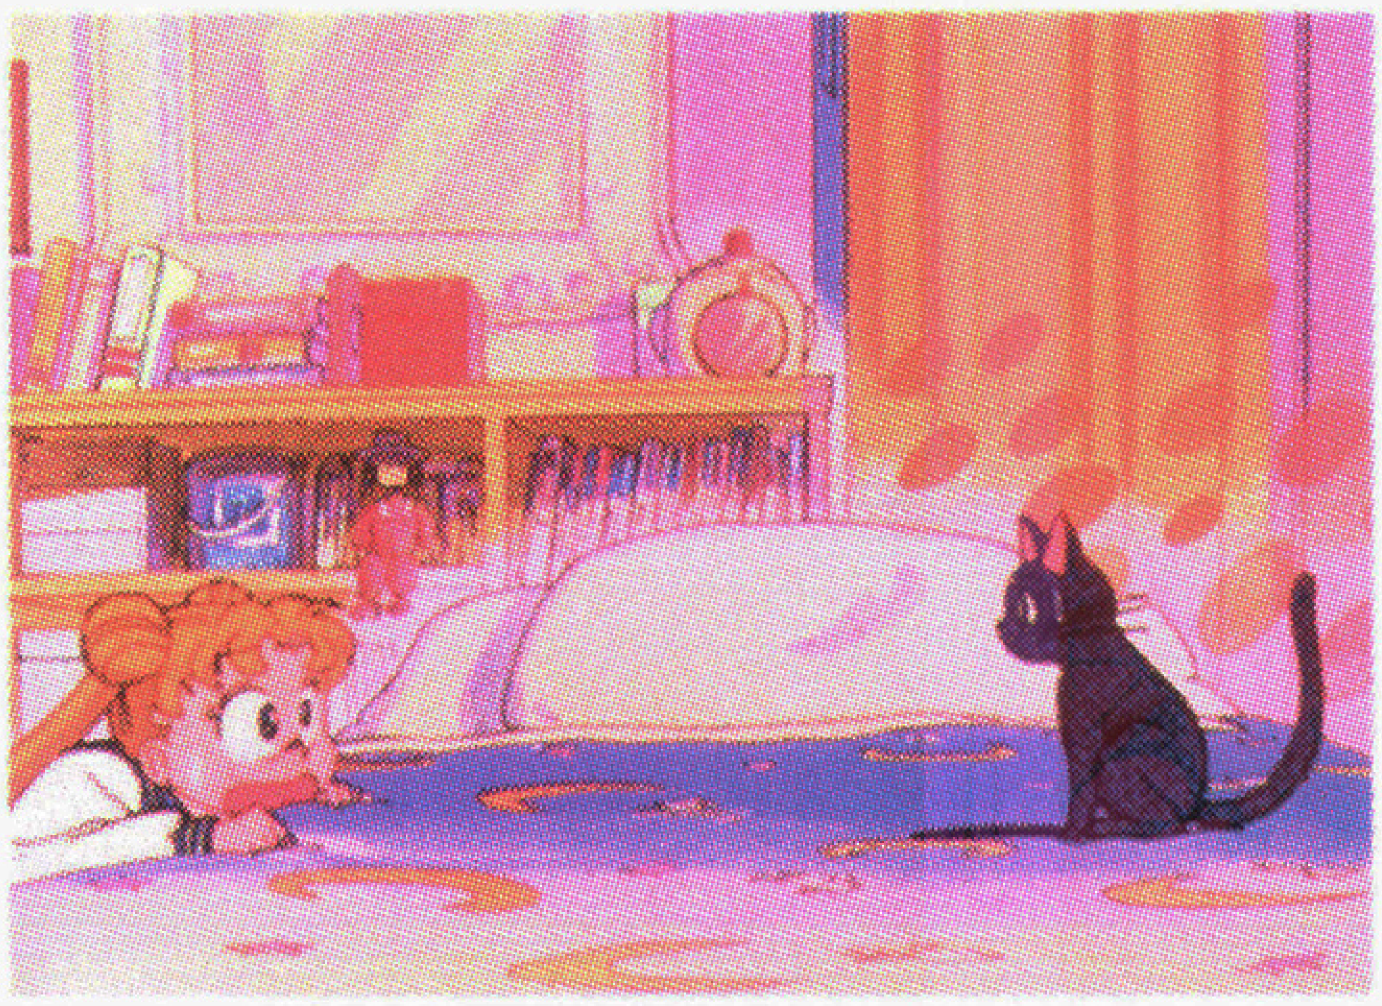
Serena gets angry with Darien because he calls her " a Dumpling head."



Serena rescues a black cat with a bandage on its forehead.



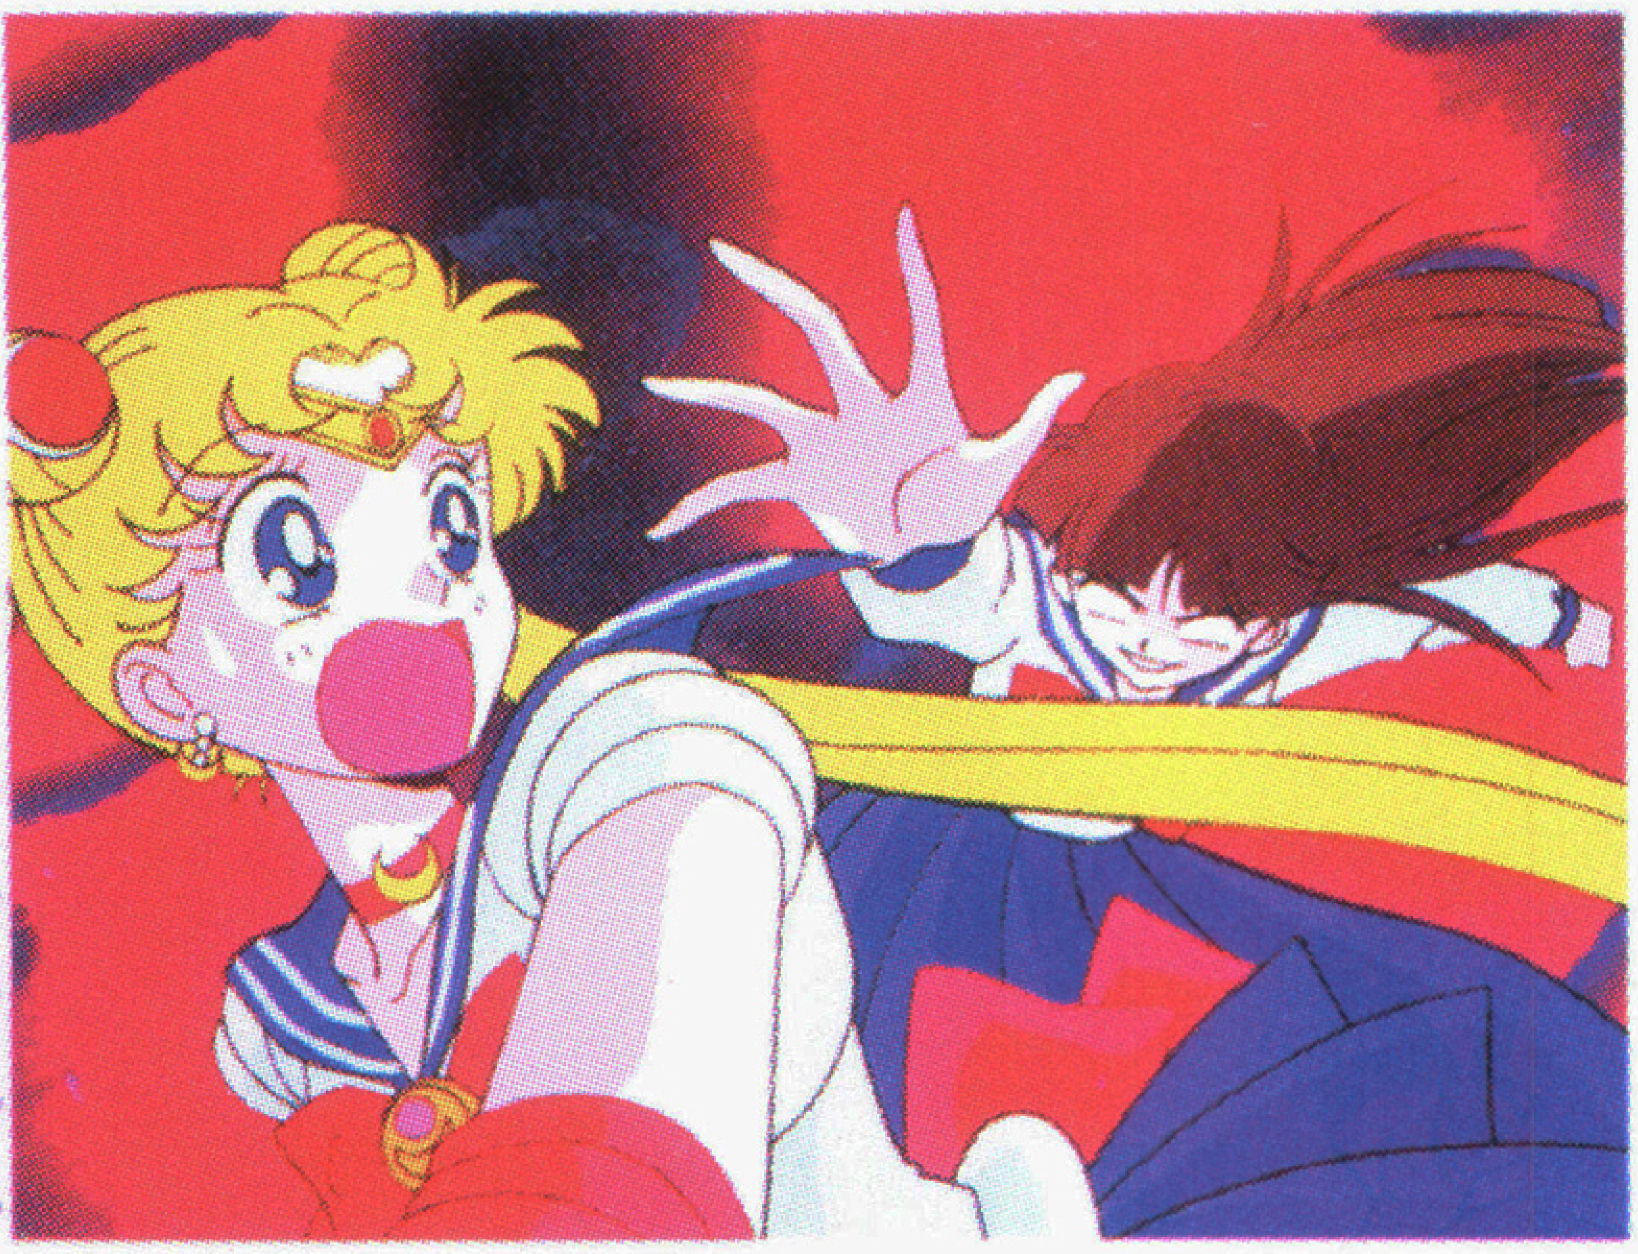
Serena puts her transformation brooch on her chest. Then, it's time to transform into Sailor Moon!



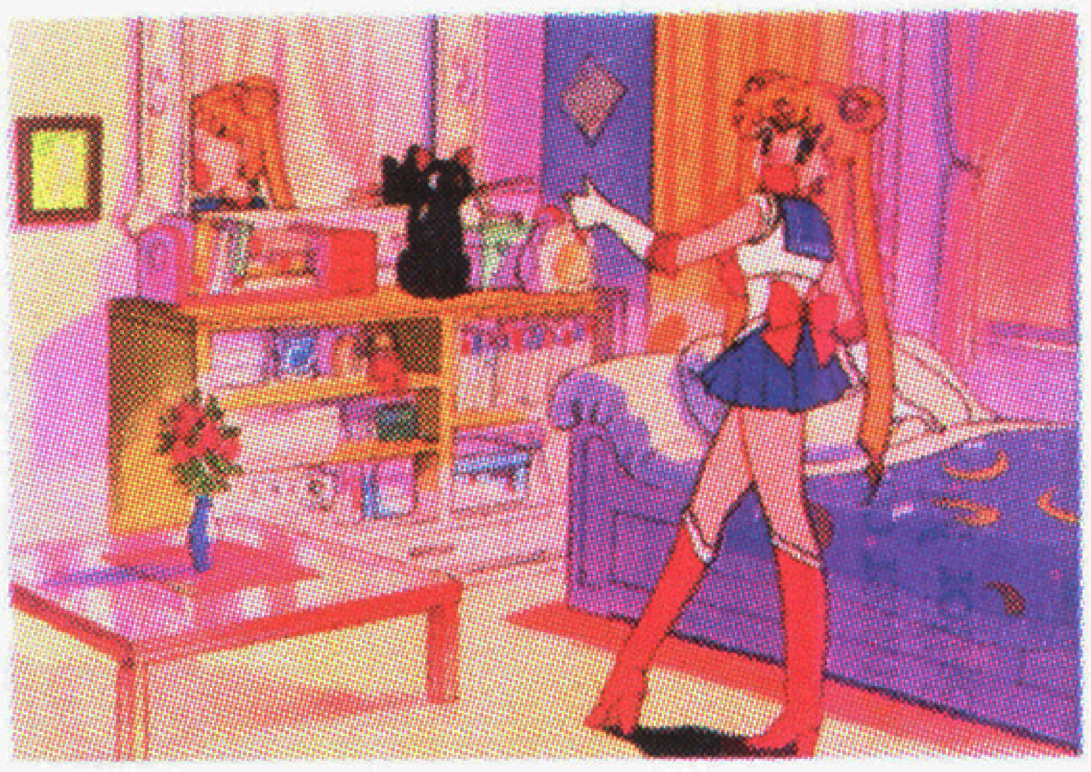
The black cat that Serena rescued earlier visits her house and talks to her in human language.

Serena, the crybaby, transforms into Sailor Moon!

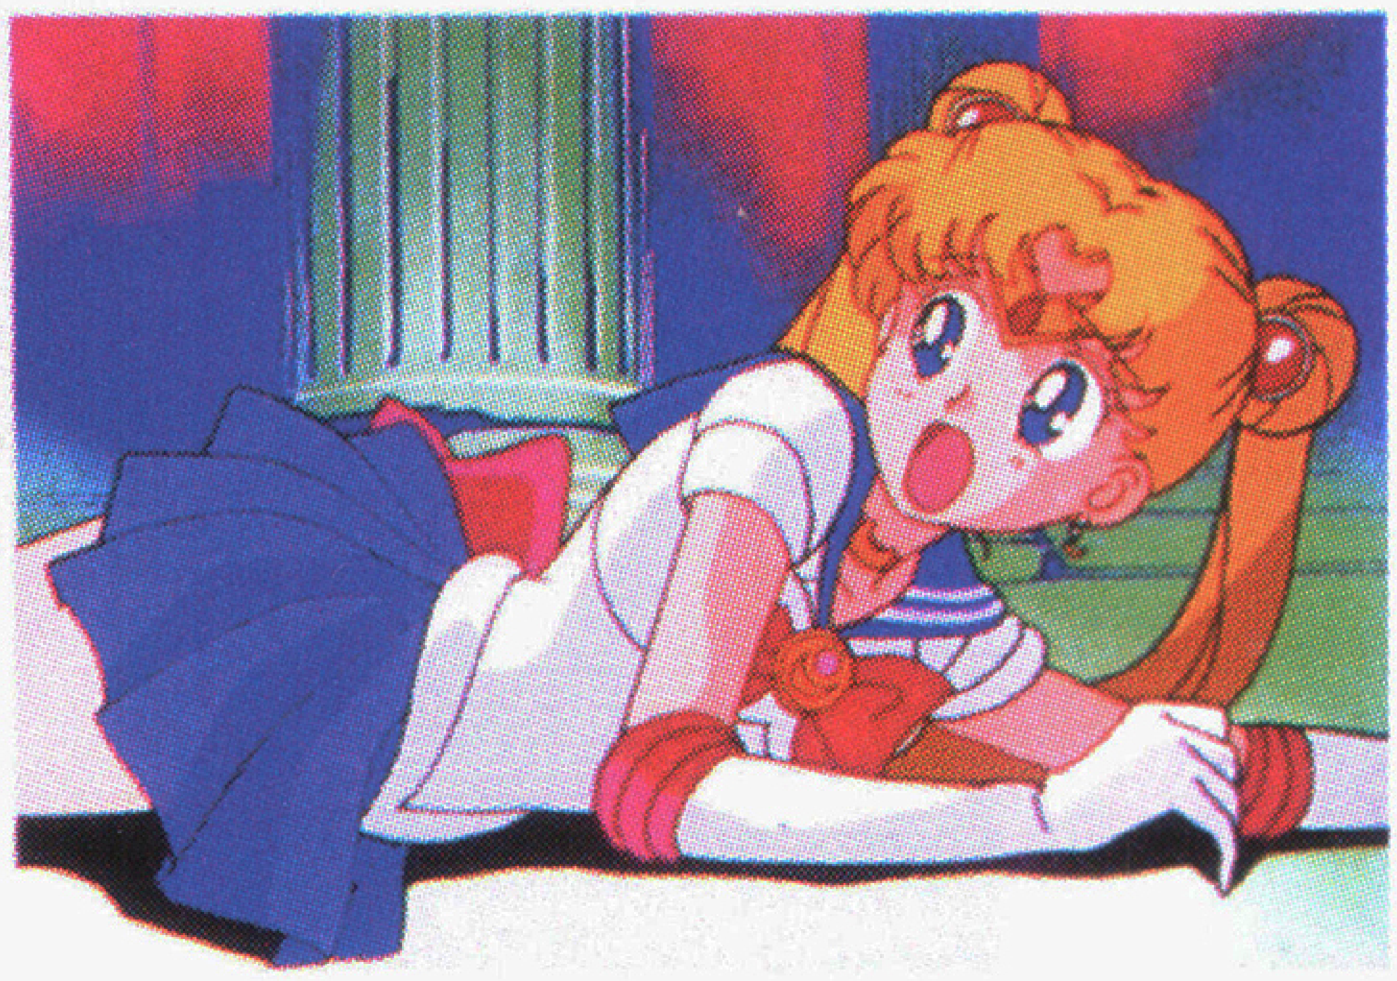
Serena Tsukino is a fourteen-year-old in the eighth grade. She finds a black cat with a crescent Moon on its forehead on her way to school one day. The black cat visits Serena after school and tells her that she is a Sailor Scout and the Princess of the Moon. The black cat, Luna, orders Serena to transform into Sailor Moon. At that moment, Serena hears her best friend Molly scream. Molly is attacked by monsters. Sailor Moon fights with the monsters to rescue Molly, but the battle is almost lost because Sailor Moon isn't used to fighting. Fortunately, Tuxedo Mask, the mystery man, helps her, and together they defeat the enemy.



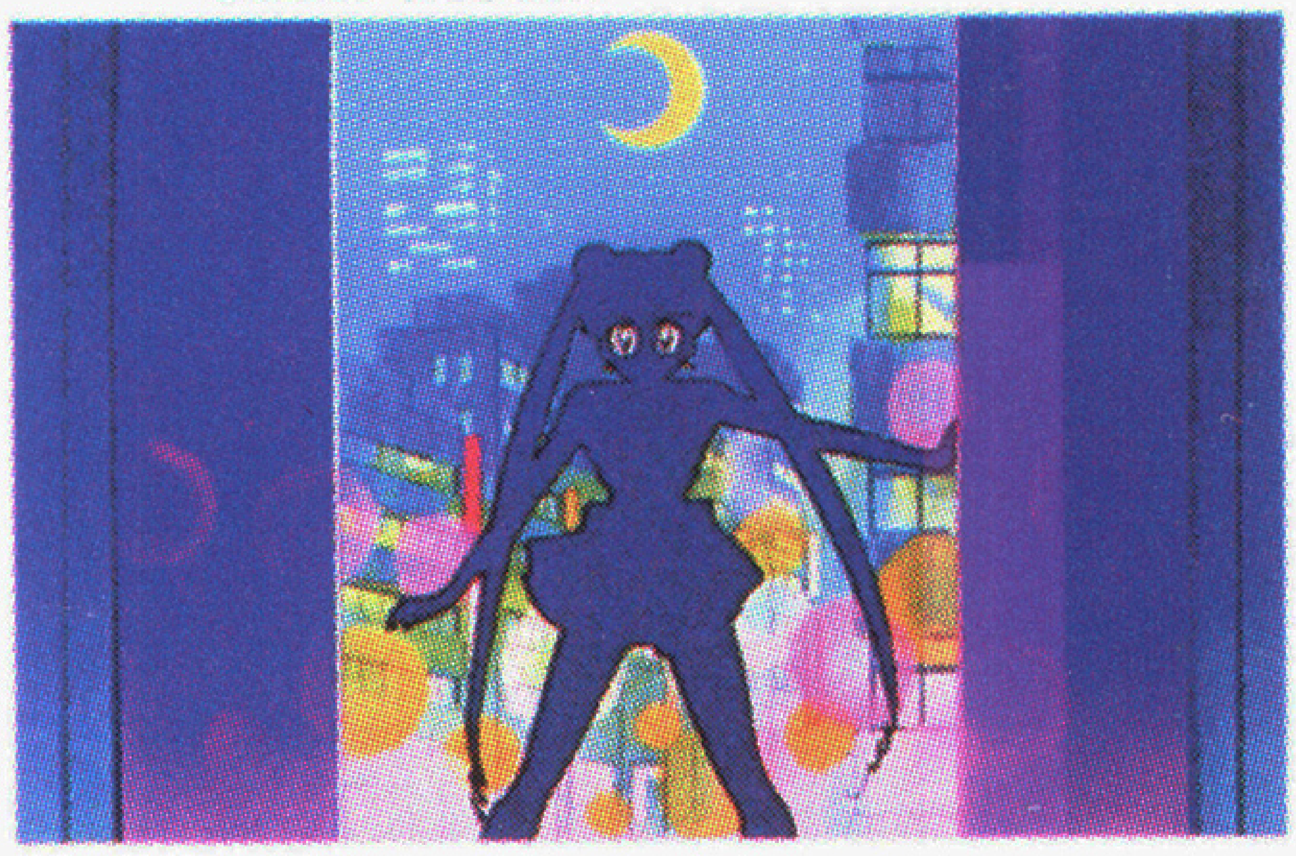
The monster controls people to attack Sailor Moon.



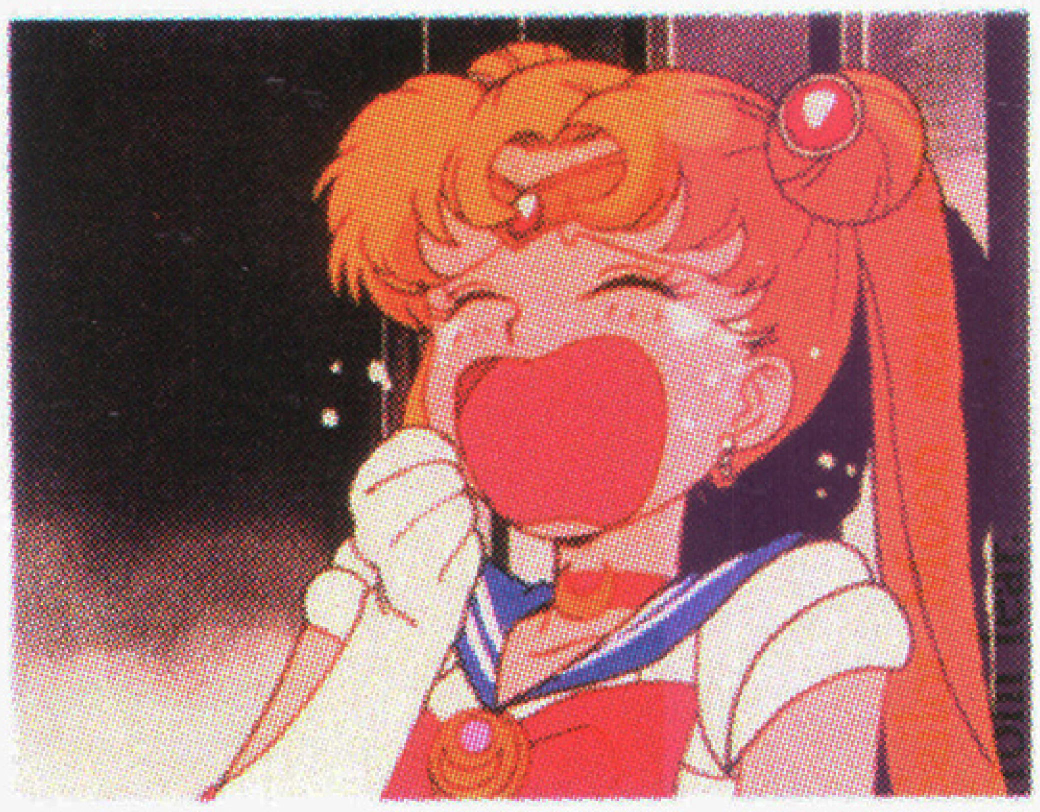
Serena is surprised to look at herself when she actually transforms into Sailor Moon.



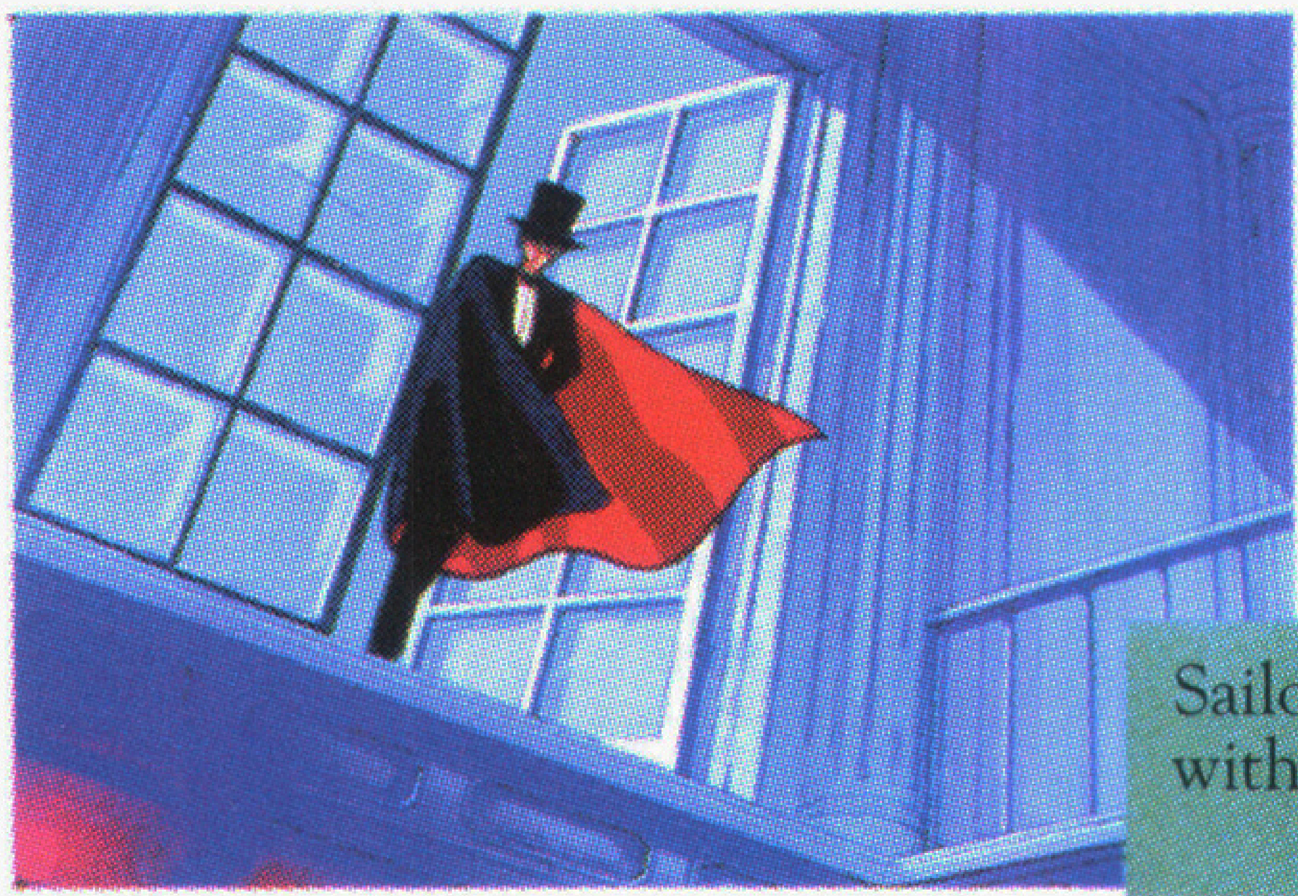
Sailor Moon has a hard time fighting the monsters.



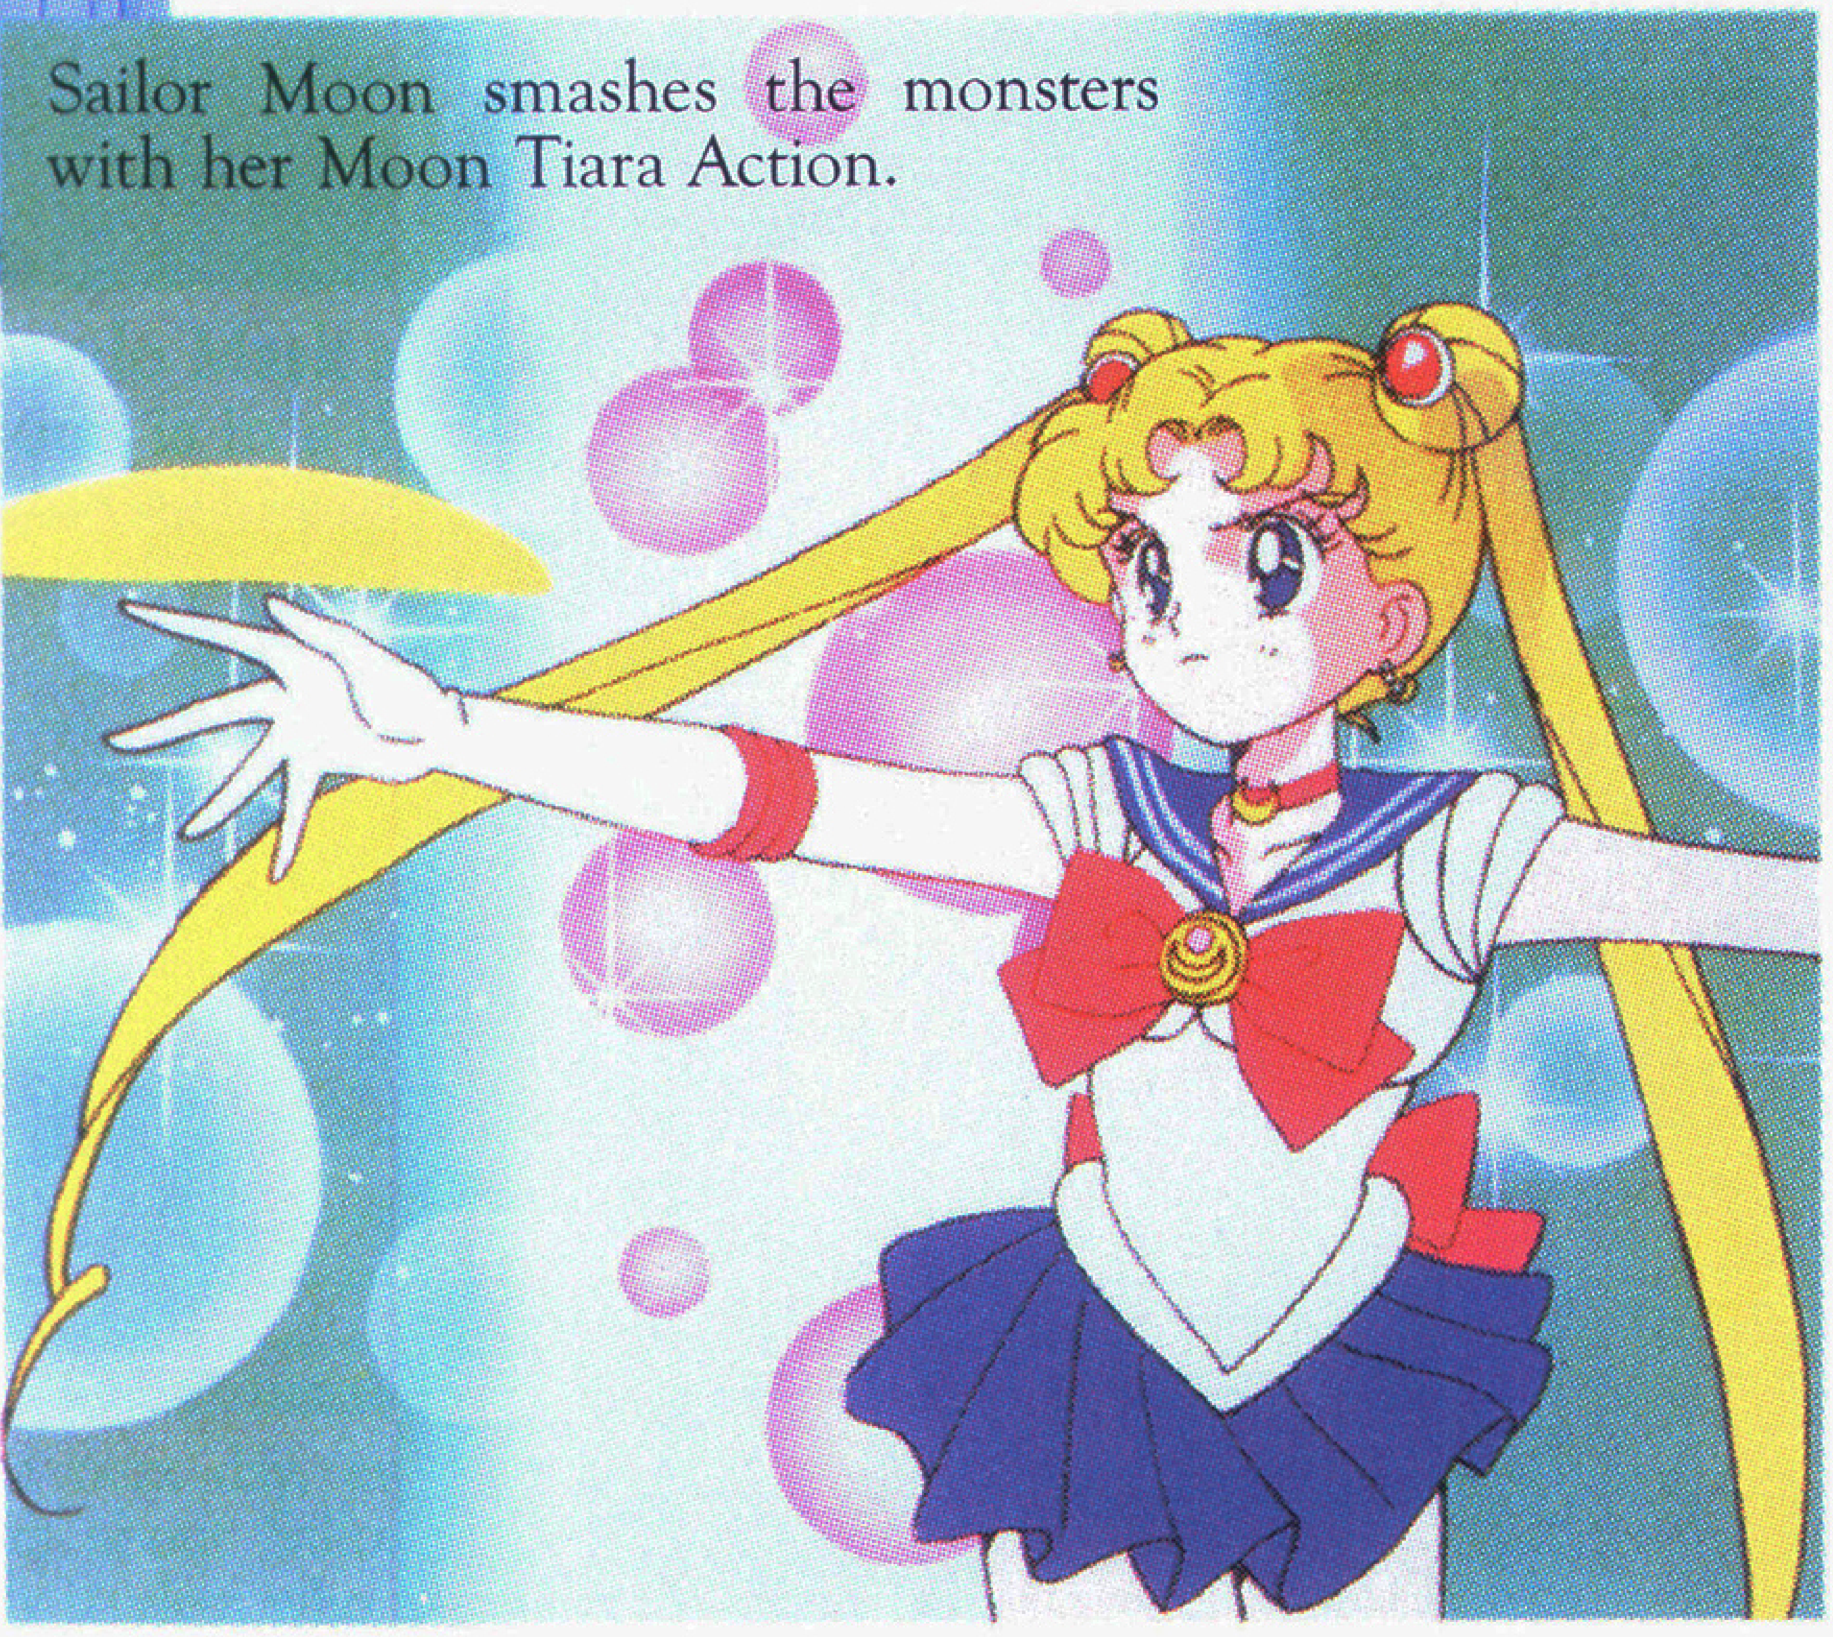
Sailor Moon appears at a jewelry store to rescue Molly.



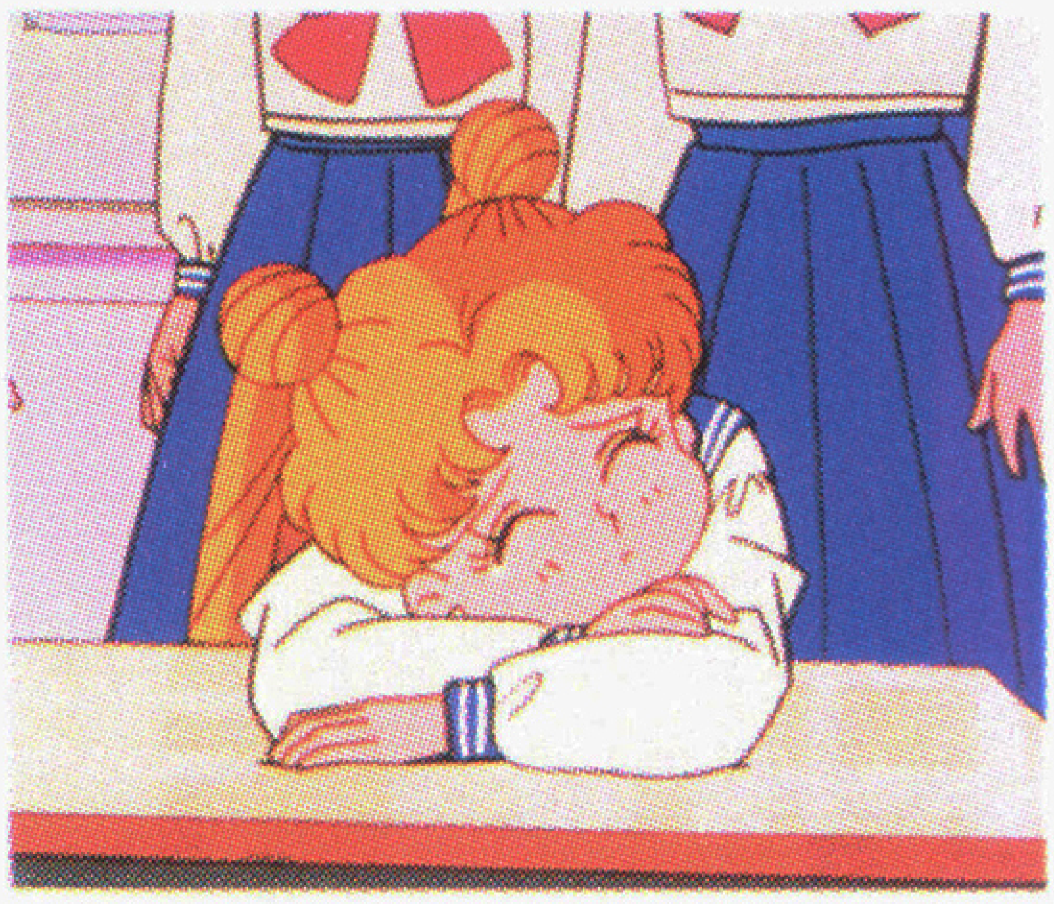
Sailor Moon starts crying from fear.



Tuxedo Mask appears when Sailor Moon is in a desperate situation.



Sailor Moon smashes the monsters with her Moon Tiara Action.



The next day, everybody in her school talks about Sailor Moon. Serena is the only student who is sleepy.

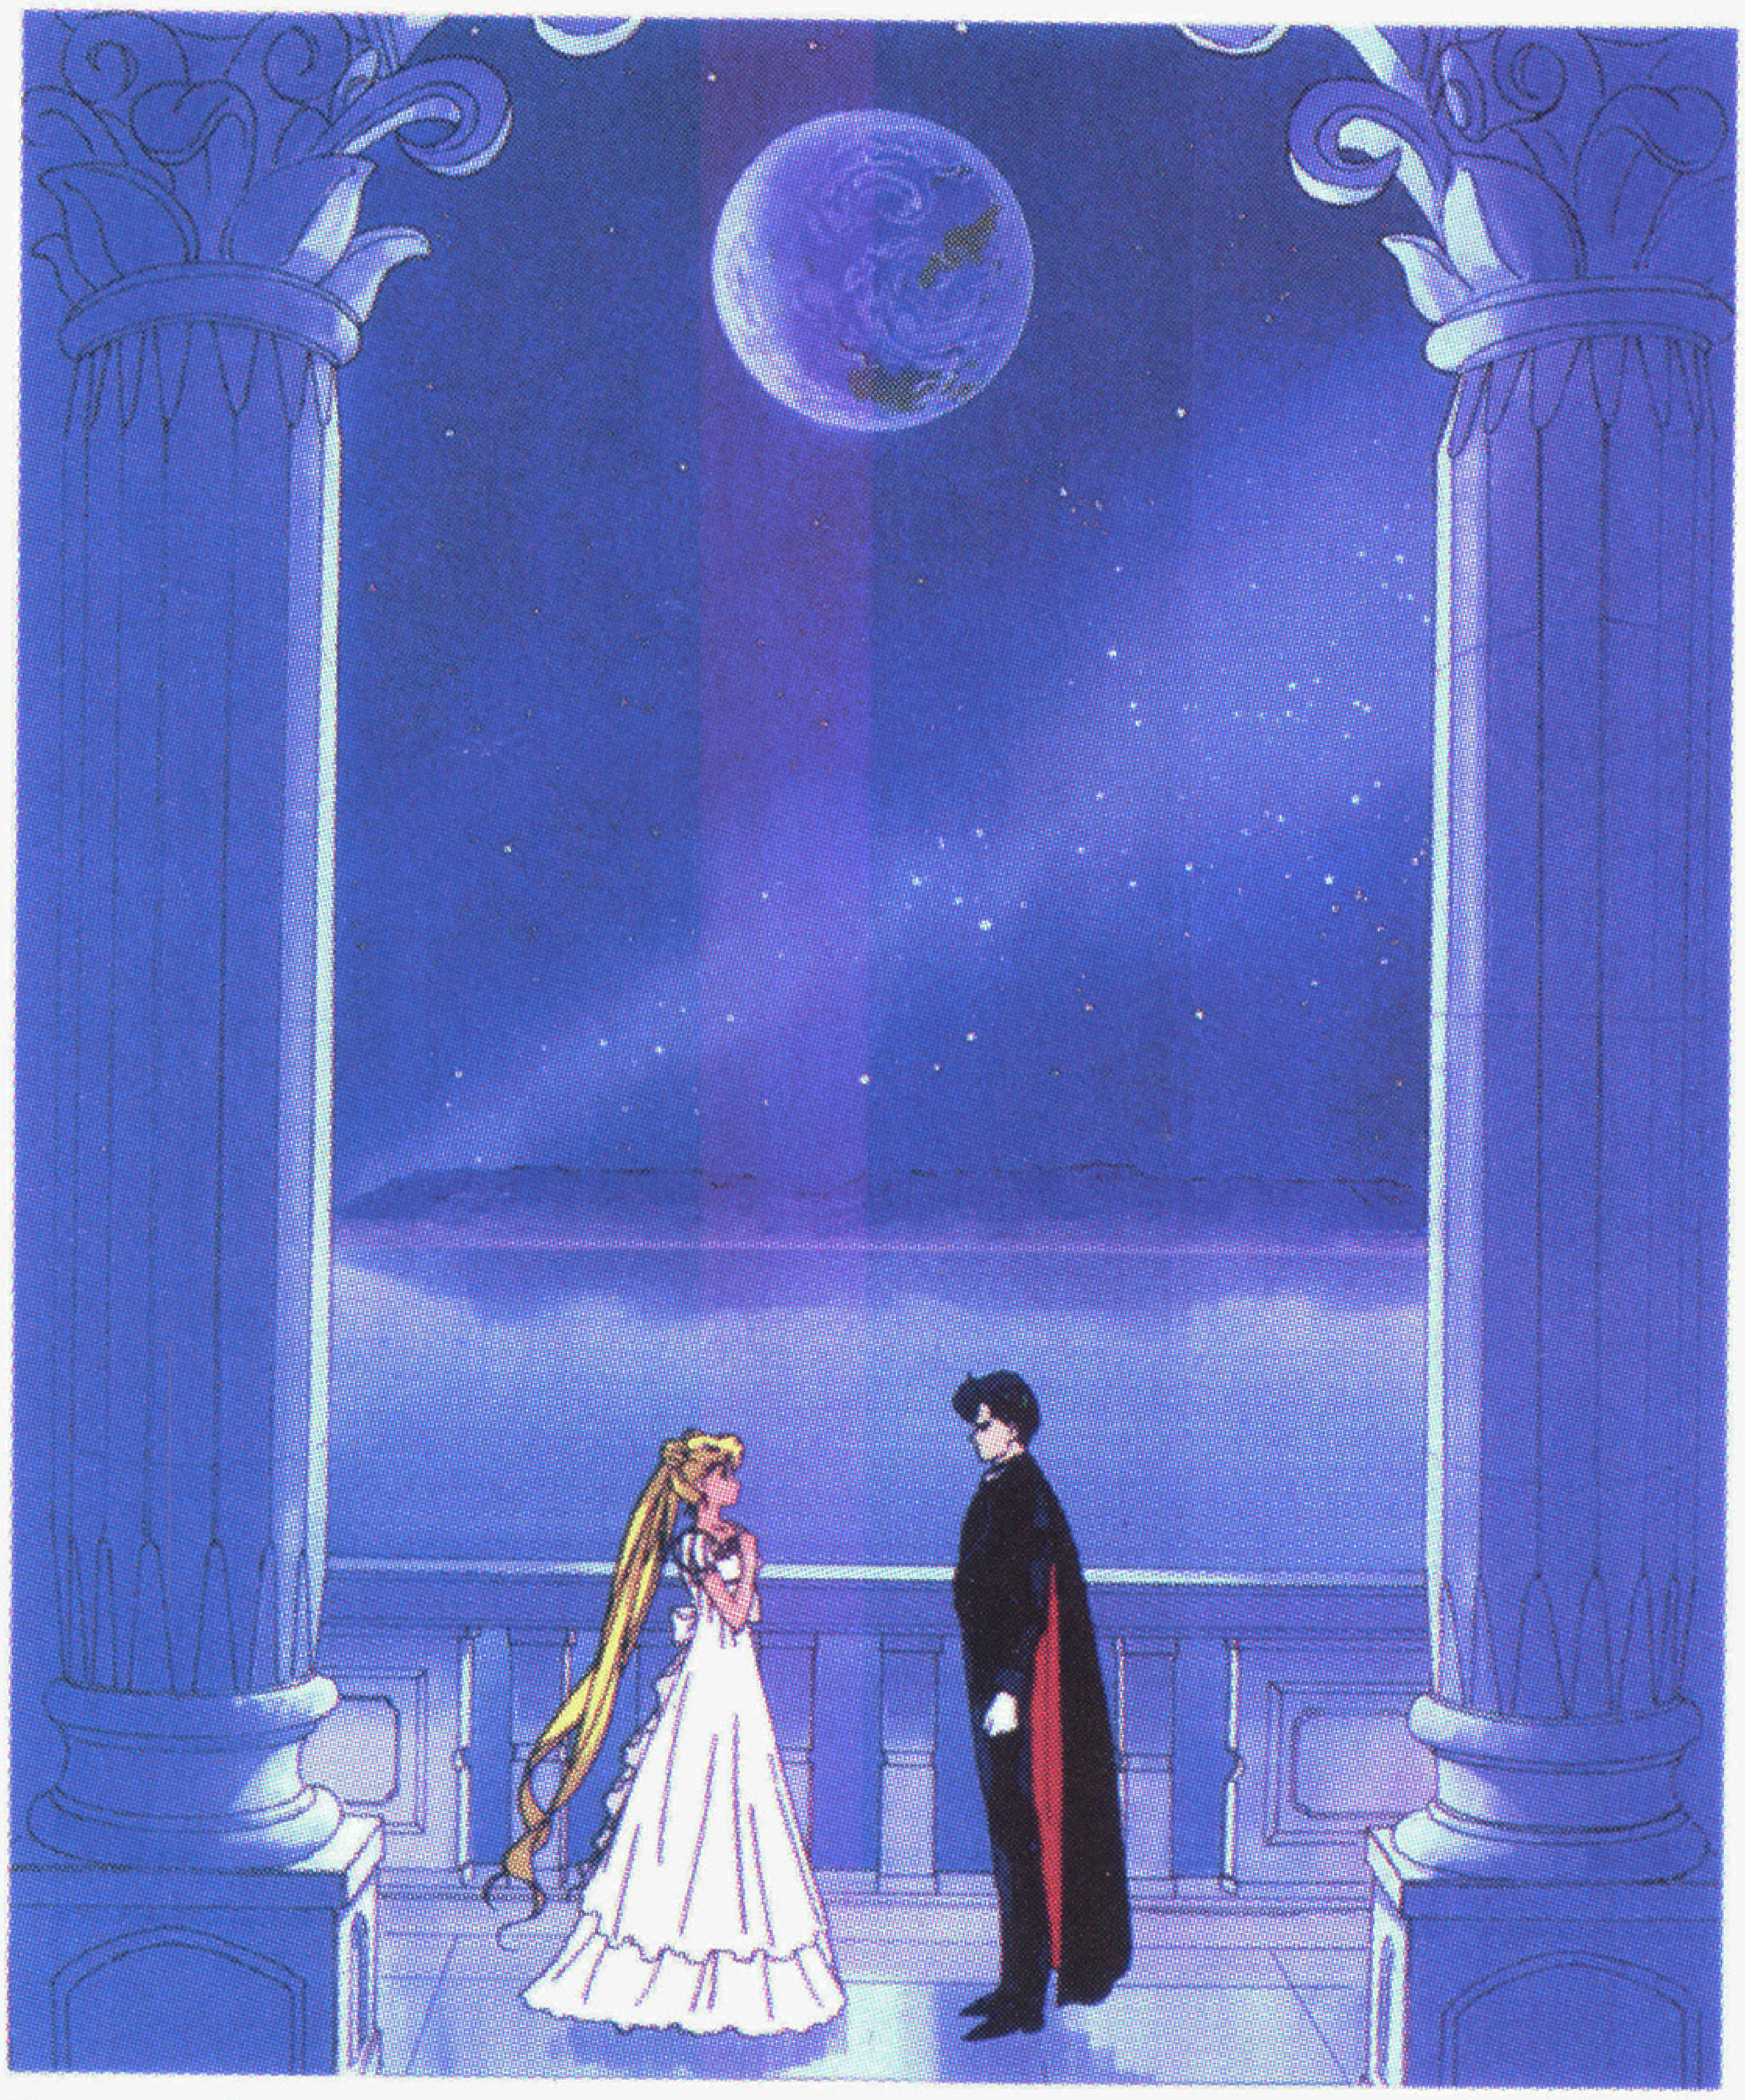
Sailor Moon Book One

Actually, there is a big secret both in my past and in my future. I'll tell my secret only to you fans.

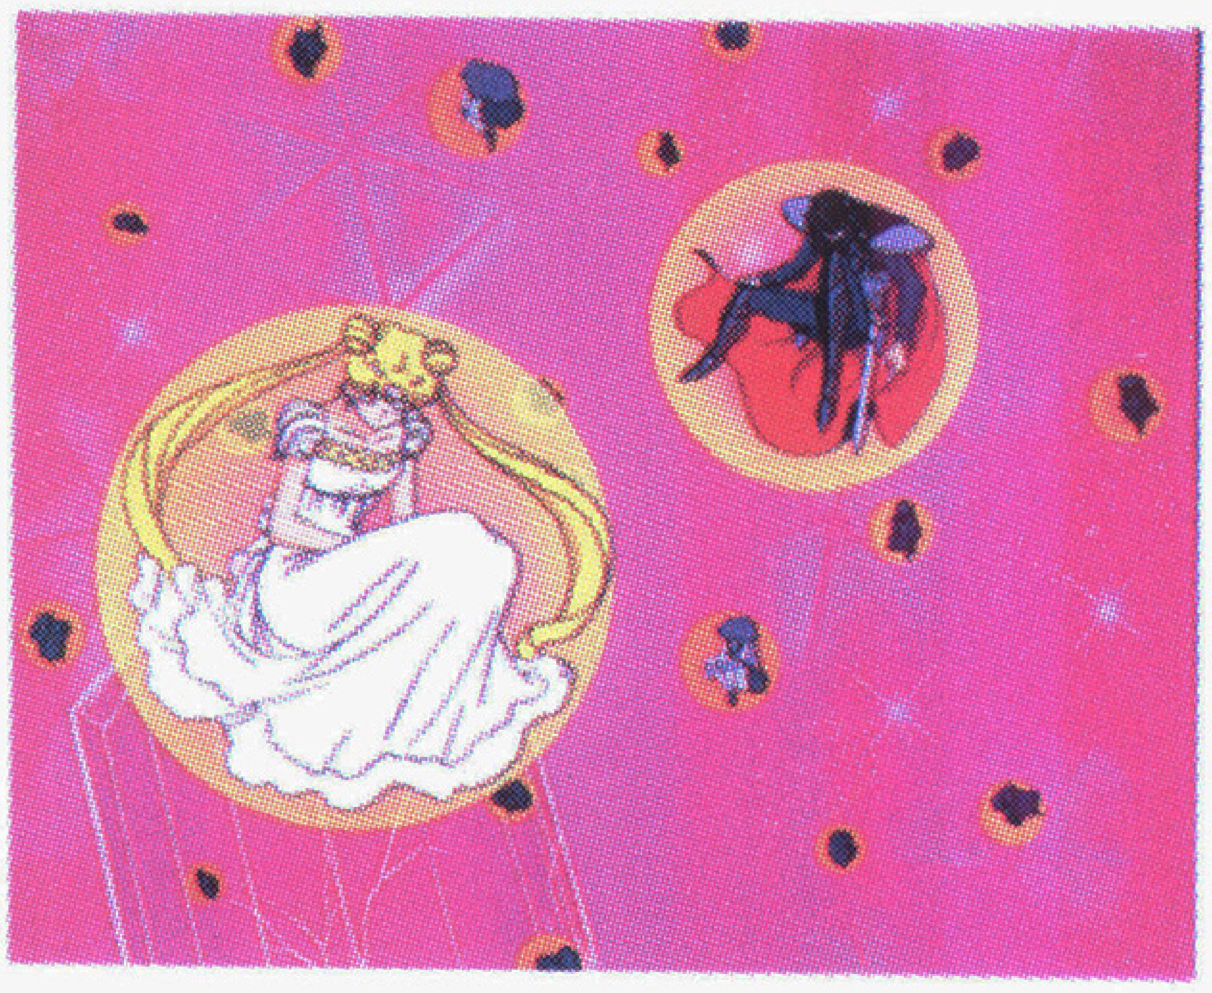
Scout Guide

Princess of the Silver Millennium, Kingdom of the Moon.

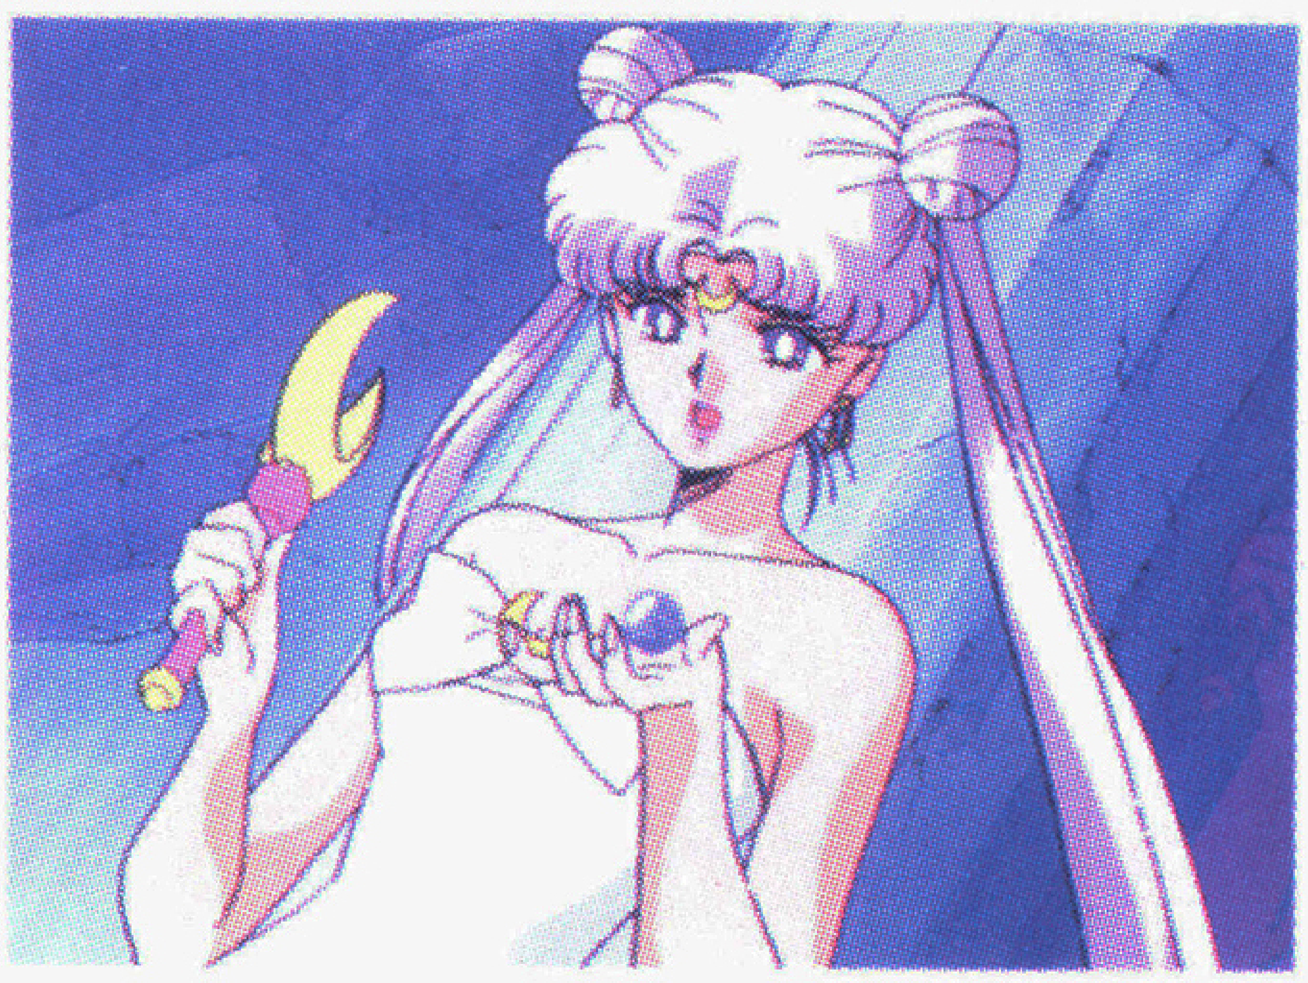
The Kingdom of the Silver Millennium flourished on the moon a long time ago. It was overthrown, however, by the evil Queen Beryl. I was reincarnated in the present-day Earth along with Prince Endymion, guardian of the Earth. We were reborn as Serena Tsukino and Darien Shields.



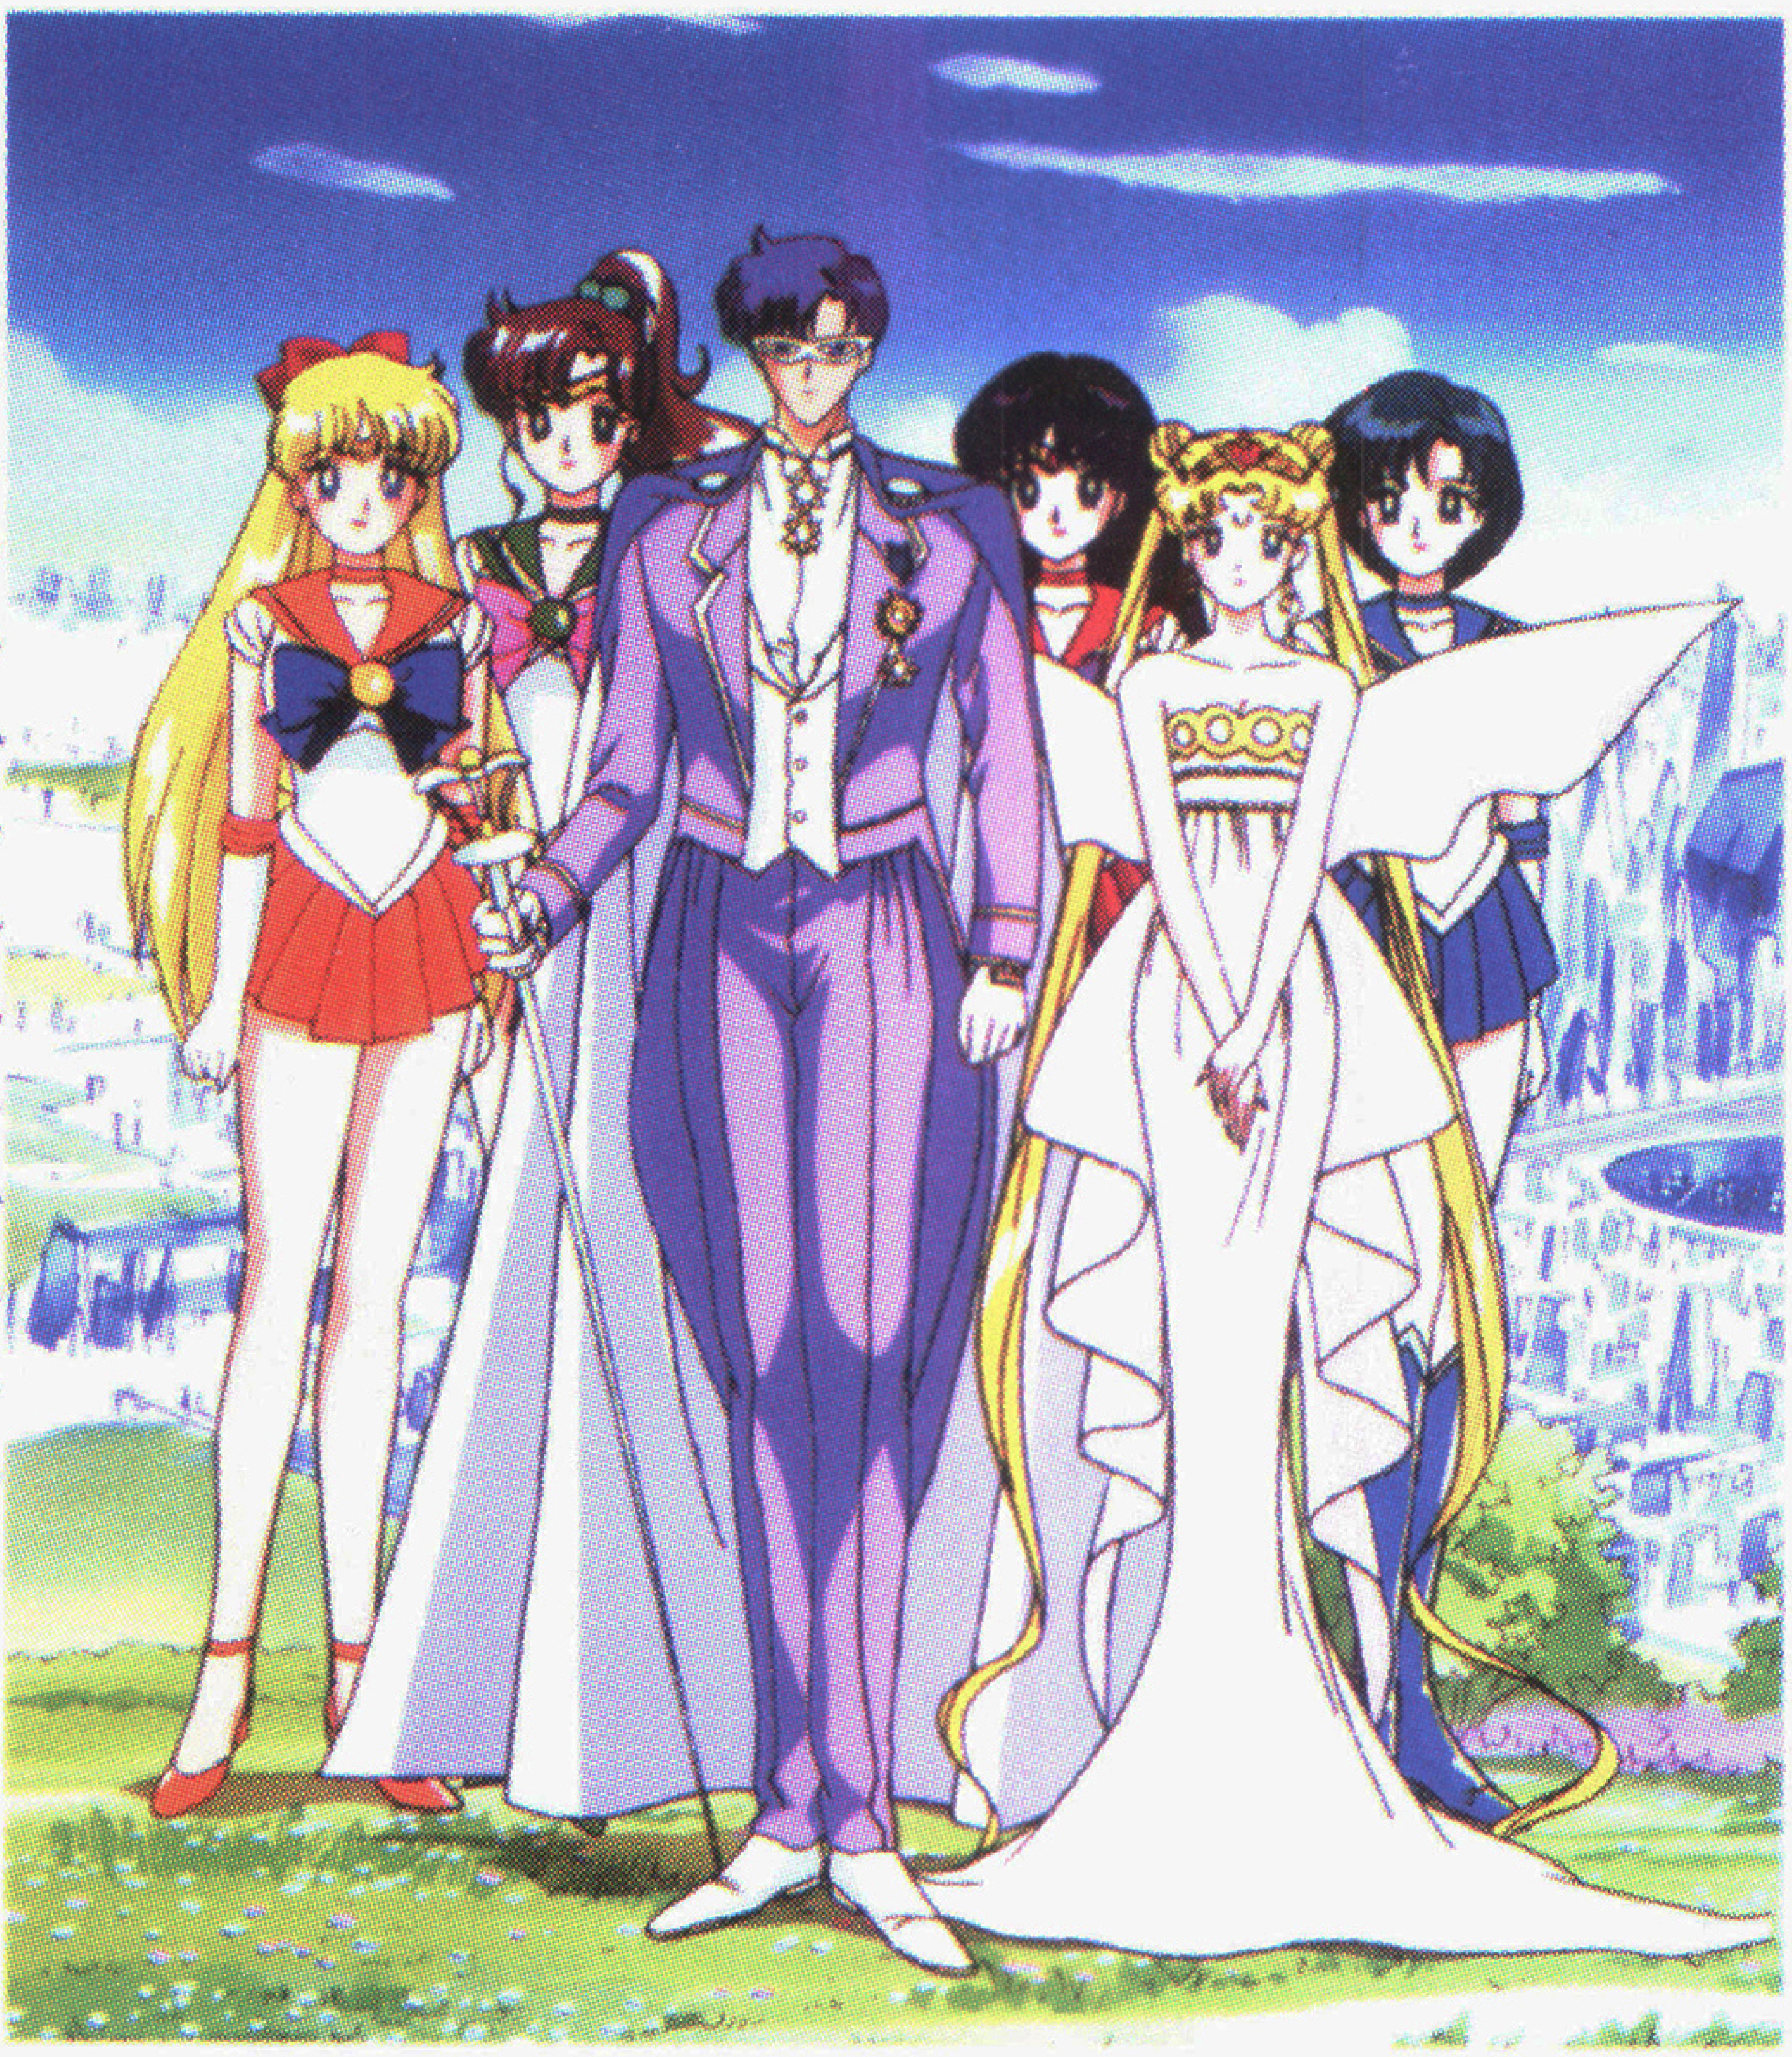
Princess Serenity and Endymion swear their permanent love in the palace.



Princess Serenity travels to the Earth with Prince Endymion and the Sailor Scouts.



Queen Serenity sends Princess Serenity and Prince Endymion to the Earth.



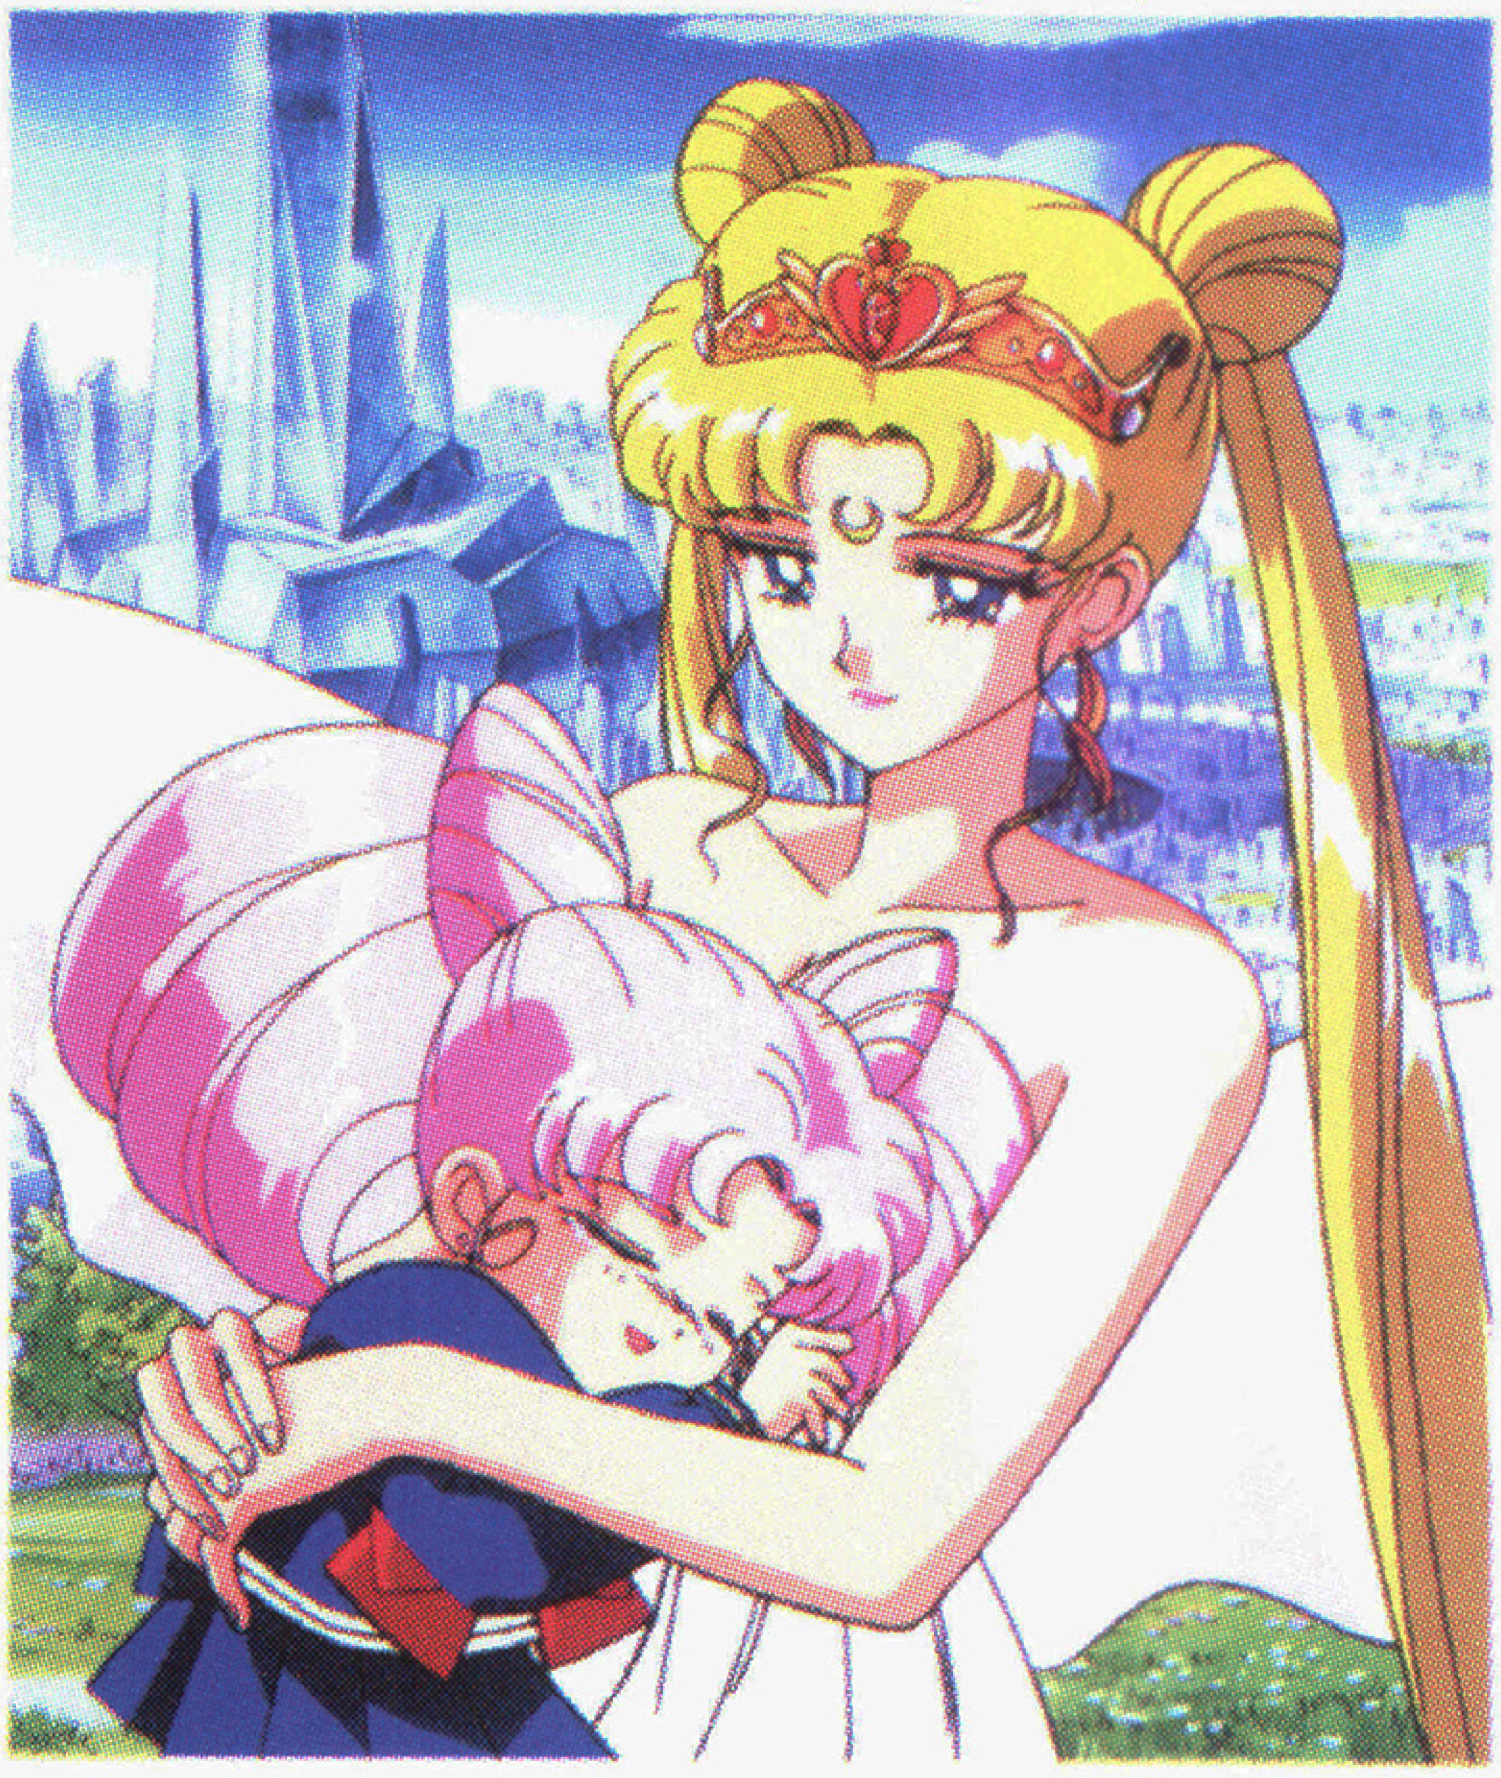
Neo-Queen Serenity, King Endymion and the Sailor scouts in the 30th century.

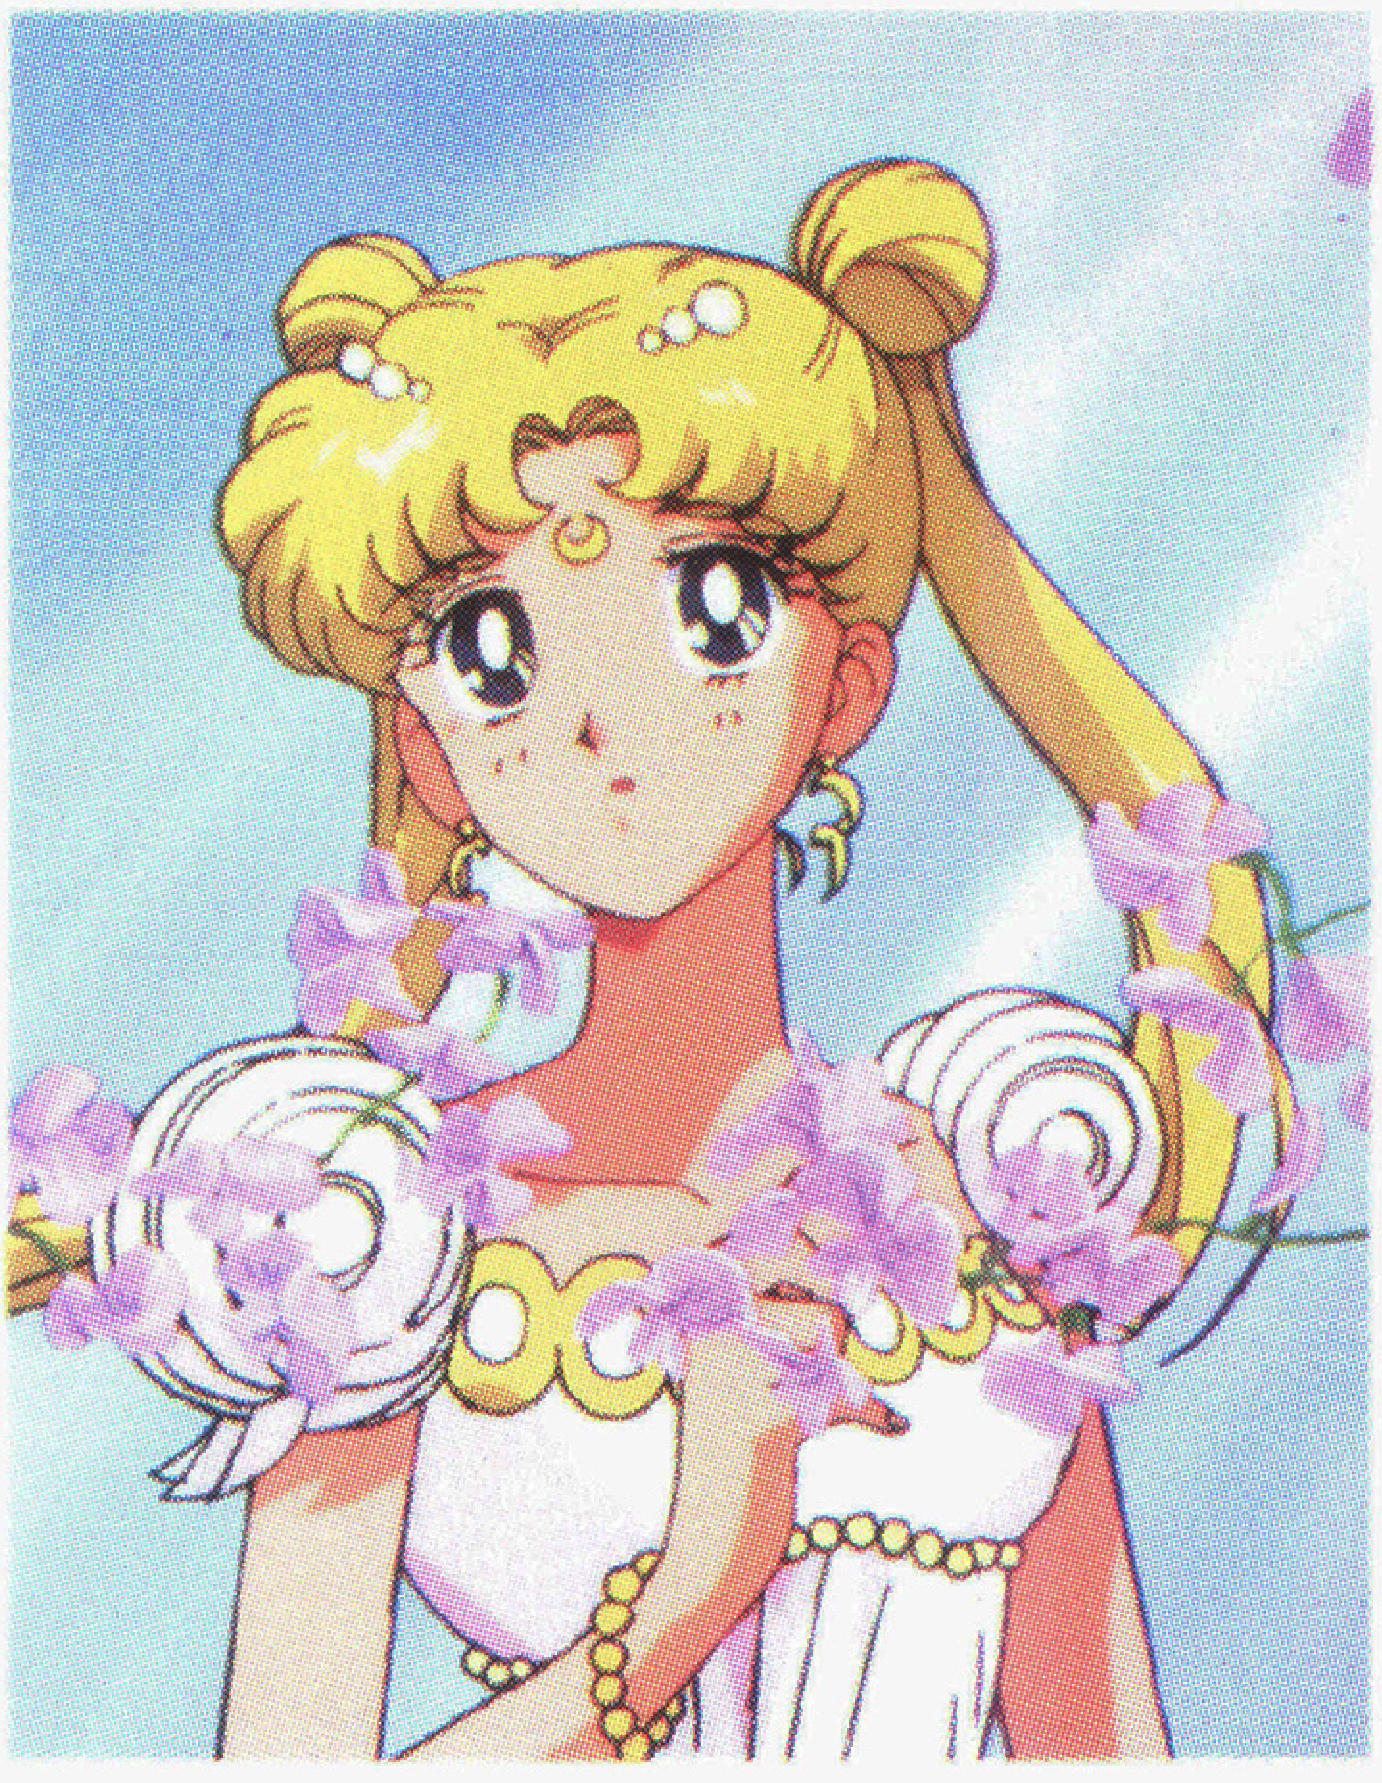
The Queen of Crystal Tokyo, the future city.

Long ago, the Earth met with disaster and plunged into a new ice age. Somehow, I saved the earth using the Silver Imperium Crystal. As a result, I became the new ruler of the Earth: Neo-Queen Serenity. The Earth flourished once again, with Crystal Tokyo as the center of civilization.

Neo-Queen Serenity

The ruler of the future Earth. Rini is the daughter of Neo-Queen Serenity and King Endymion.





Princess Serenity

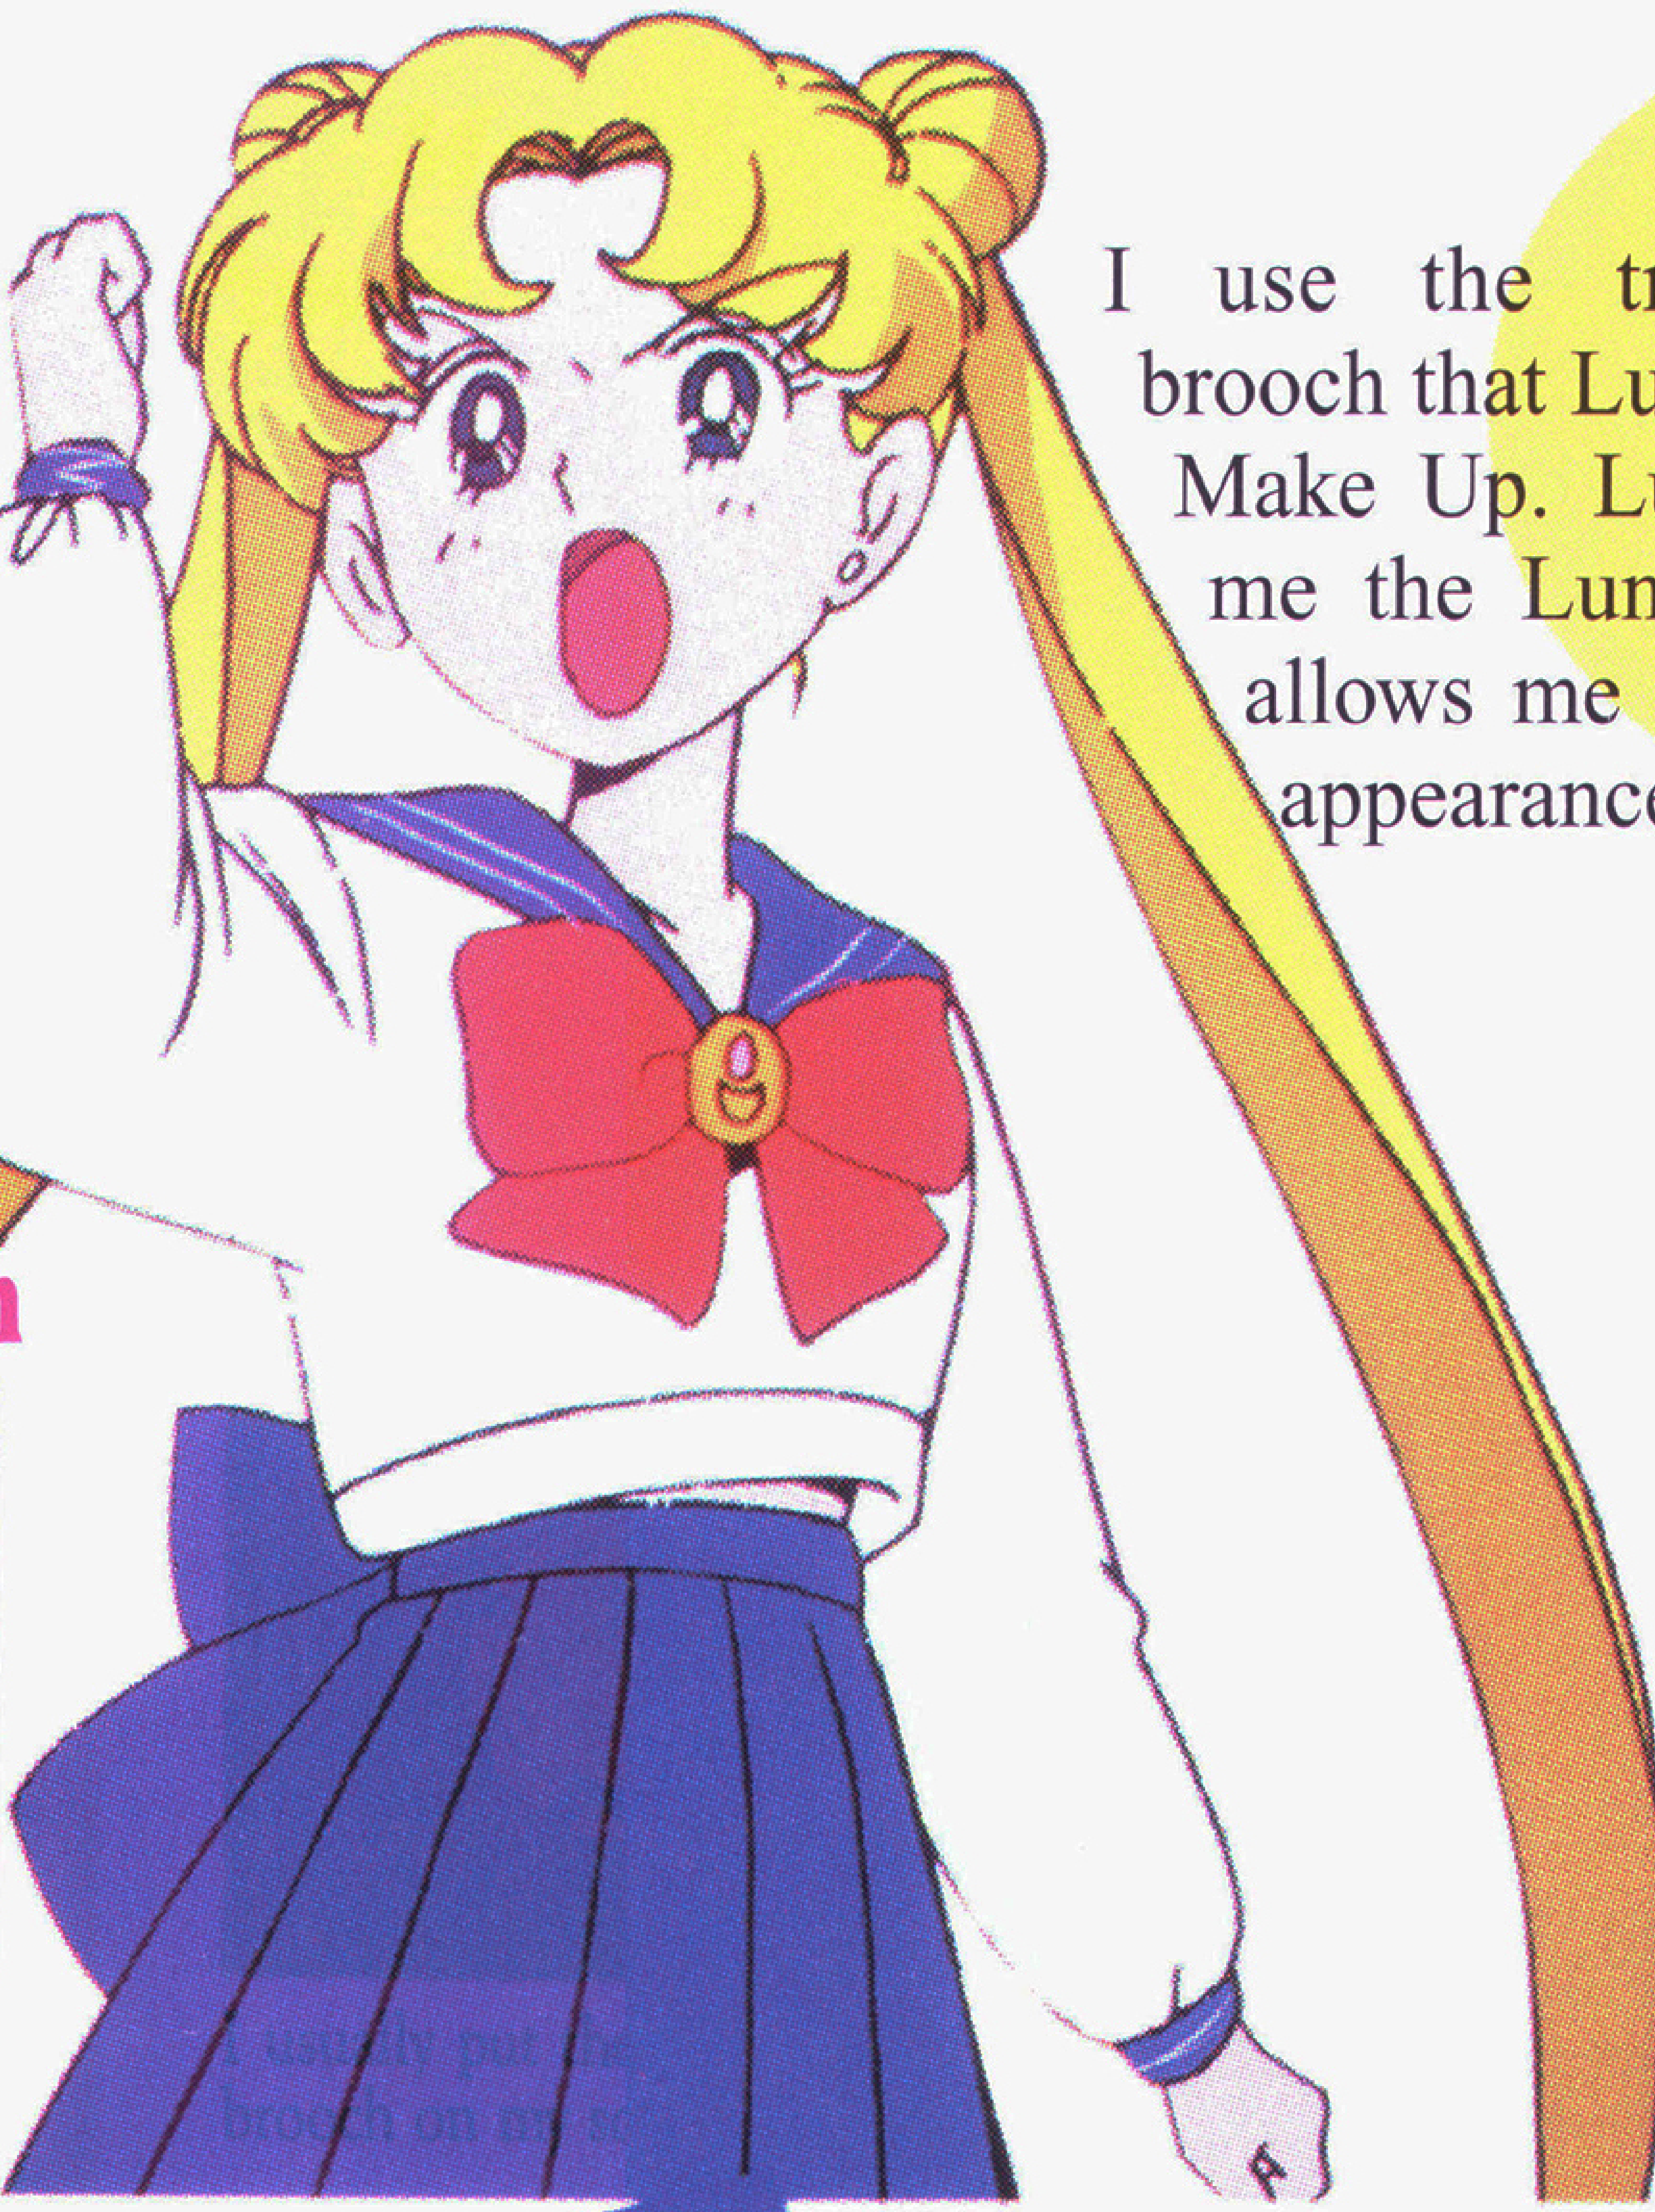
The Princess of Silver Millennium falls in love with Prince Endymion who came from Earth.

Sailor Moon Transformation Gallery: Make Up!

Now, I will show you how I transform into Sailor Moon! Let's say it together!

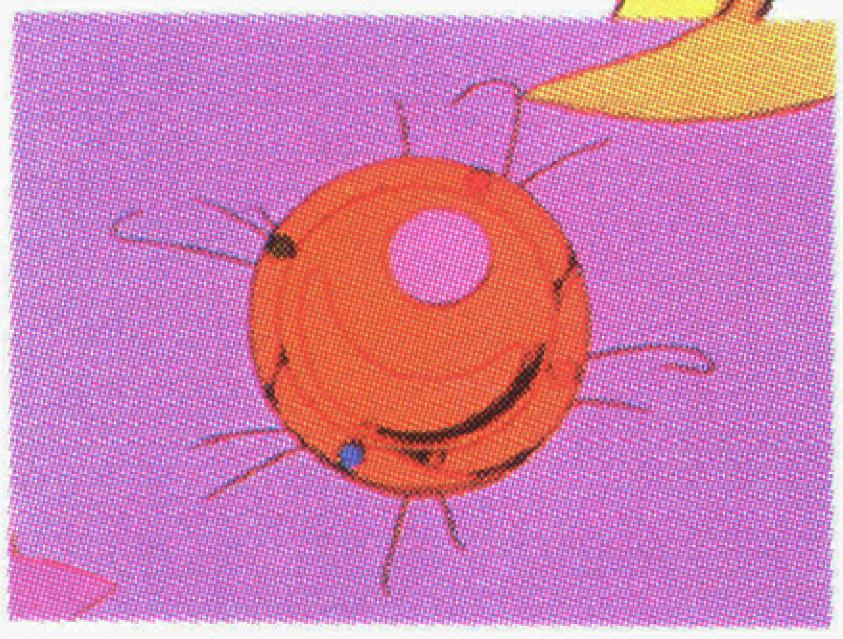
Scout Guide

Moon Prism Power Make Up!

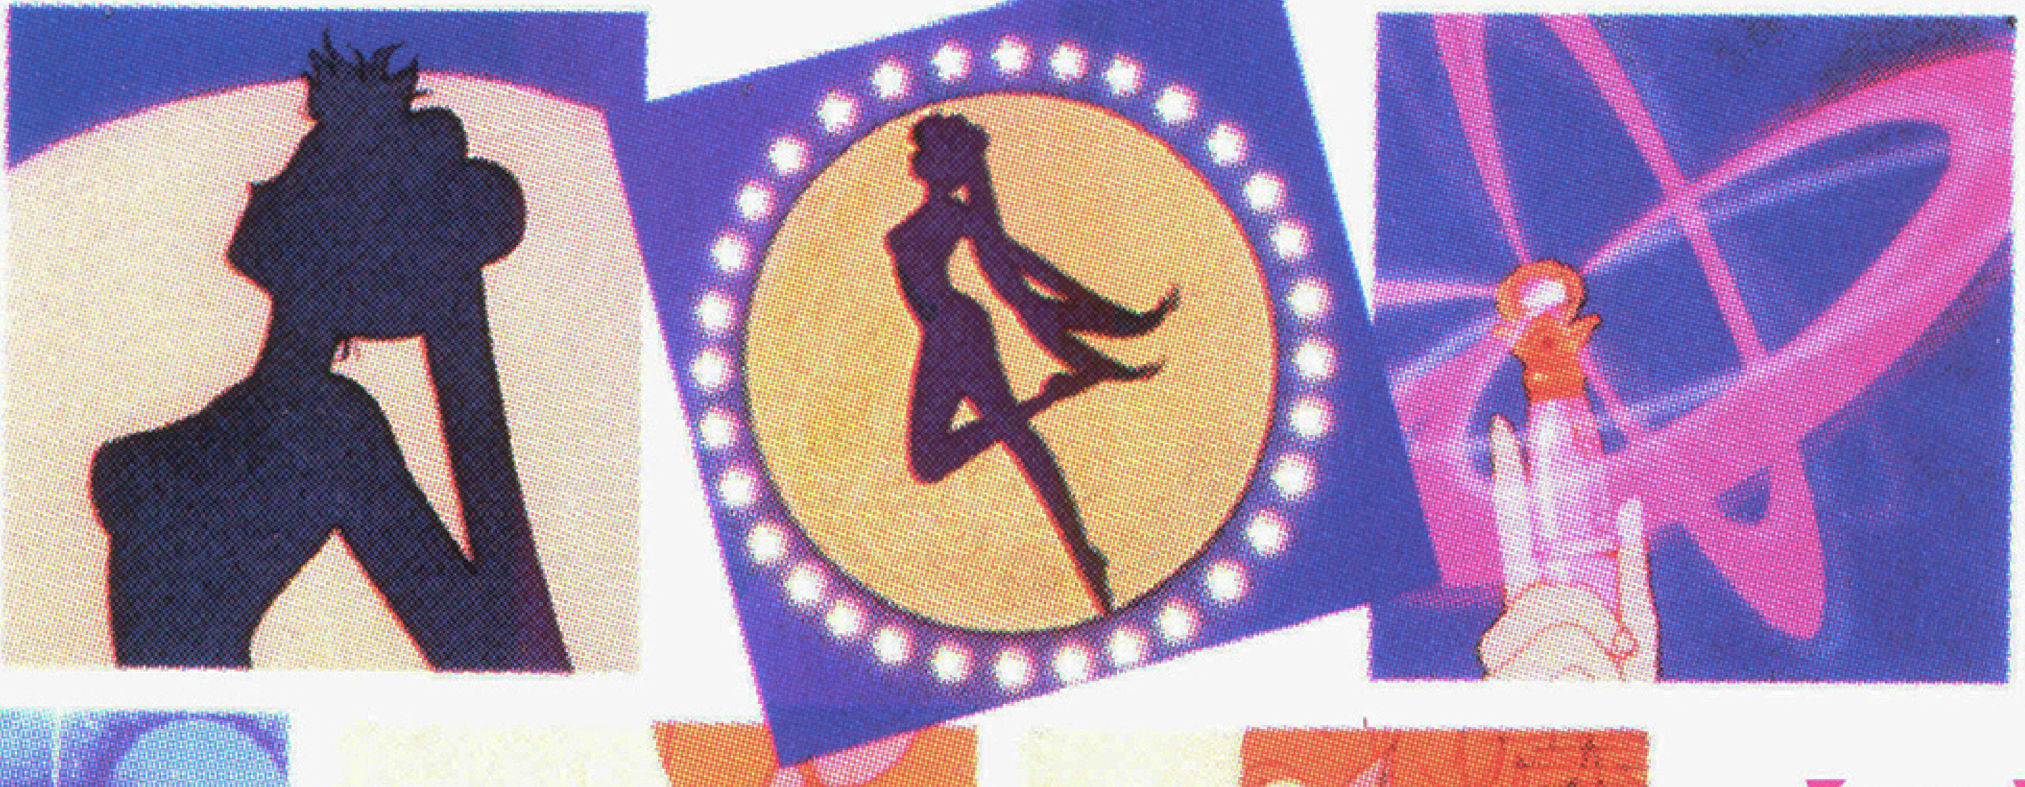


I use the transformation brooch that Luna gave me to Make Up. Luna also gave me the Luna Pen, which allows me to change my appearance.

Transformation Brooch

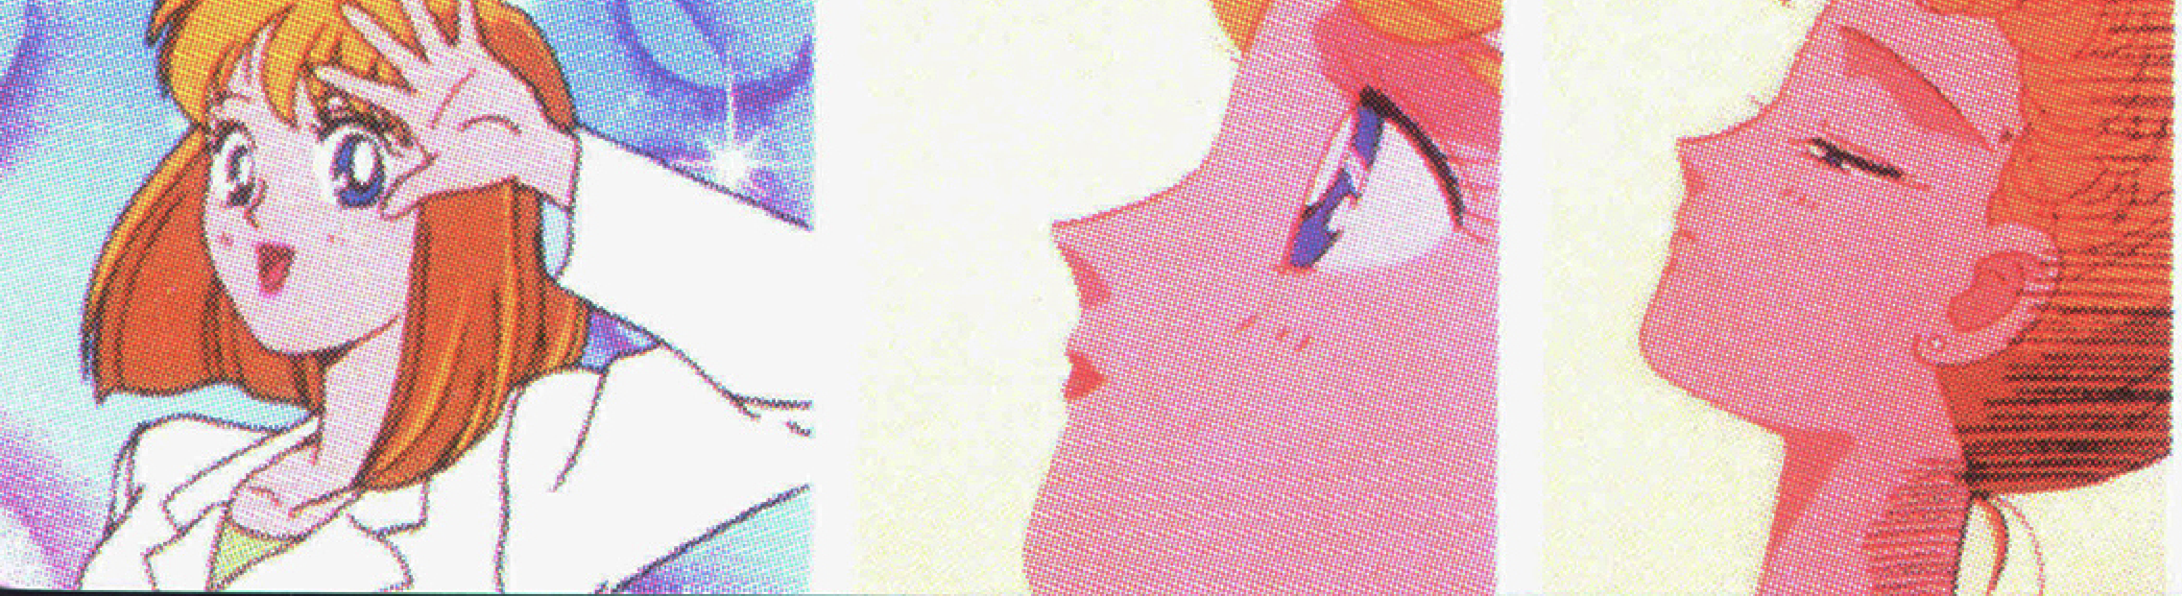


I usually put the transformation brooch on my school uniform.

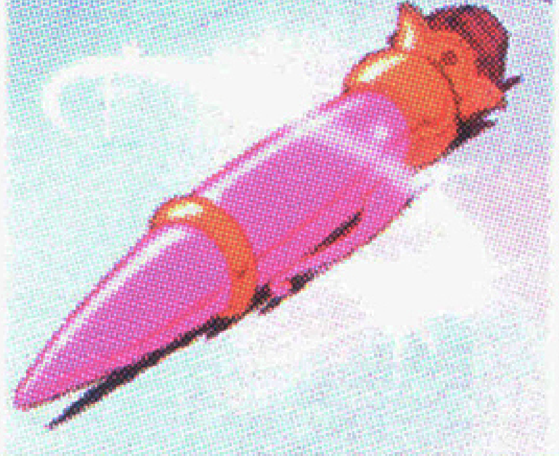


I transform into a lady doctor!

Moon Power!

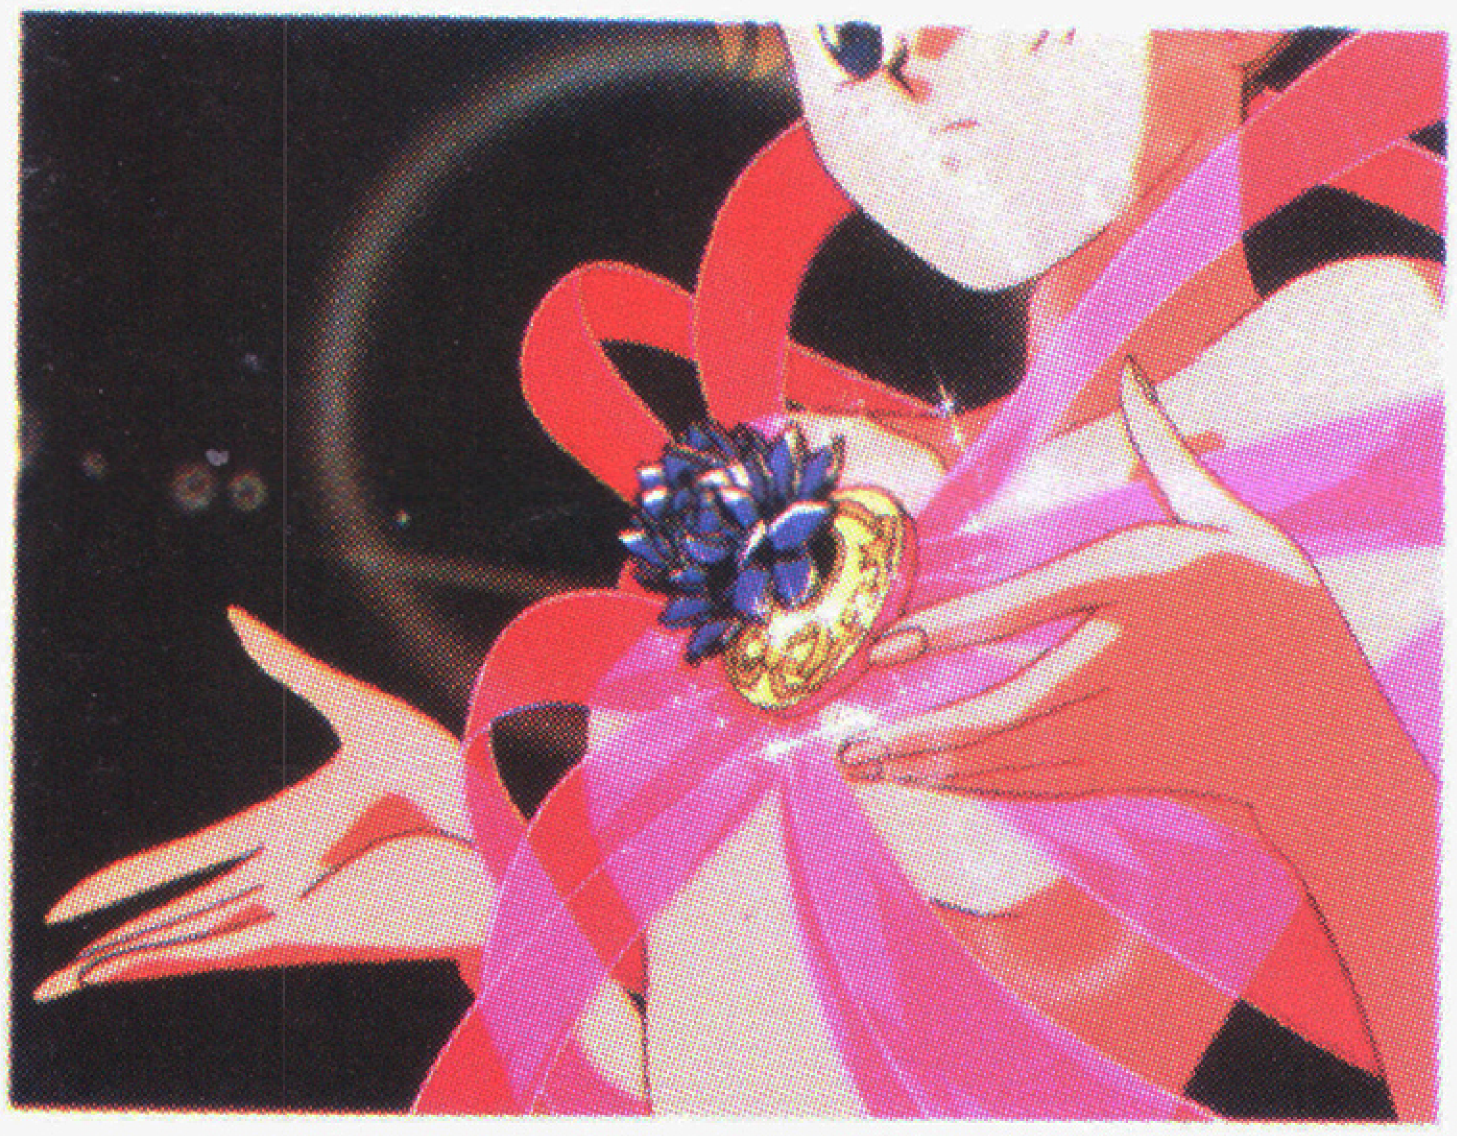


Luna Pen

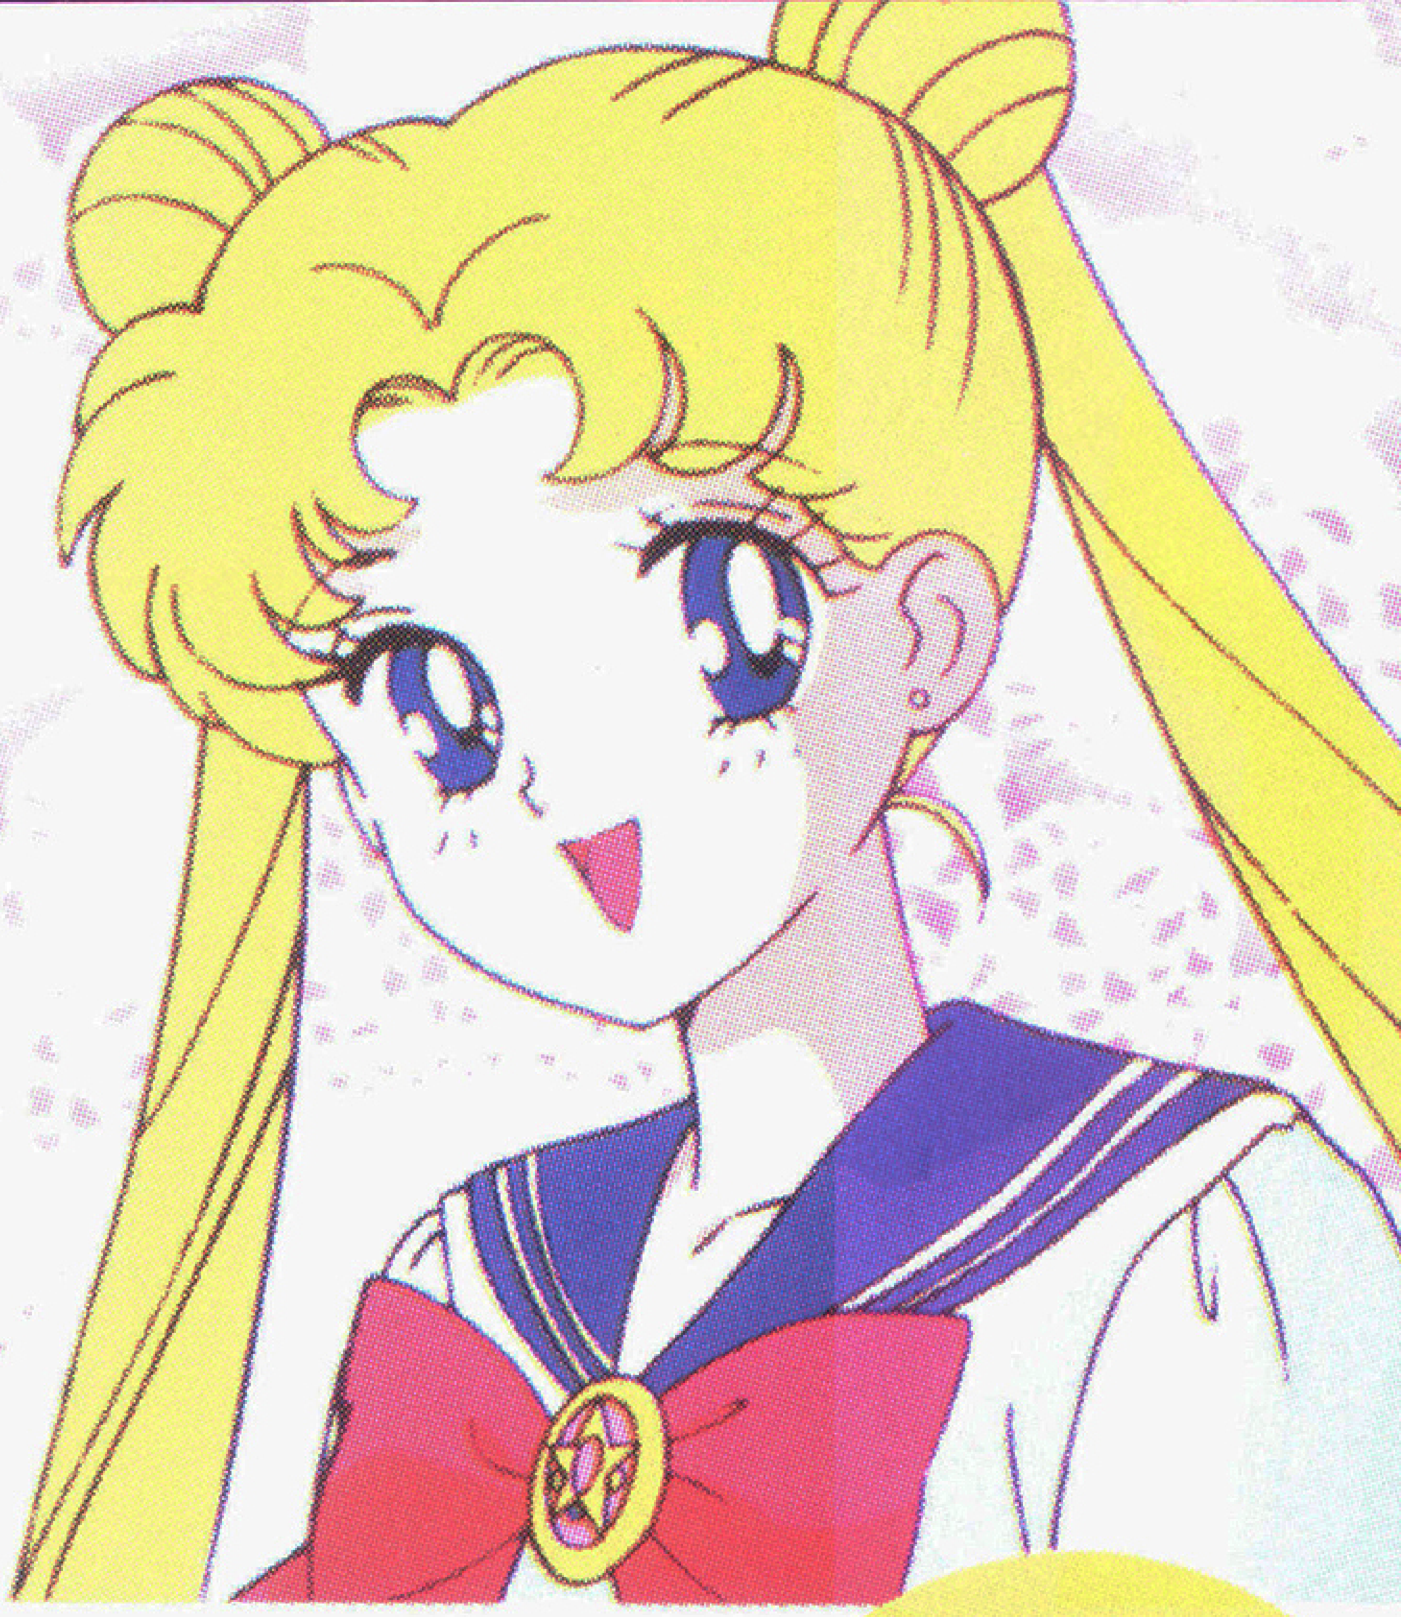


I can disguise myself with the Luna Pen.

MOON PRISM POWER

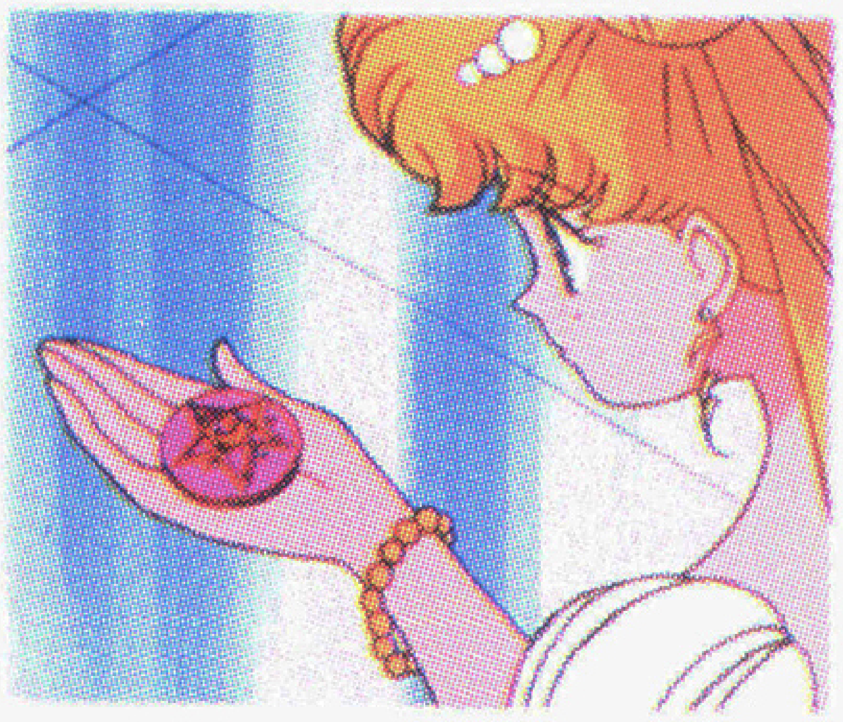


There is a powerful silver crystal in the transformation brooch.

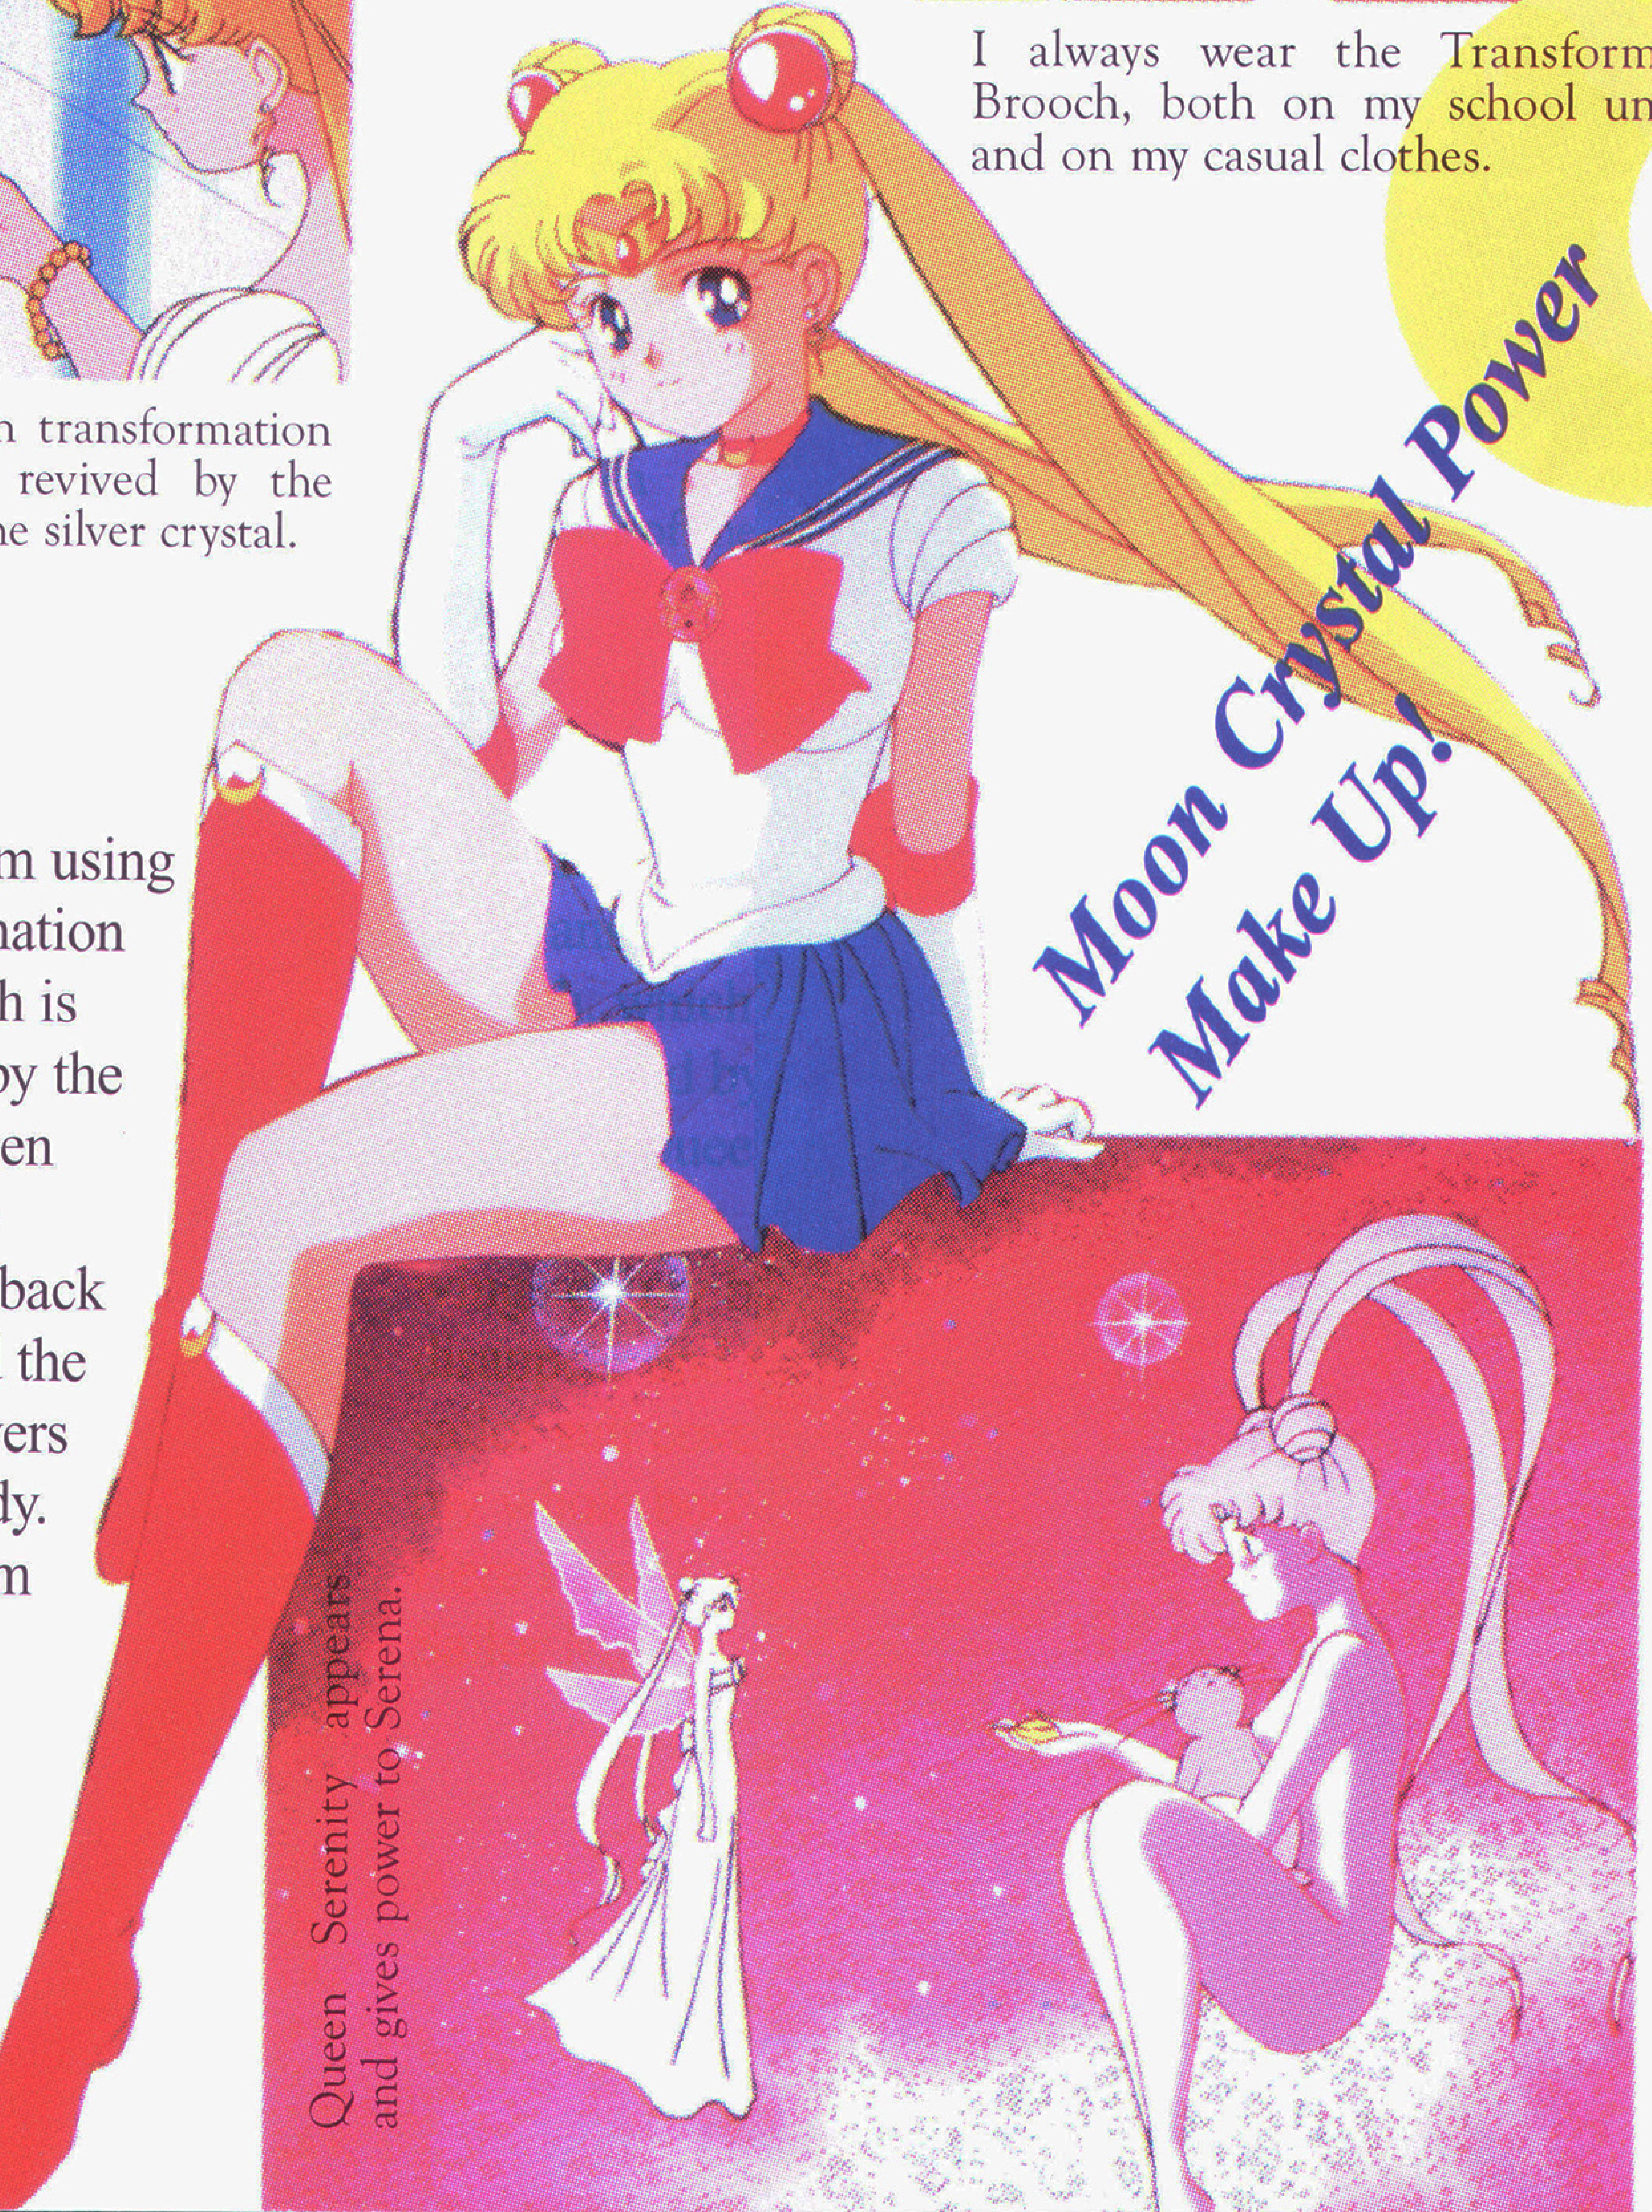


I always wear the Transformation Brooch, both on my school uniform and on my casual clothes.

Transformation Brooch



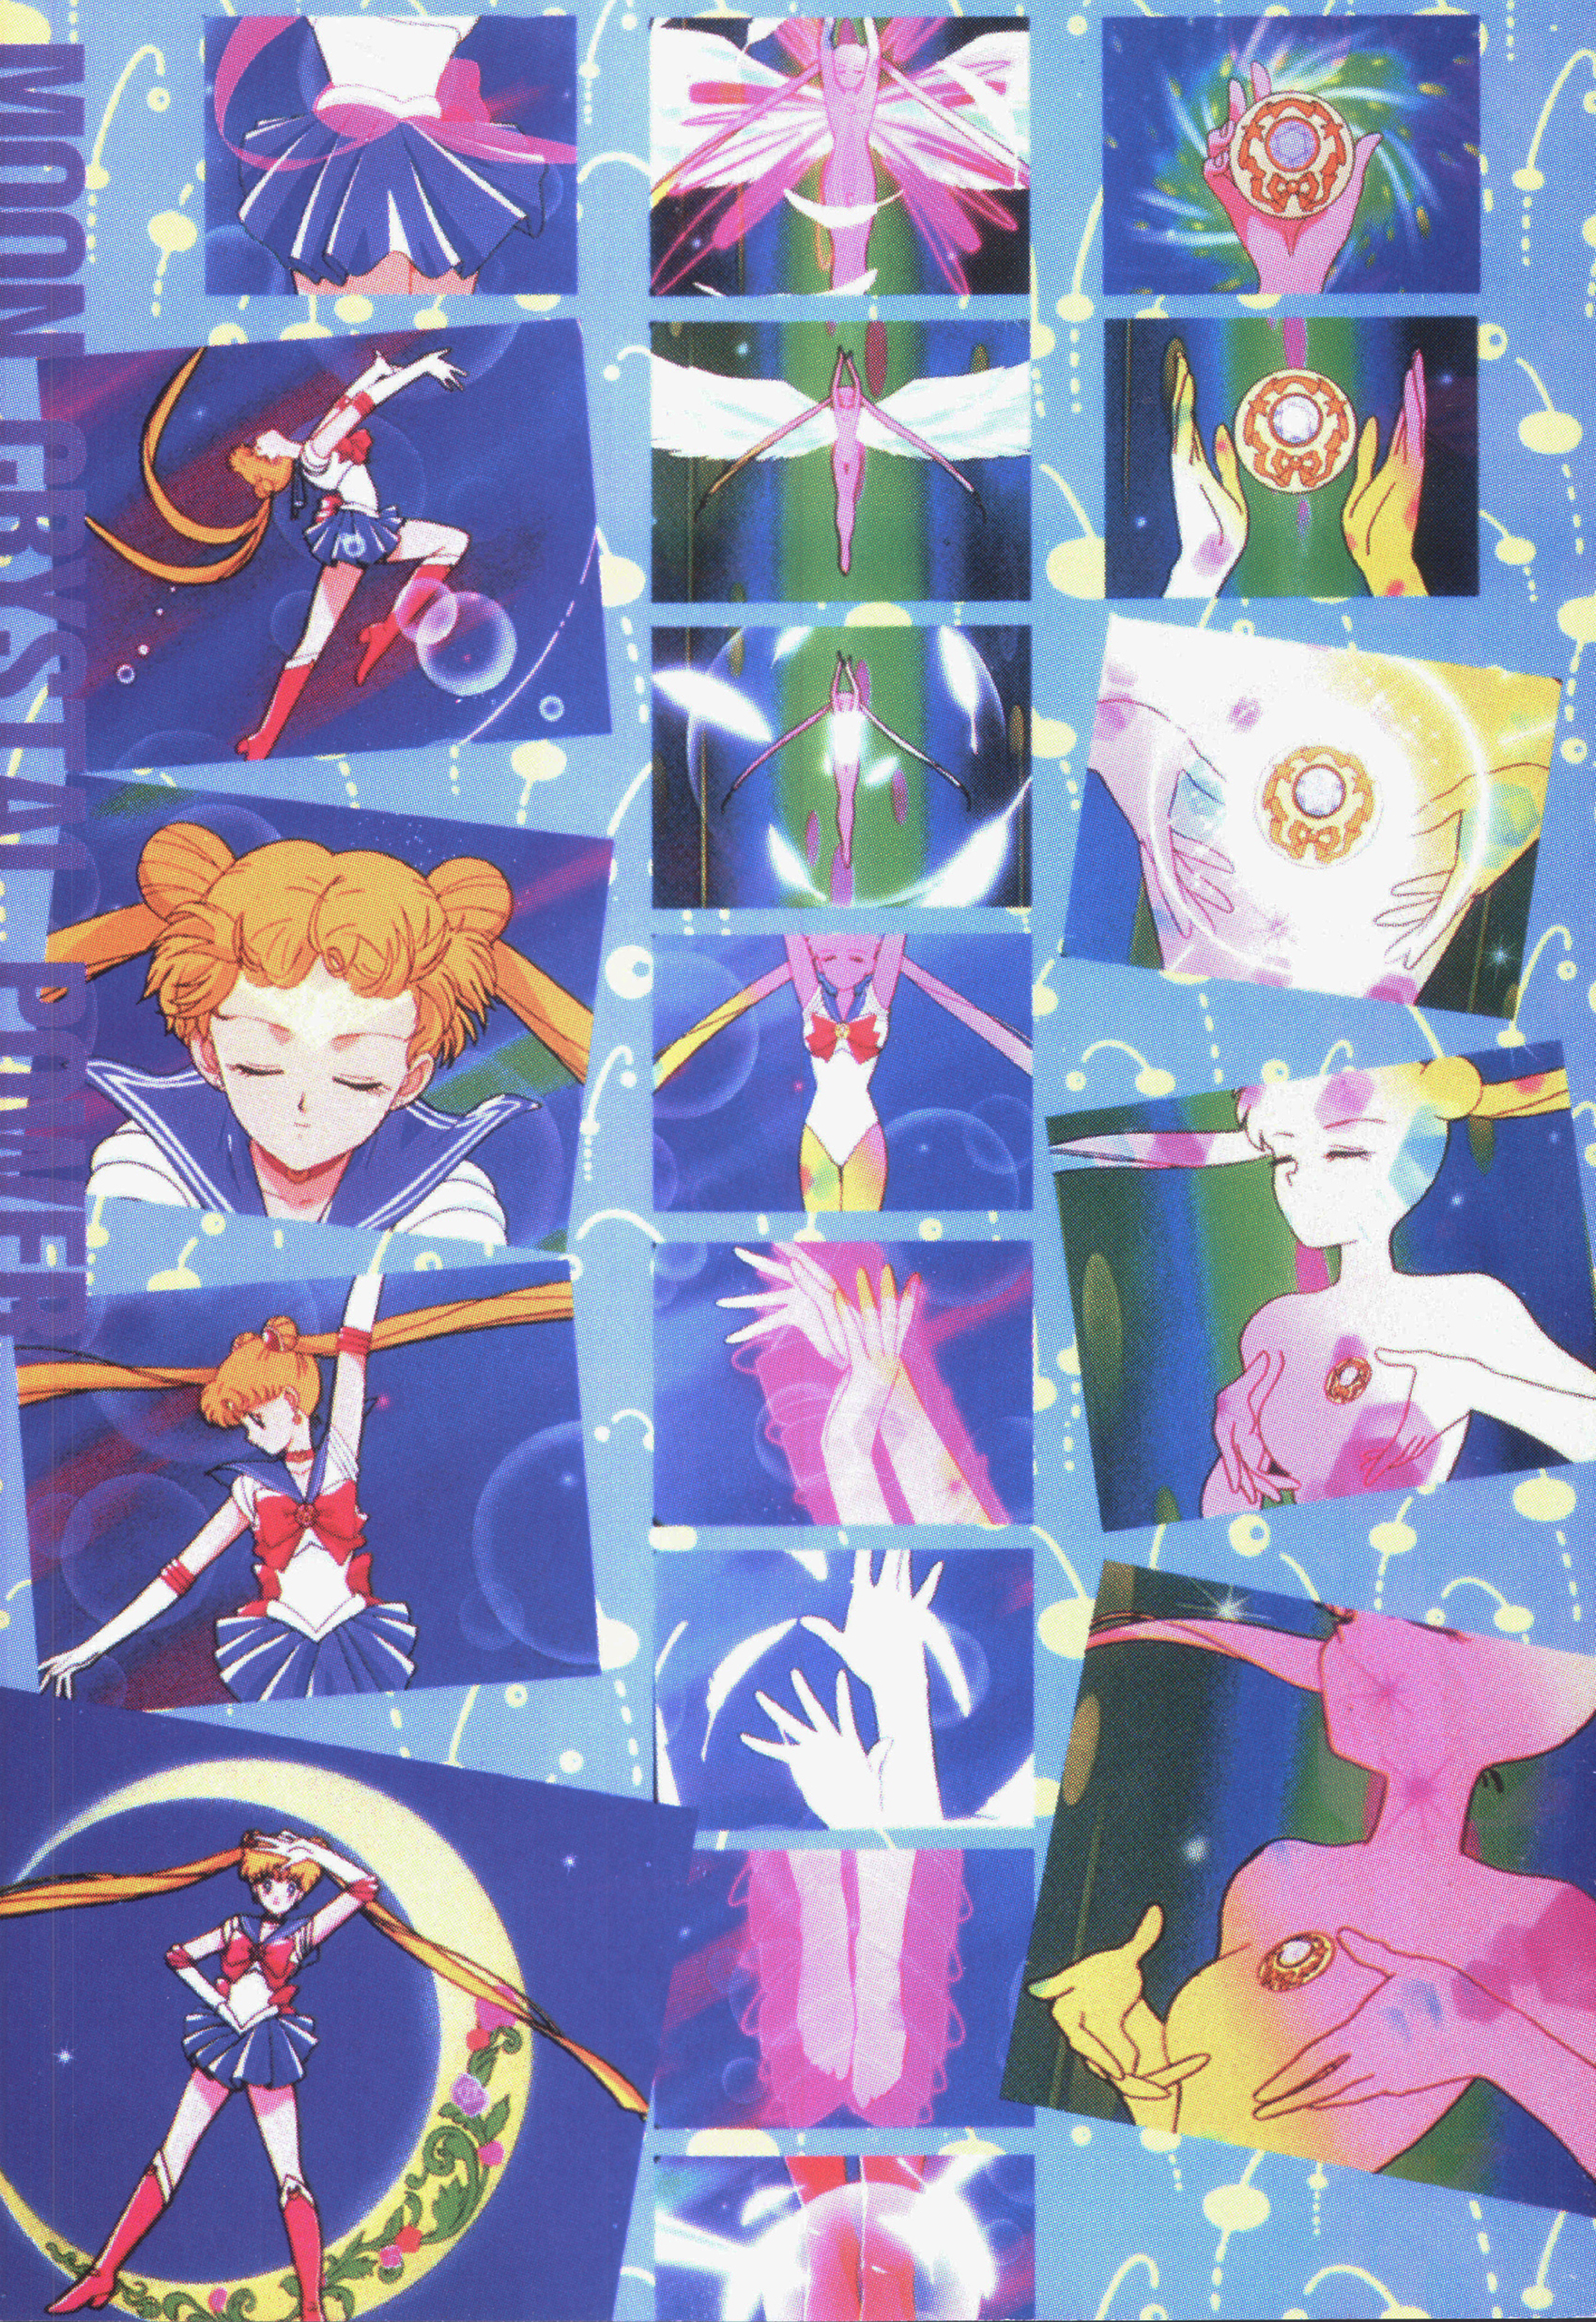
The broken transformation brooch is revived by the power of the silver crystal.



Queen Serenity appears and gives power to Serena.

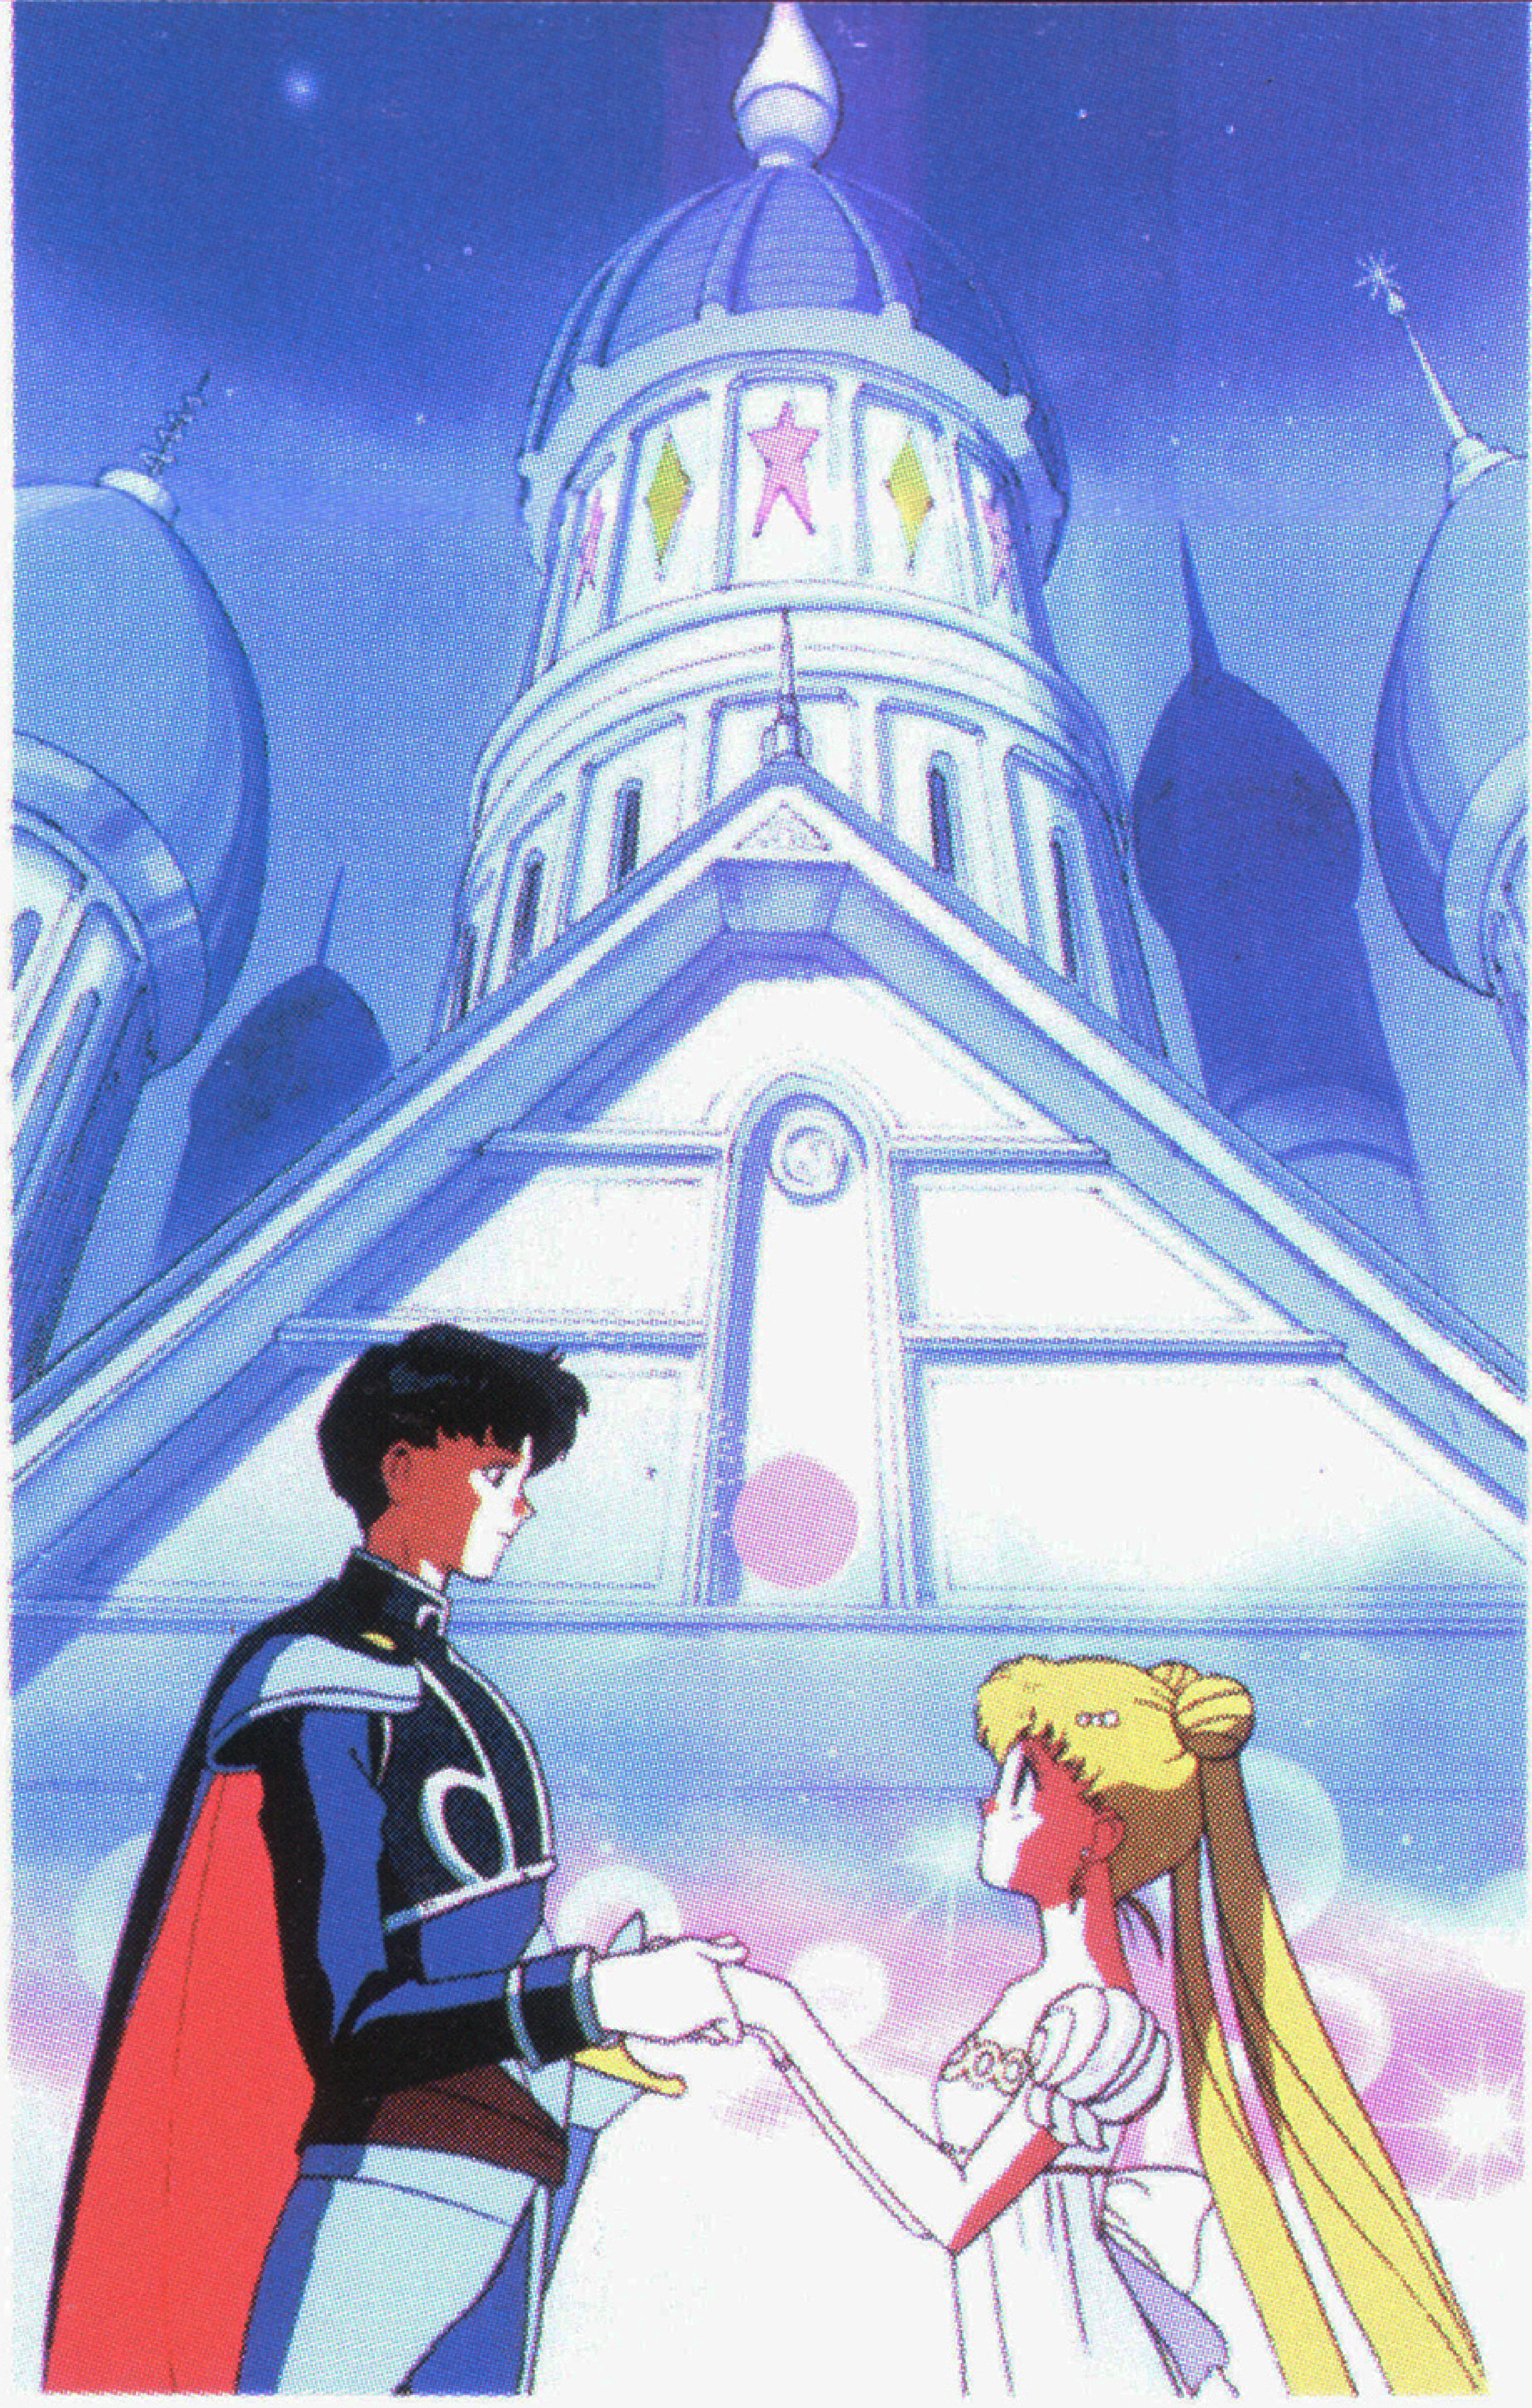
Let's transform using the Transformation Brooch, which is now revived by the power of Queen Serenity! The wings on my back disappear and the sailor suit covers my whole body. Here I am! I'm Sailor Moon.

MOON CRYSTAL POWER

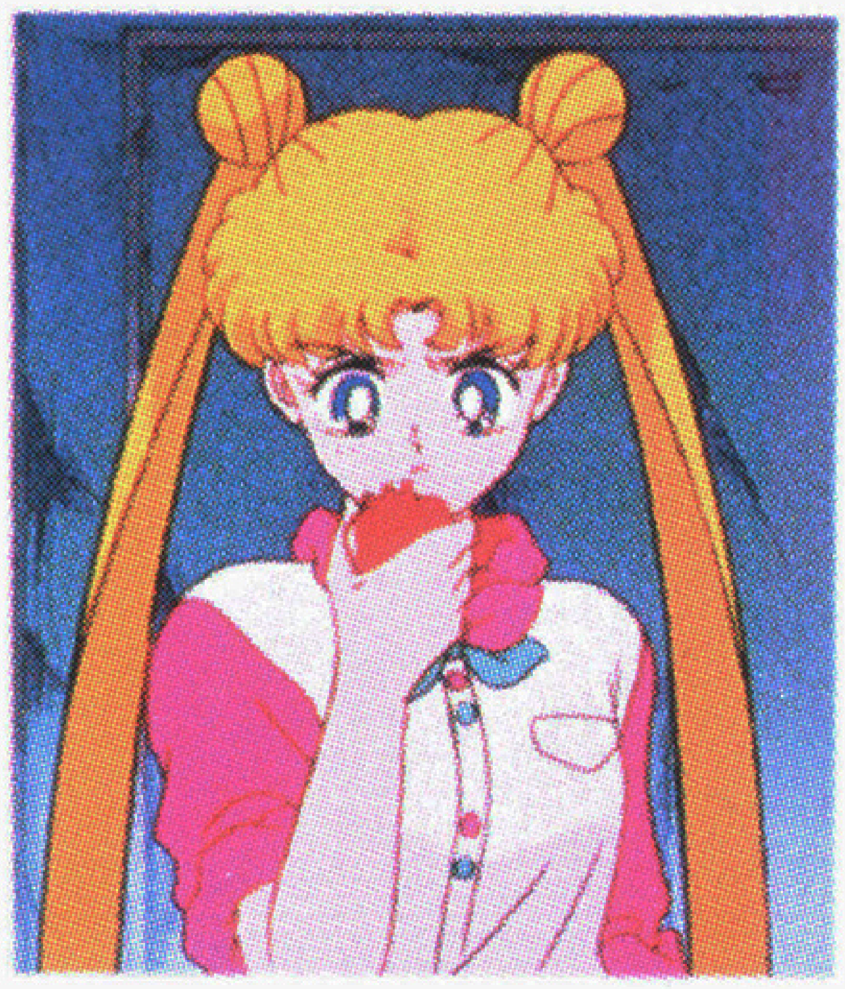


Moon Cosmic Power Make Up!

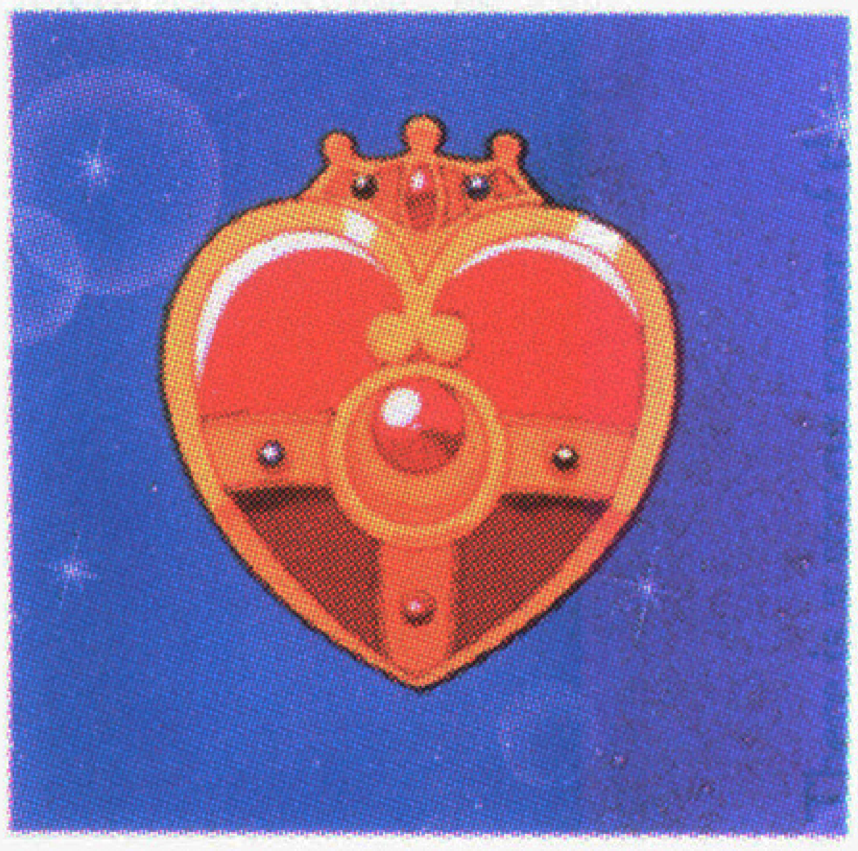
My Transformation Brooch gains its power from the love that Darien and I share. During the transformation, a heart-shaped beam covers my entire body.



Love between Serenity and Endymion produces a new power.

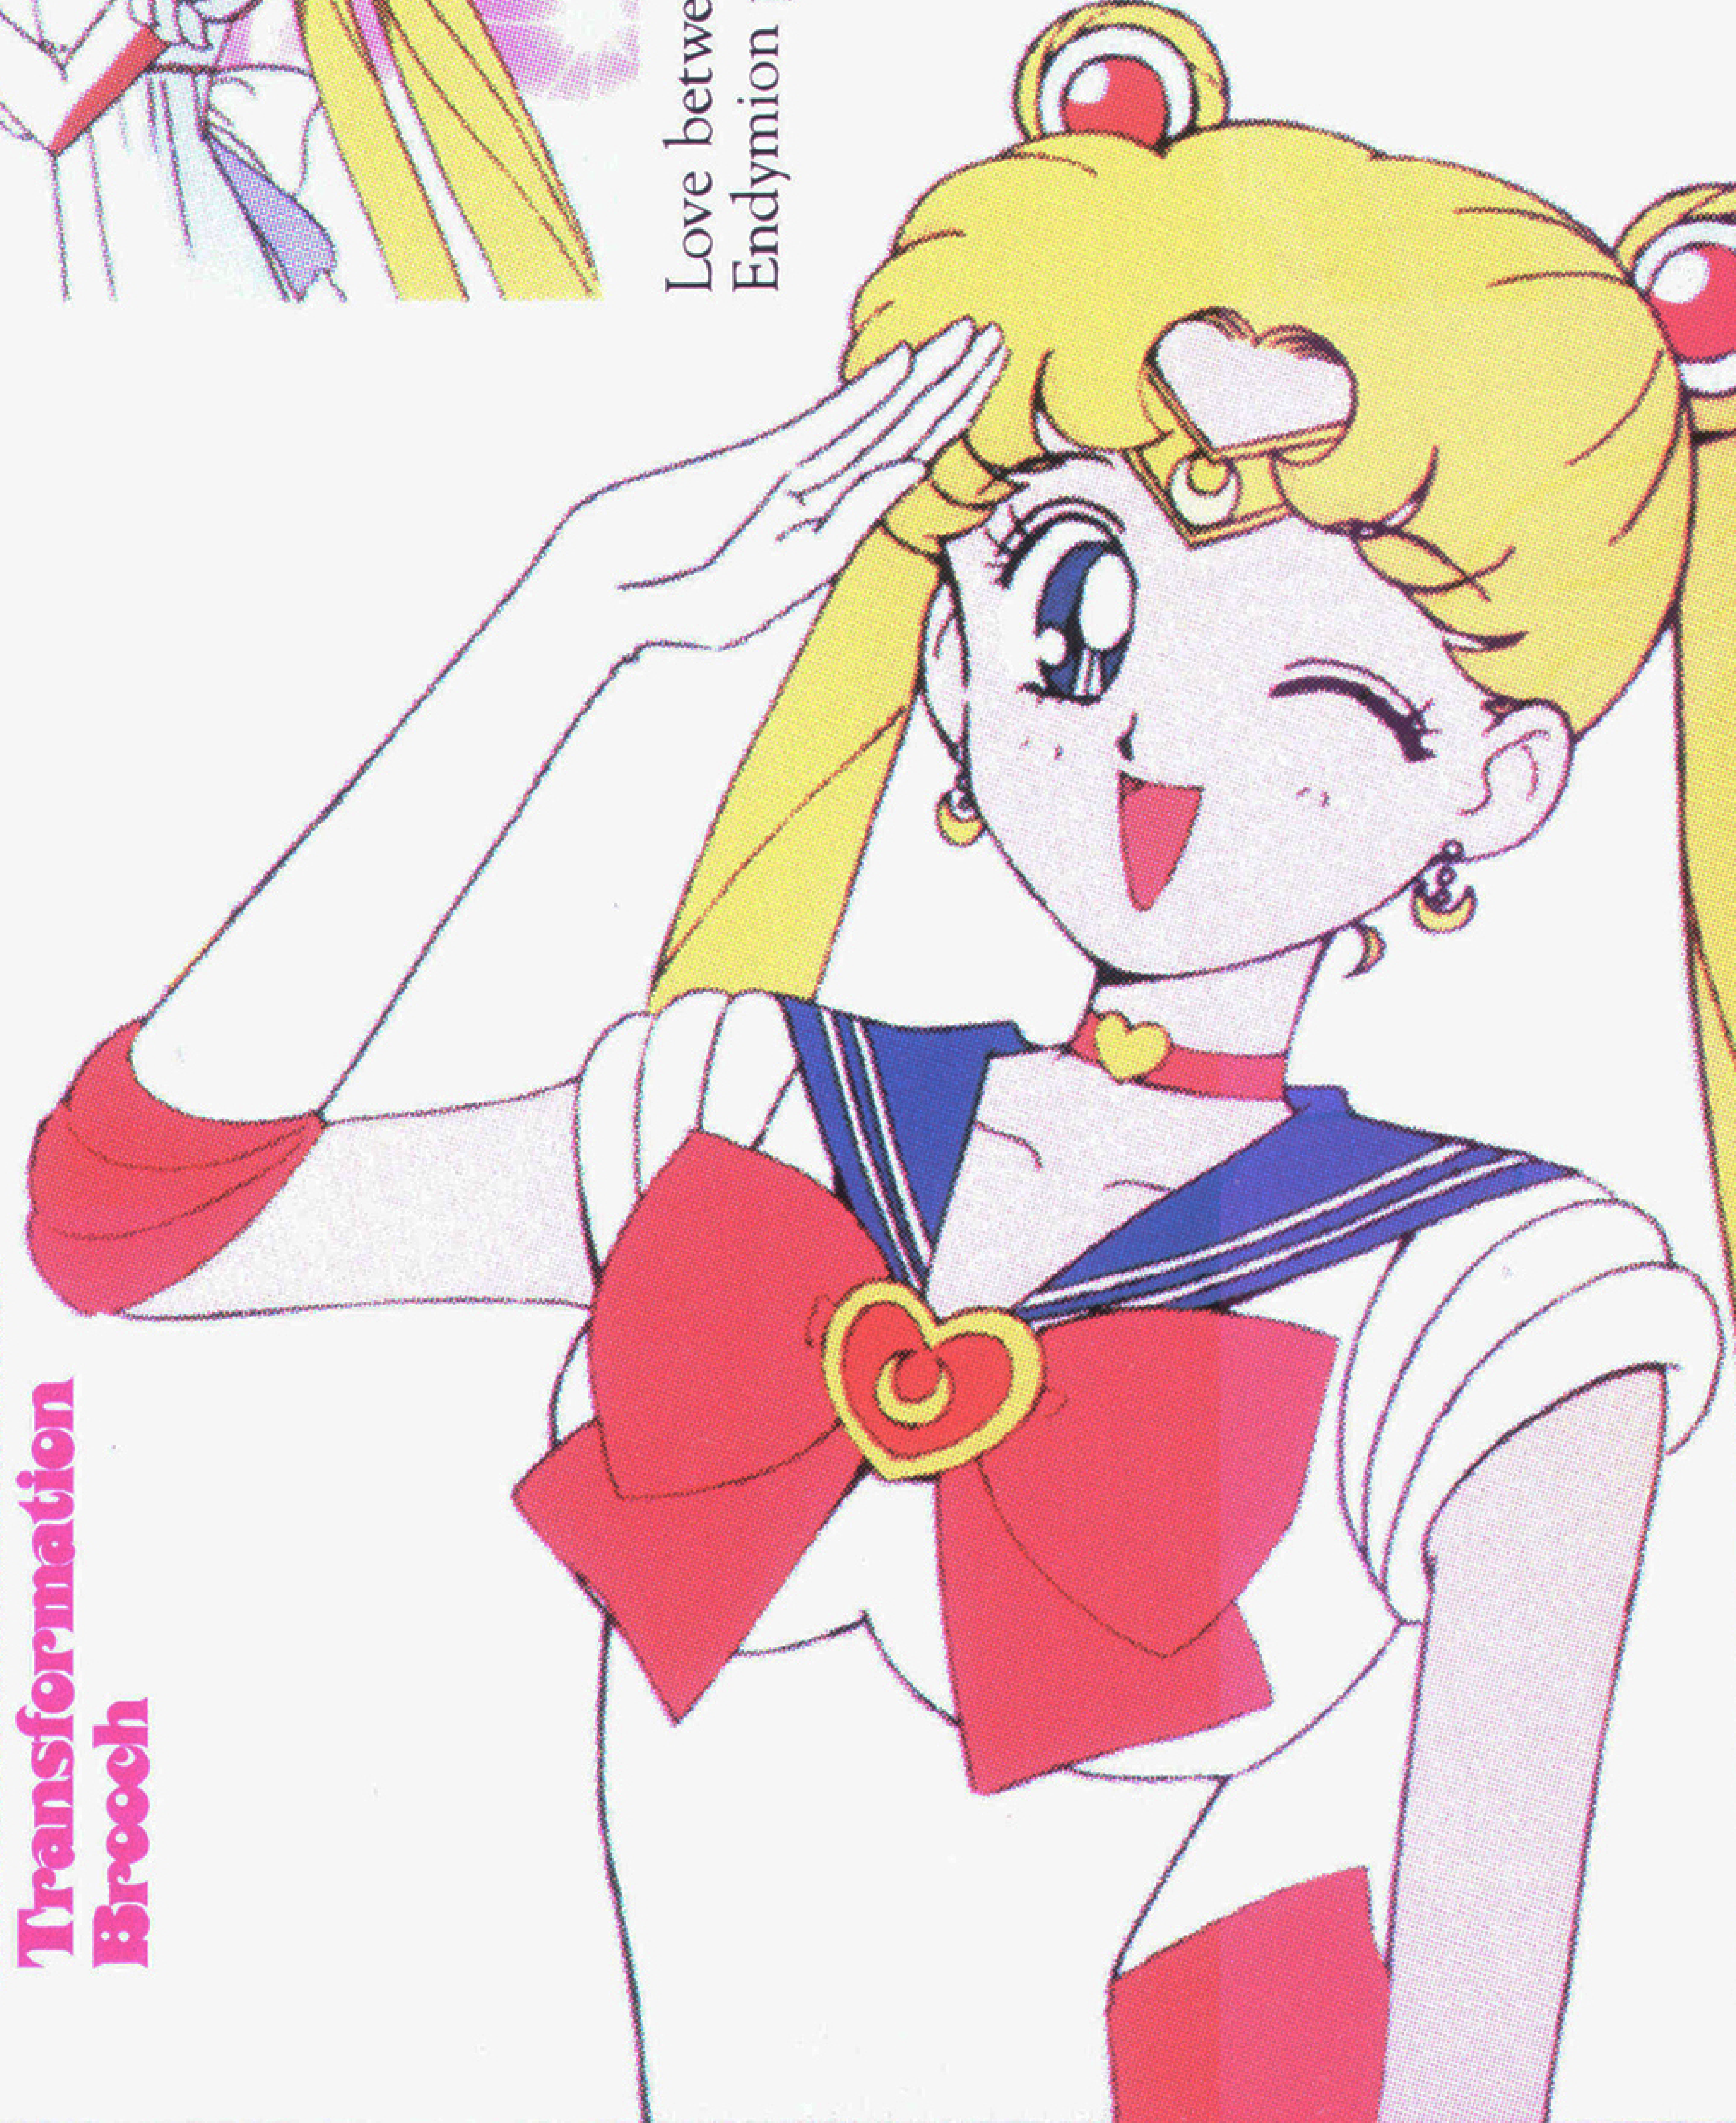


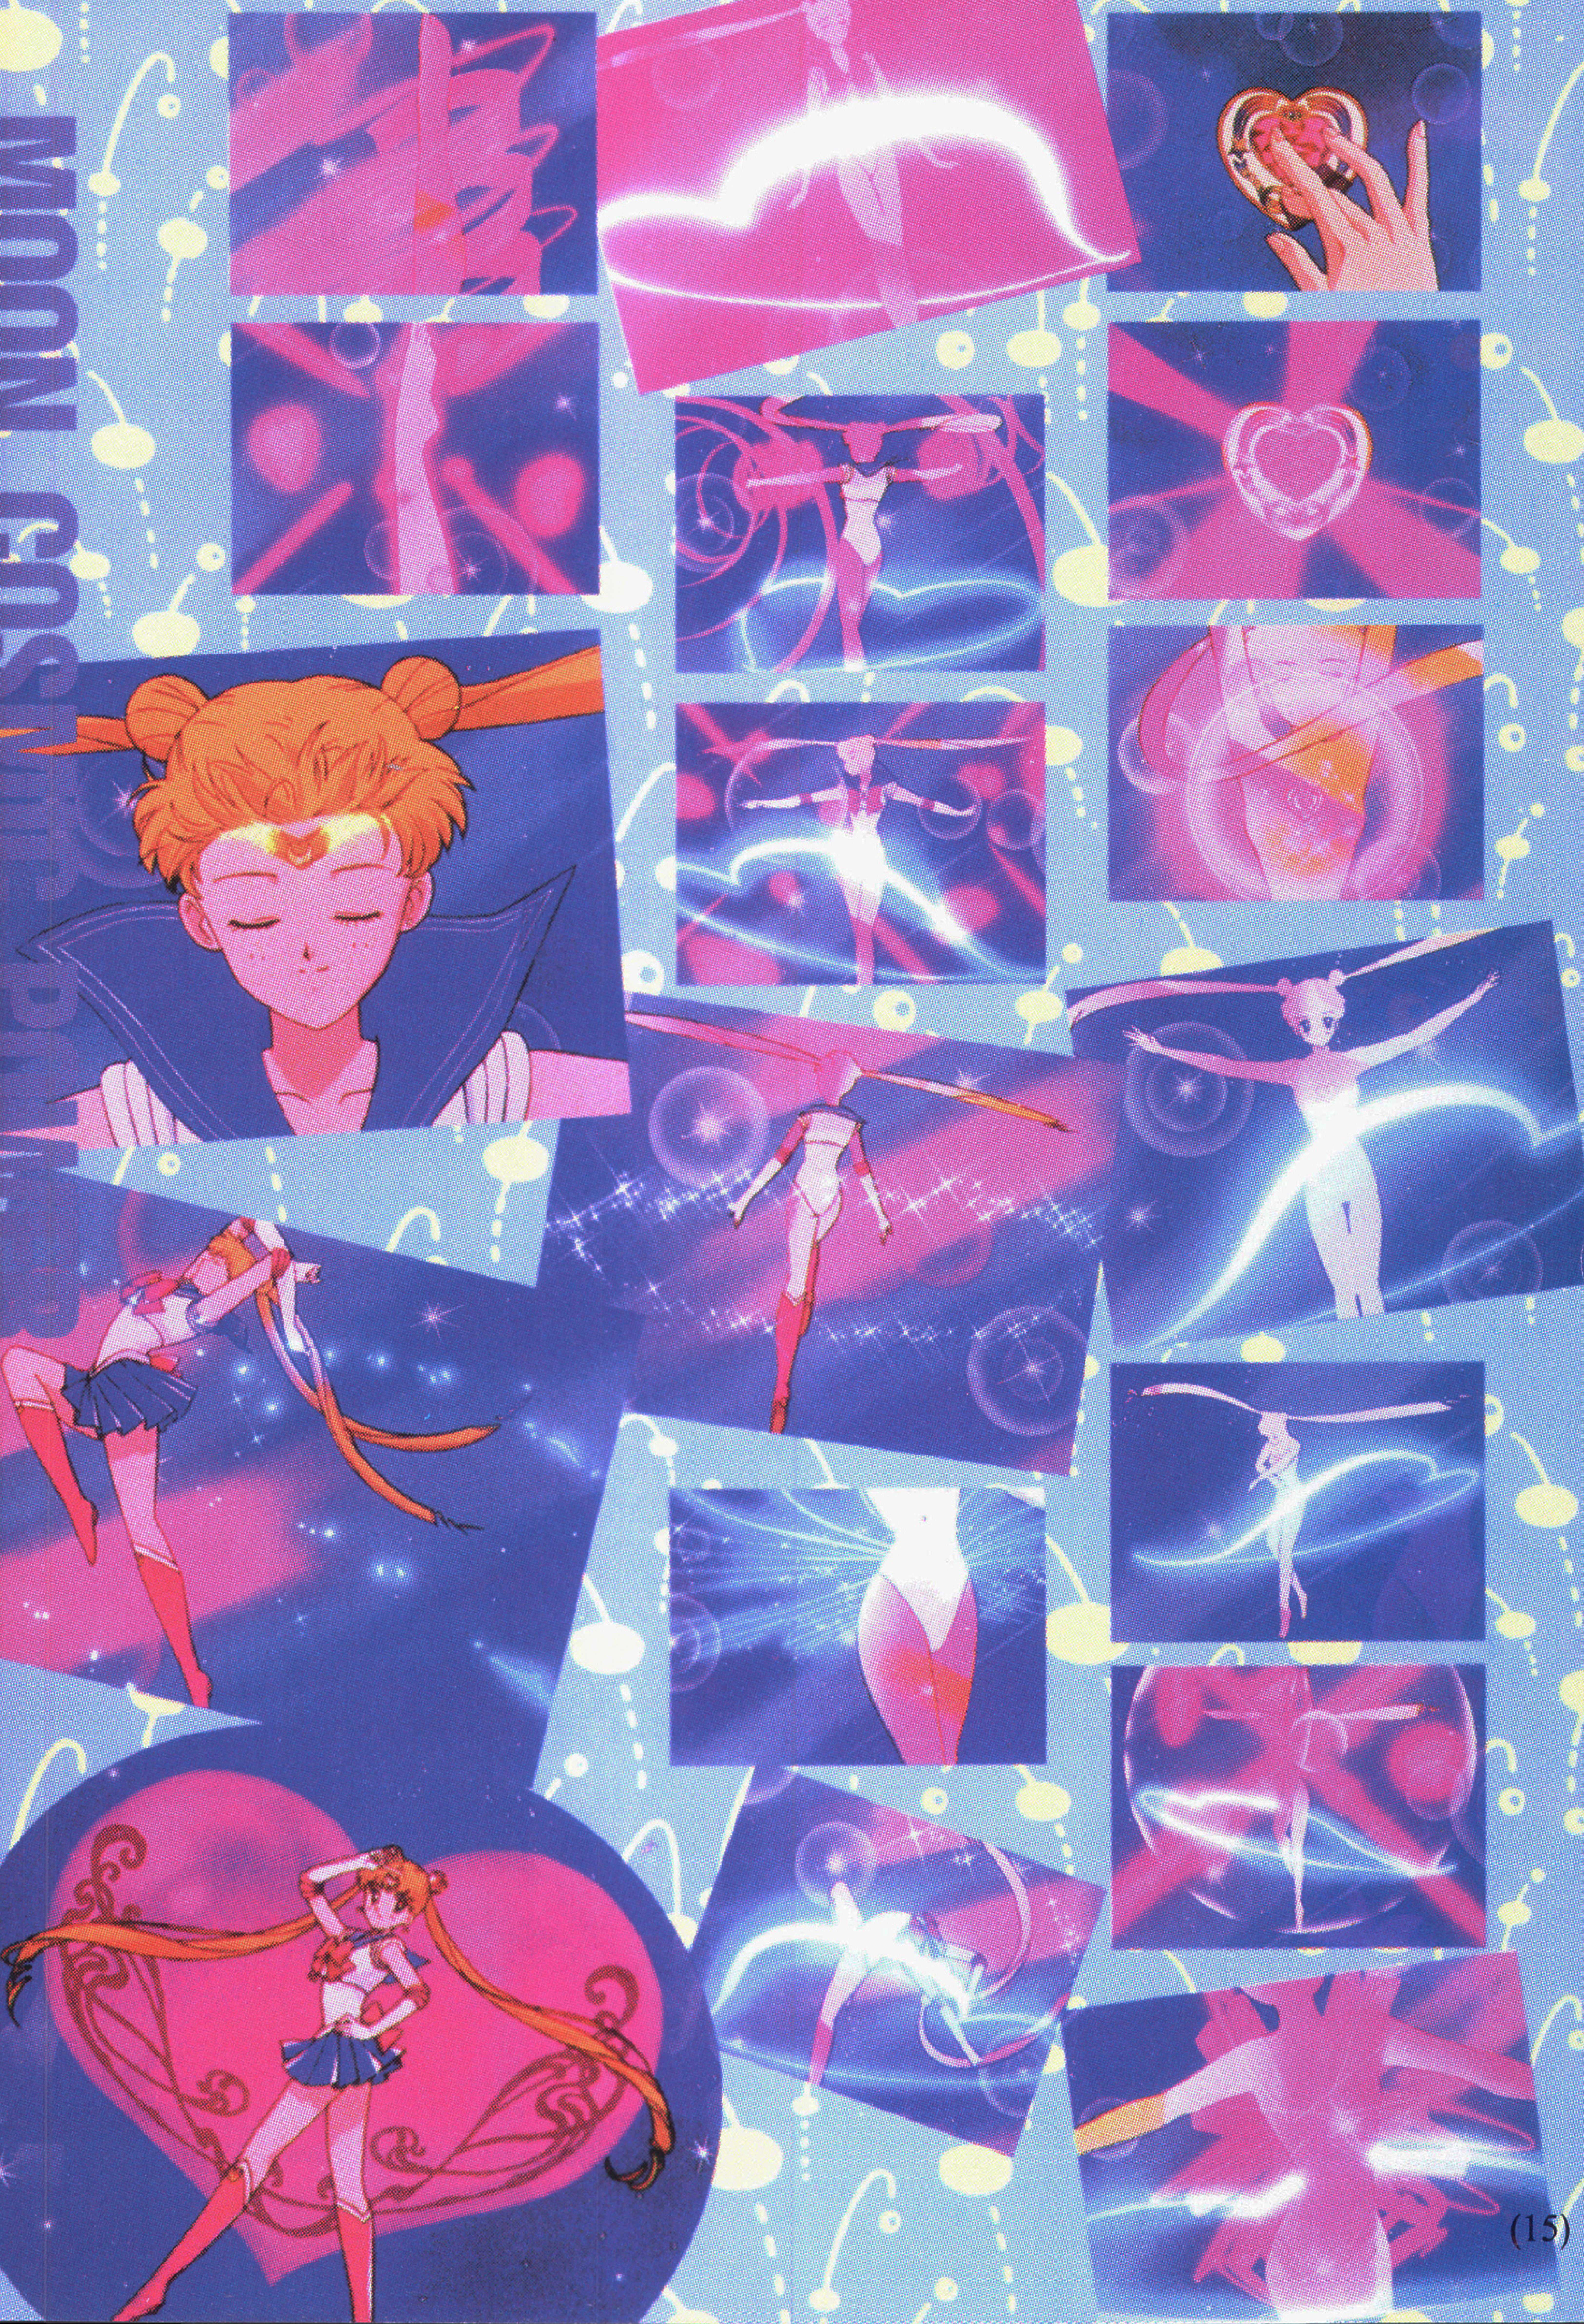
Serena makes up with the transformation brooch that is just revived.



Transformation Brooch

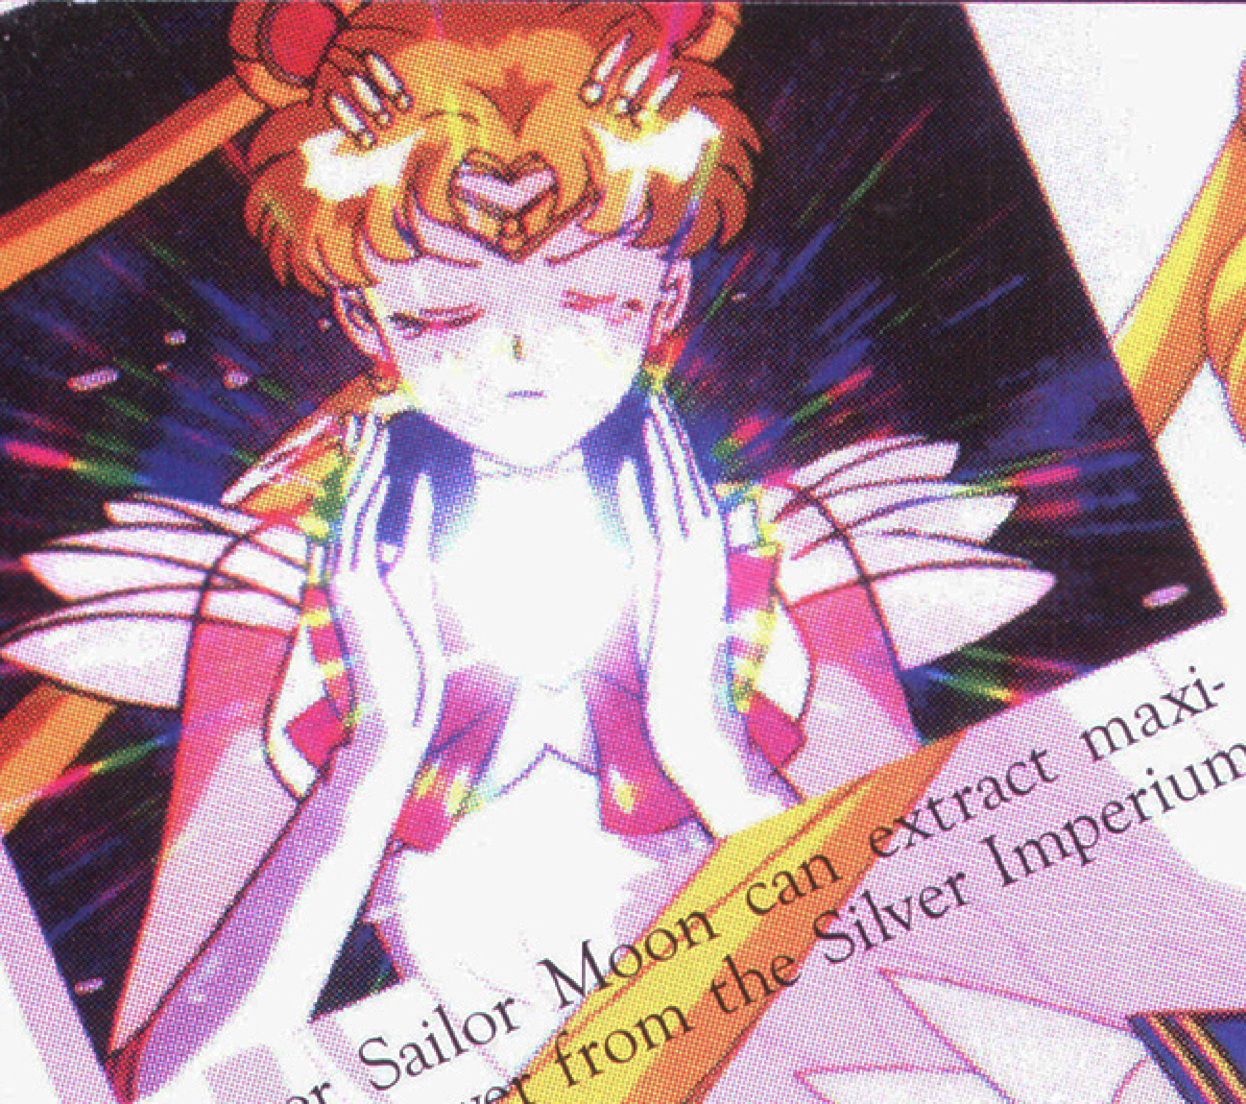
There is a strong power of the silver crystal in the transformation brooch.



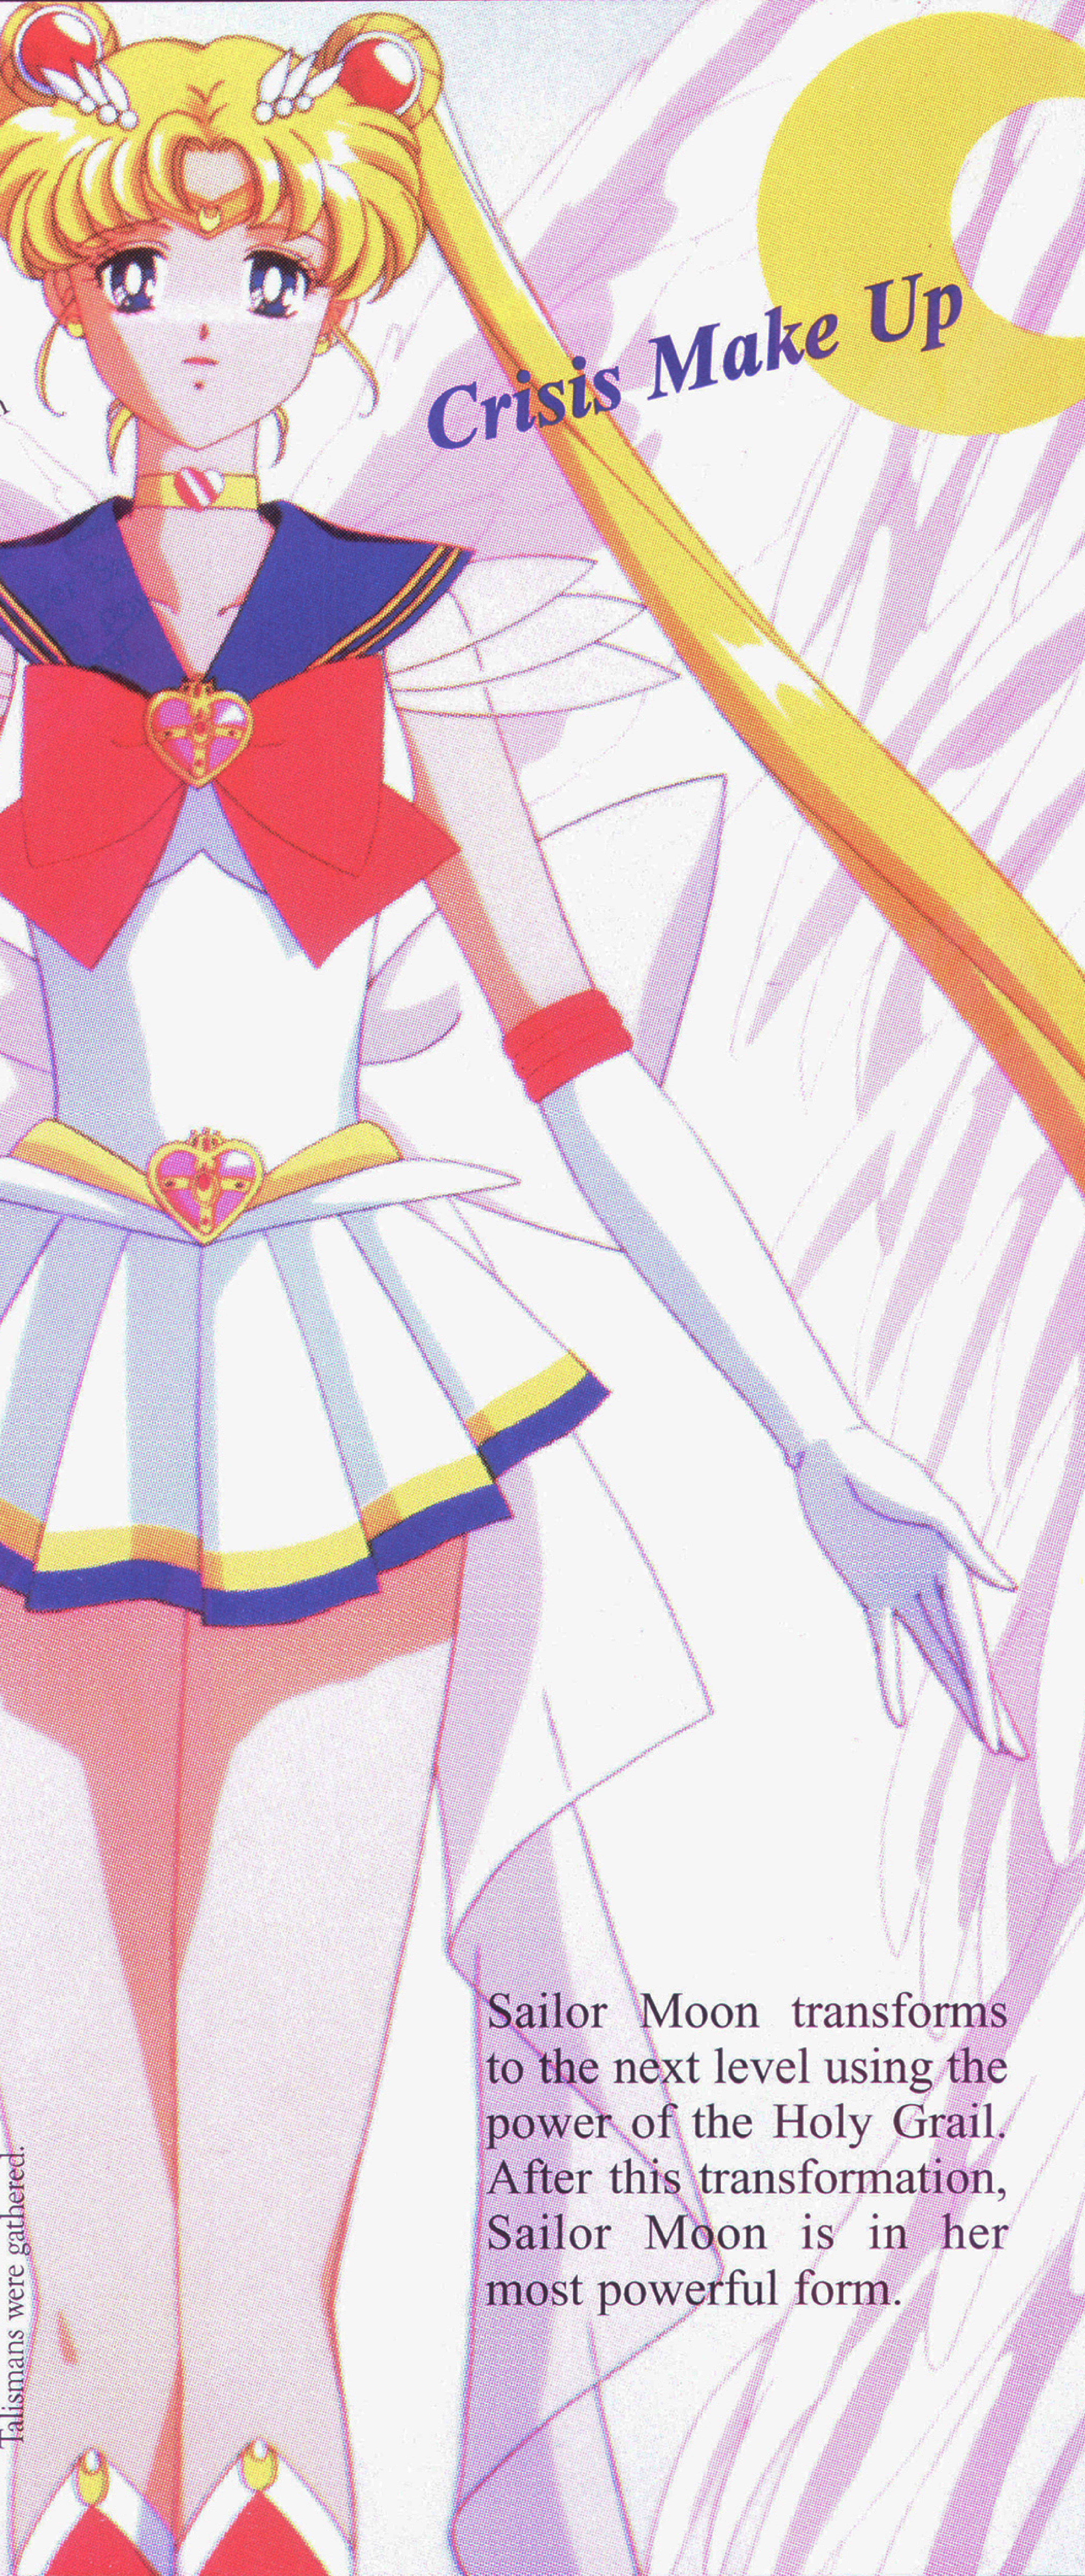


MOON COSMIC POWER

Crisis Make Up

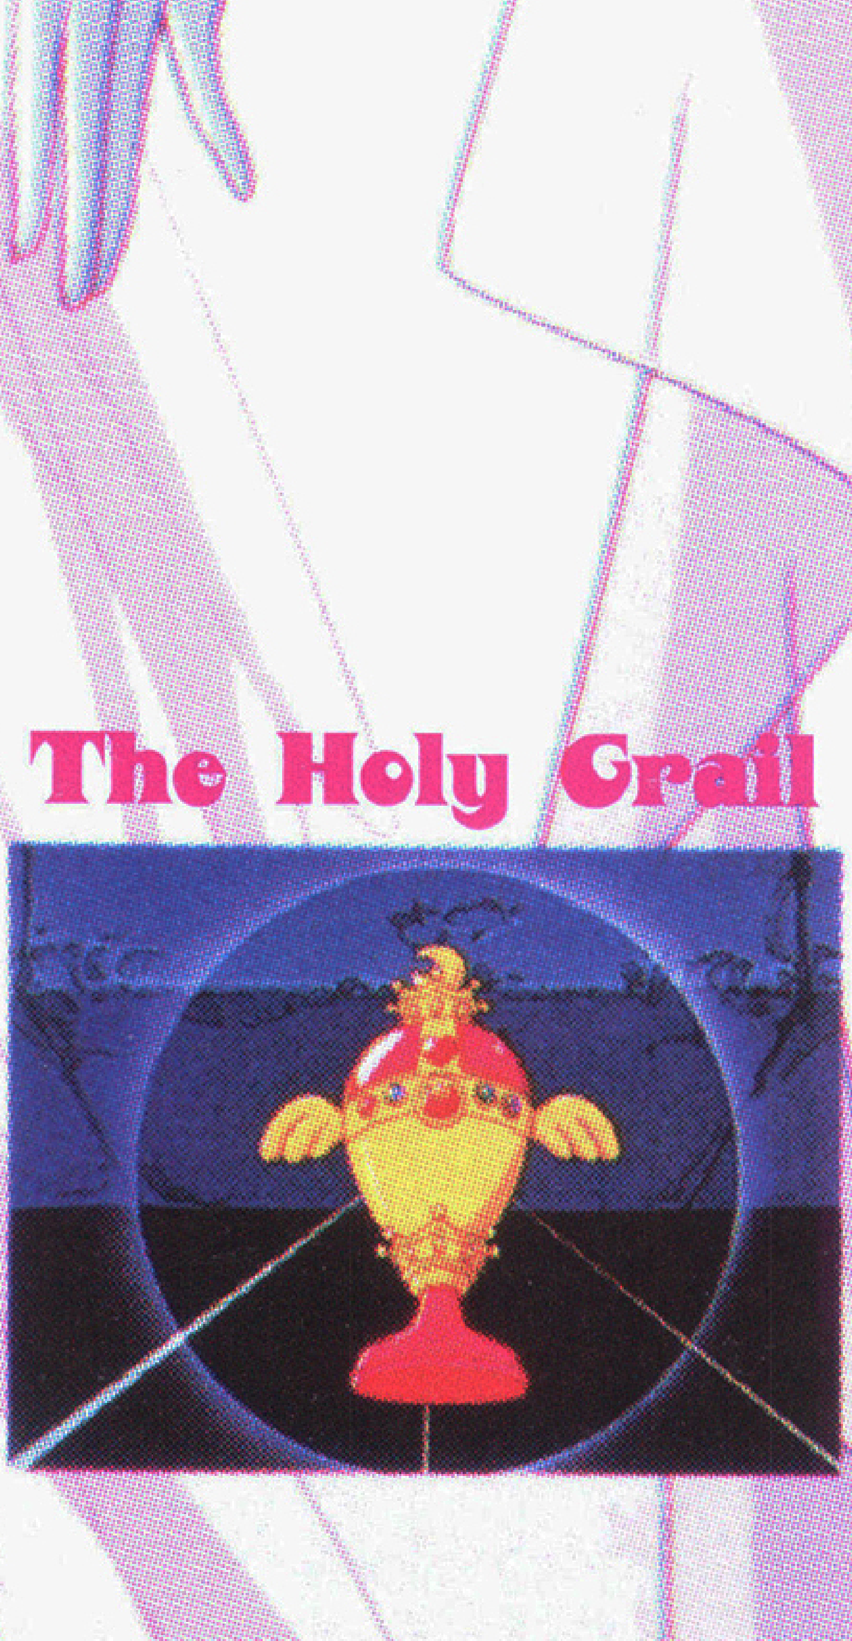


Super Sailor Moon can extract maximum power from the Silver Imperium Crystal.

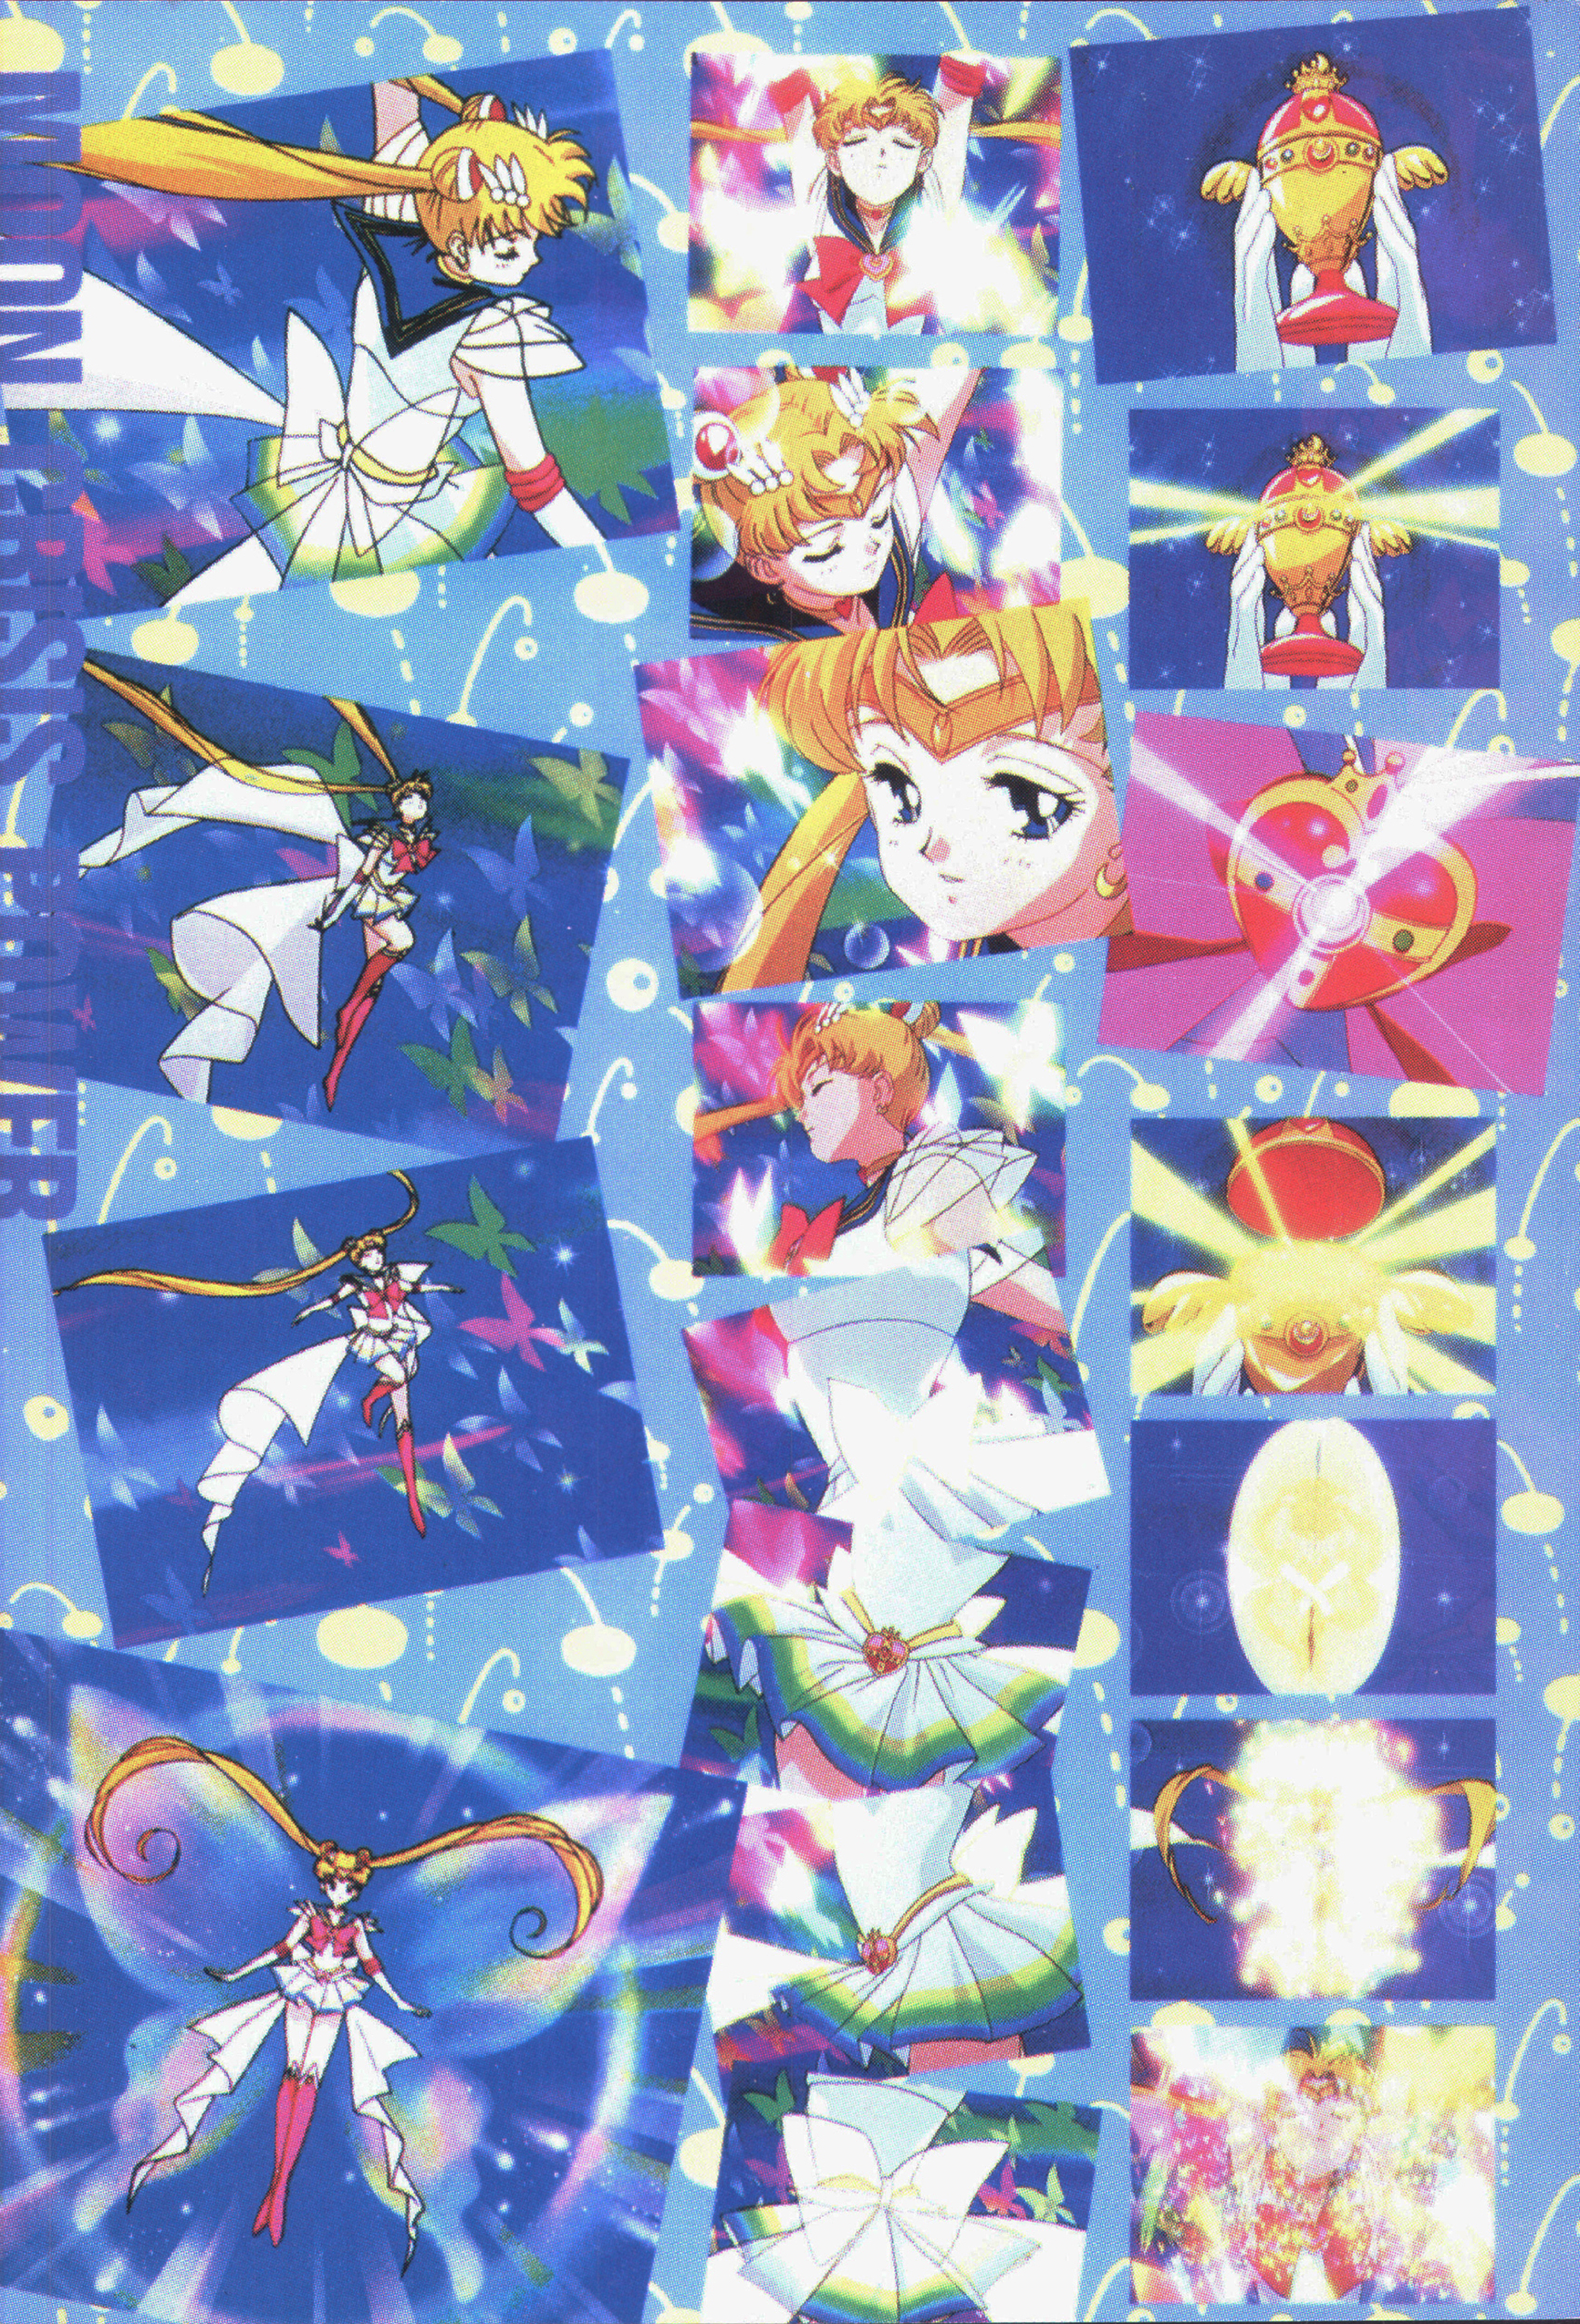


Sailor Moon transforms to the next level using the power of the Holy Grail. After this transformation, Sailor Moon is in her most powerful form.

The Holy Grail



The Holy Grail first appeared after the three Talismans were gathered.



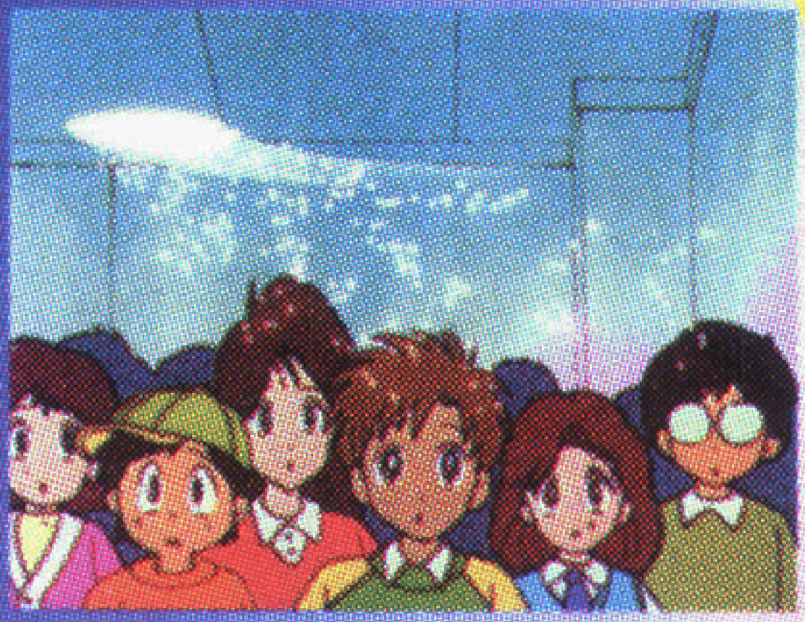
MOON CRISIS POWER

Sailor Moon in Action

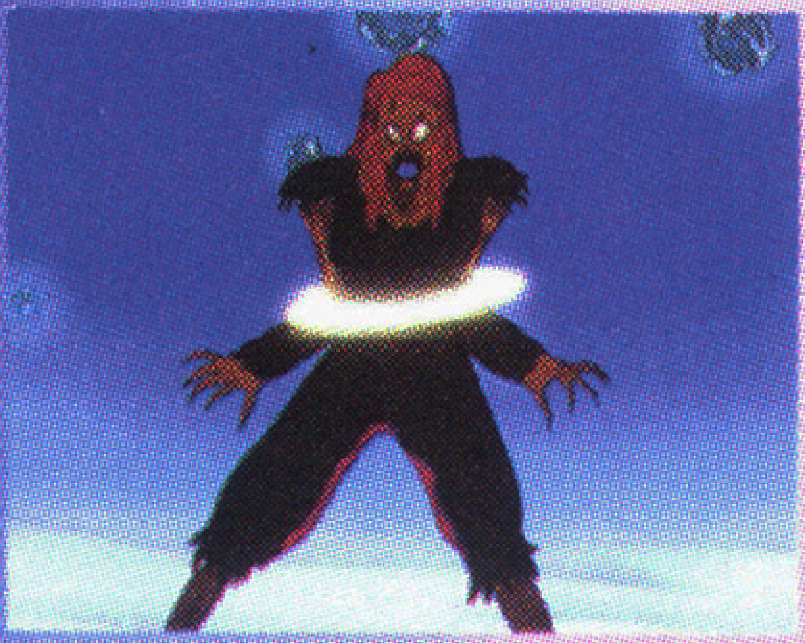
Now that you know where my power comes from, I'll show you all my splendid fighting attacks. Here they are!

Scout Guide

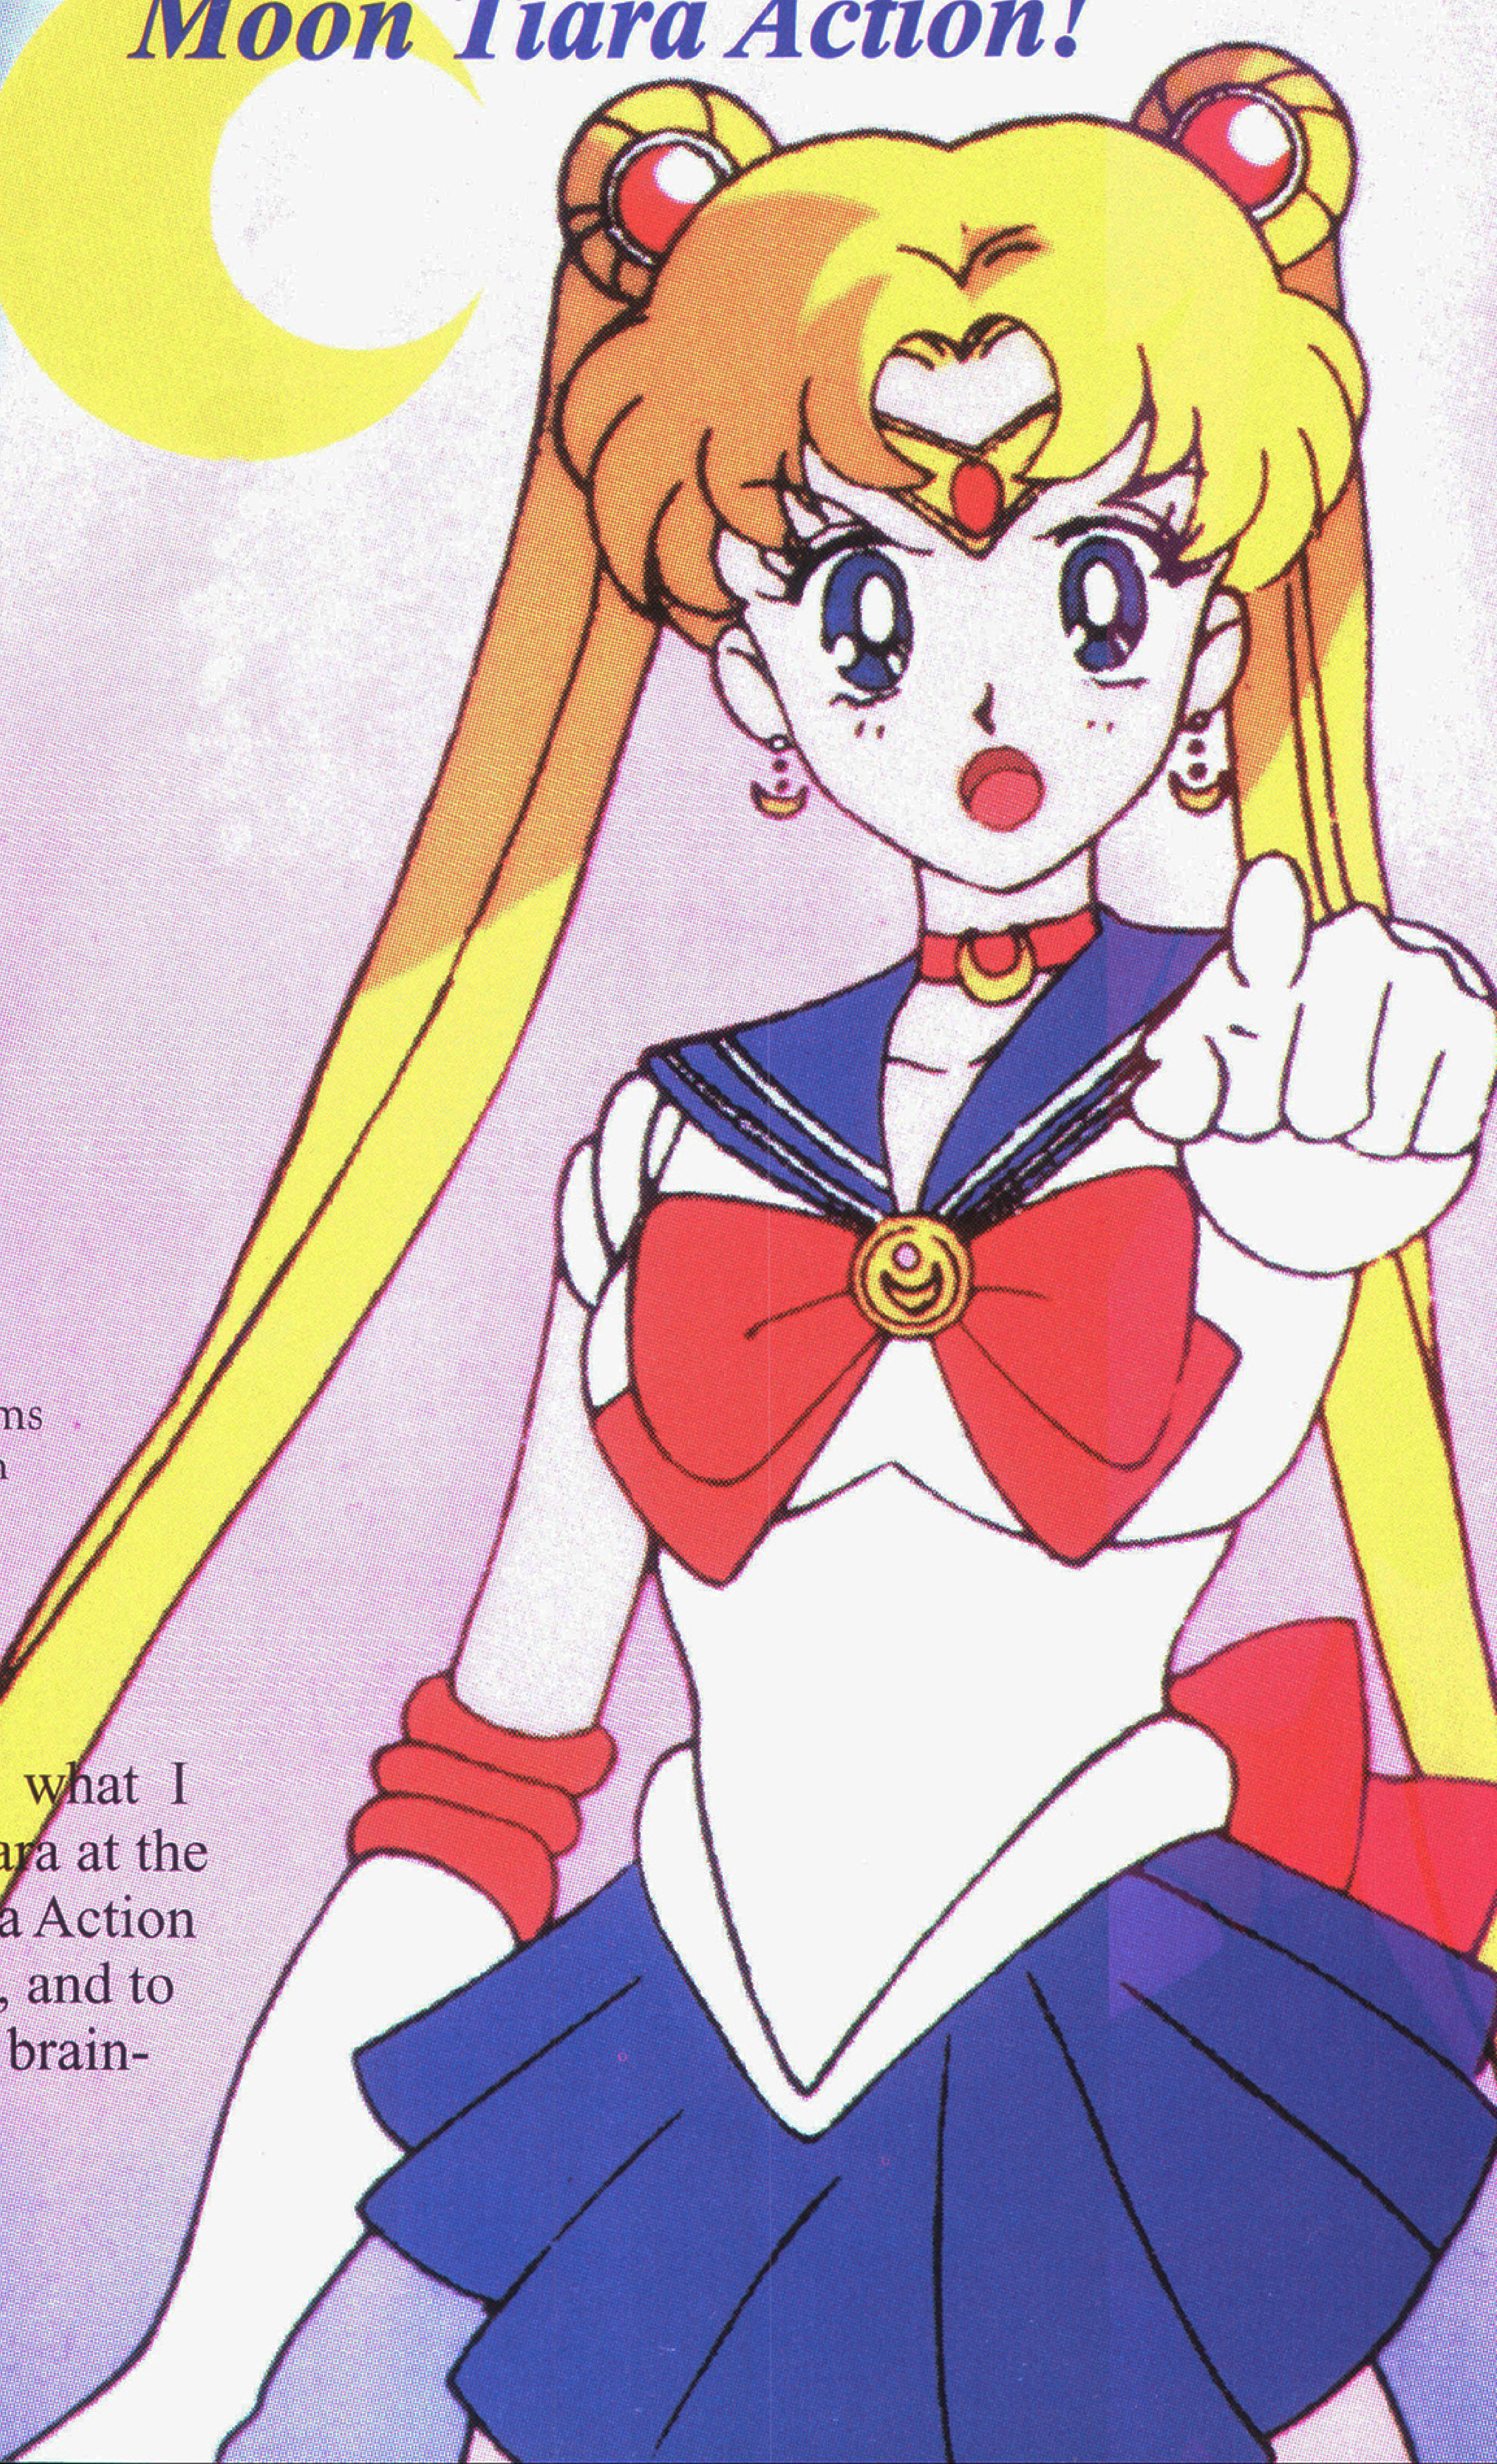
Moon Tiara Action!



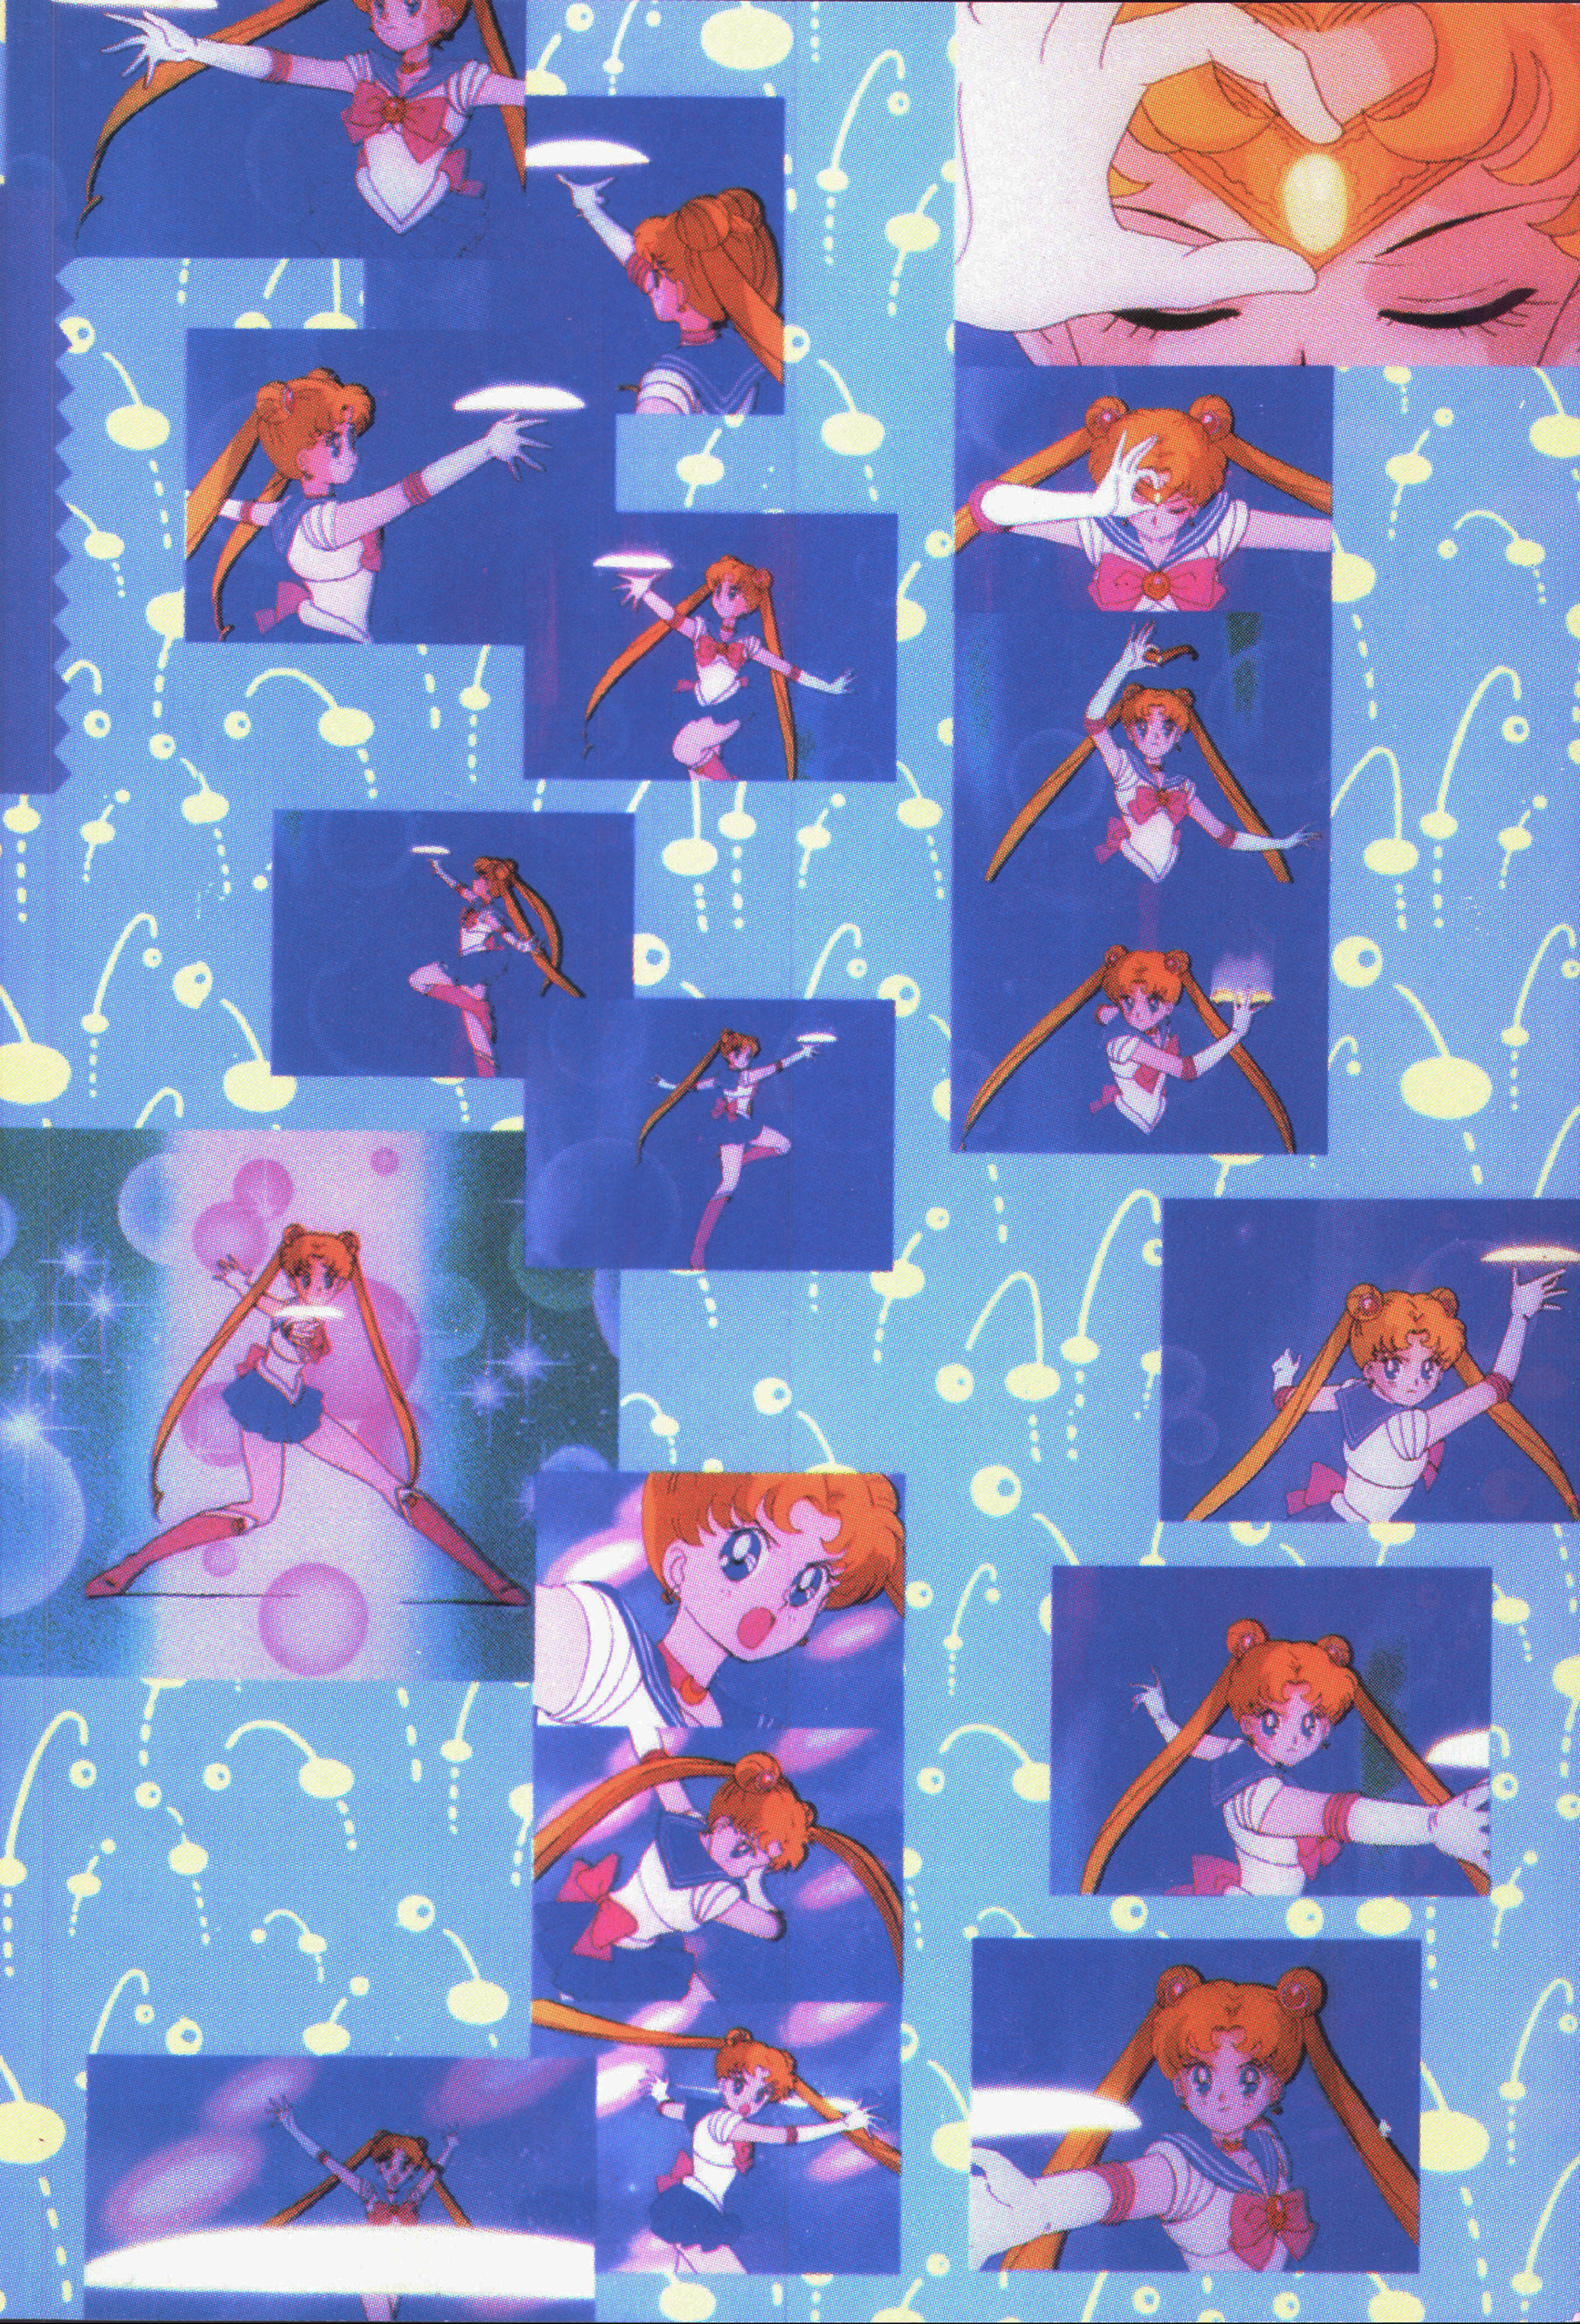
My tiara can also be used to create Moon Tiara Stardust.

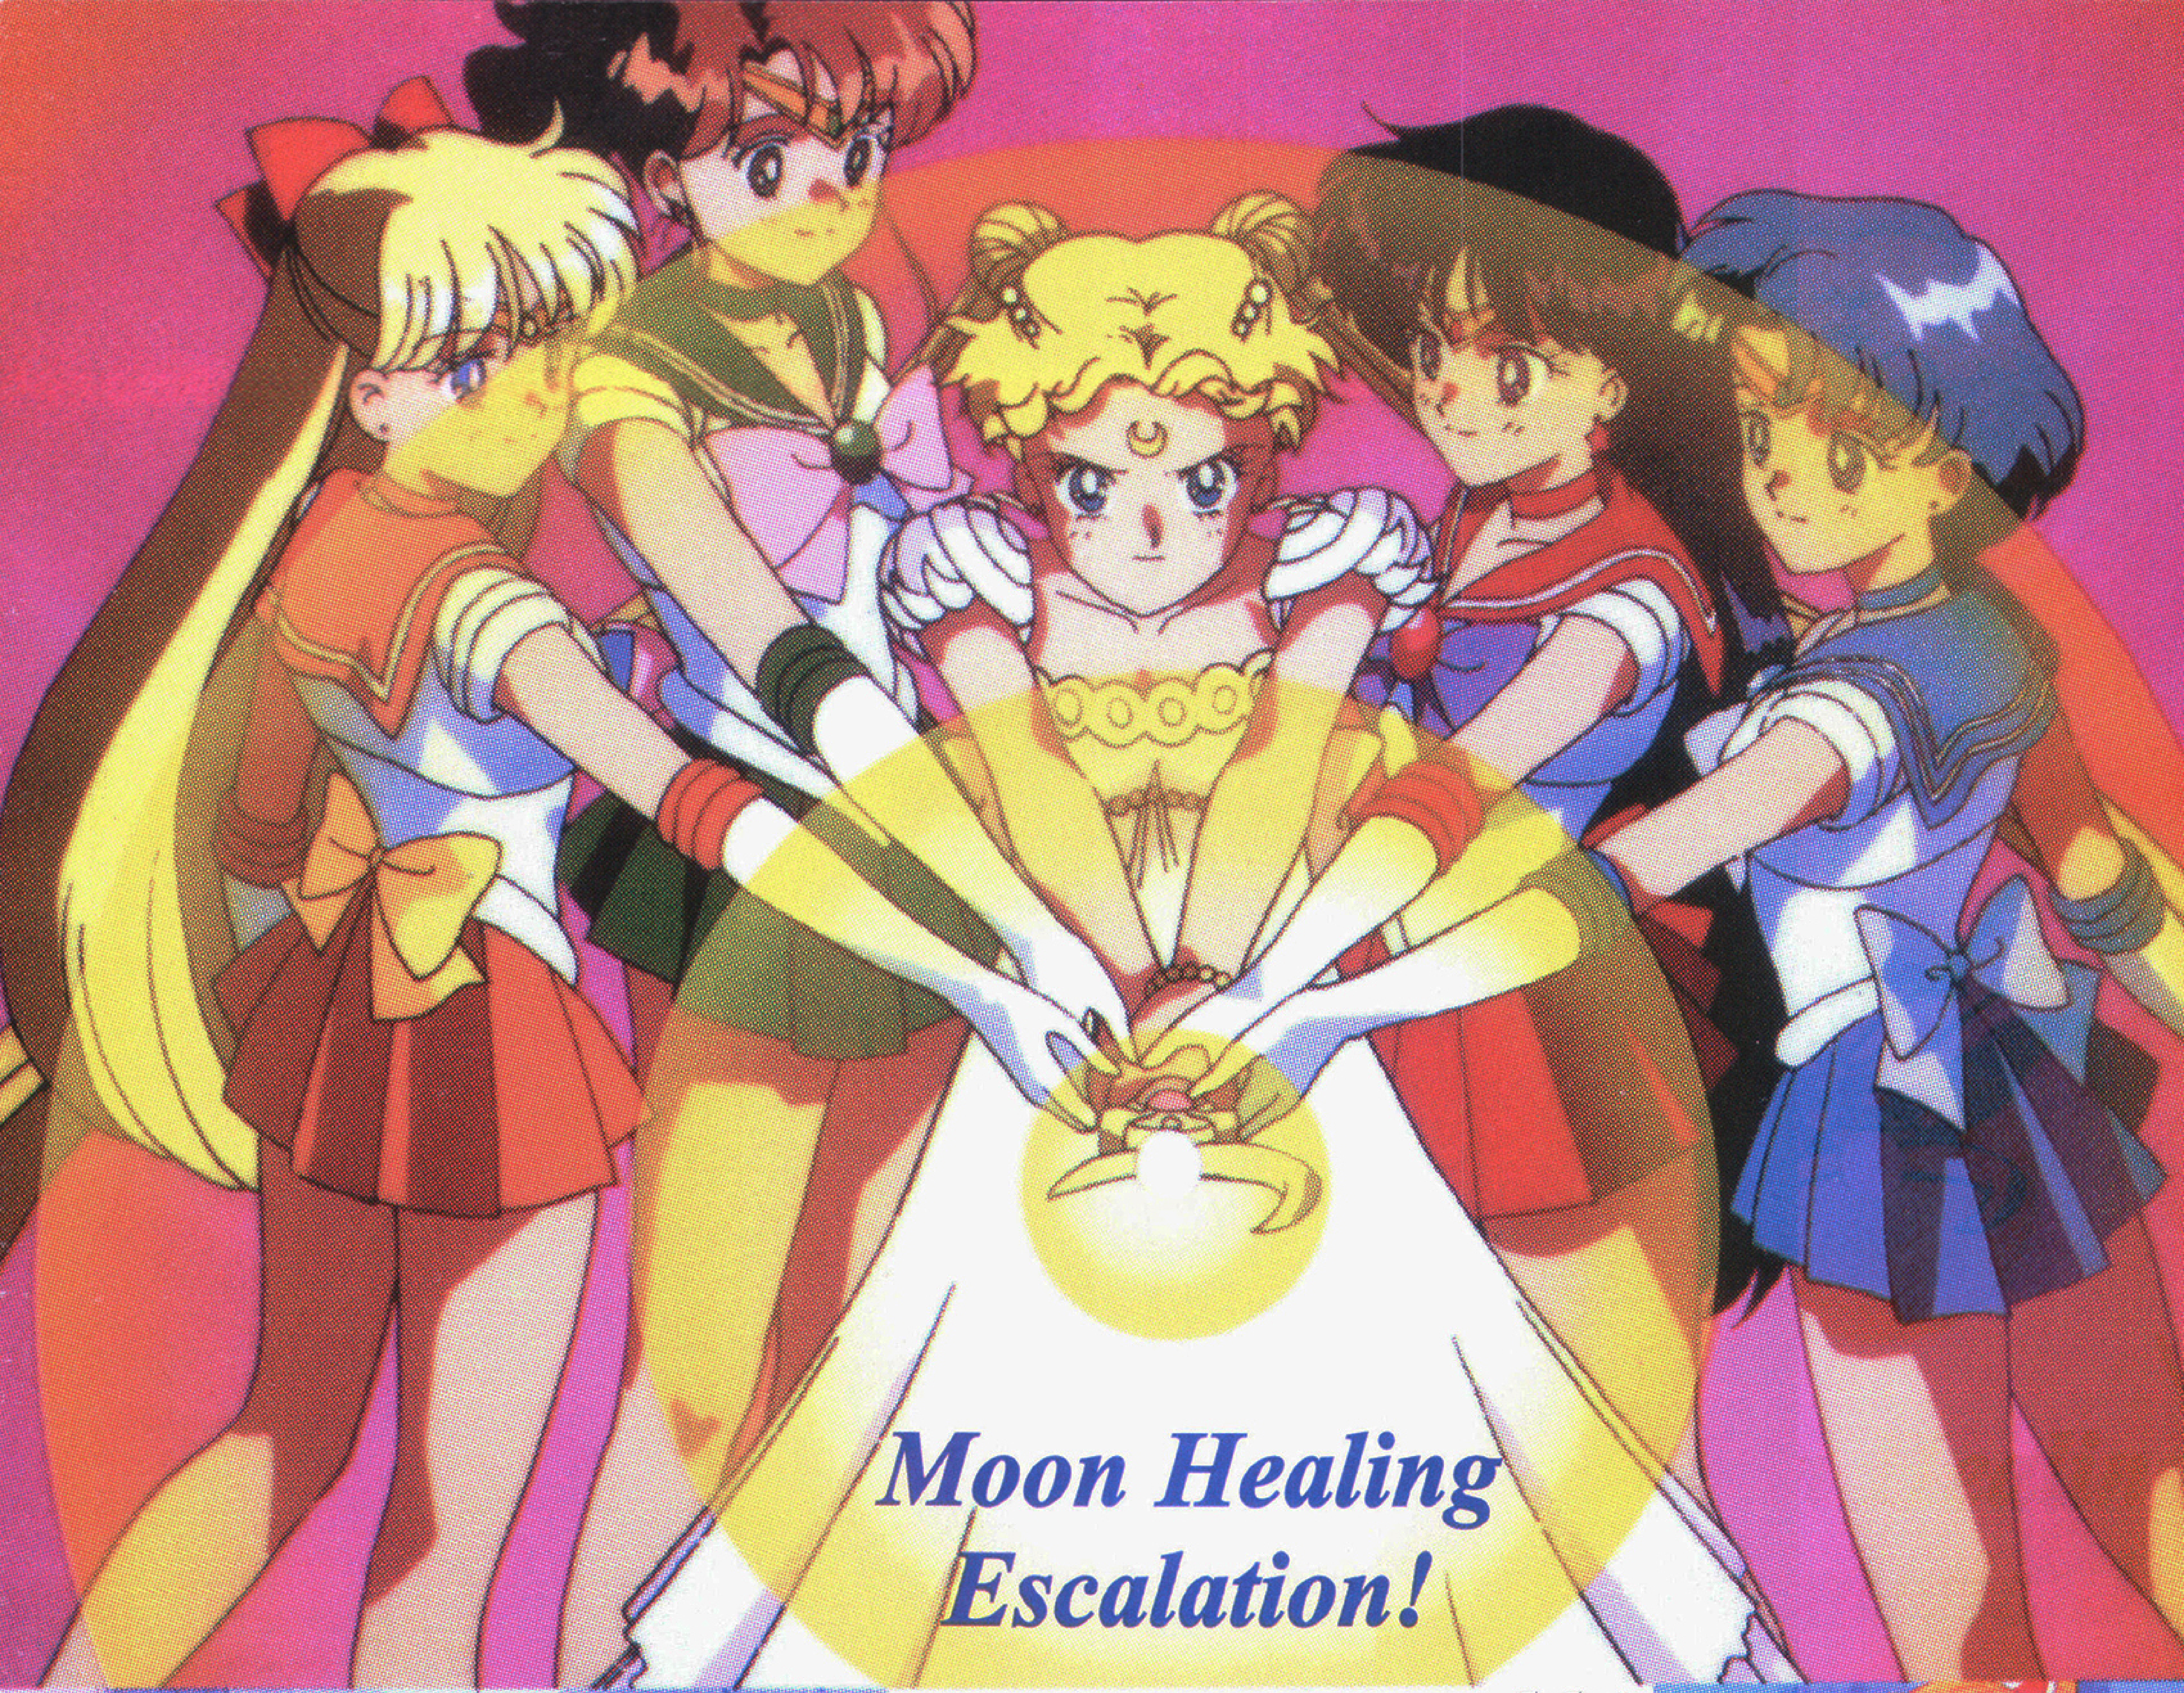


Moon Tiara Beam transforms my tiara into a ring that can trap enemies.



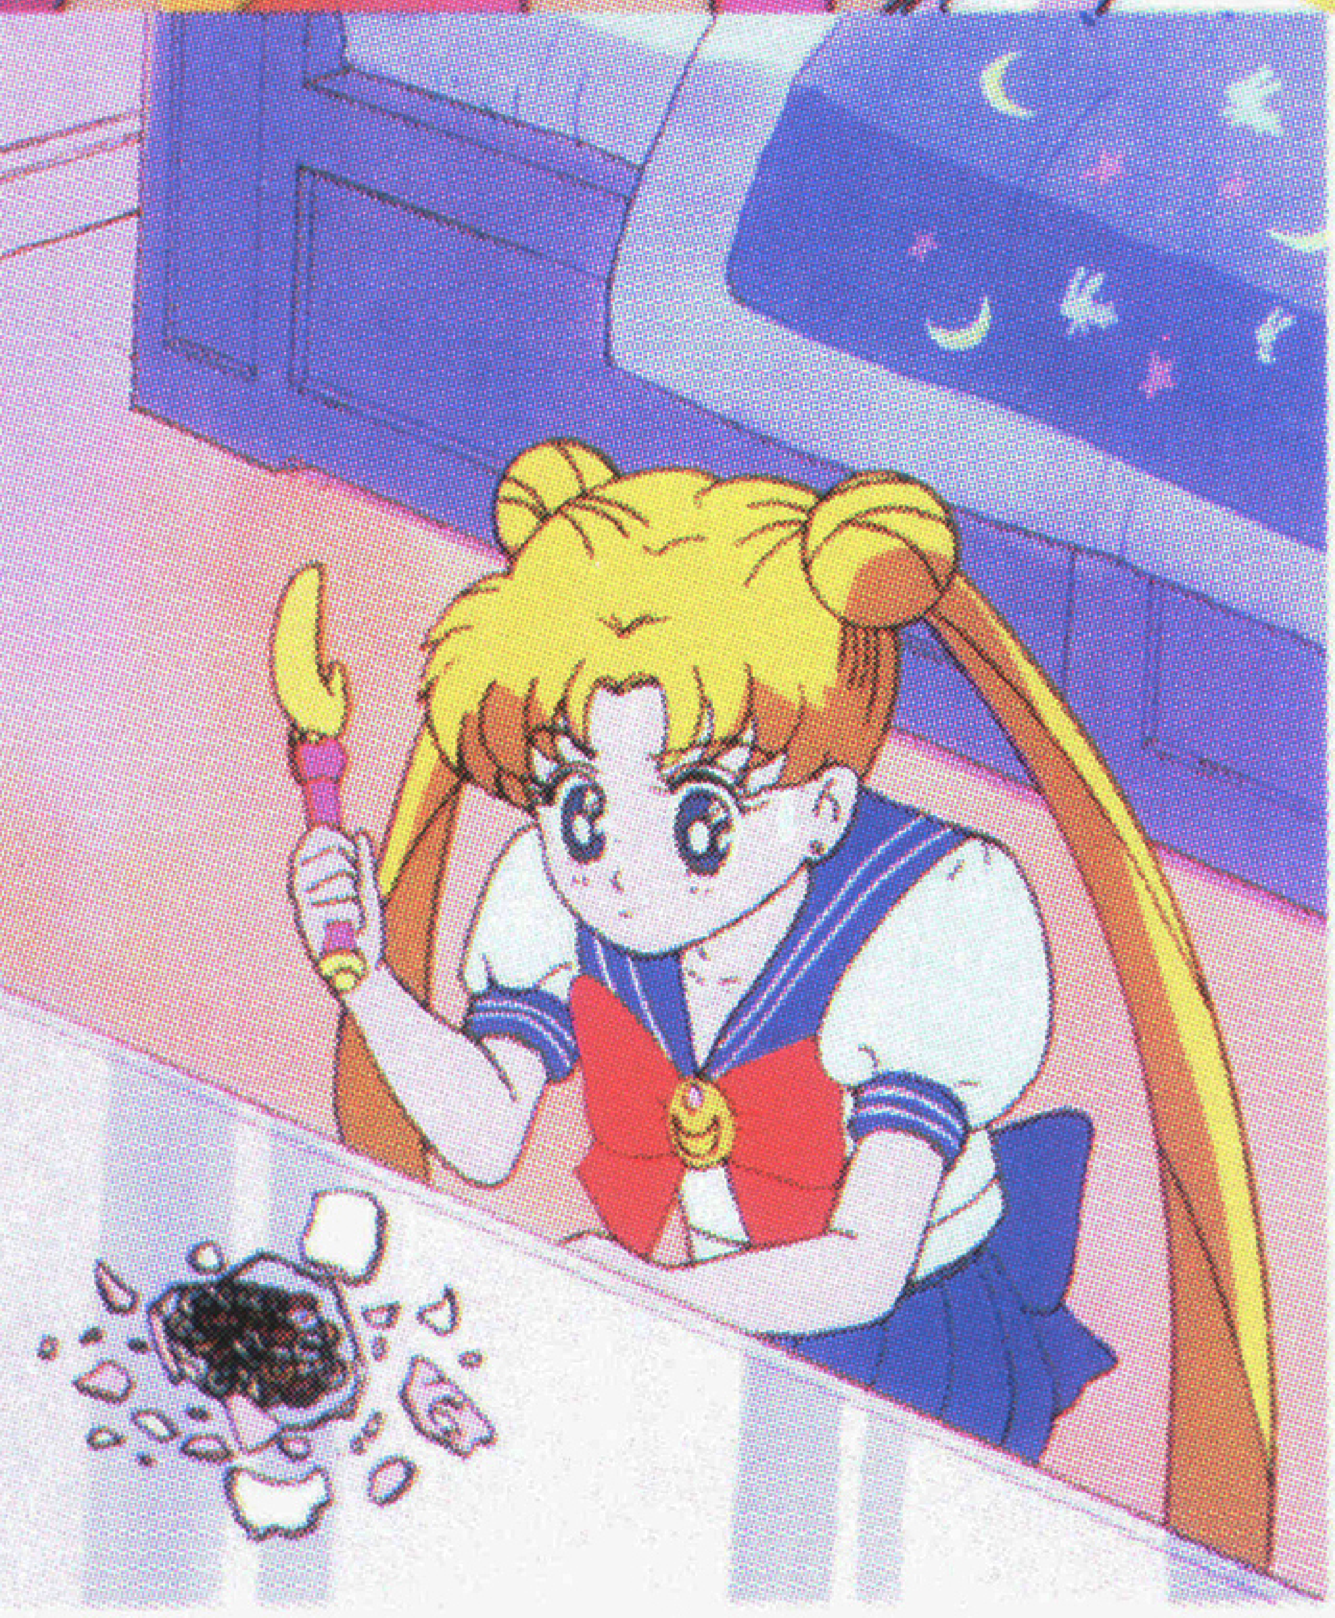
Moon Tiara Action is what I say when I throw my tiara at the enemy. I use Moon Tiara Action both to attack monsters, and to free people who are brainwashed by the enemy.



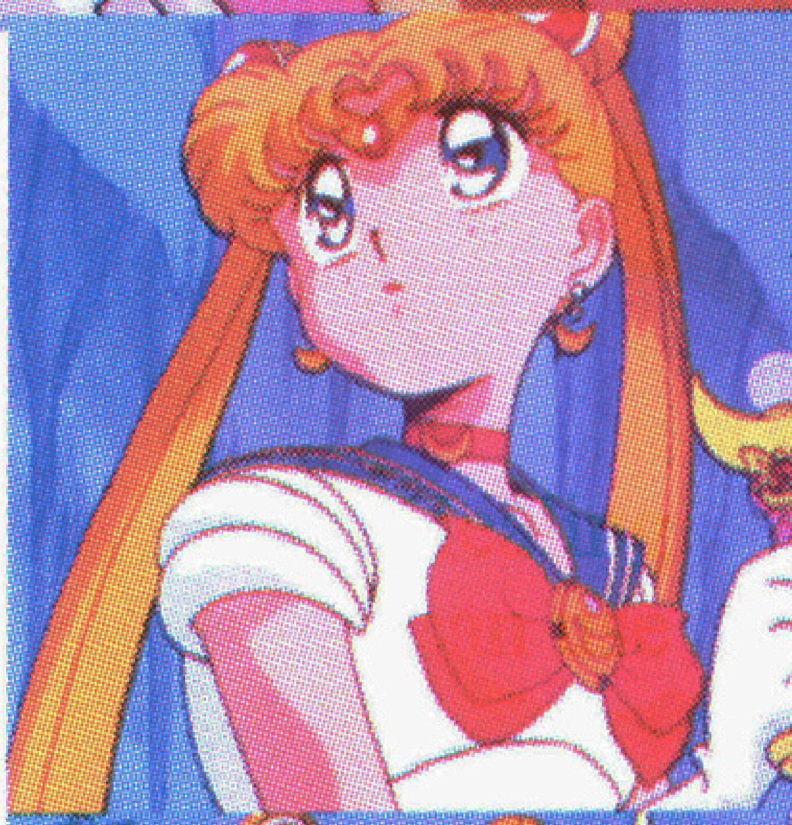


Moon Healing Escalation!

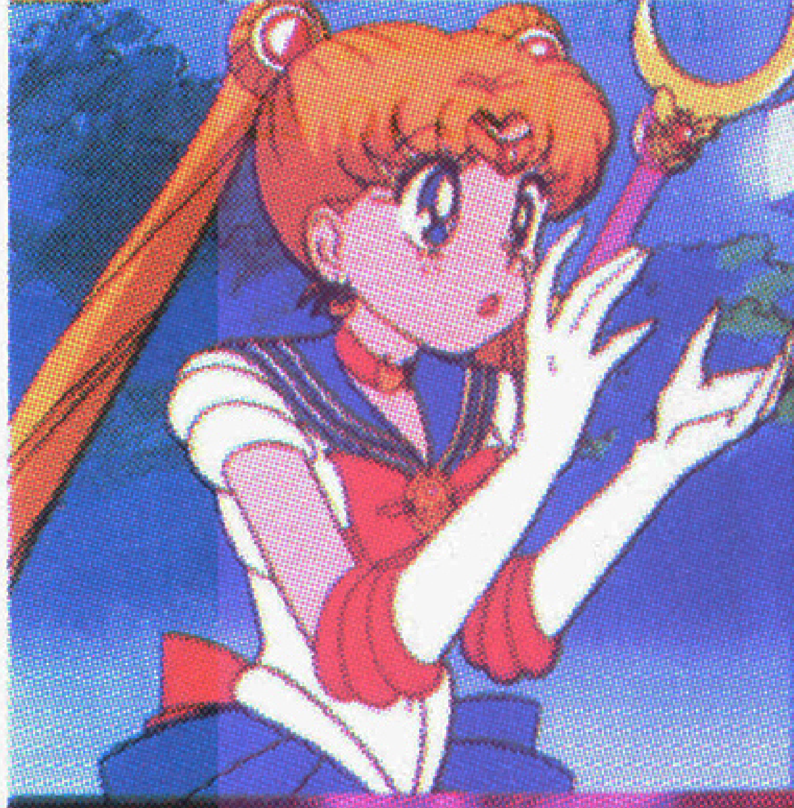
With Moon Healing Escalation I can use the Moon Wand to free enemies' spirits from the forces of evil.



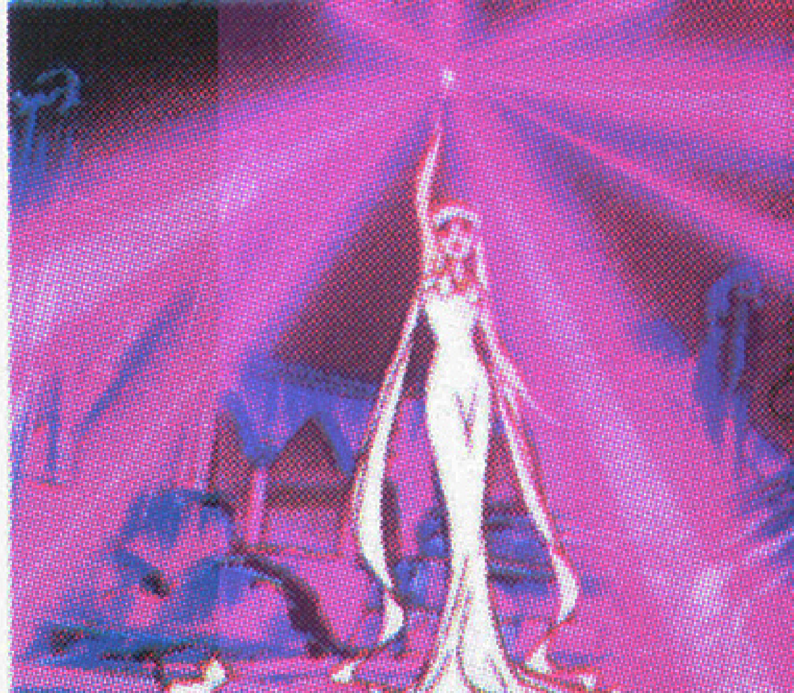
Since the Moon Wand is hard like a hammer, I used it to break my piggy bank.



By putting the Silver Imperium Crystal into the Crescent Moon Wand, I can increase my power.



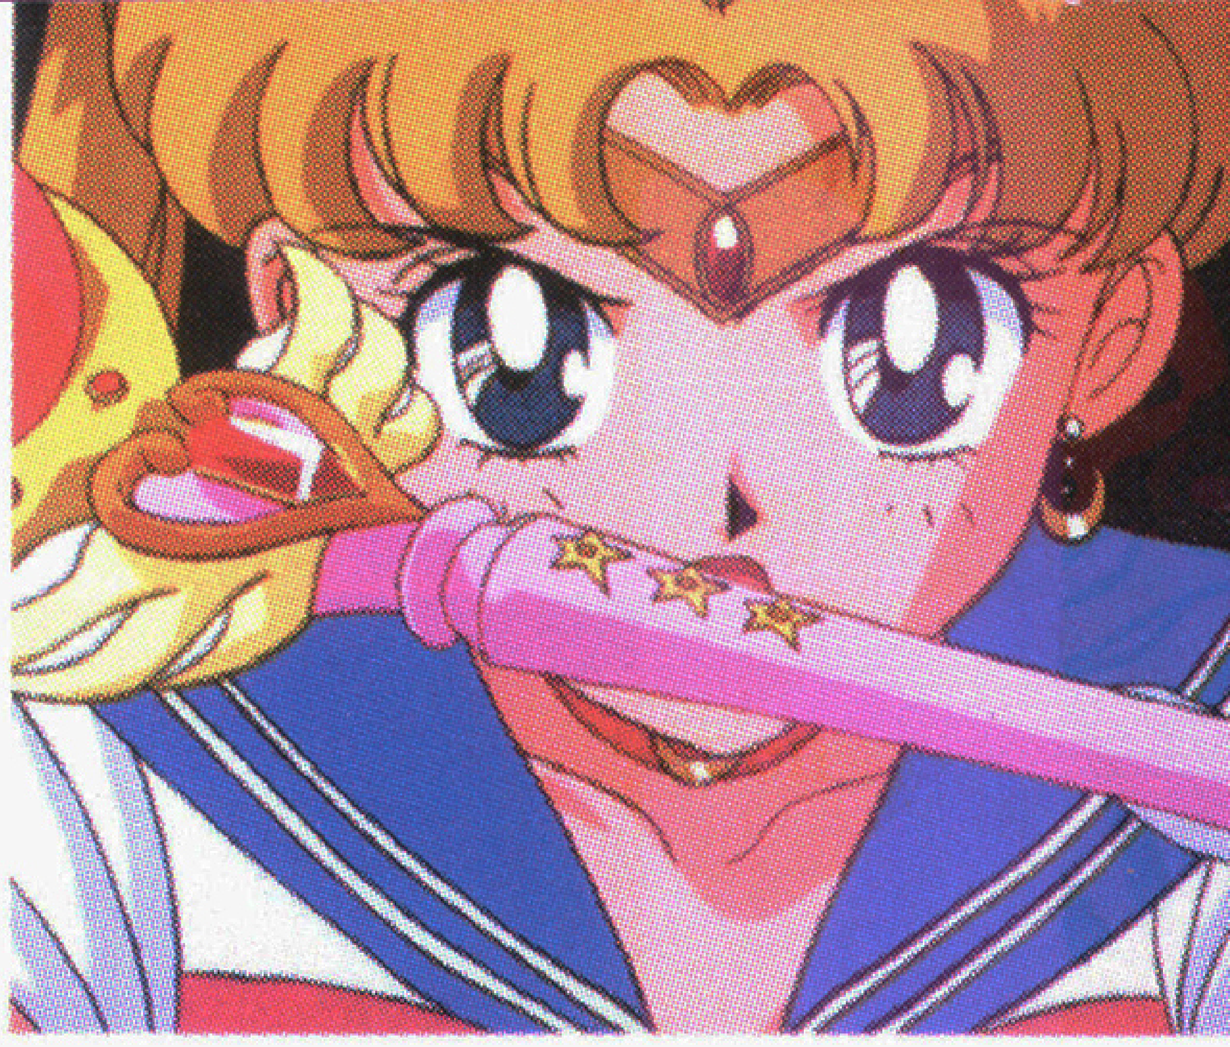
The Crescent Moon Wand is handed to me by Luna.



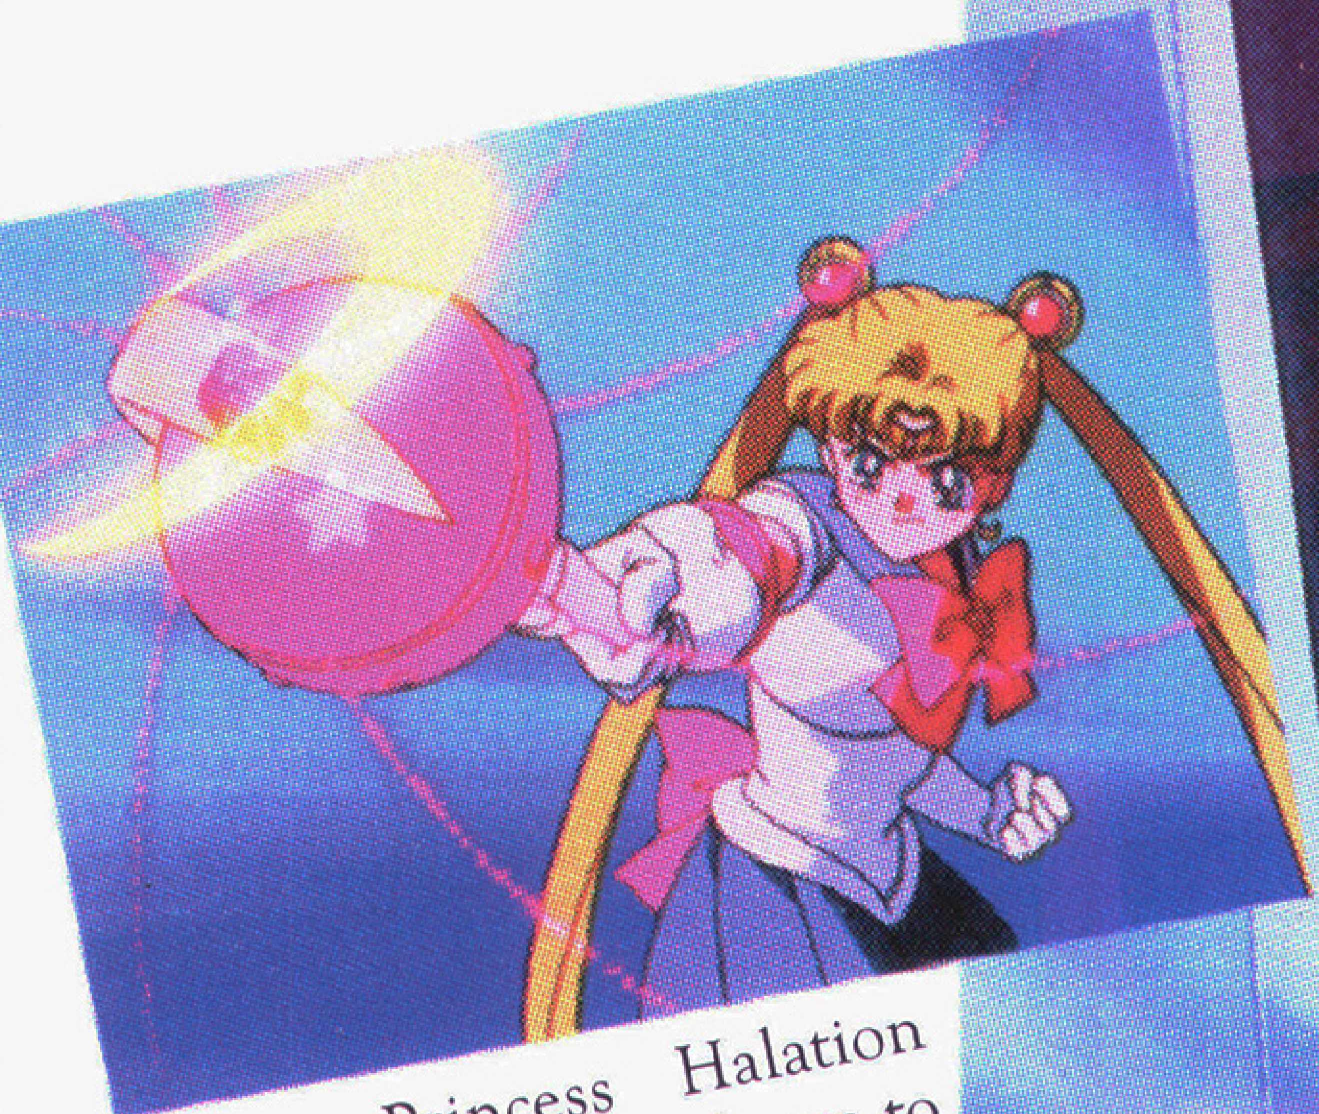
Neo-Queen Serenity used this Crescent Moon Wand in the Moon Kingdom.

Moon Princess Halation!

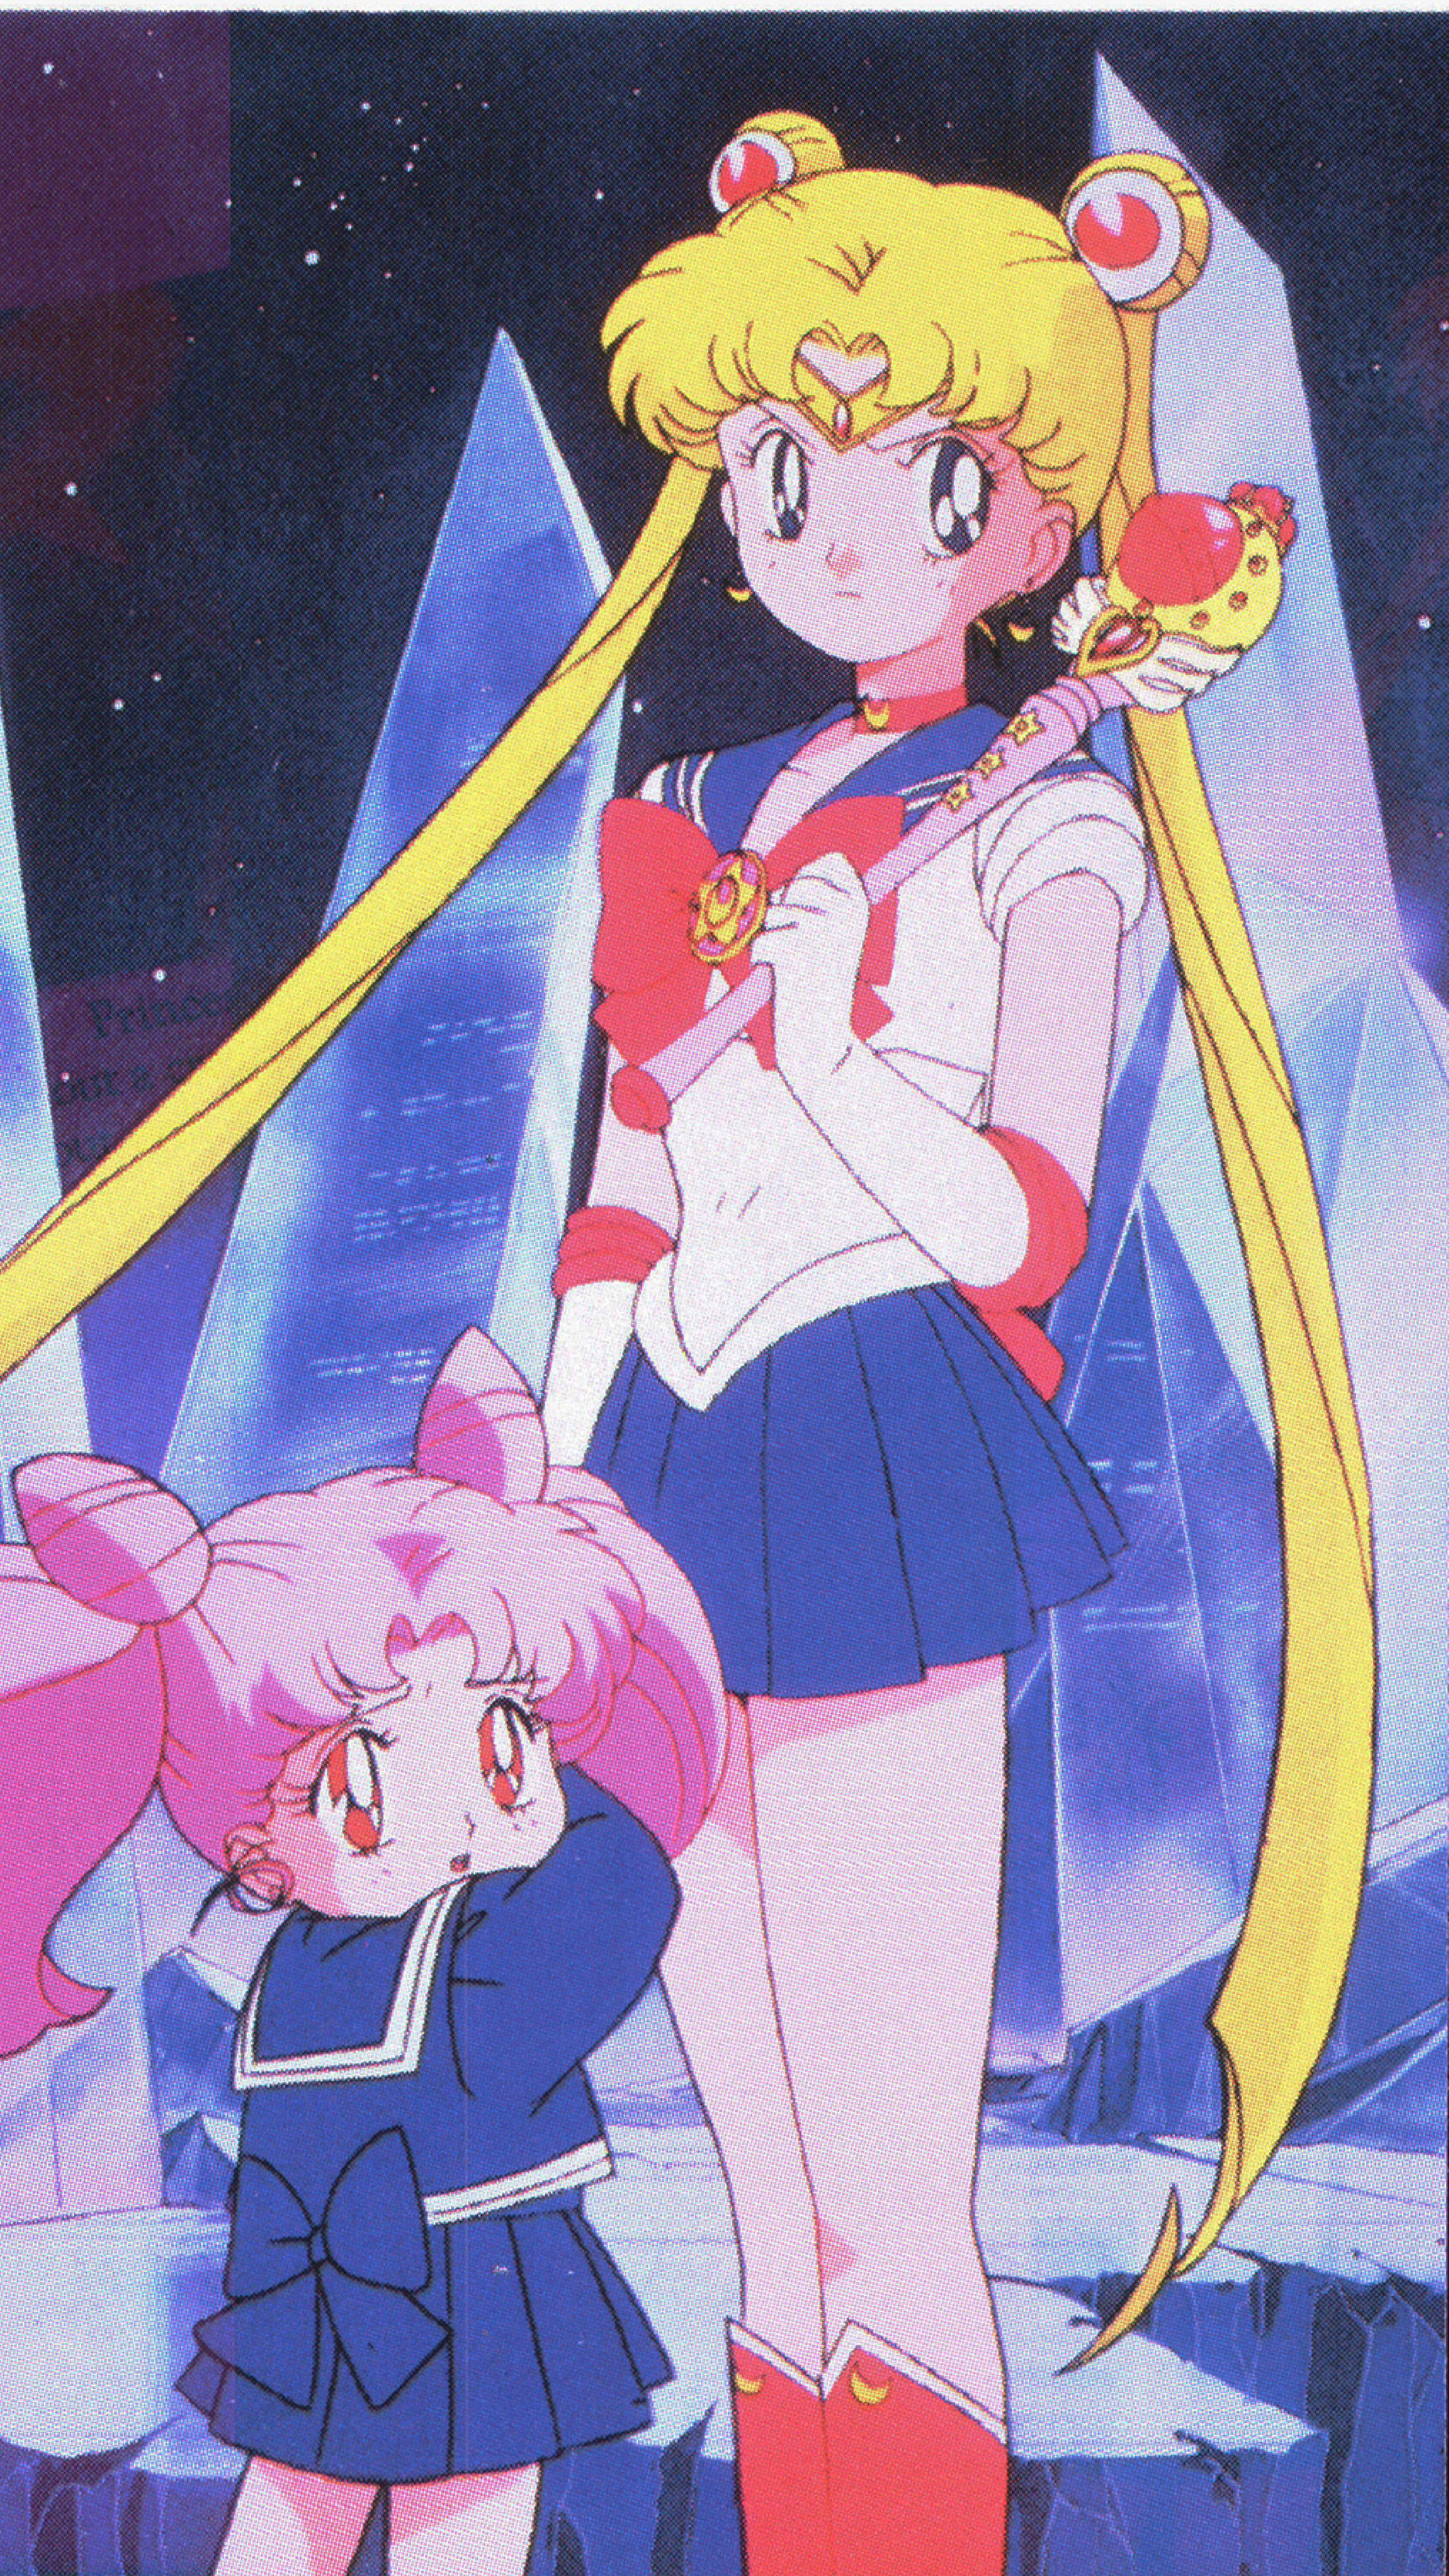
When I lost my Moon Wand, Neo-Queen Serenity gave me the Moon Scepter.

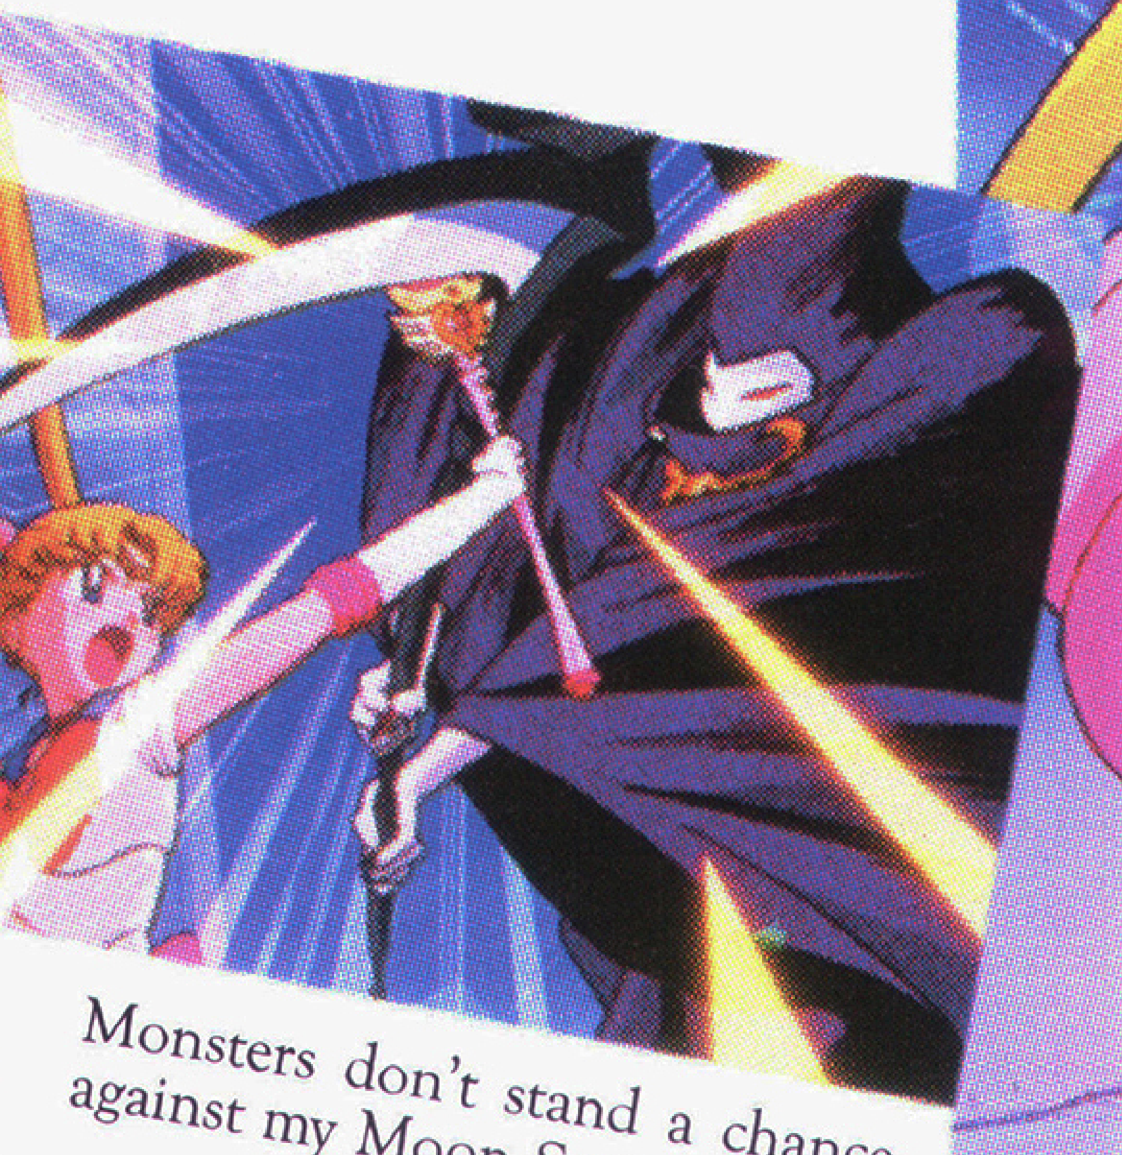


I fight the powers of darkness with her Moon Scepter

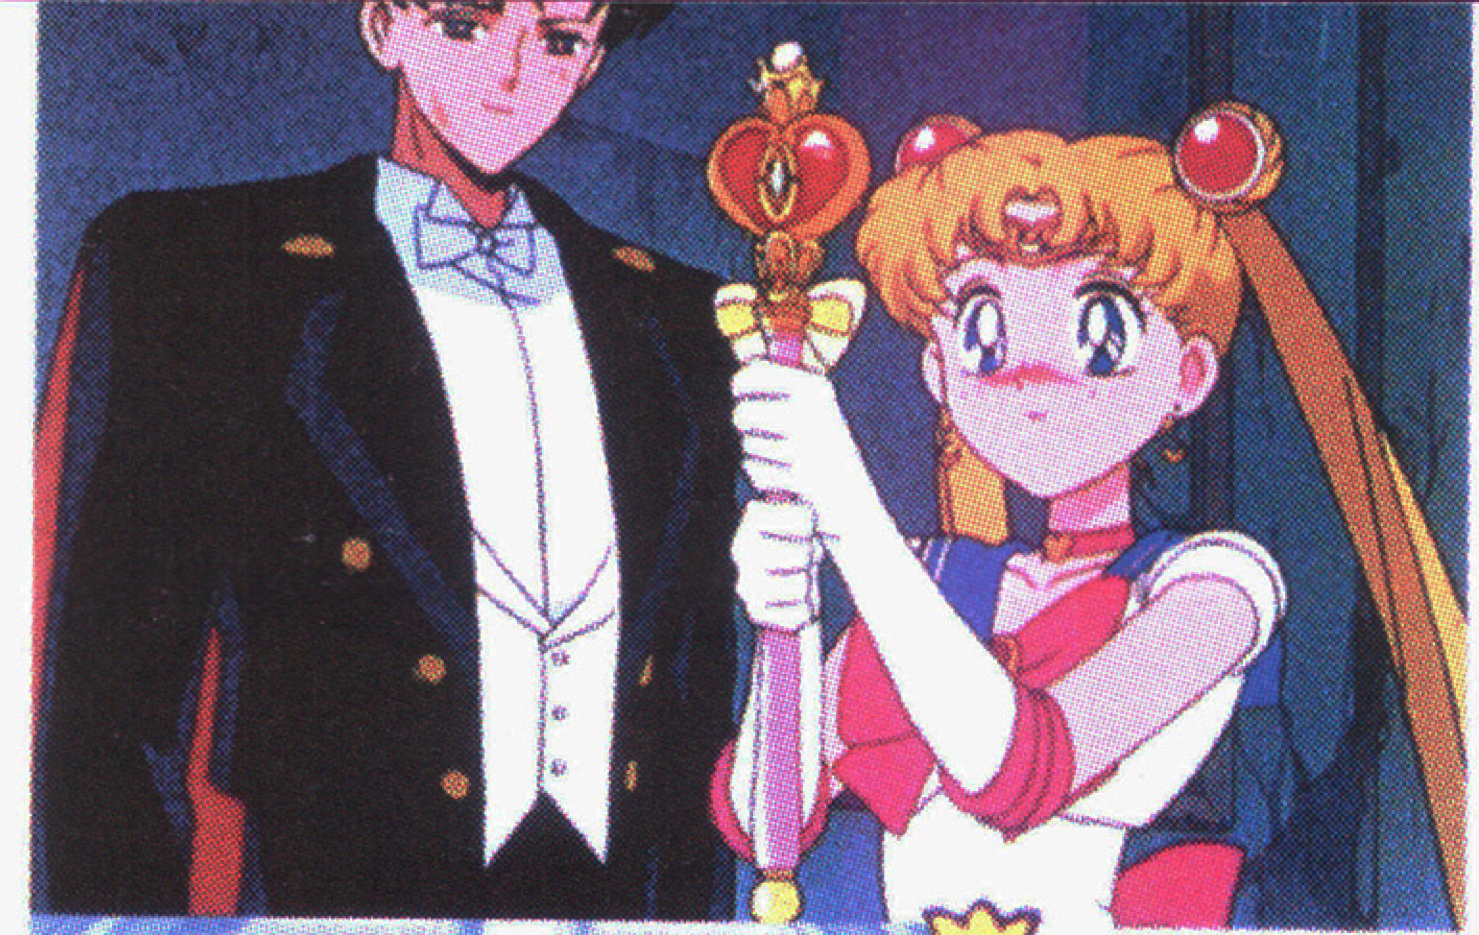


Moon Princess Halation sends out a crescent beam to wipe out evil.

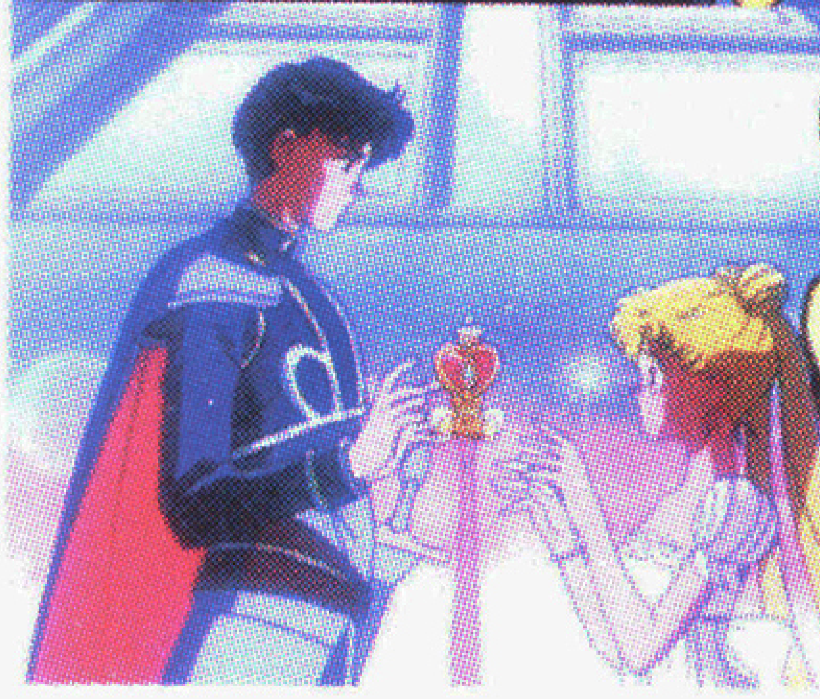




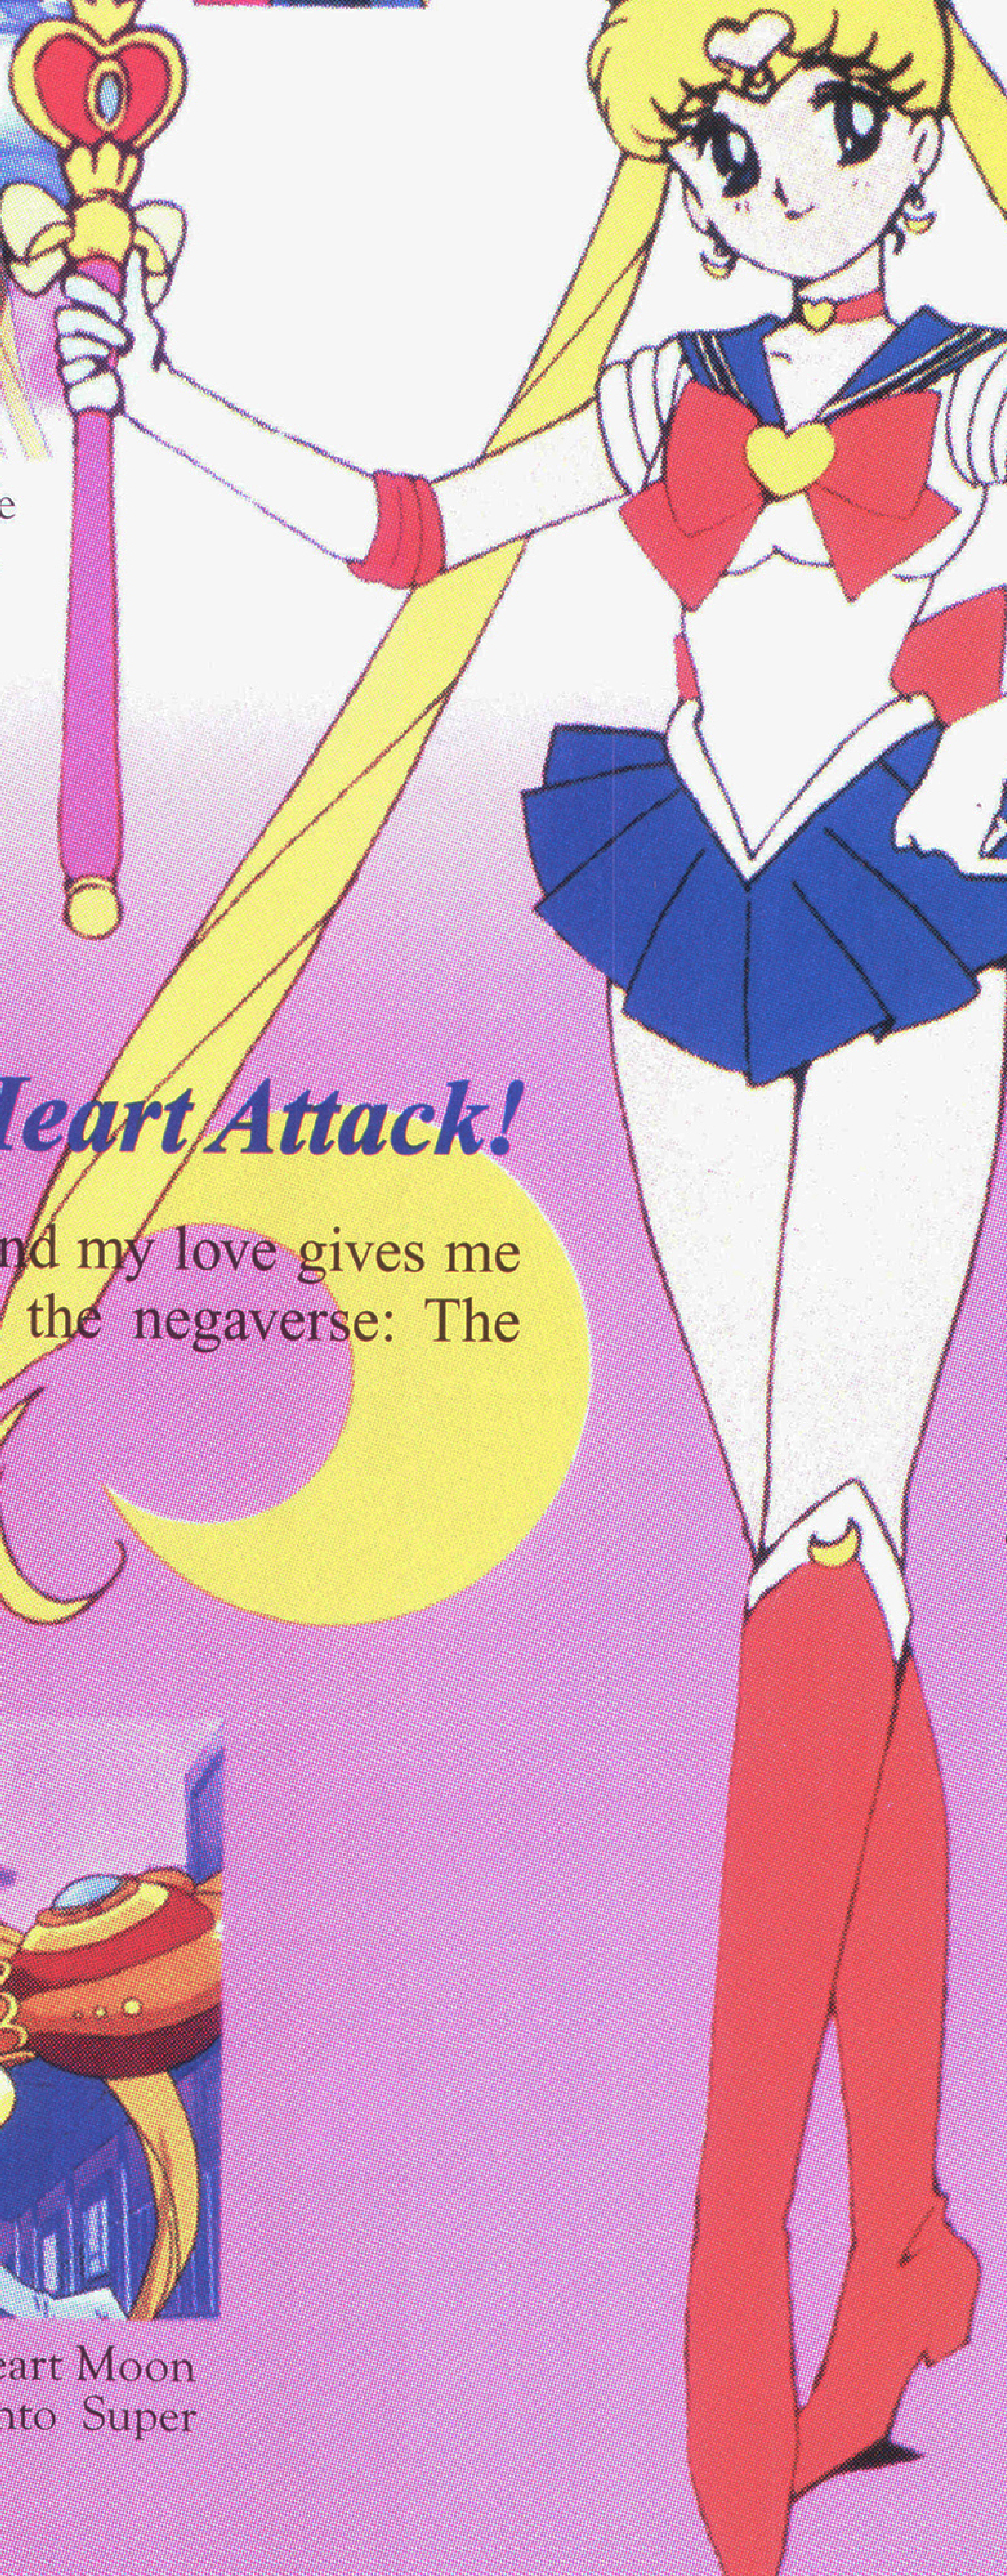
Monsters don't stand a chance against my Moon Scepter.



Darien gave his life to save me. The power of our love created a new scepter.

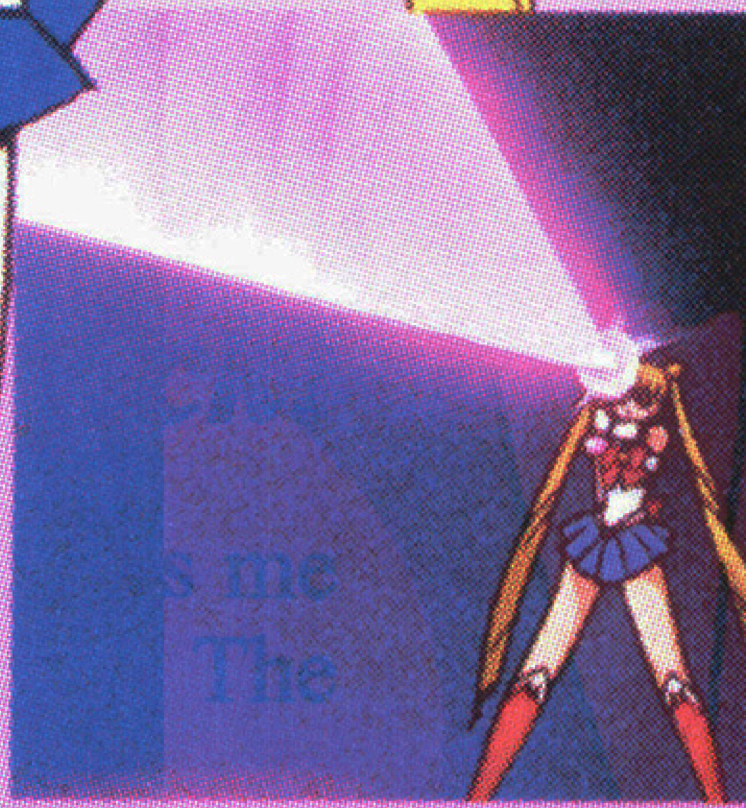


The love from our past life adds to the scepter's power.

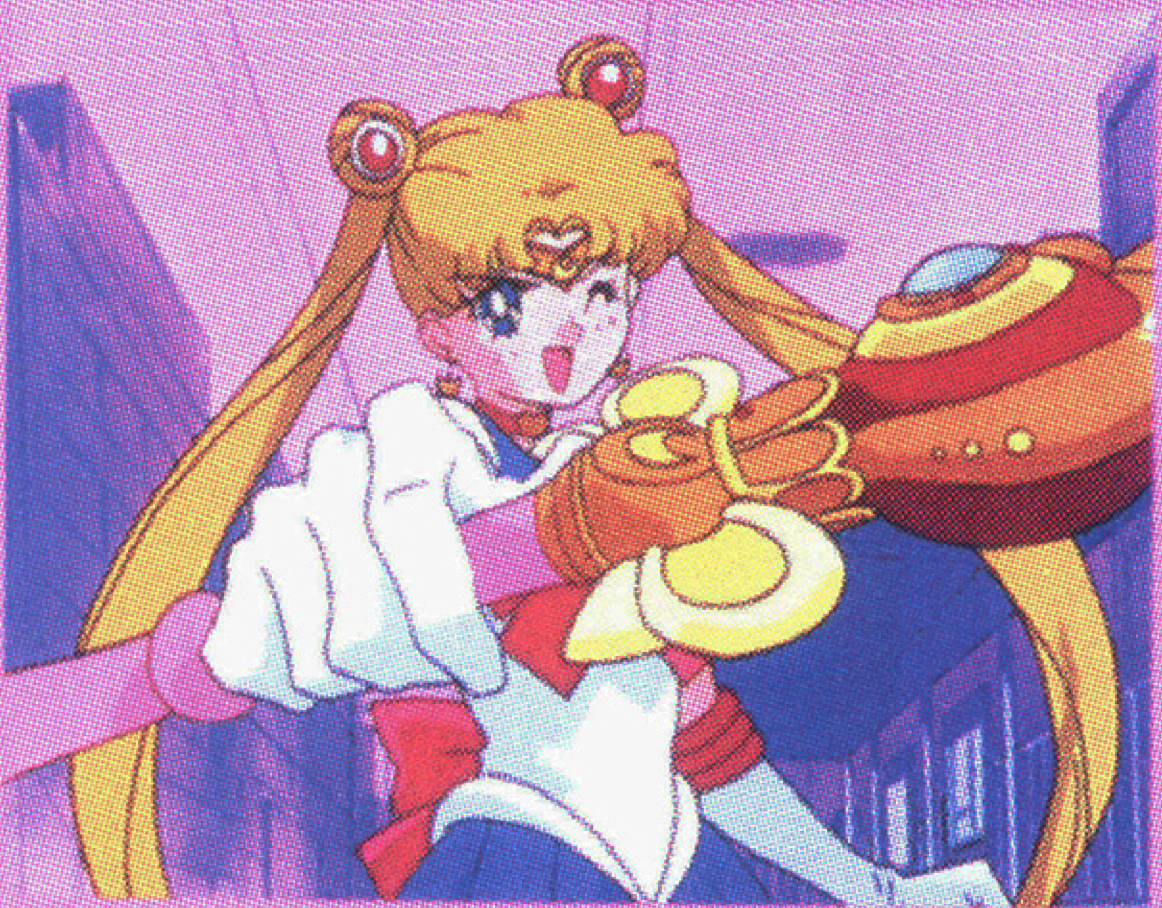


Moon Spiral Heart Attack!

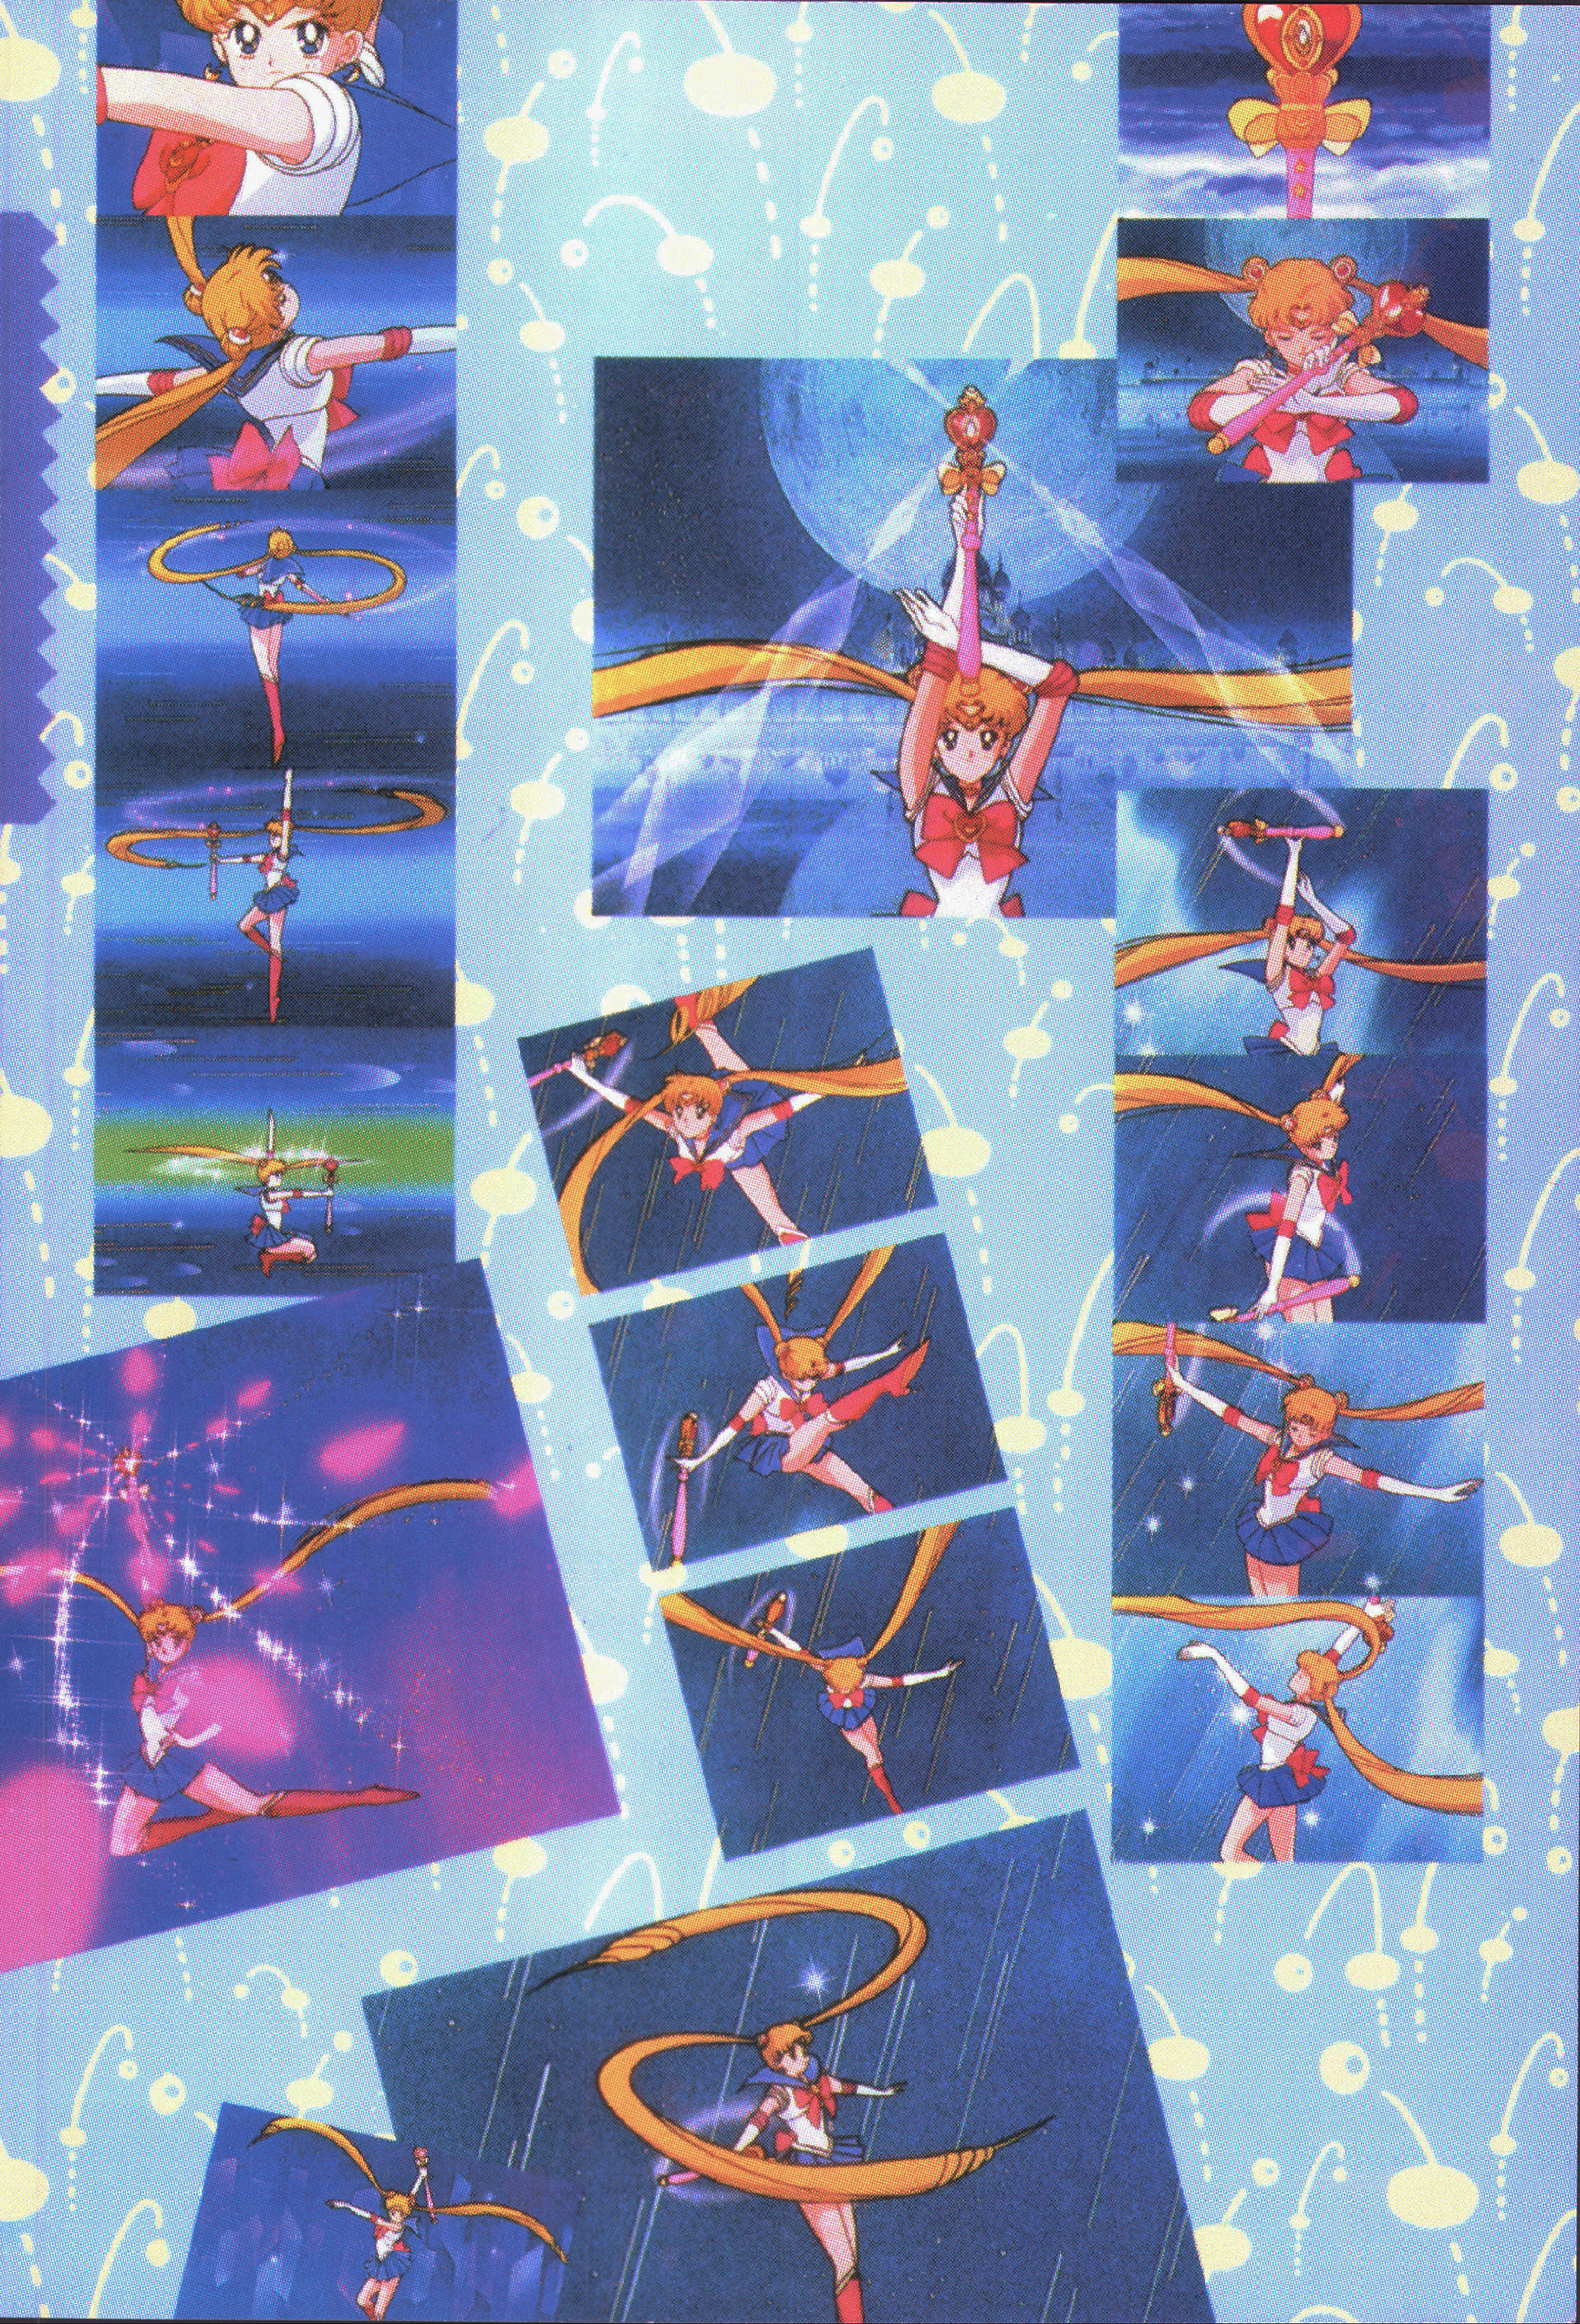
The power of Darien's and my love gives me a new weapon to fight the negaverse: The Spiral Heart Moon Rod!

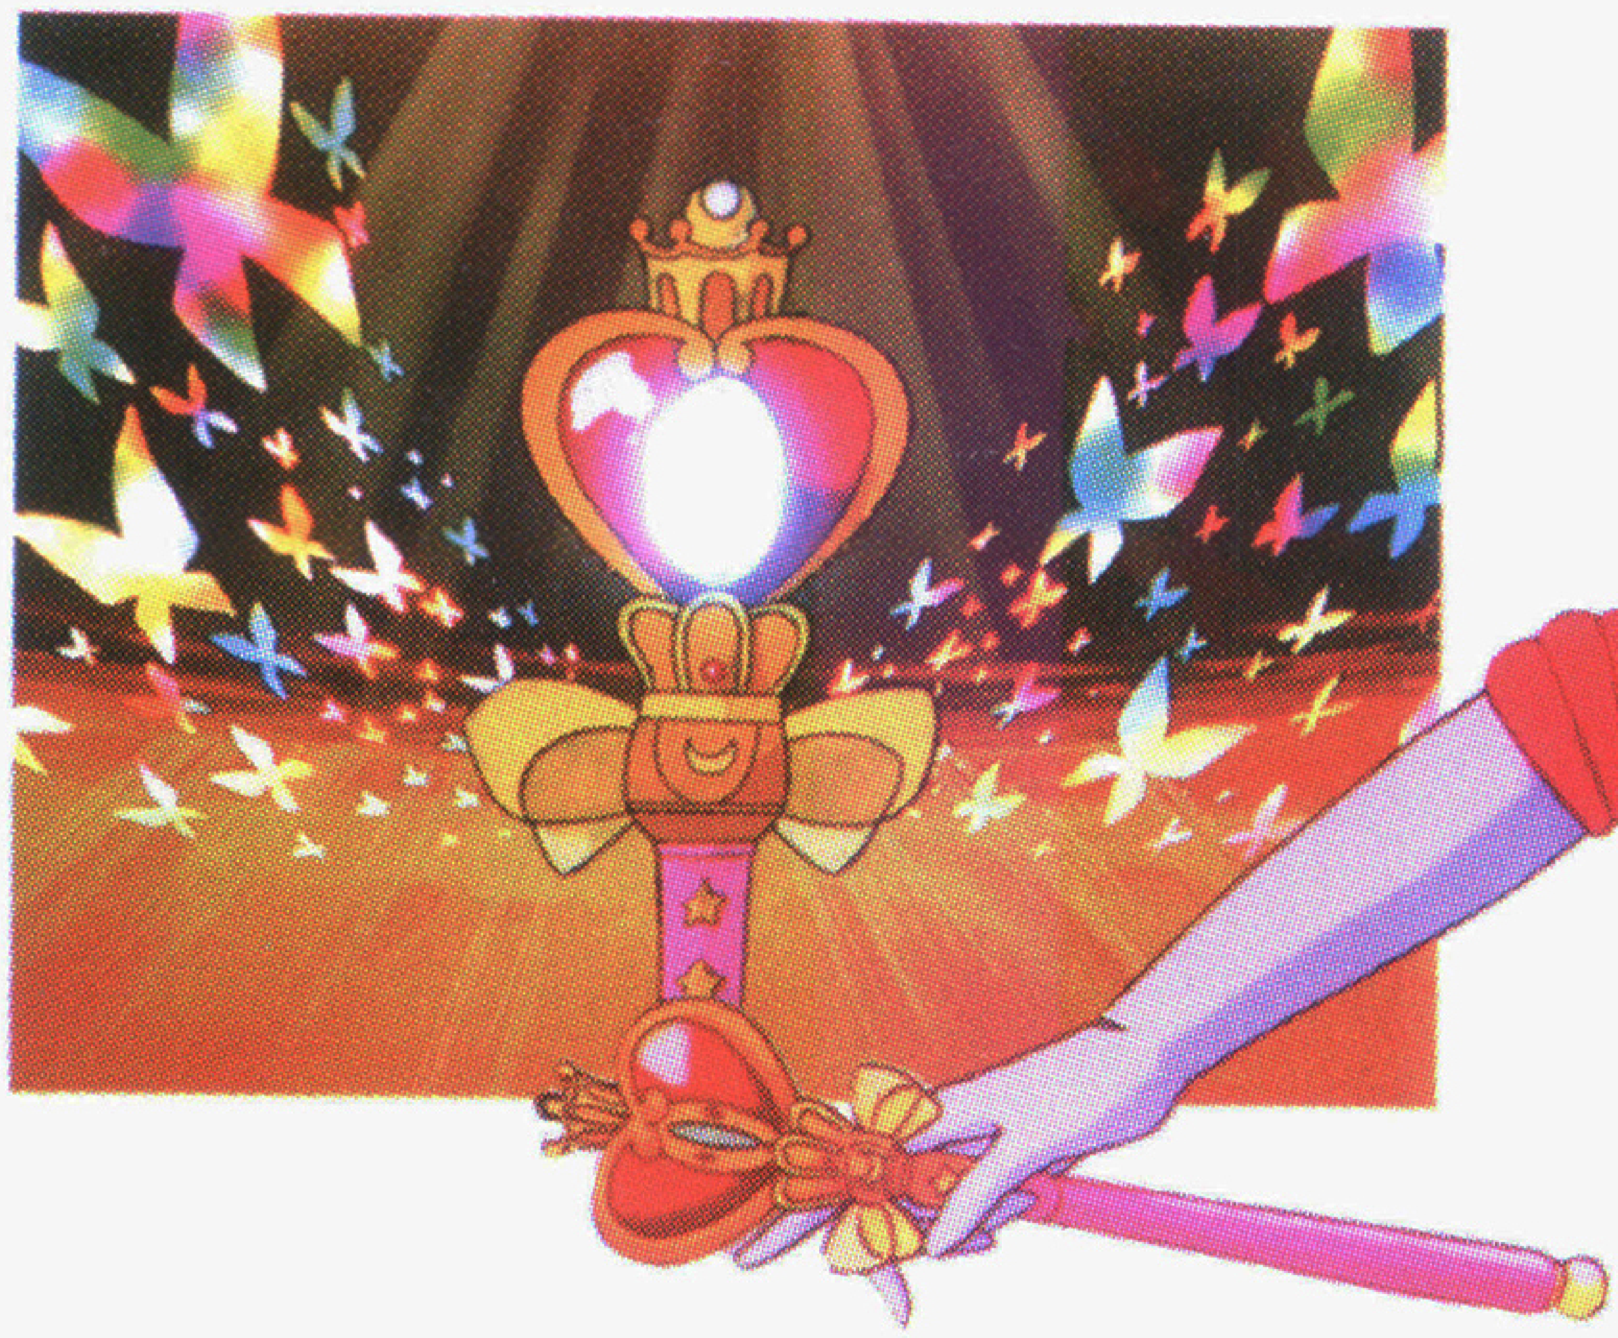


A heart shaped beam shoots from the scepter to clean the enemy's evil heart.

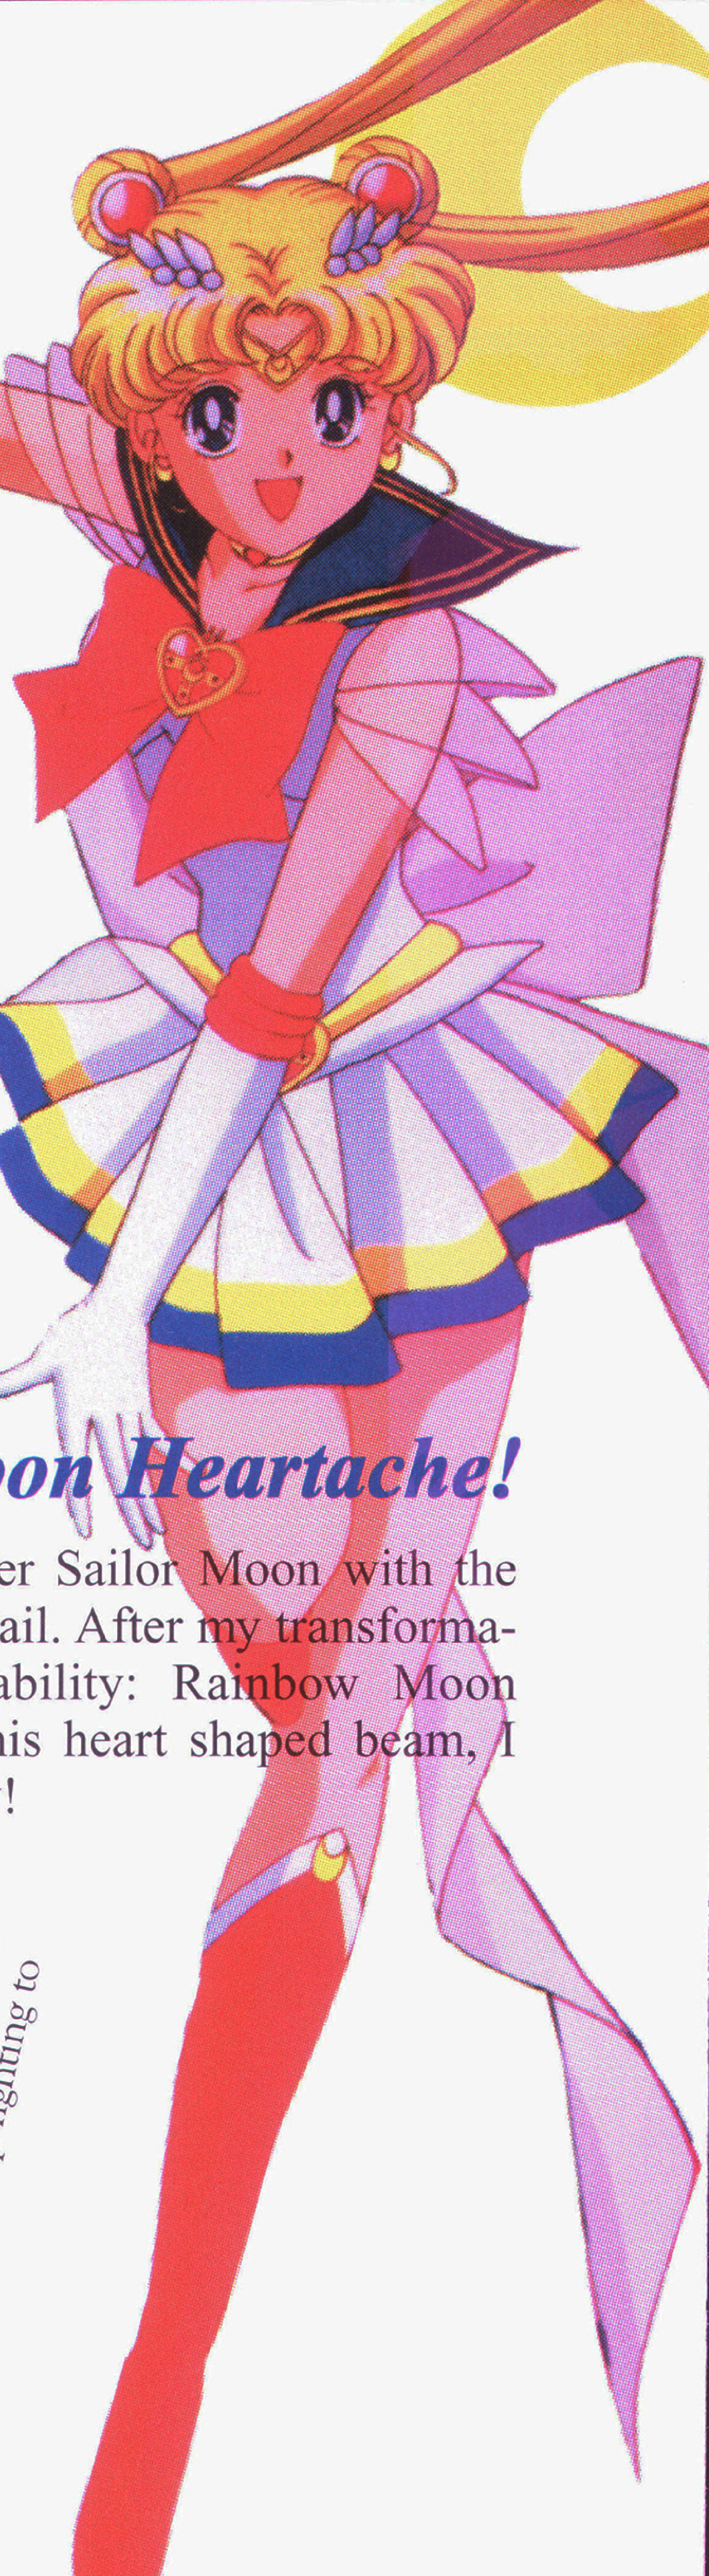


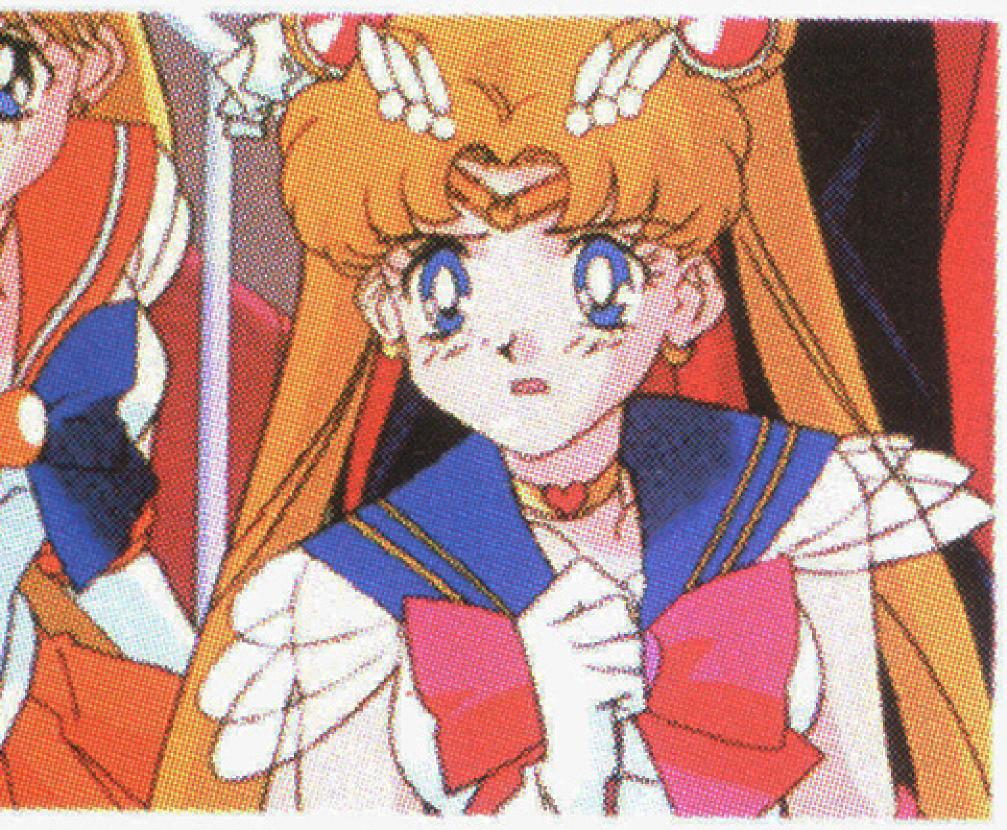
I started using the Spiral Heart Moon Rod after I transformed into Super Sailor Moon.





My Spiral Heart Moon Rod shows its mysterious power surrounded by a beautiful flock of butterflies.

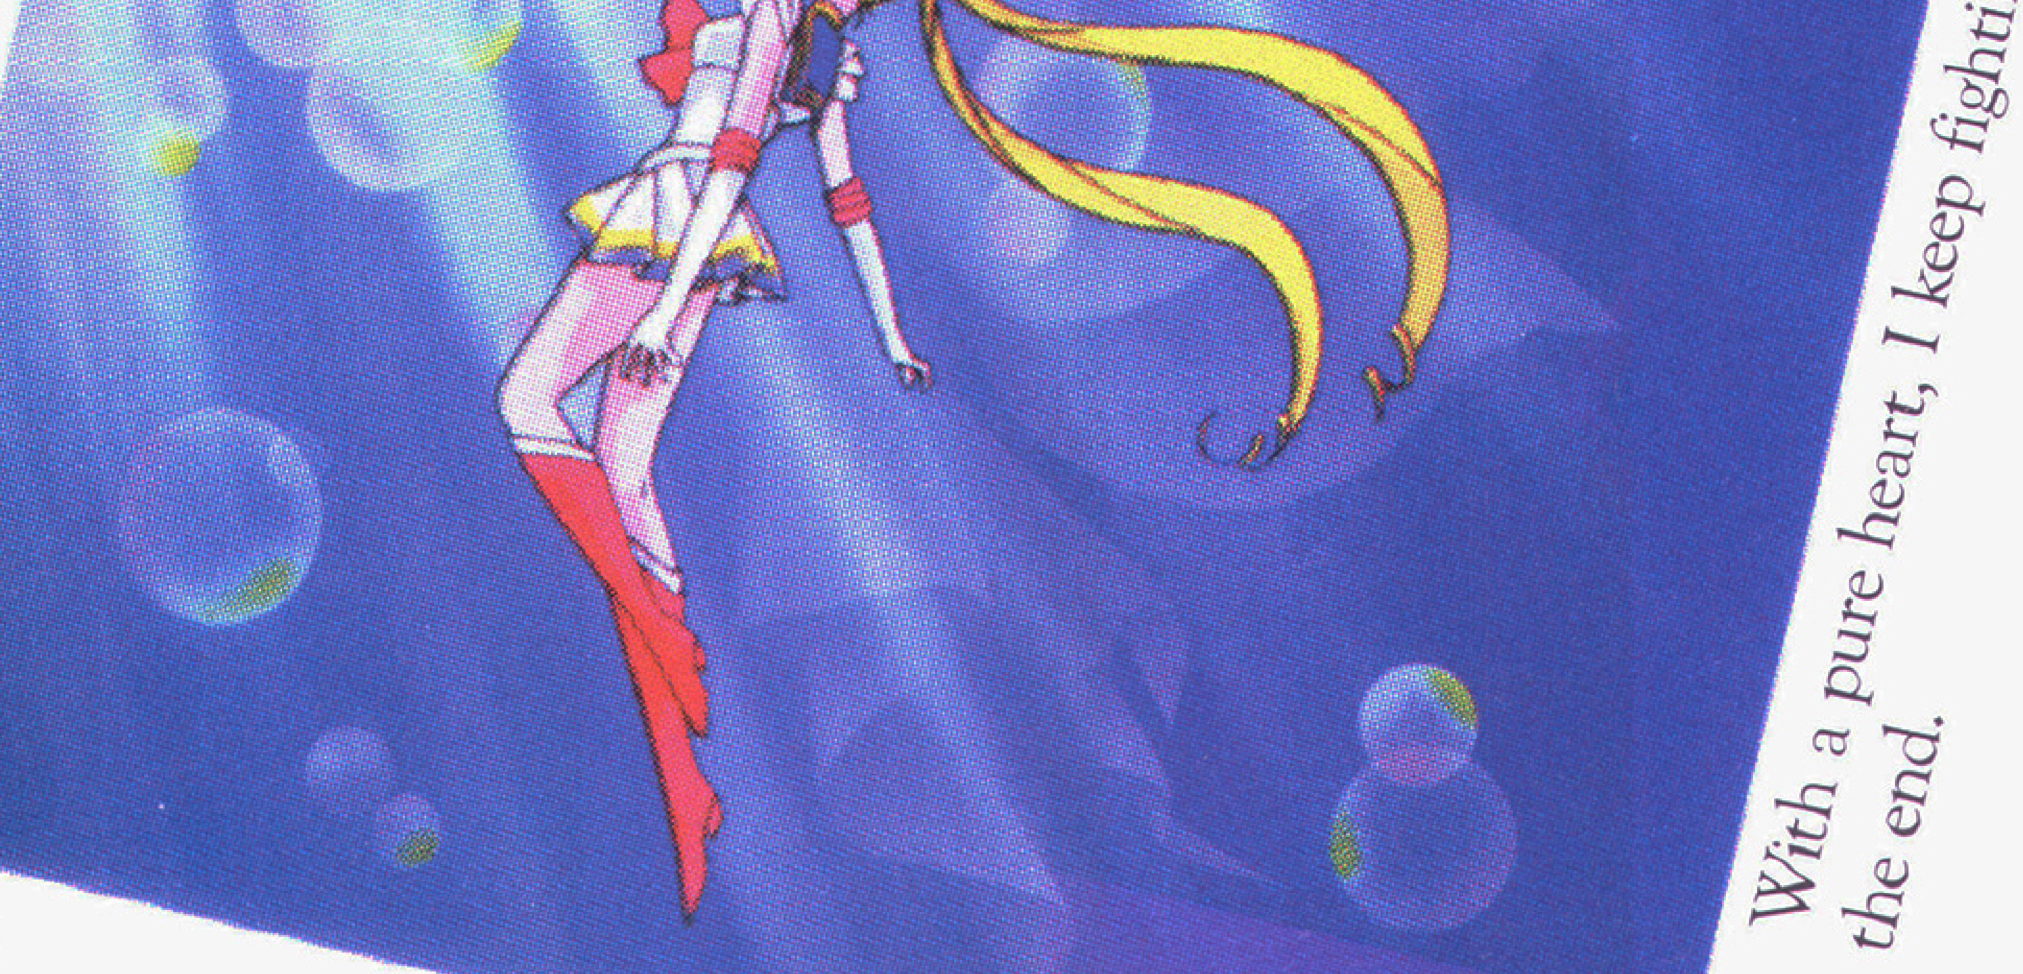




I will never forgive the powers of the Negaverse for invading Earth.

Rainbow Moon Heartache!

I transform into Super Sailor Moon with the power of the Holy Grail. After my transformation I get a new ability: Rainbow Moon Heartache! Using this heart shaped beam, I can defeat any enemy!



With a pure heart, I keep fighting to the end.

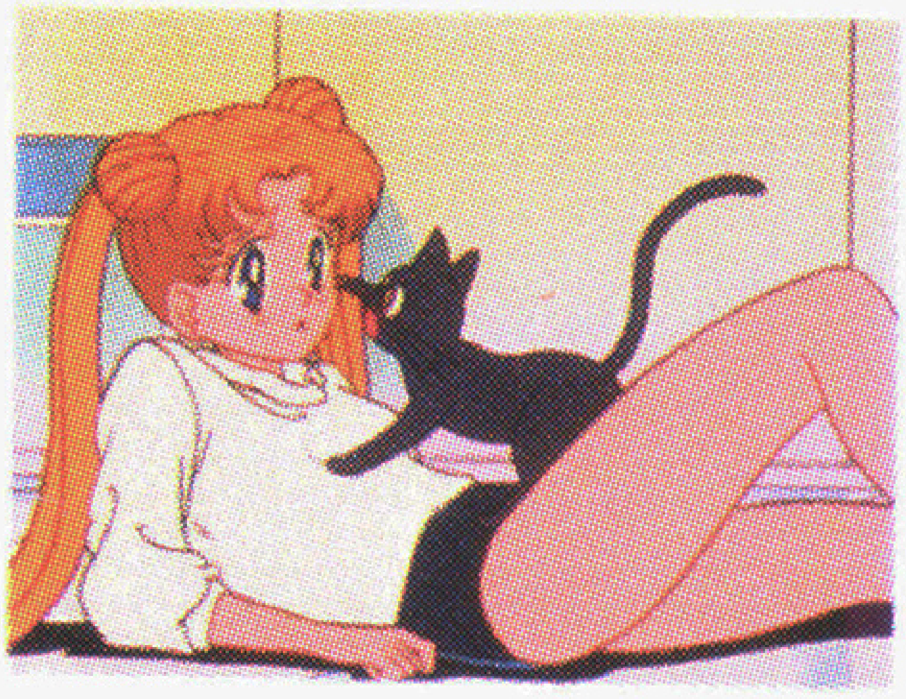
Introducing the Sailor Team

Want to know more about me, Serena Tsukino? Go ahead and ask about everything even about my fashion and family!

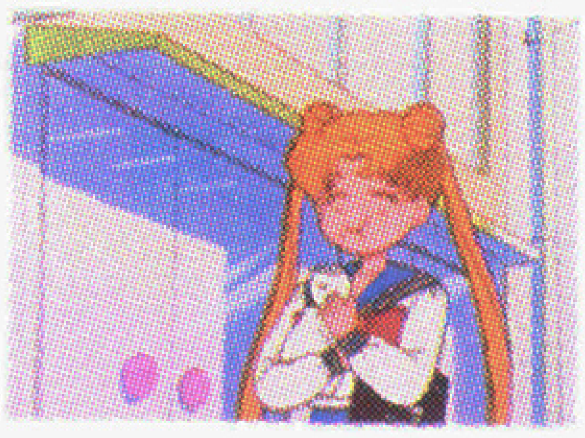
Scout Guide

I'm Serena Tsukino!

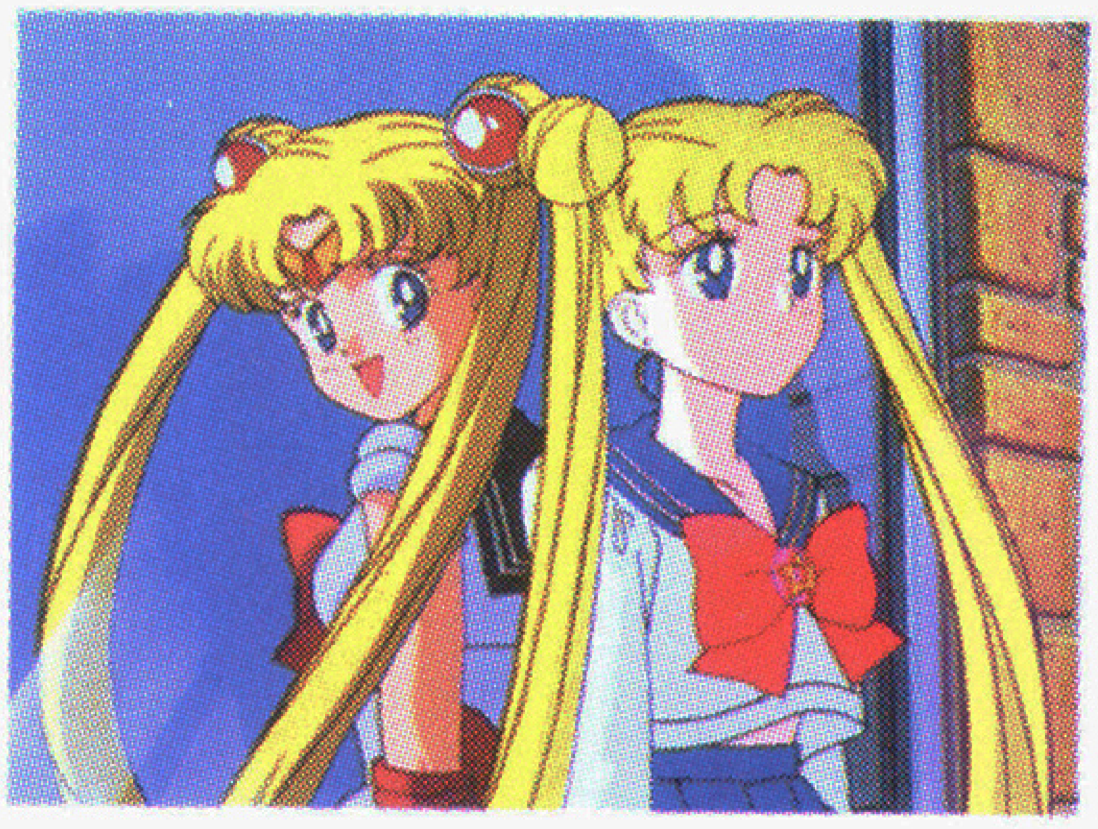
When I'm not working as Sailor Moon, I'm a charming student at Crossroads Junior High.



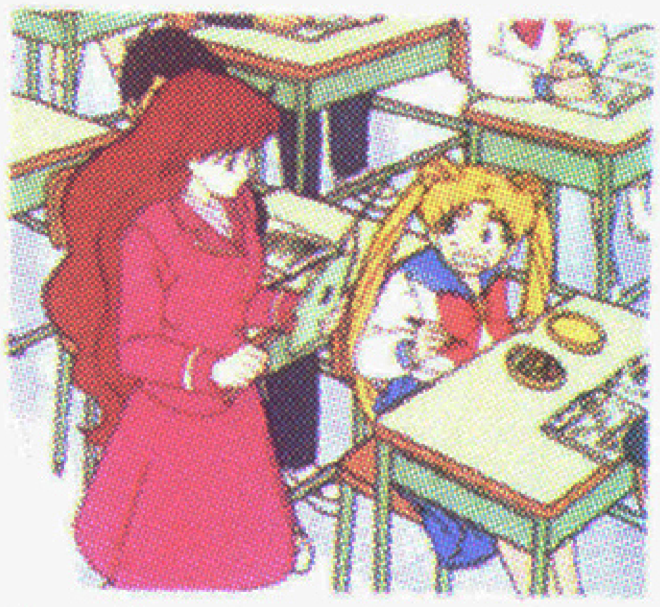
I'm not a complete wimp, but I'm not athletic, either.



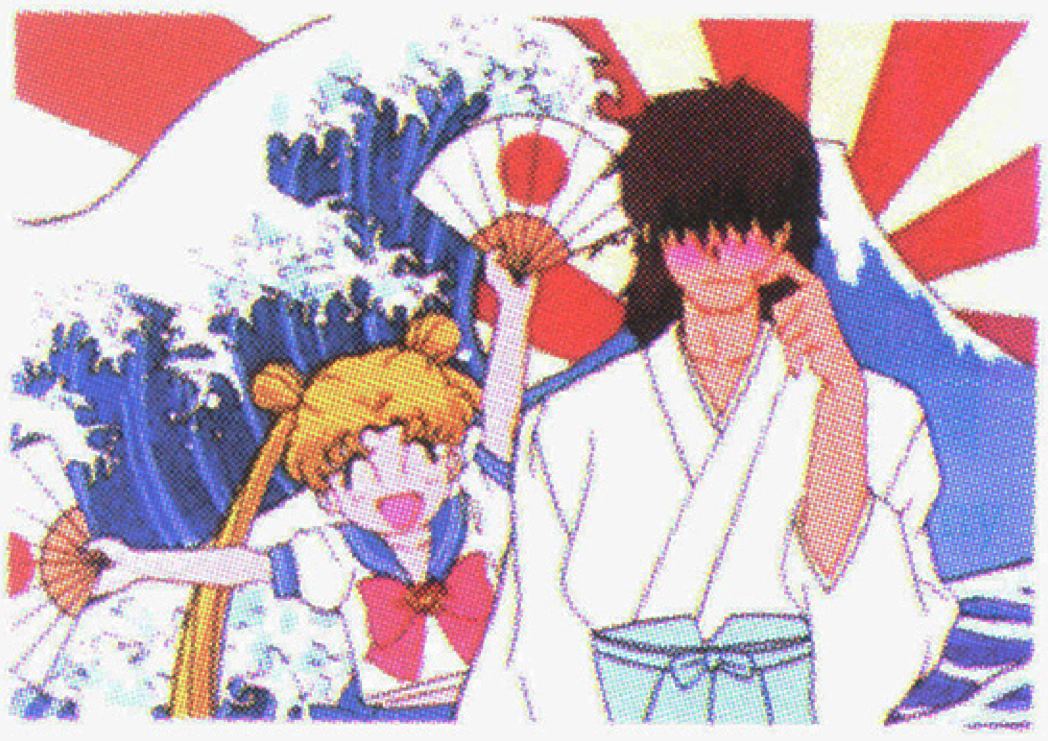
I'm always hungry.



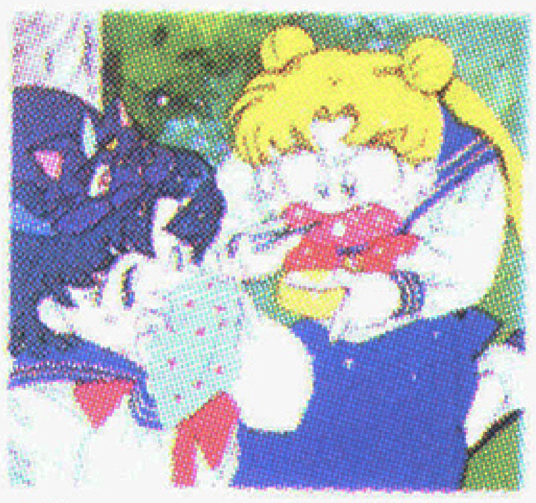
What is my true identity? Serena Tsukino or Sailor Moon?



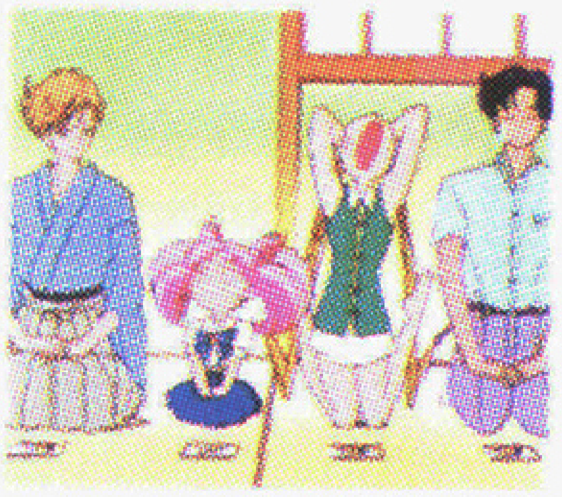
I don't think my teacher, Ms. Haruna, likes me very much.



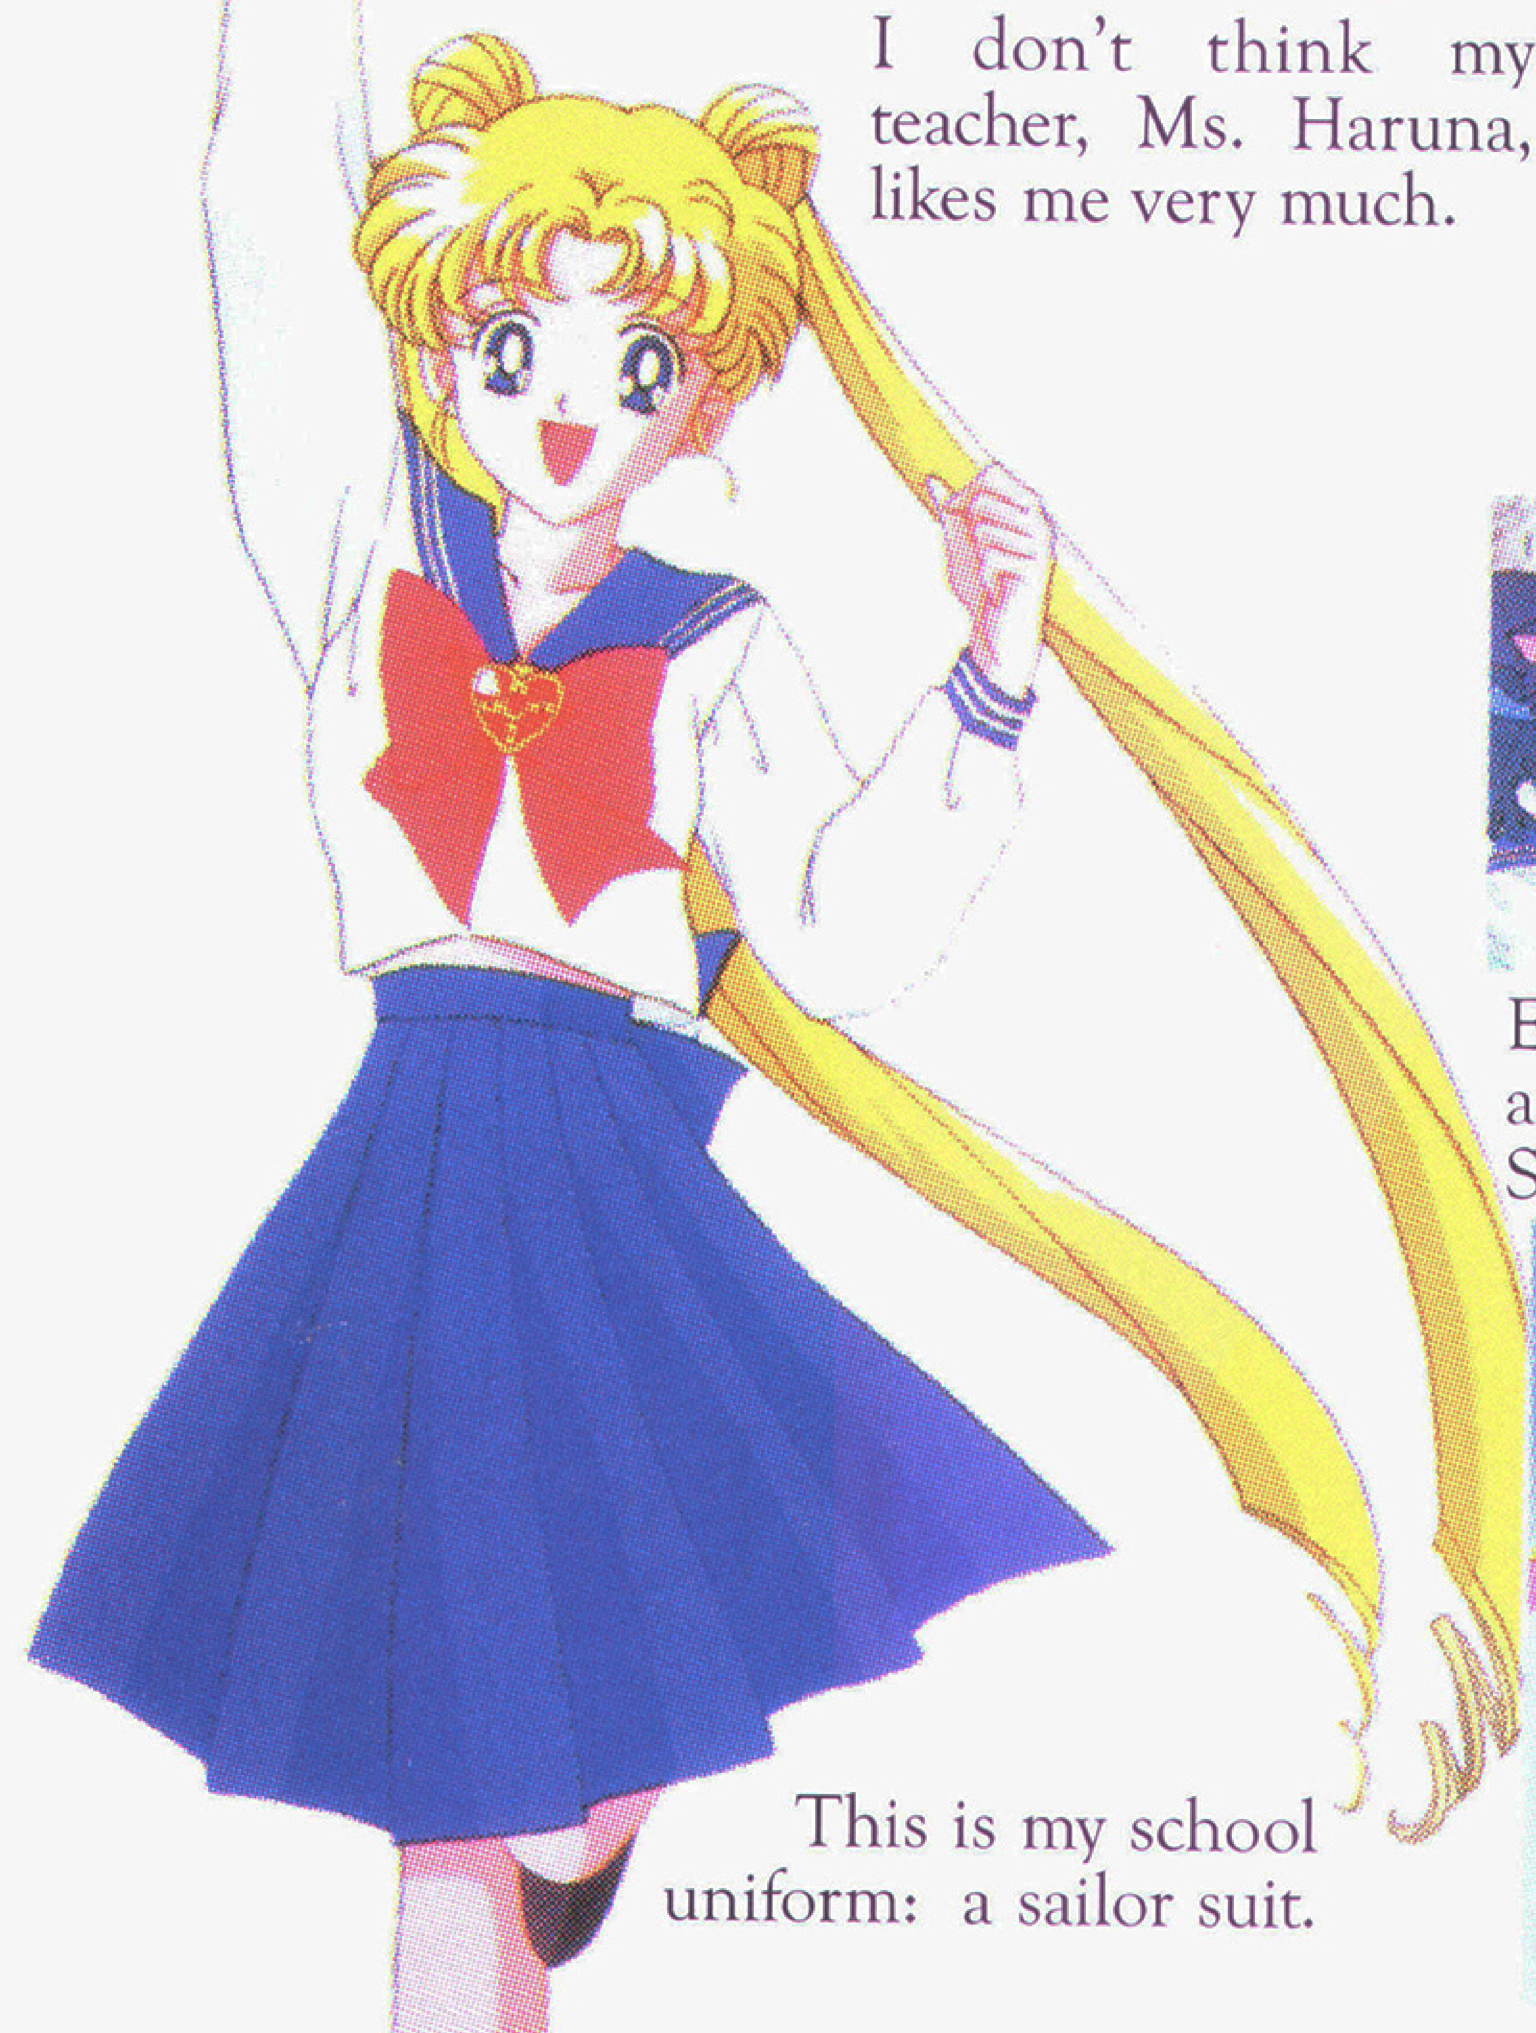
Here I try to hook up Raye and Chad.



Eat your lunch in a good manner, Serena.

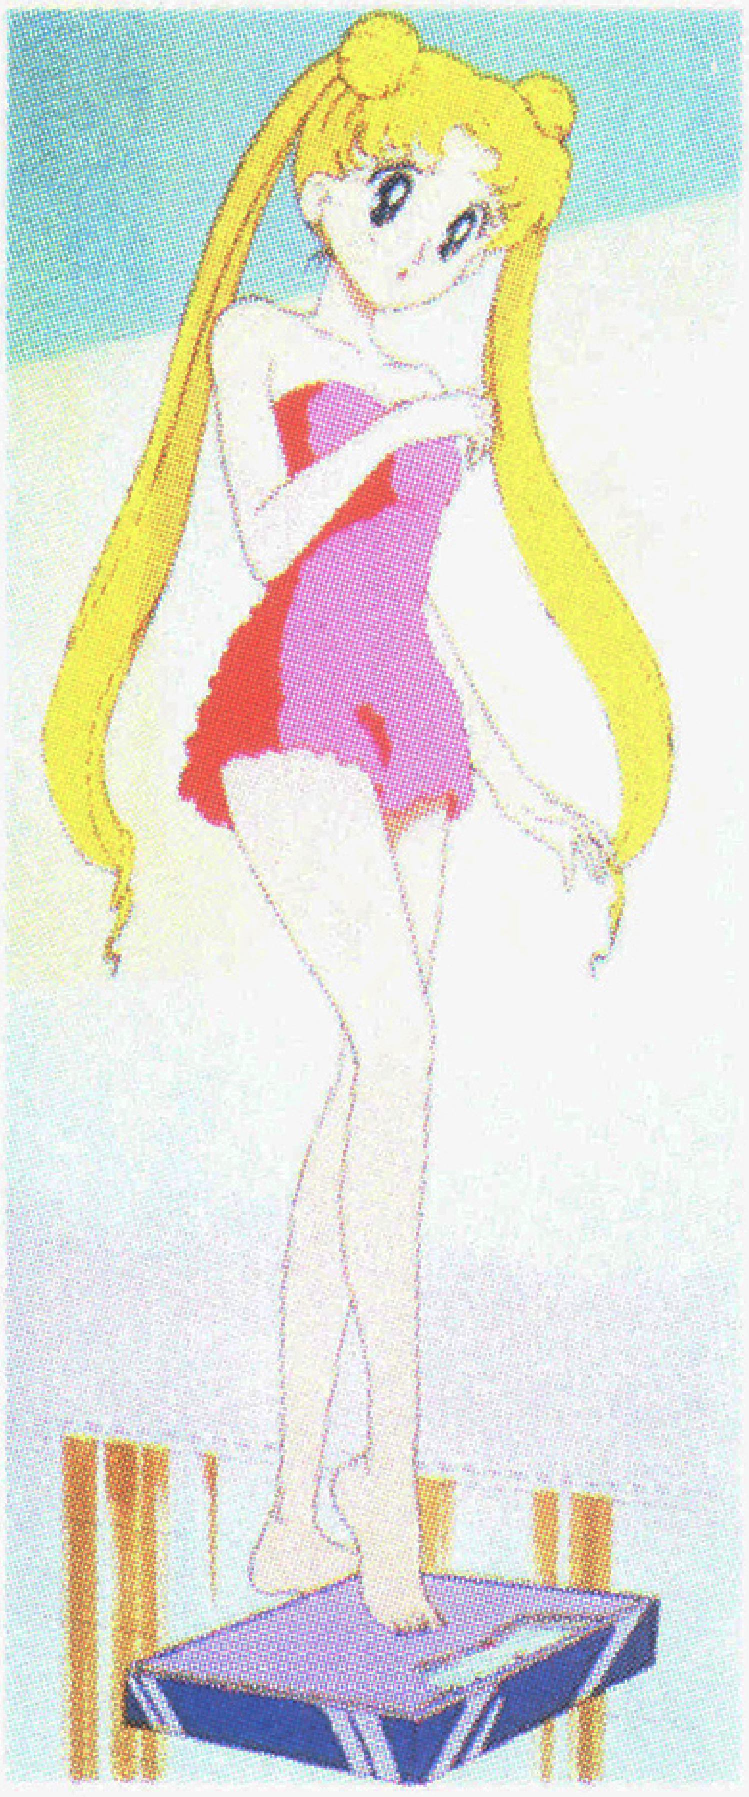


Oh, my feet get numb sitting straight.

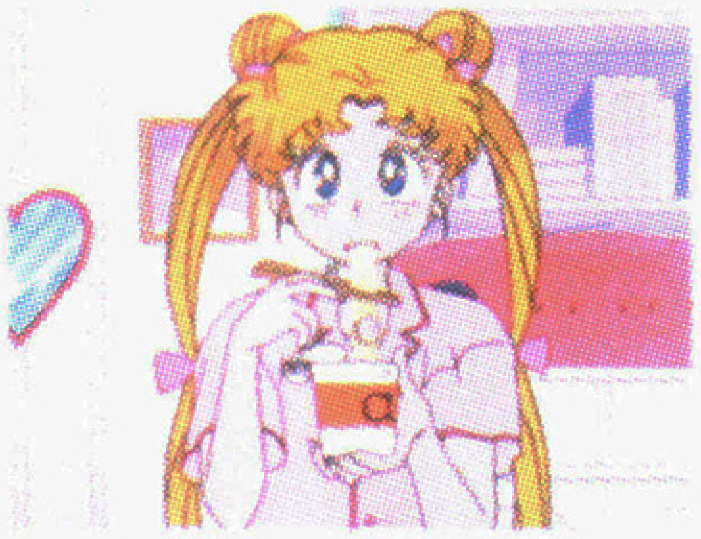


This is my school uniform: a sailor suit.

I try to separate the puzzle rings, but it's too hard!

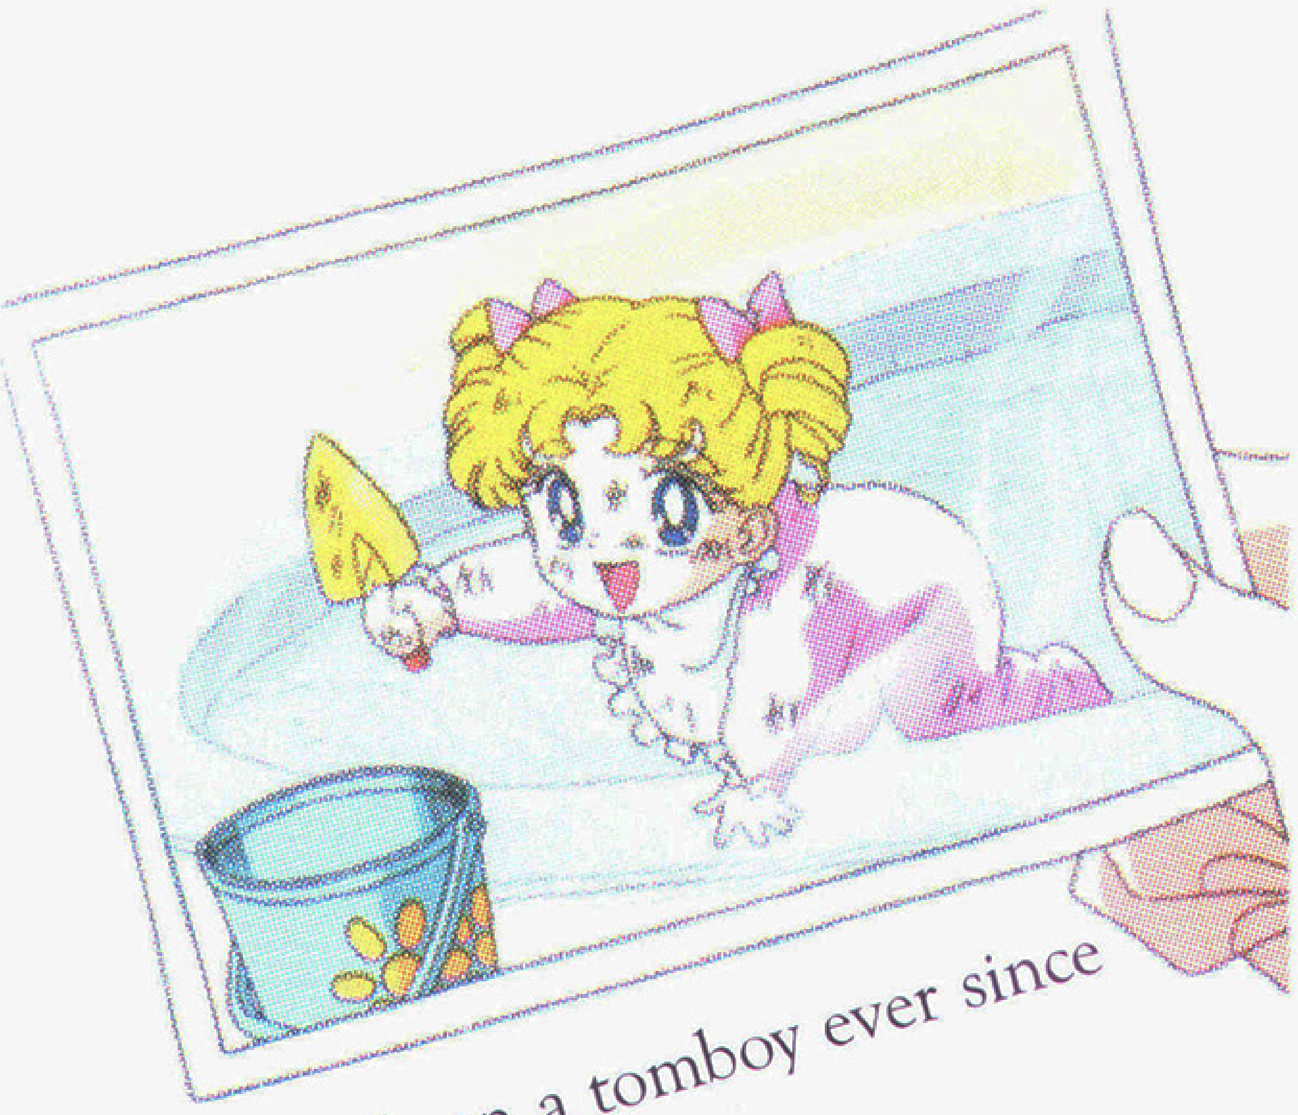


With all the junk food I eat, I have to watch my weight.

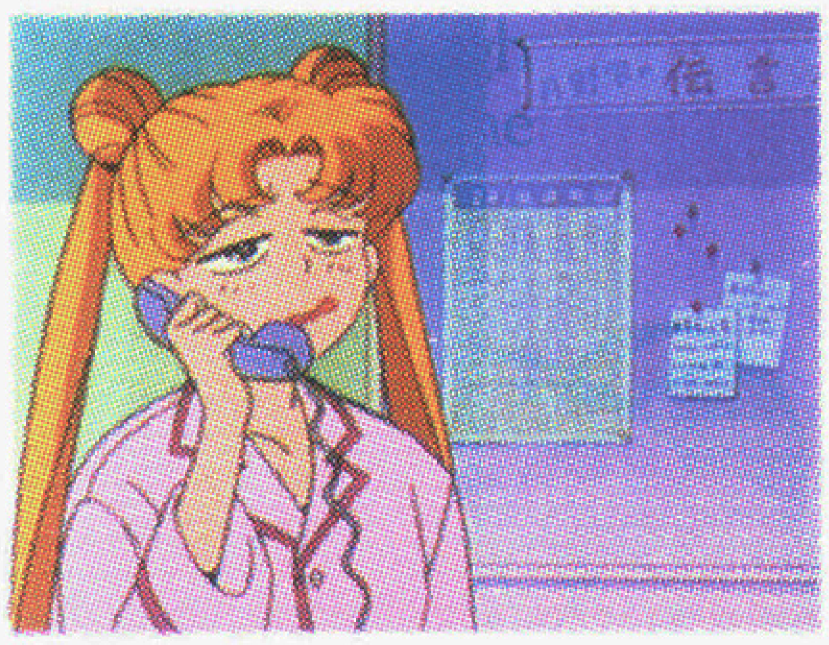


Cup O' Noodles for a snack? I better watch how much I eat!

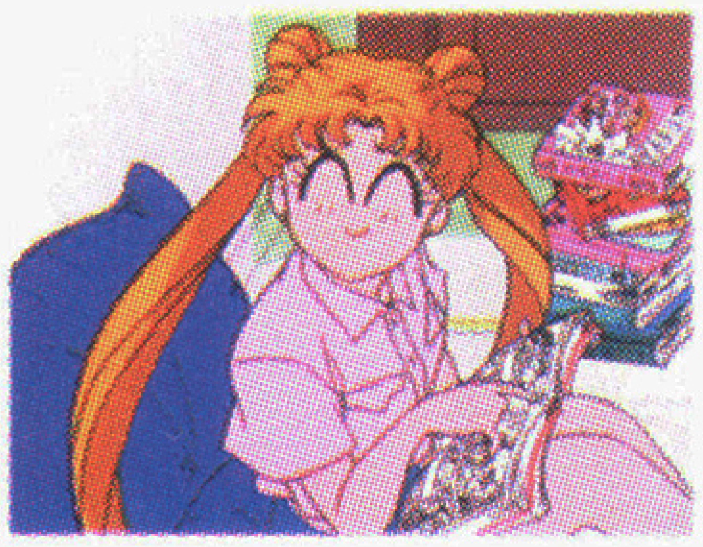
I'm just old enough that my mom lets me wear make up.



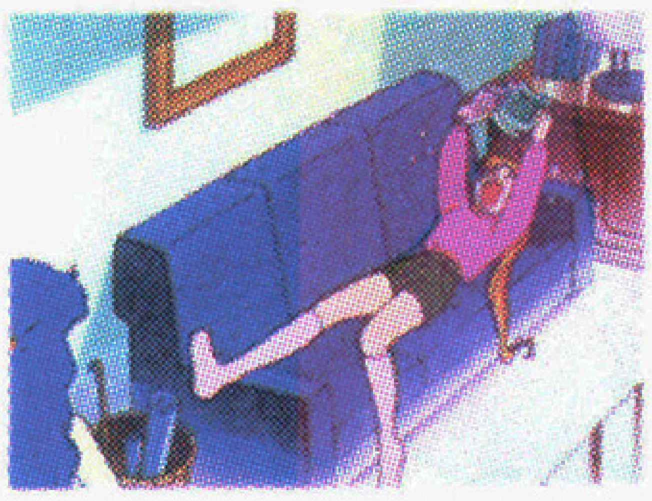
I've been a tomboy ever since I was a baby!



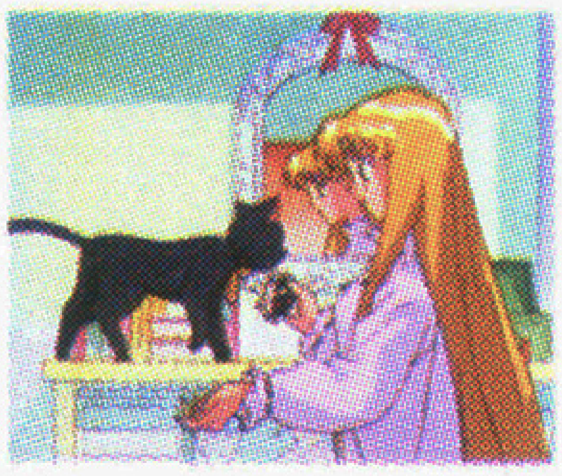
Someone kept calling my late at night... Don't I look tired?



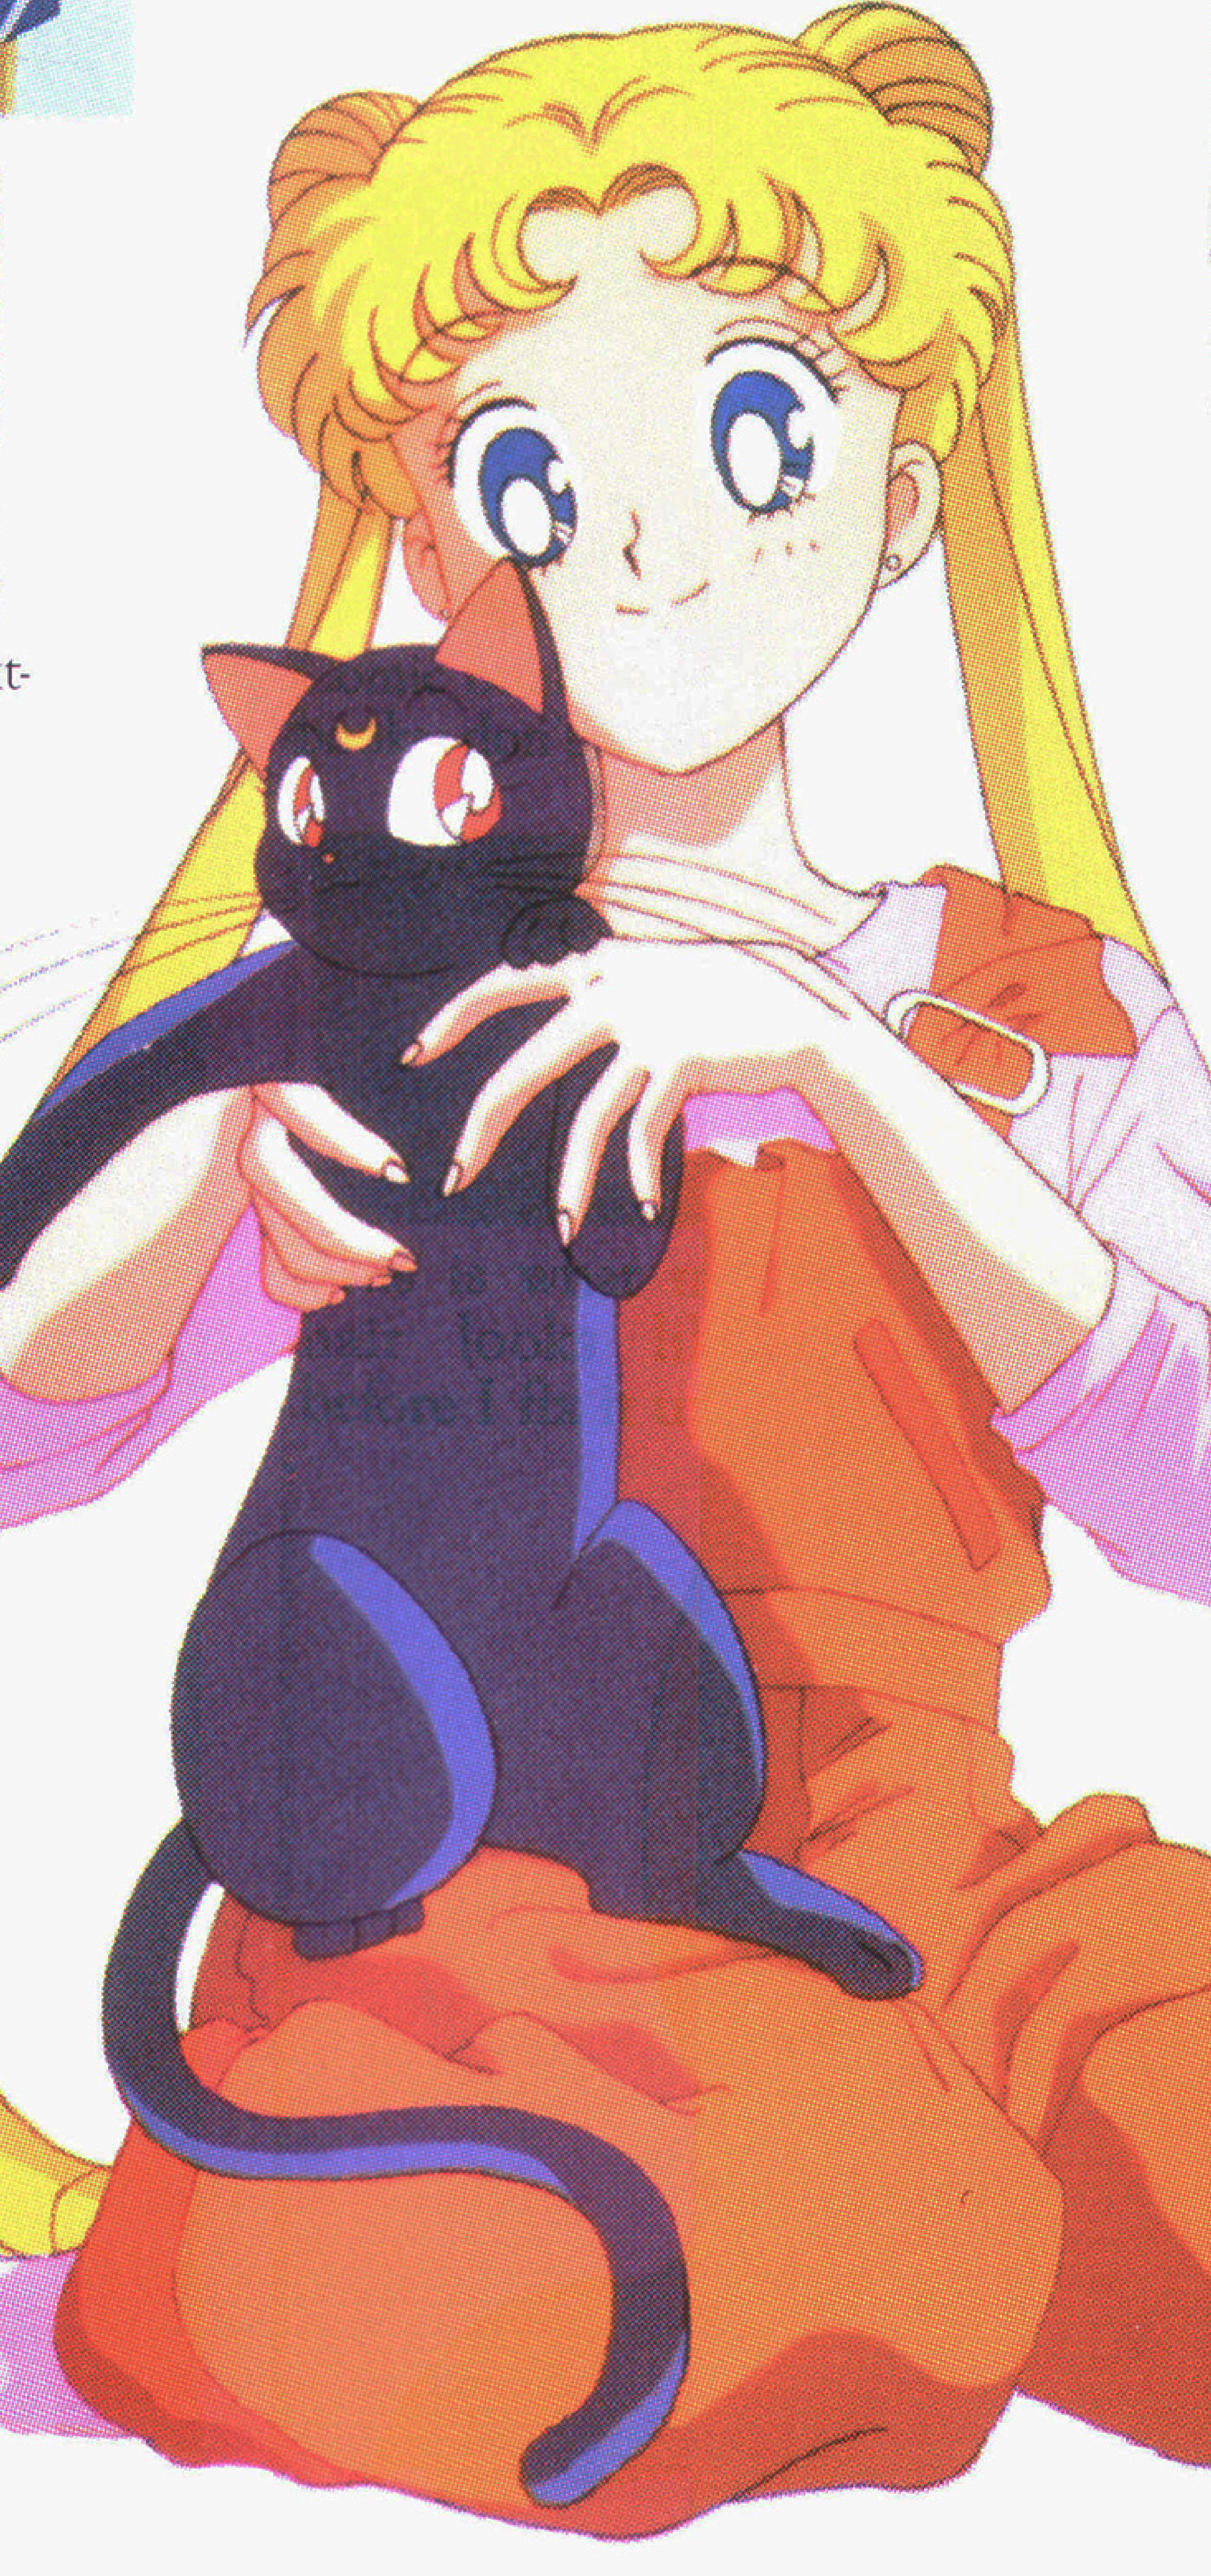
Comic books sure beat textbooks, don't you agree?



I like to relax around the house.



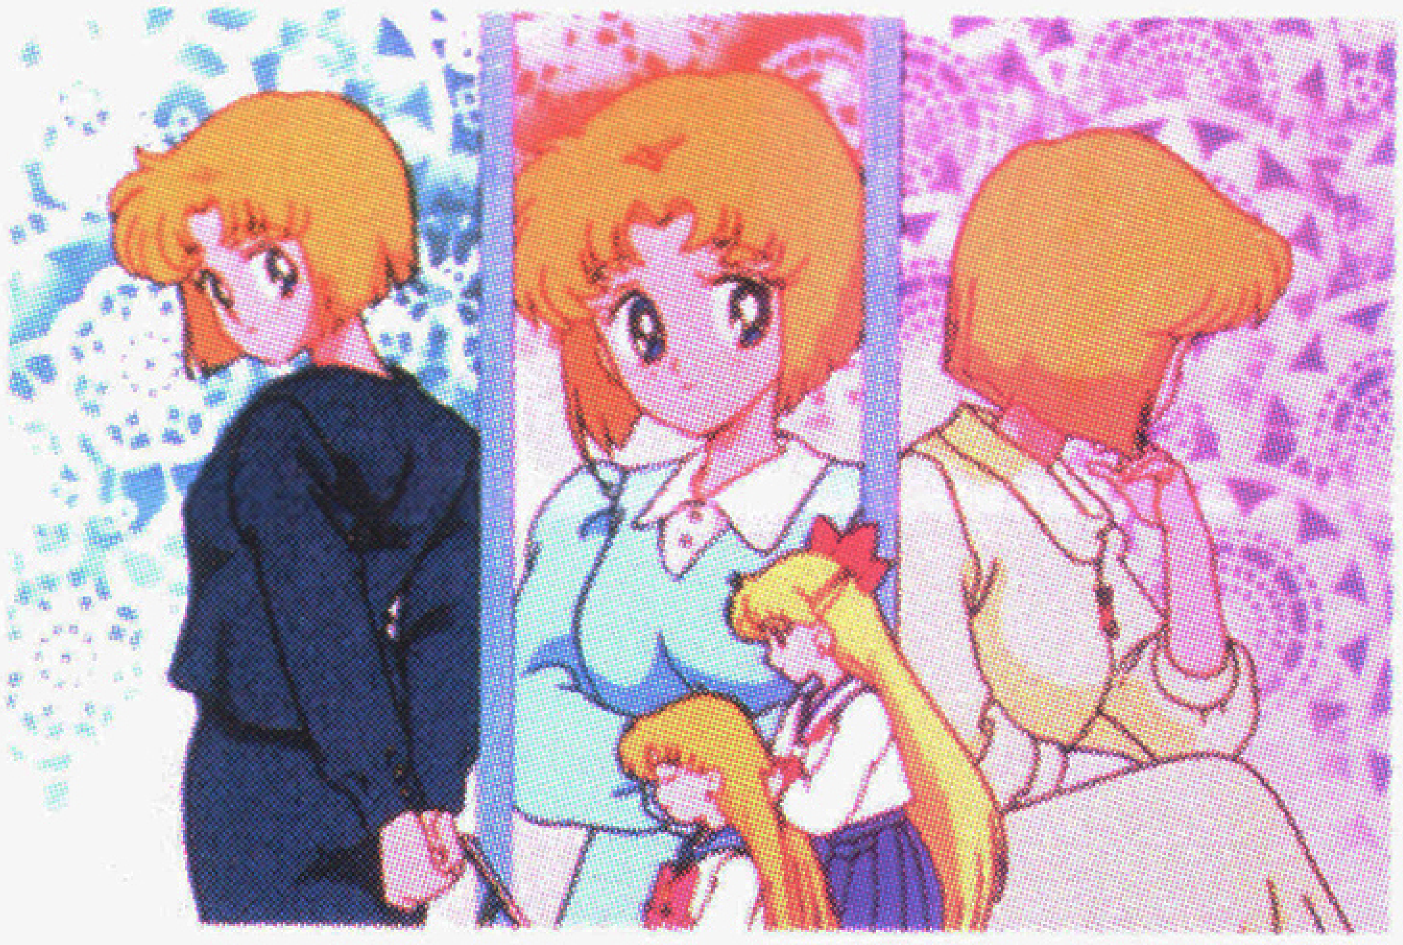
This is what my hair looks like before I fix it up.



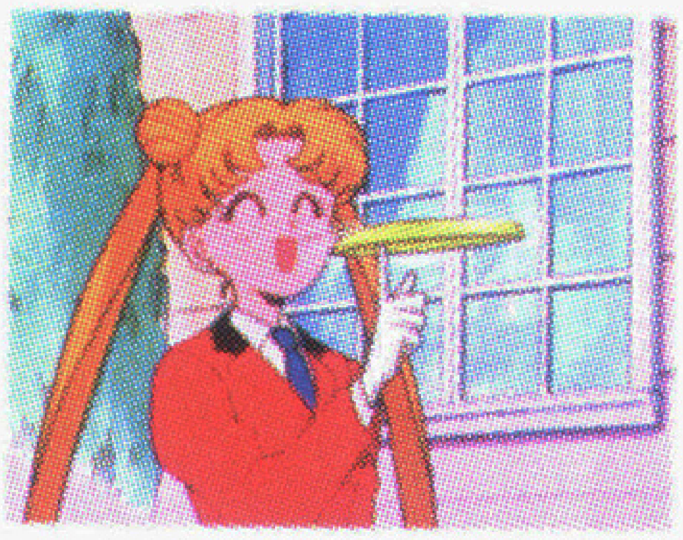
Luna is more than a housecat, she's my partner in crime-fighting!

Serena's Fashion Scrapbook

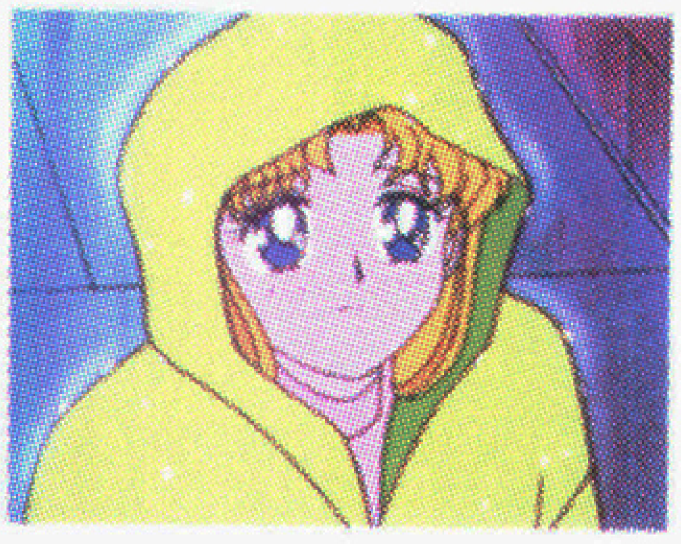
In this section, I'll have a fashion show!
How is my fashion sense?



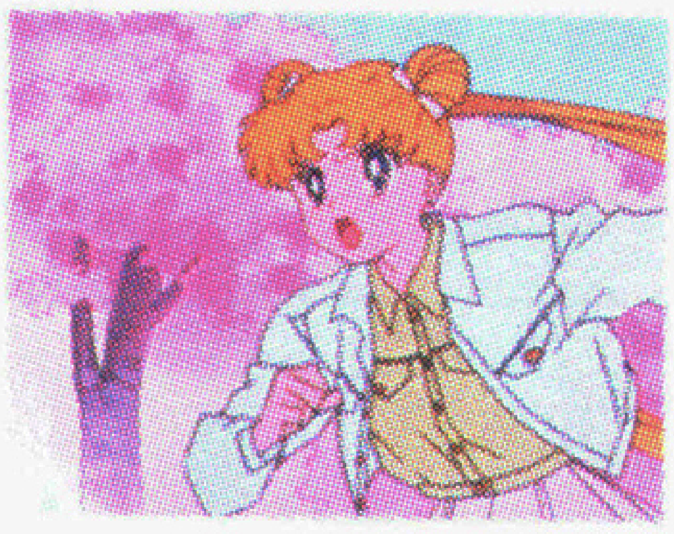
I sometimes cut my hair to change my image. Does it look good?



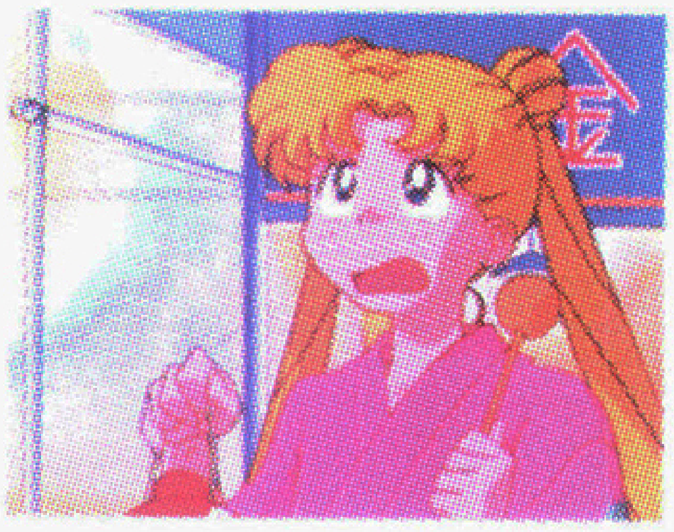
I look very proper with this tie.



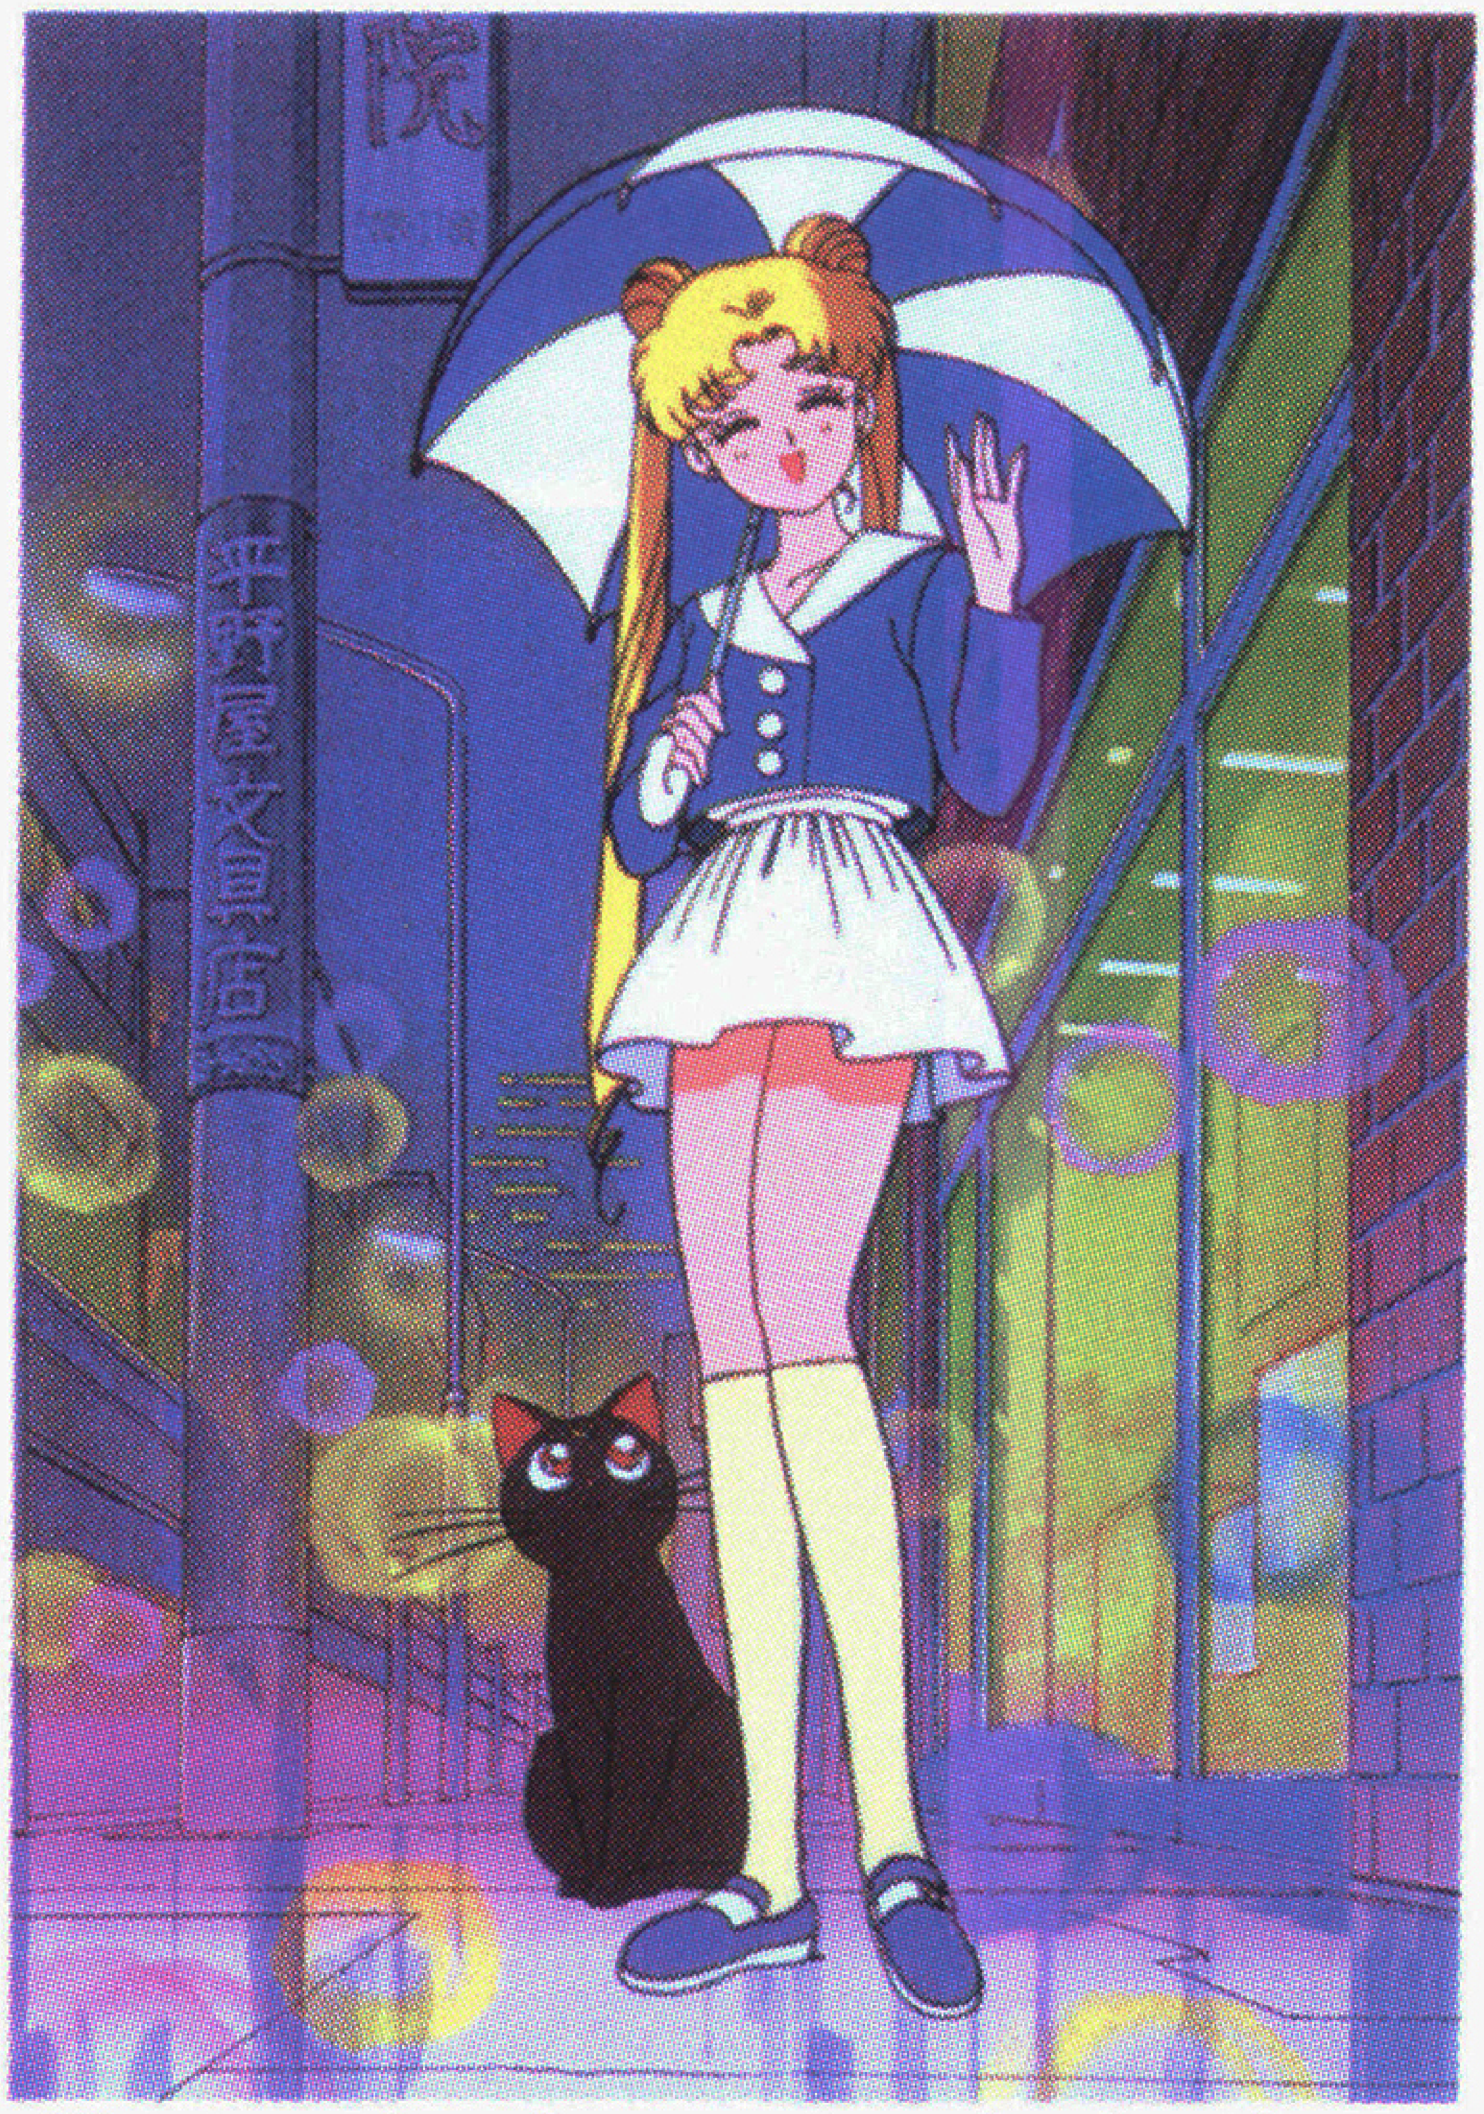
I wear a raincoat with a hood on rainy days.



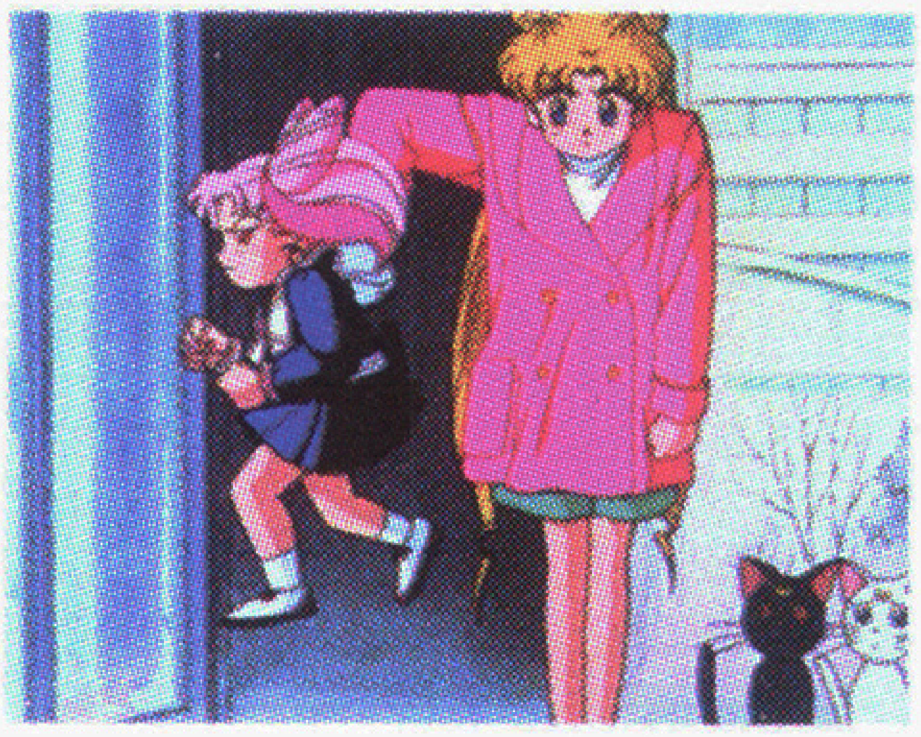
For an active look I wear this jean jacket.



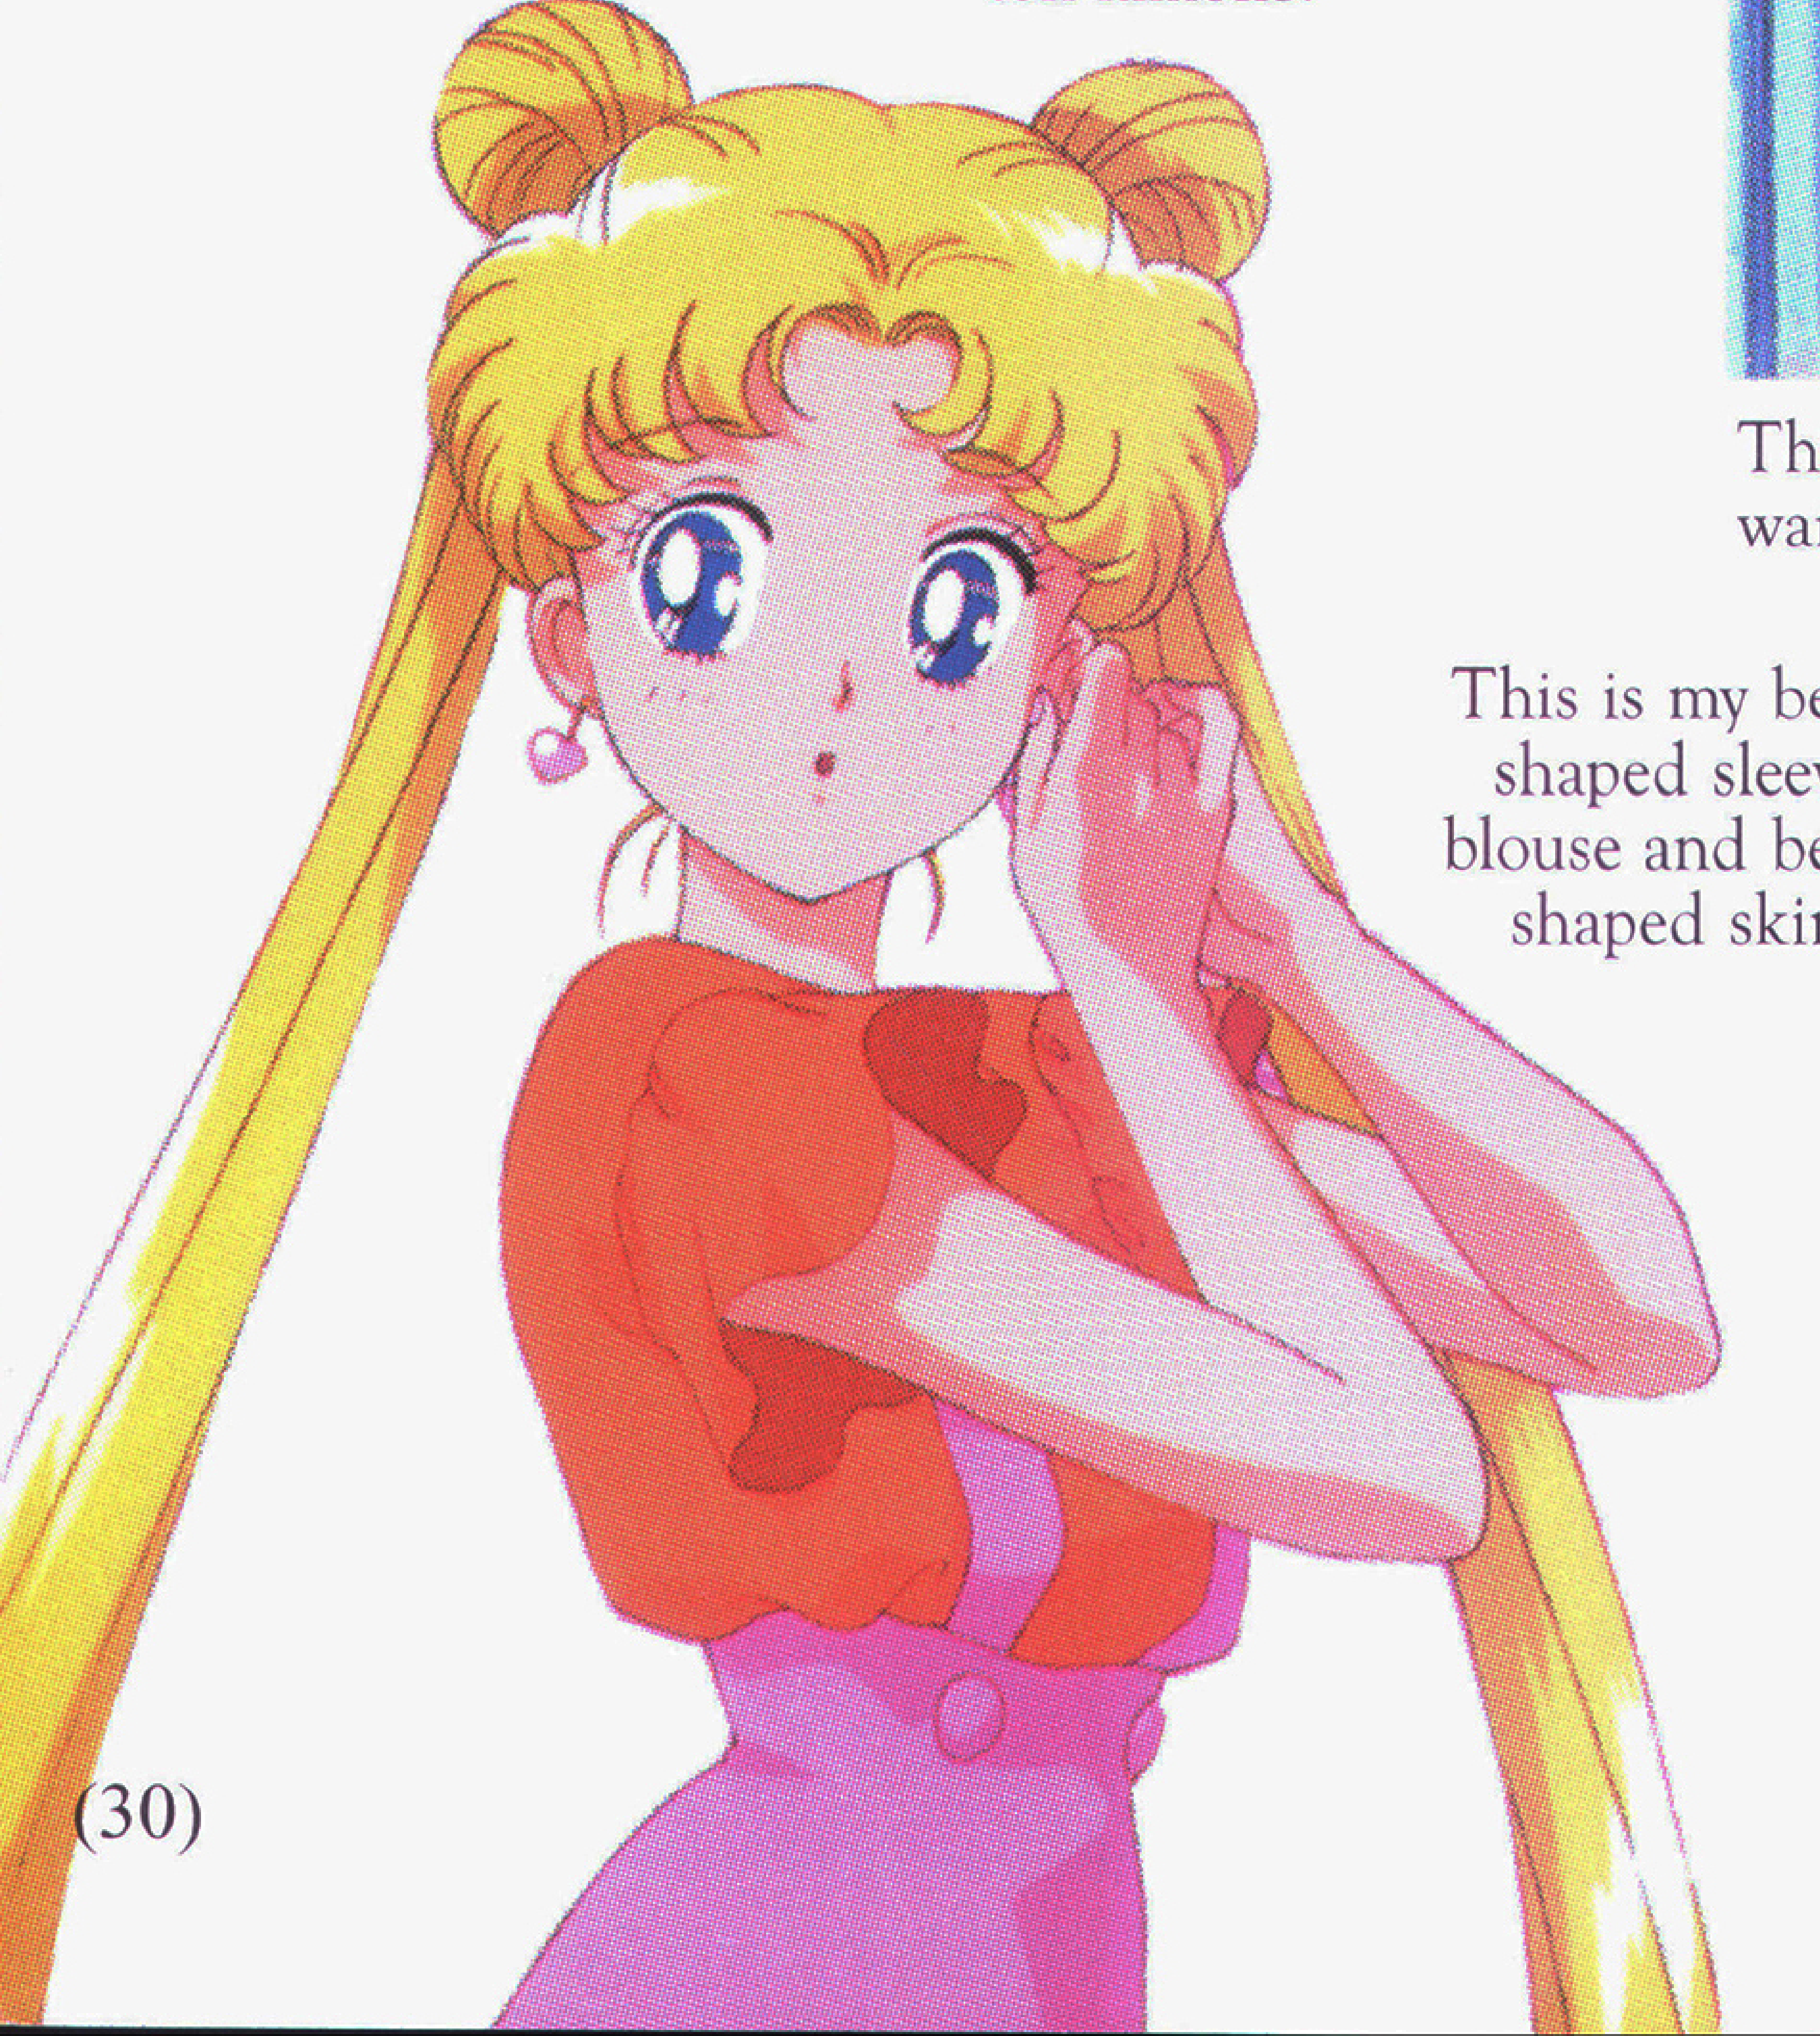
On the day of the carnival, I wear my favorite pink cotton kimono.



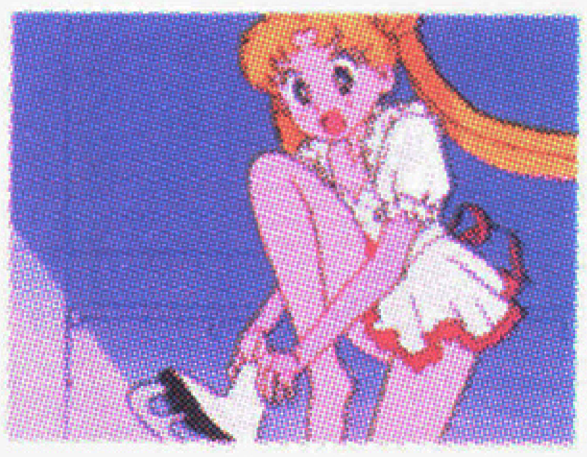
This is my brand new spring school uniform. I coordinate the color of the parasol to the uniform.



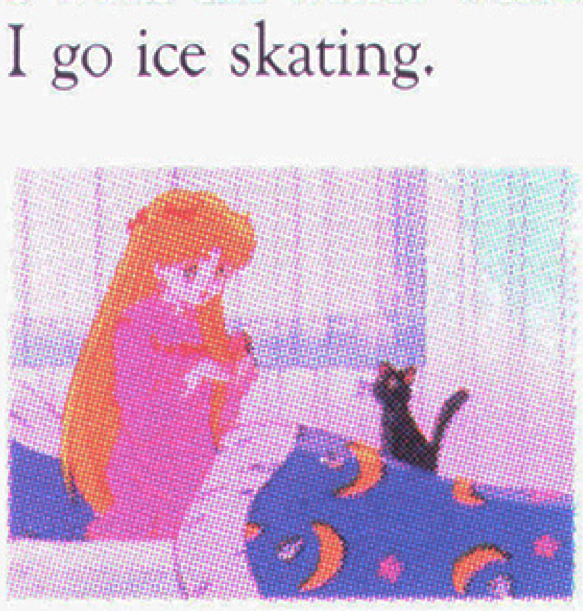
This pink half coat keeps me warm in winter.



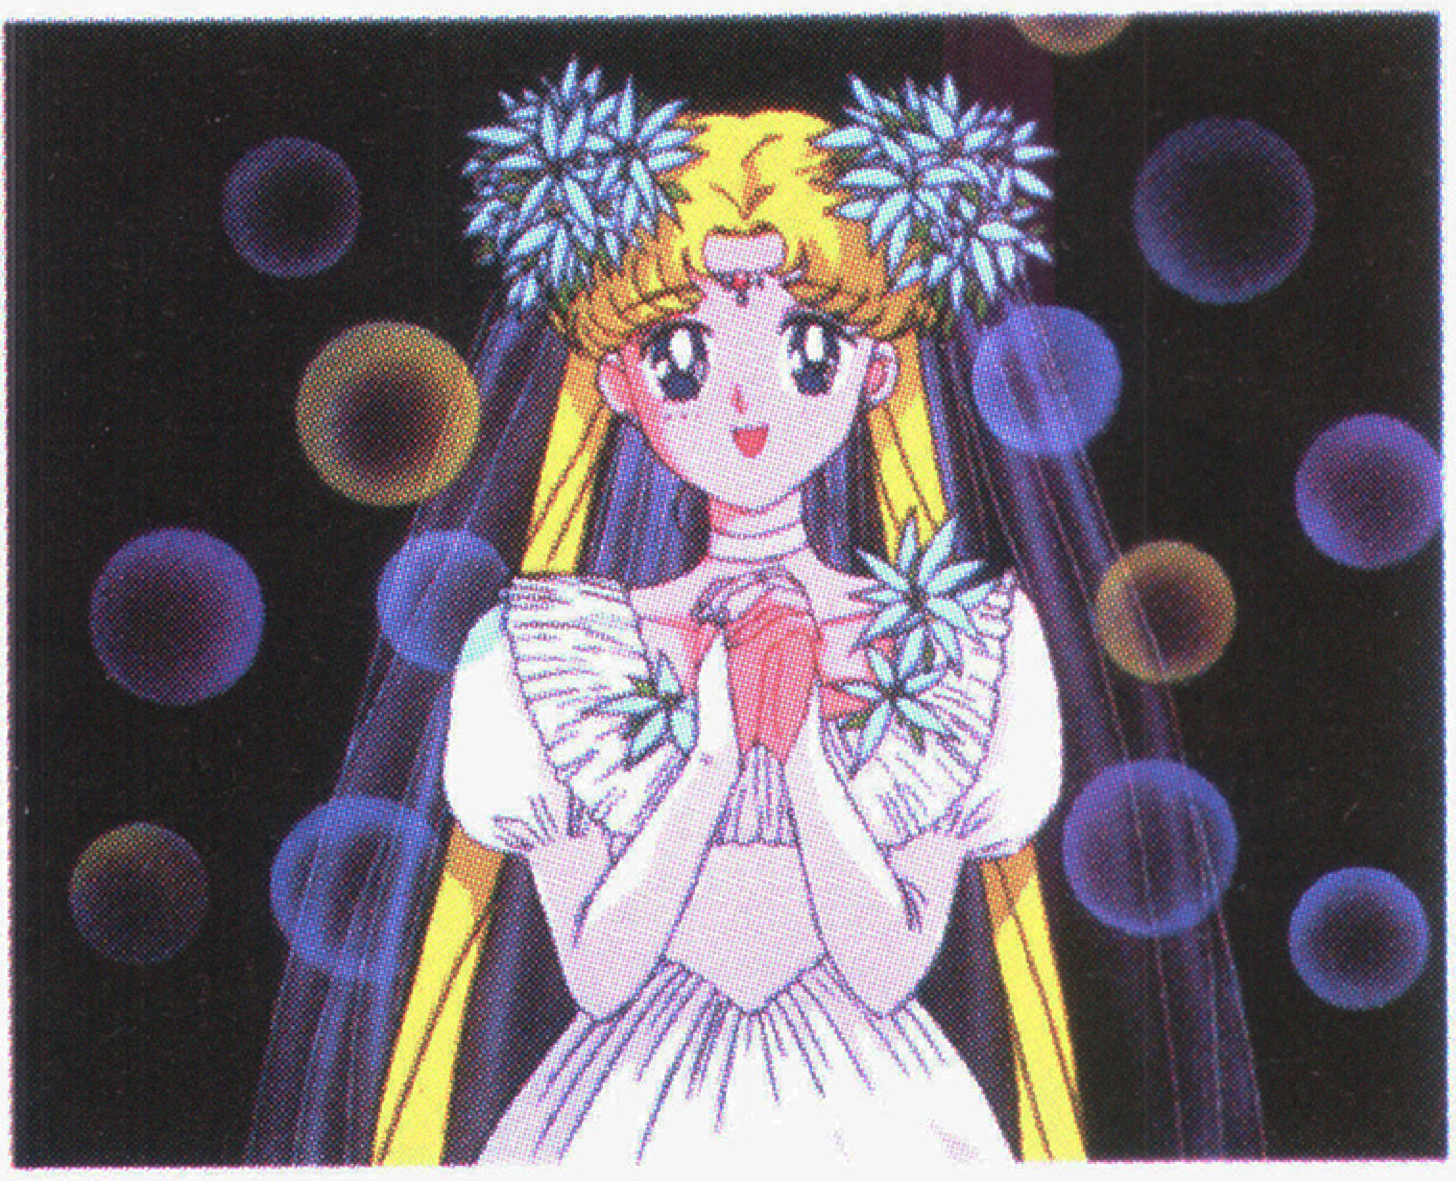
This is my bell shaped sleeve blouse and bell shaped skirt.



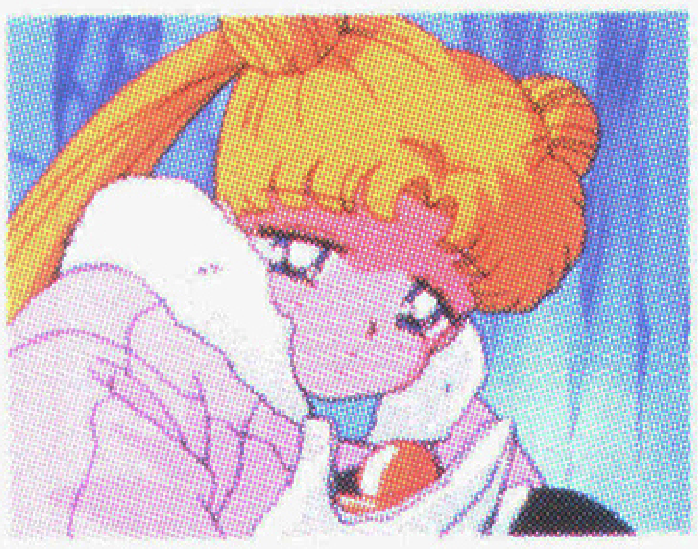
I wear all white when I go ice skating.



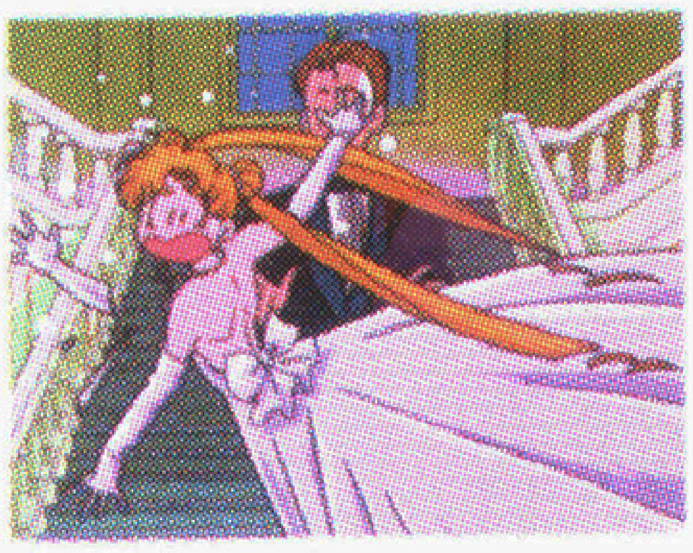
There are crescent moons all over my comforter.



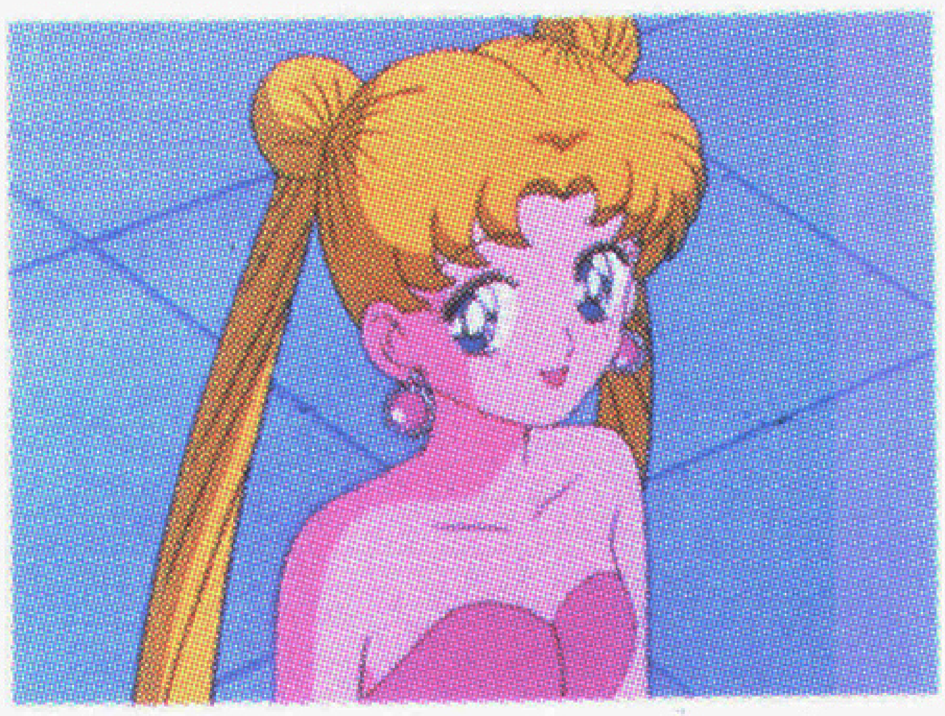
Look at this beautiful wedding dress! I'll wear it when I marry Darien someday.



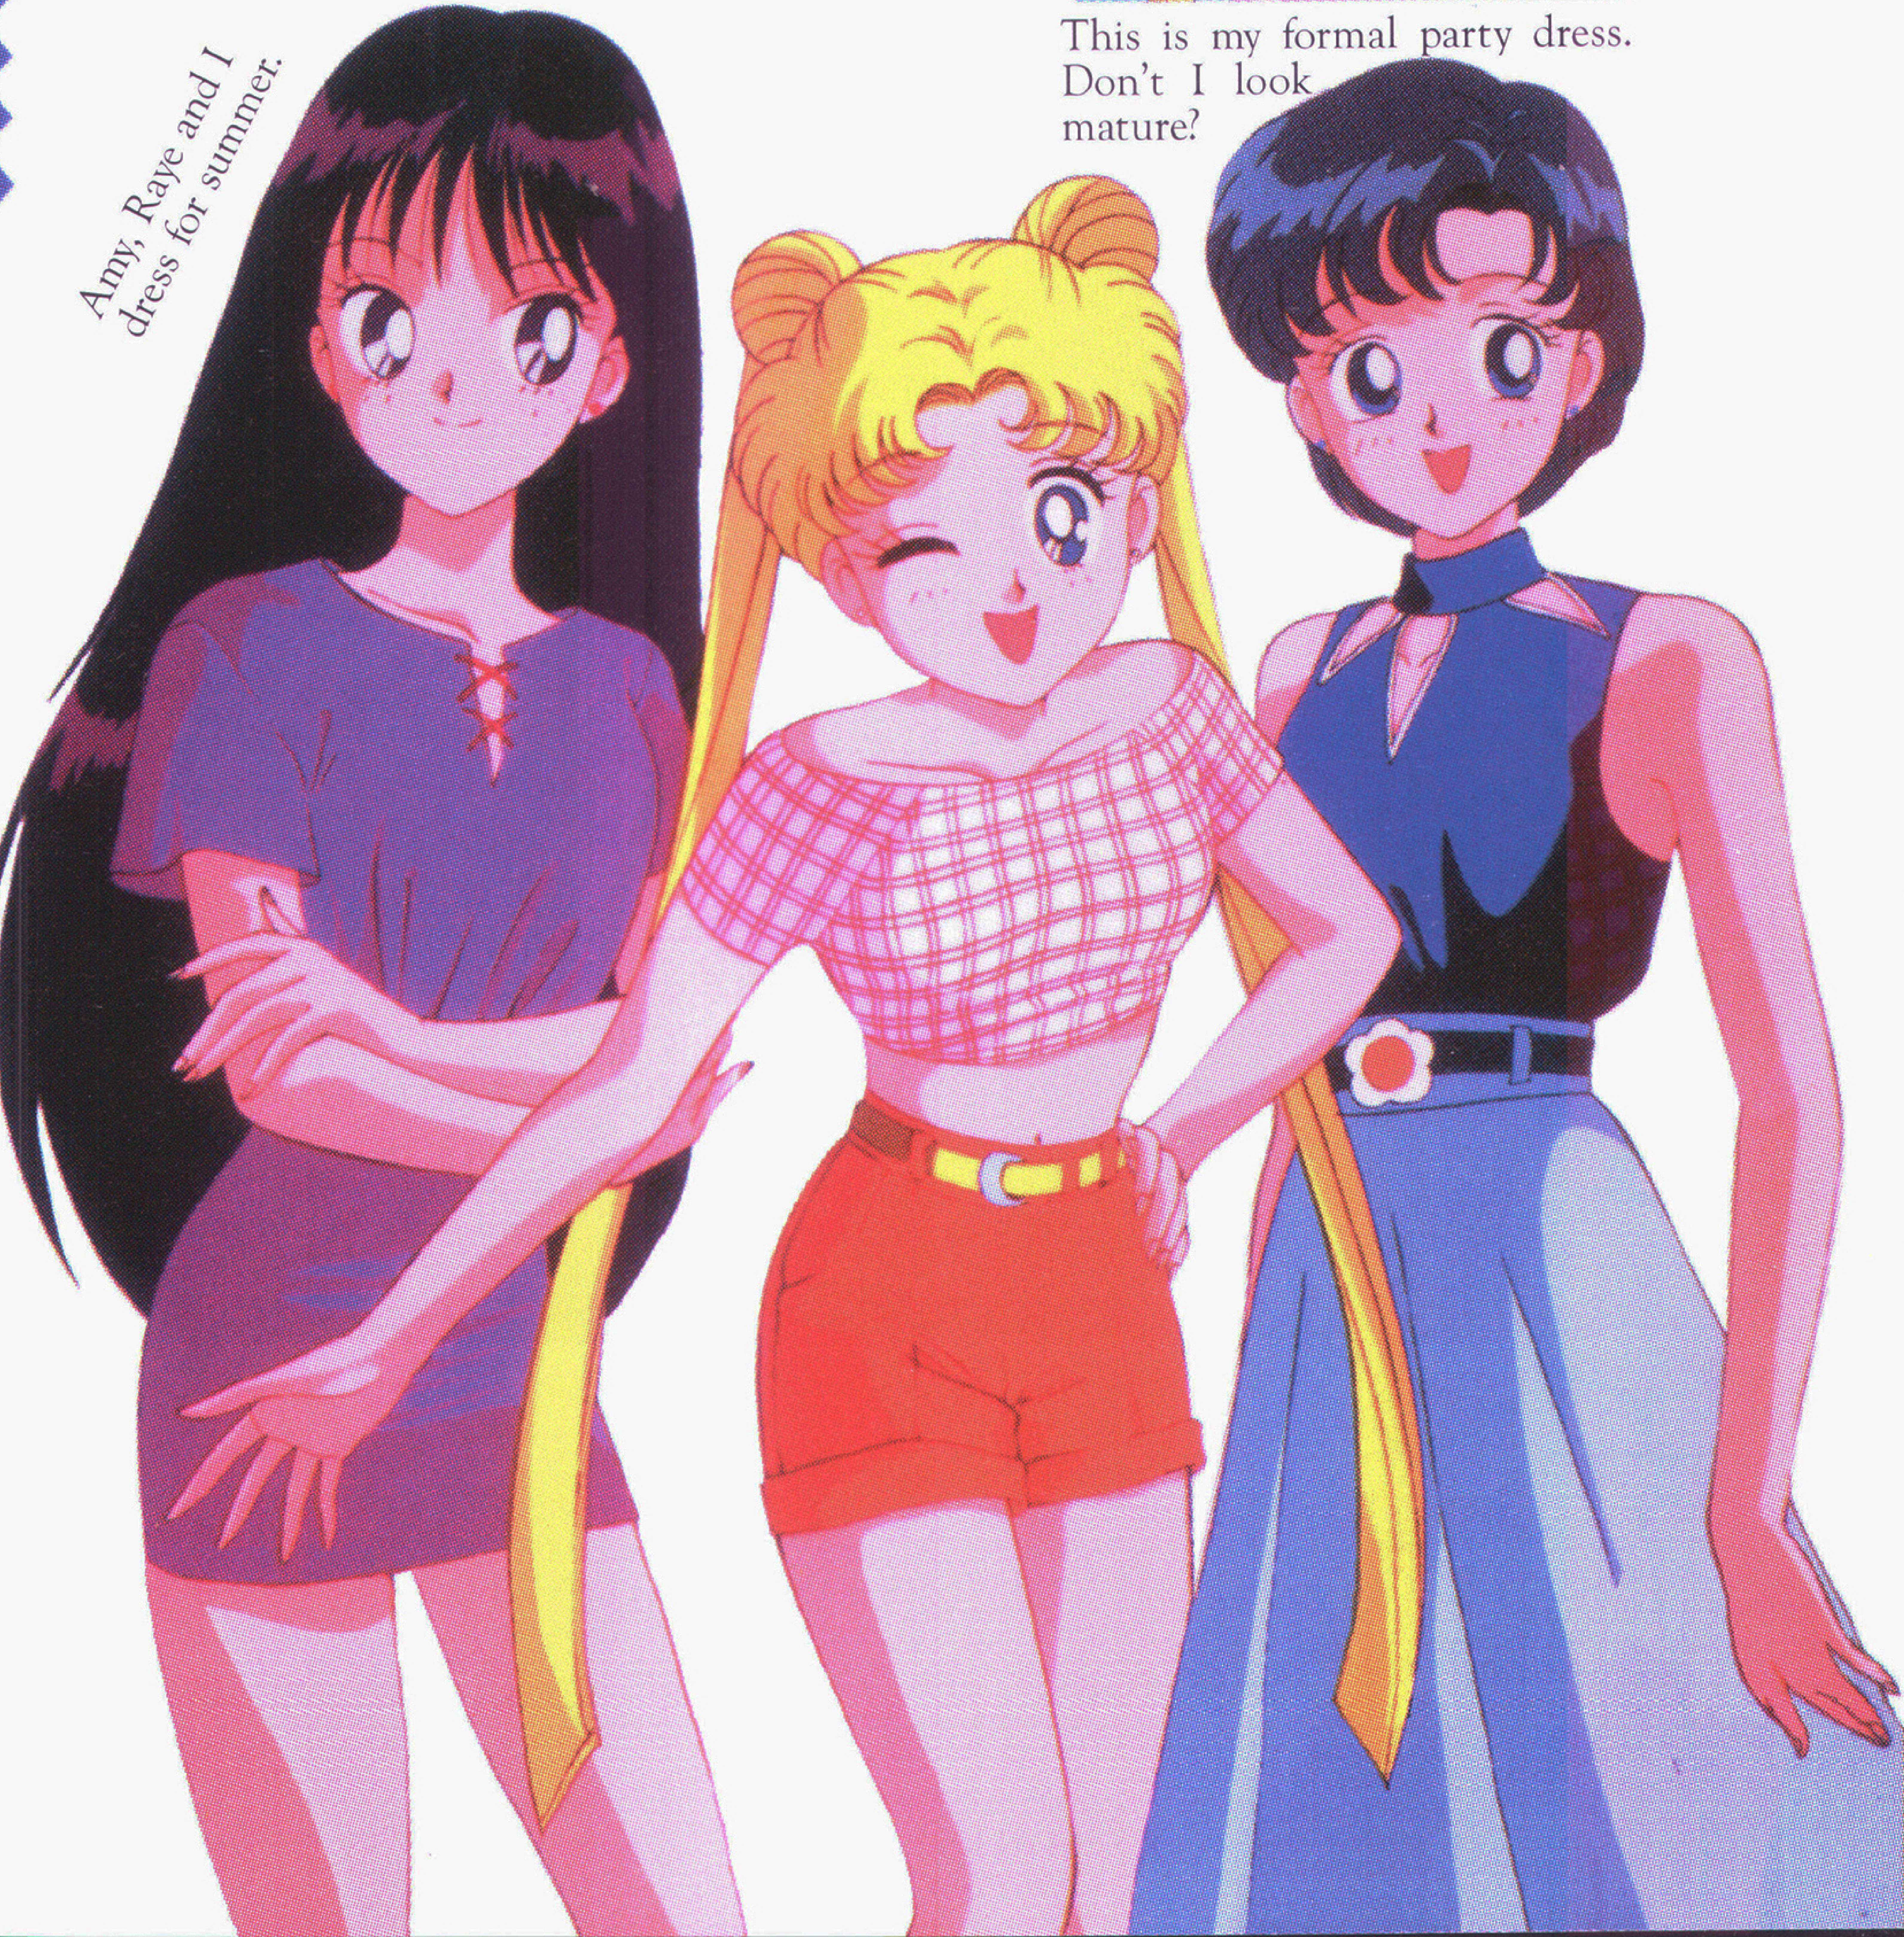
I hate the cold. I bundle up a lot!



For a princess, I'm not a very good dancer.

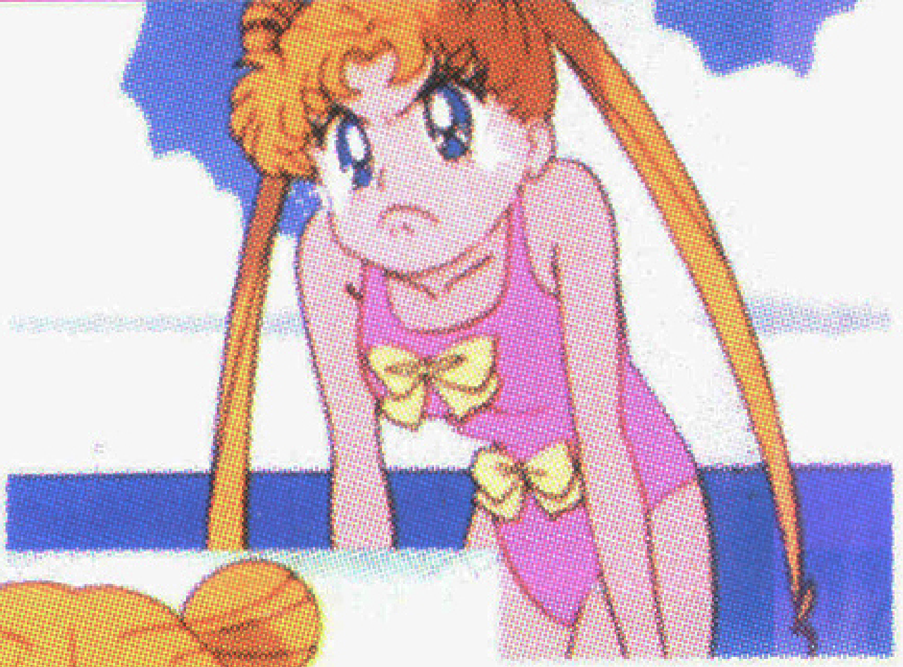


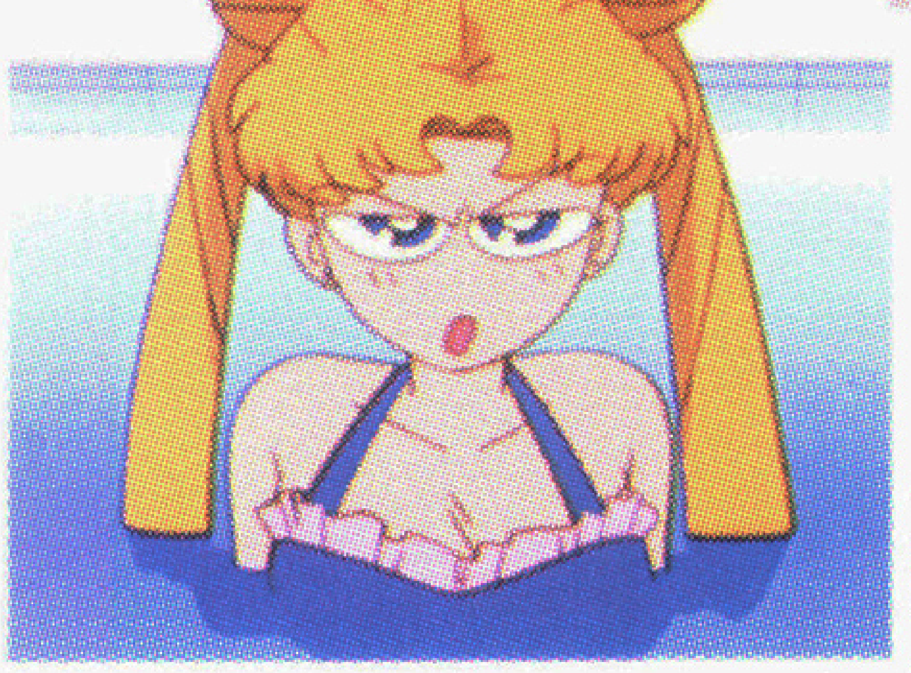
This is my formal party dress. Don't I look mature?



Amy, Raye and I dress for summer.

I had to put bows on my bathing suit to cover the holes!

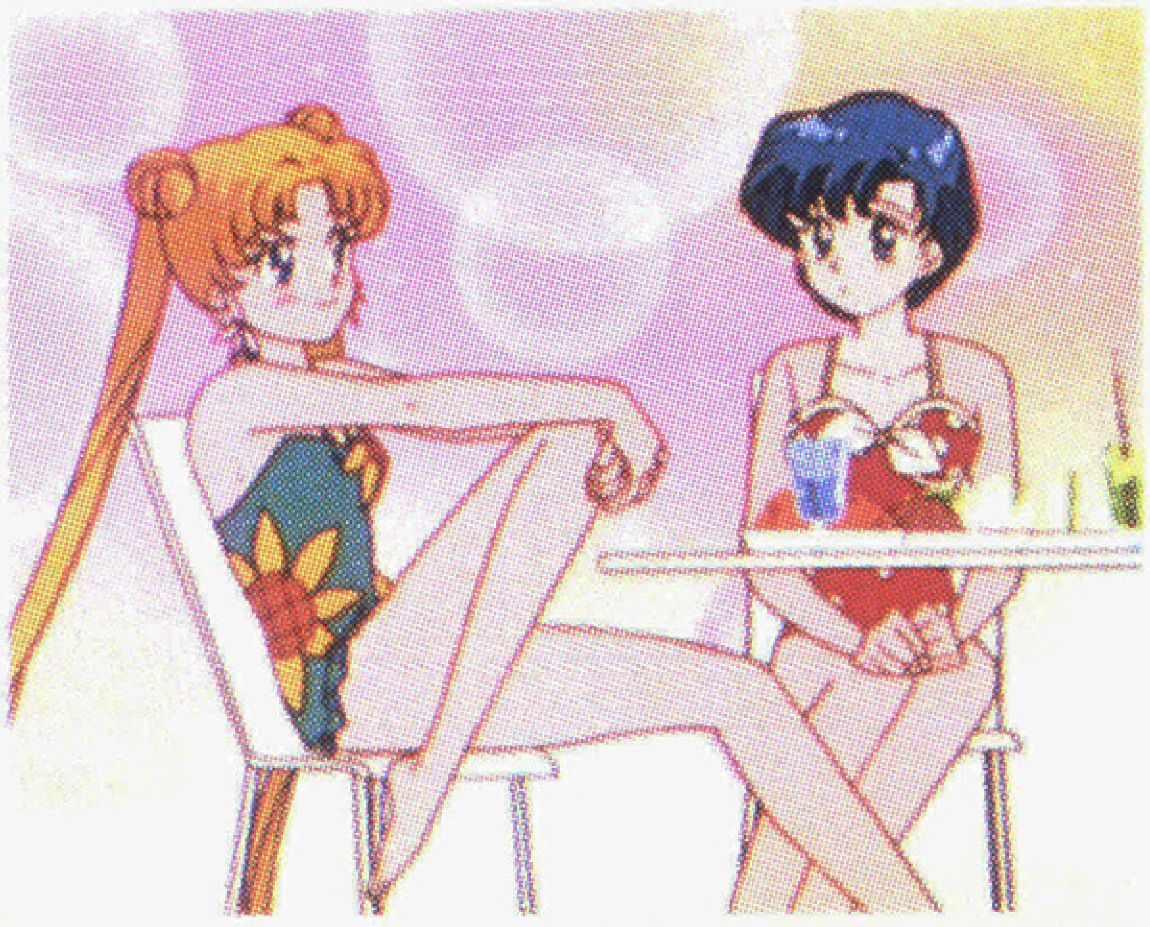




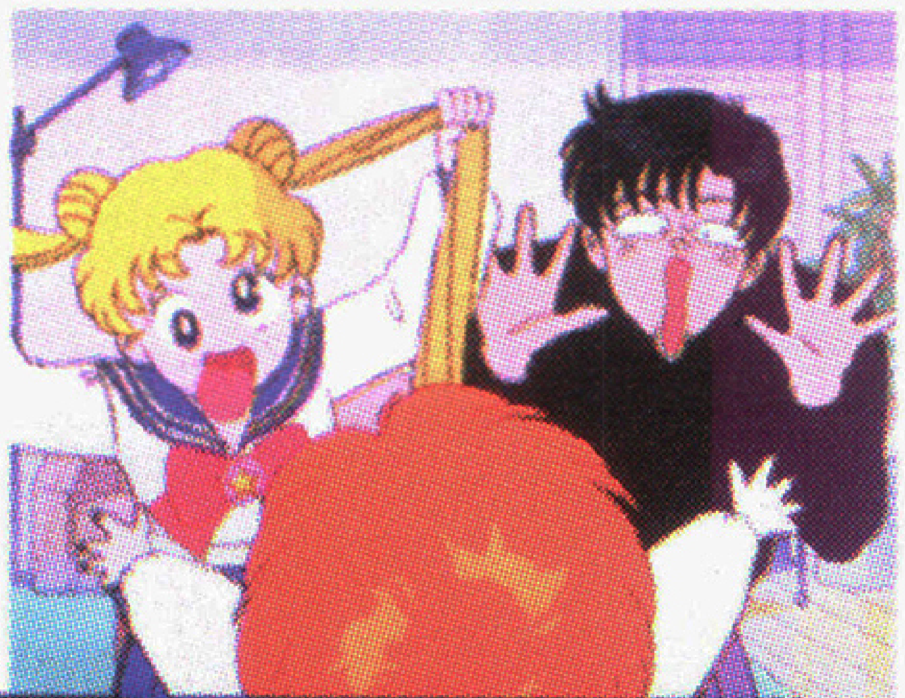
If you ask me, this bathing suit is a bit too old-fashioned.

Serena's Summer Fashions

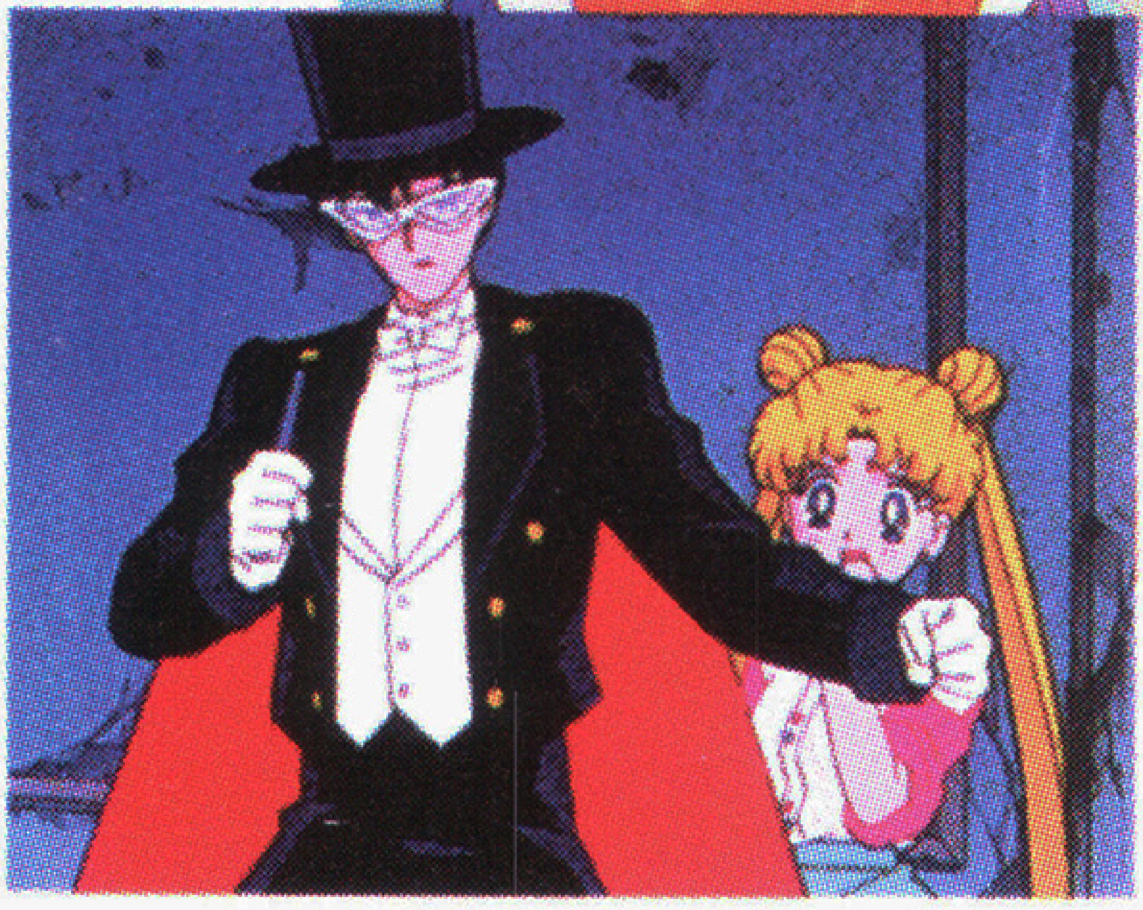
I can't wait for summer vacation! It's really fun to go swimming, especially on a hot day in summer. I should ask someone to go with me. It's more fun when you're not alone. Who should I ask? Molly has Melvin to play with. How about Amy? No, she'll be too busy studying for the fall. I know! I'll go with Darien! I'll call him right away!



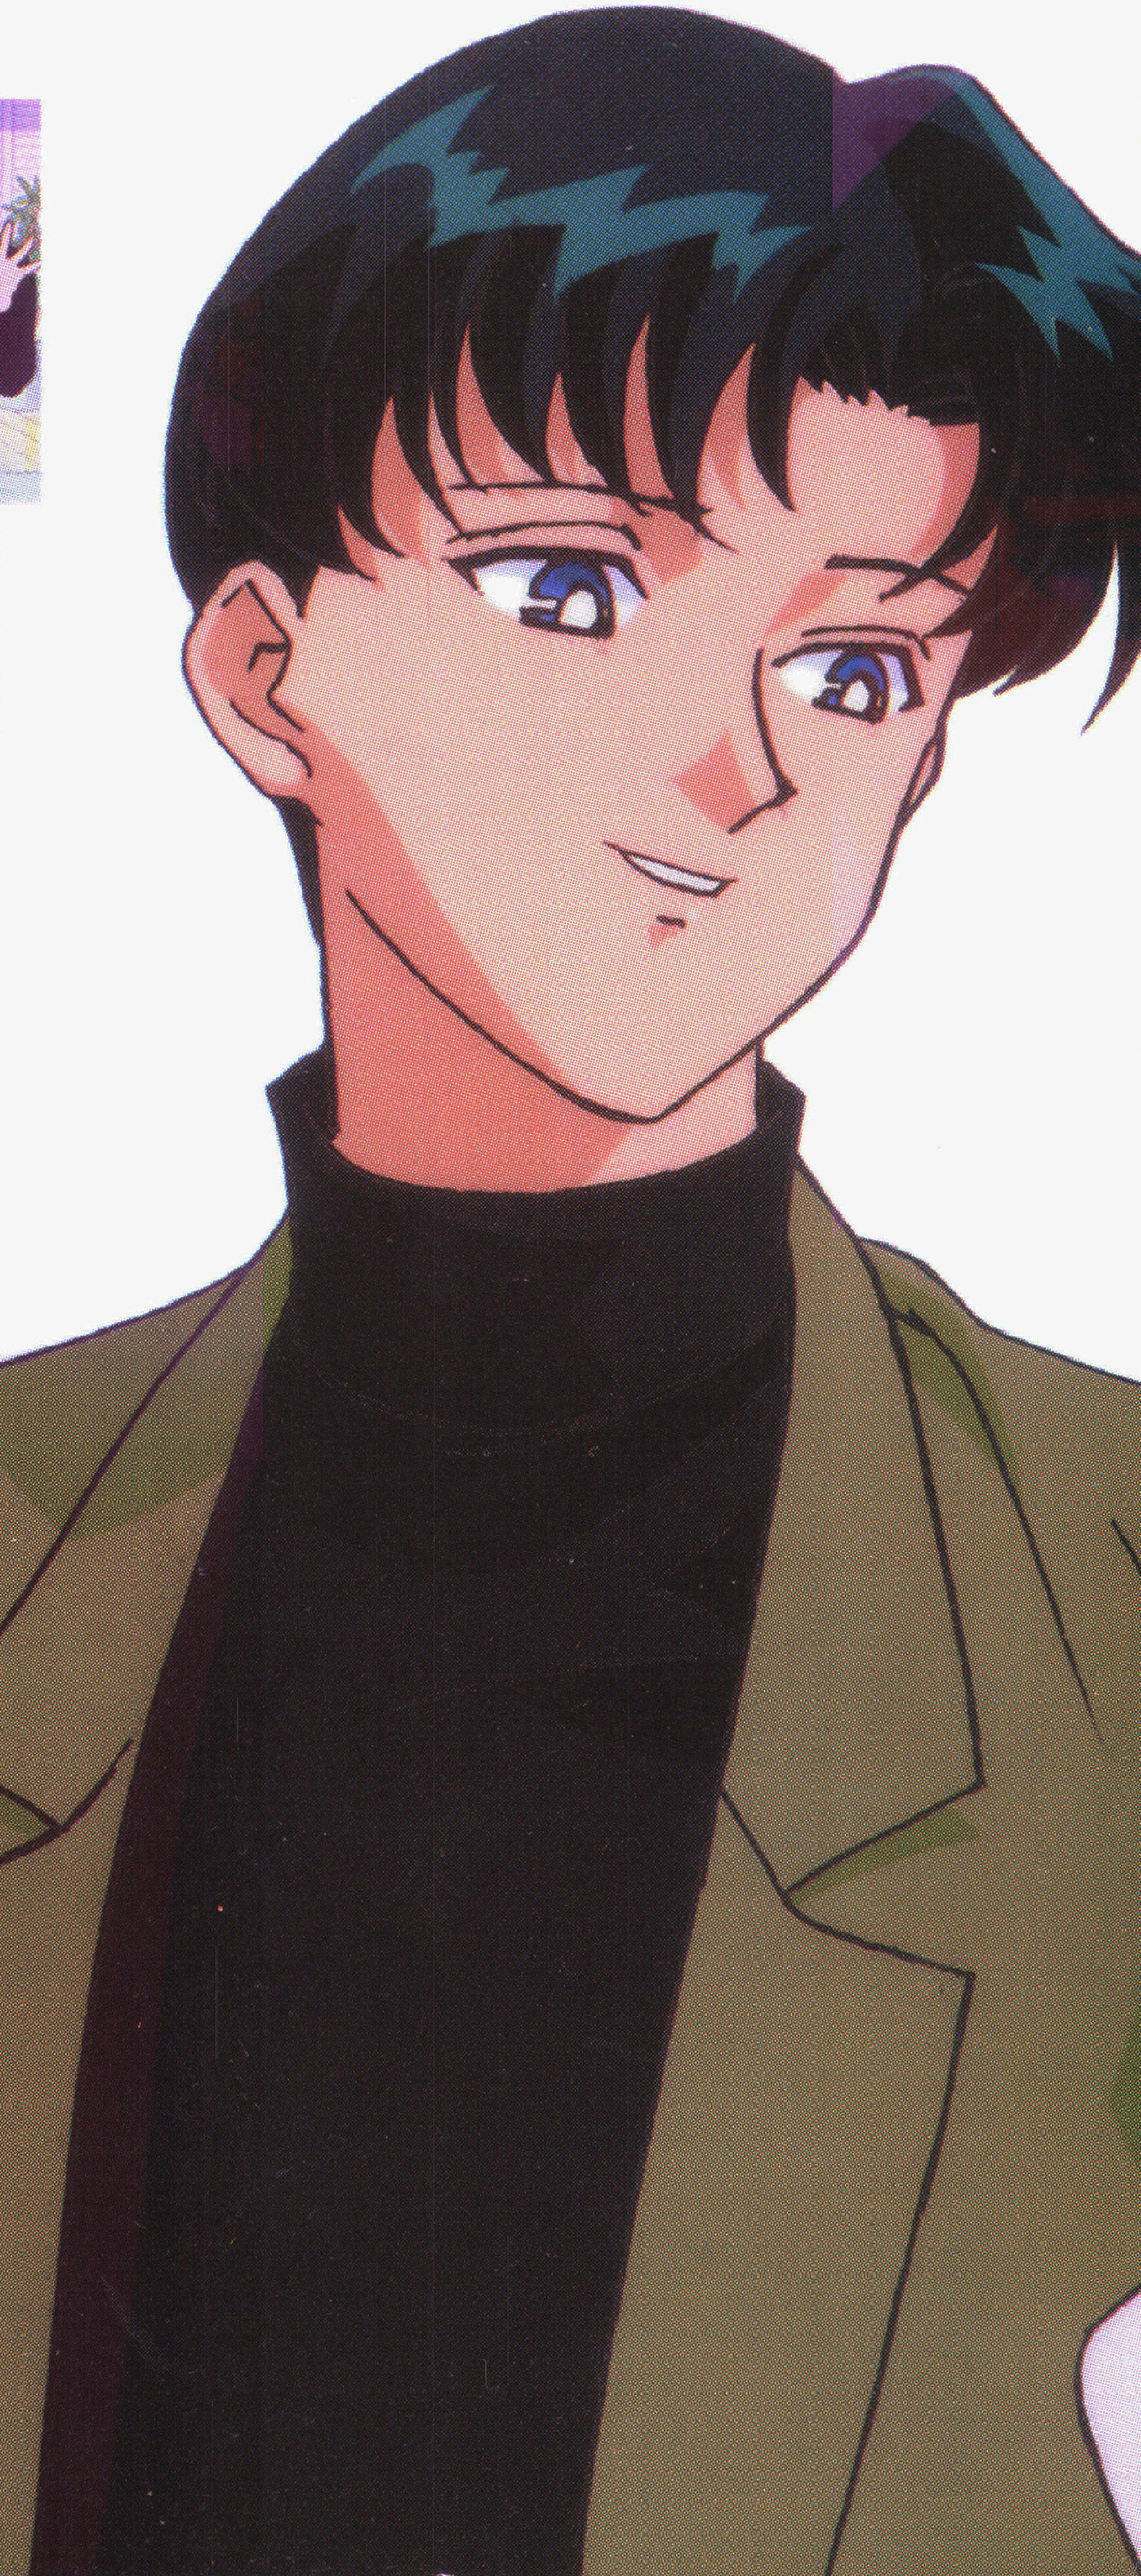
Here I strike a pose by the pool.

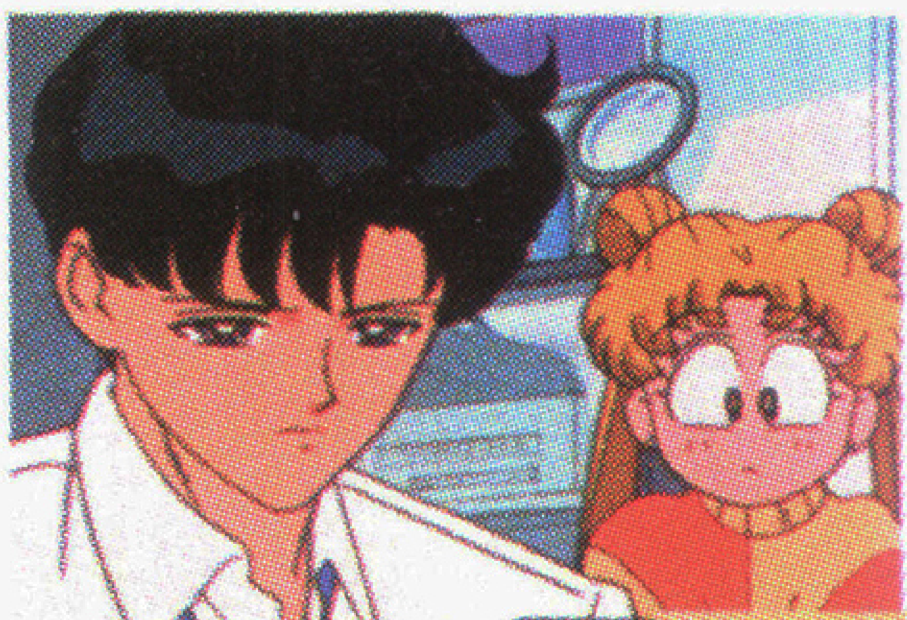


Darien and I try to calm down the baby.

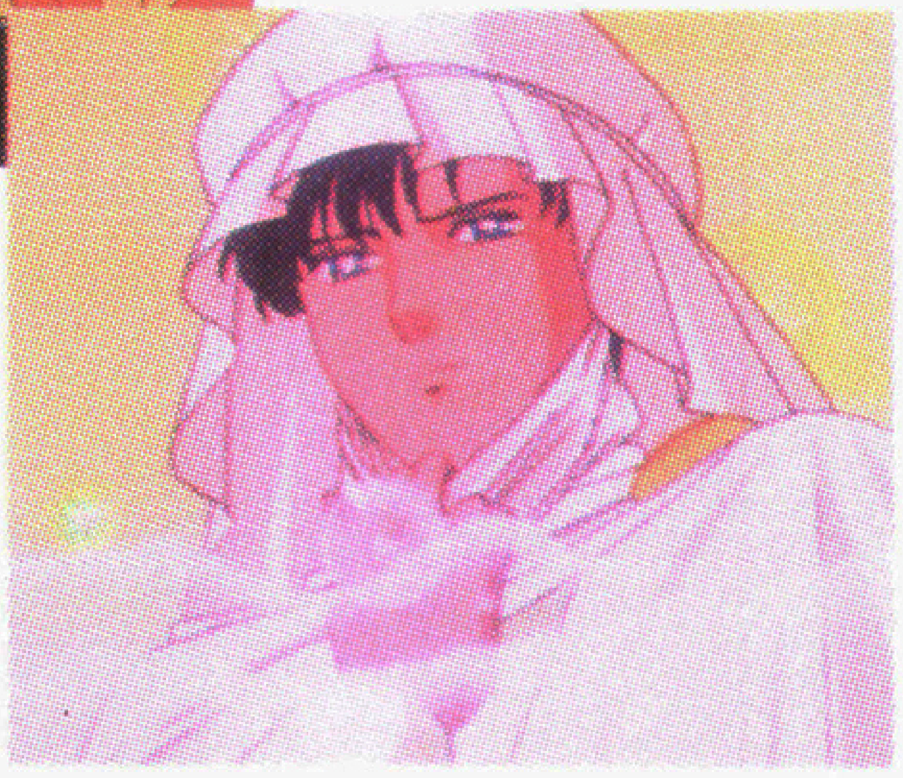


Darien transforms into Tuxedo Mask. He's always saving me.





Darien is a college student and is good with computers.



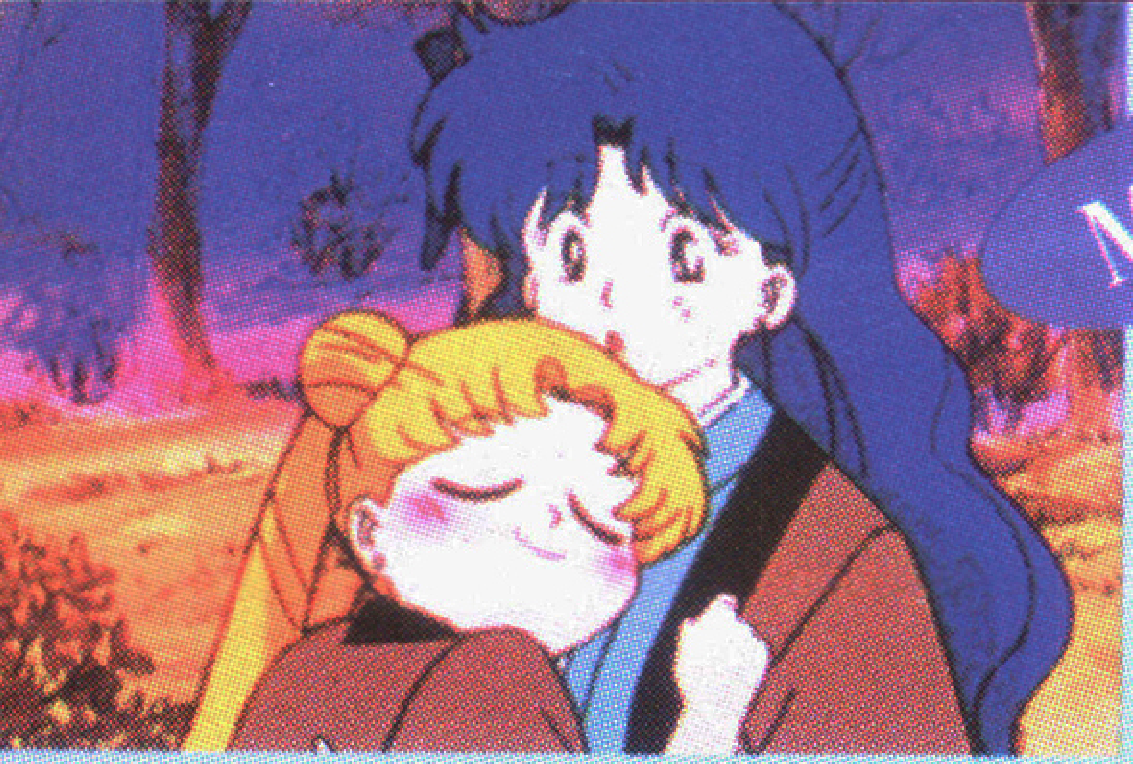
Darien's spirit can manifest itself as Moonlight Knight.

Crazy about Darien!

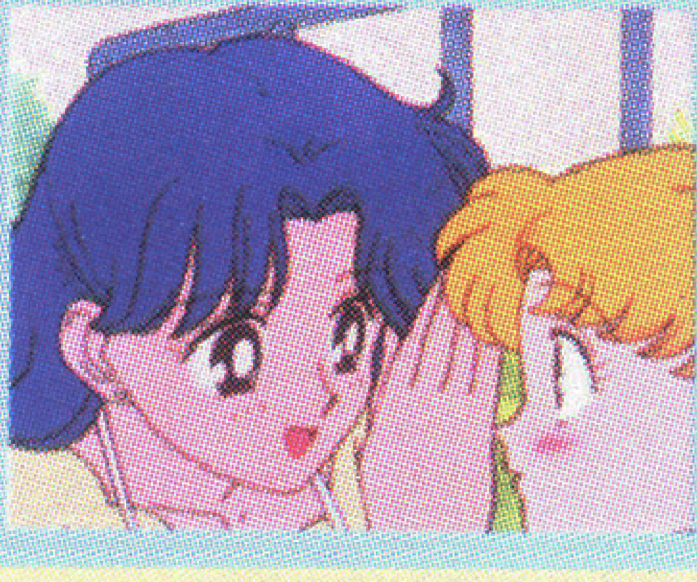
Darien and I have been fated lovers ever since we were in the Moon Kingdom. We'll be together in our future lives, too. I love you so much, Darien.

Tsukino Family

Mom



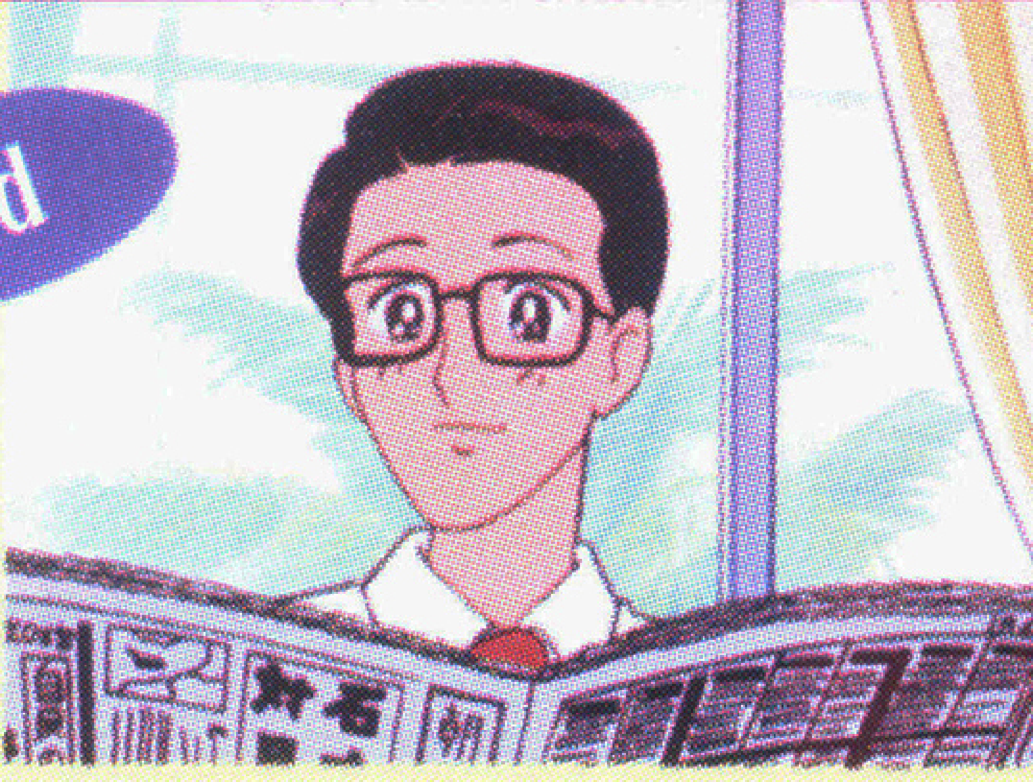
I sometimes act like a baby with my parents.



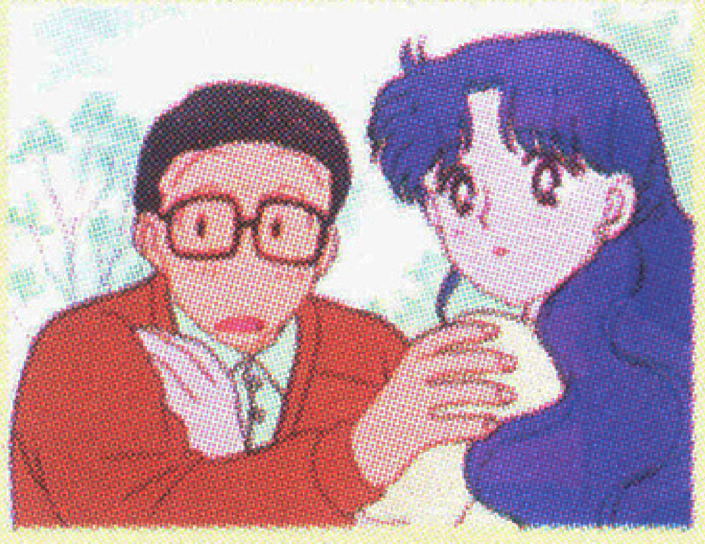
My mom understands the love that Darien and I share.

My mother, Ikuko, is a warm-hearted woman, but she is fierce when she gets angry.

Dad



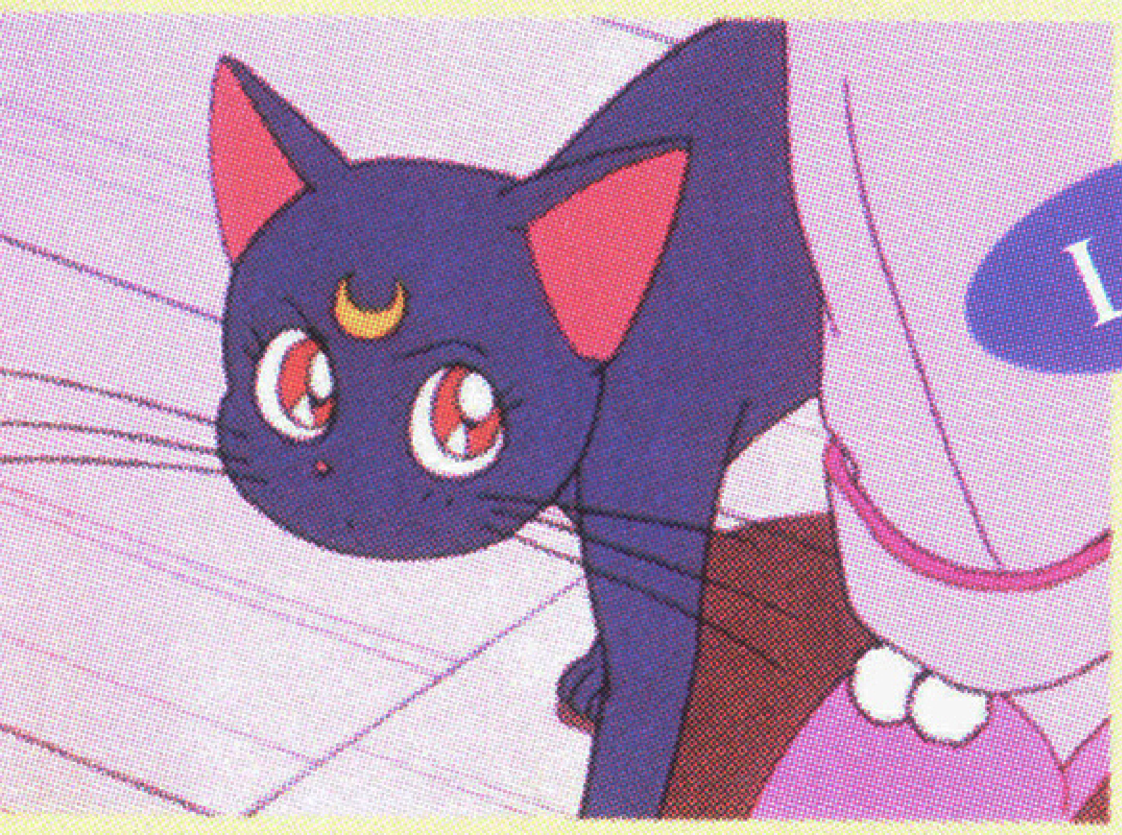
Kenji is my father's name. He is a journalist and loves his family a lot.



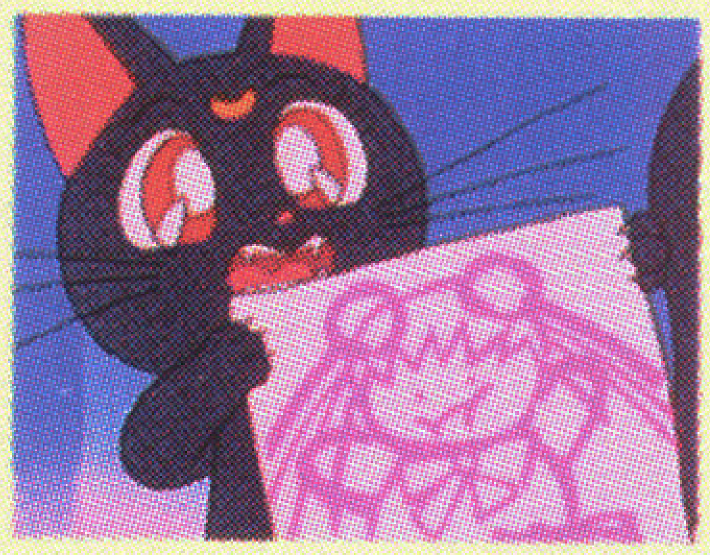
My dad loves my mom.

My dad, Kenji, is usually a quiet man. But he does whatever it takes to protect his family.

Luna



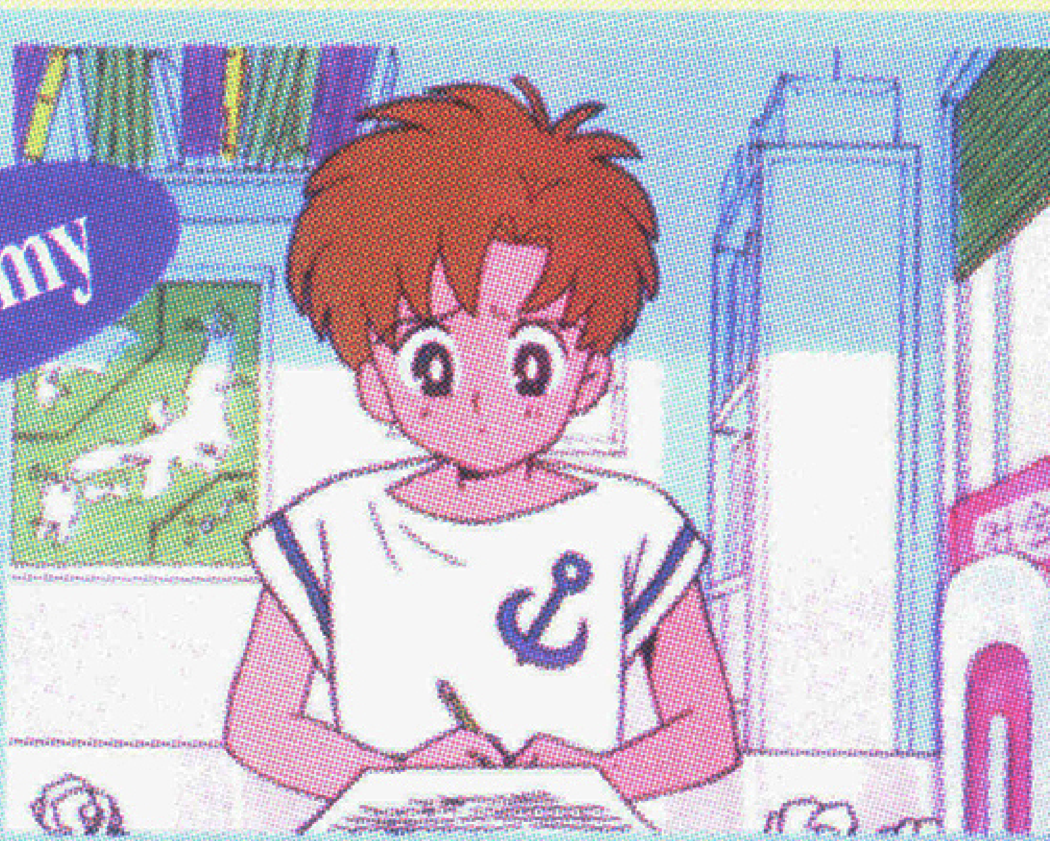
Luna is a black cat who used to live in the Moon Kingdom.



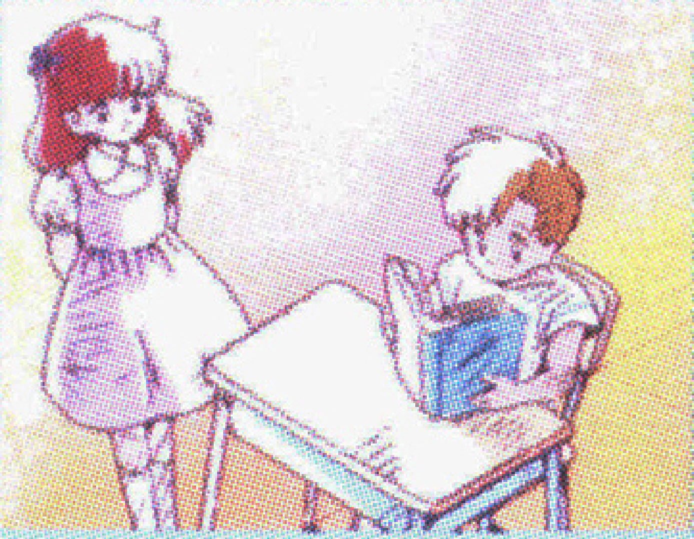
Luna warns me not to eat too much.

Luna is my trusted advisor, but she is a little sarcastic.

Sammy



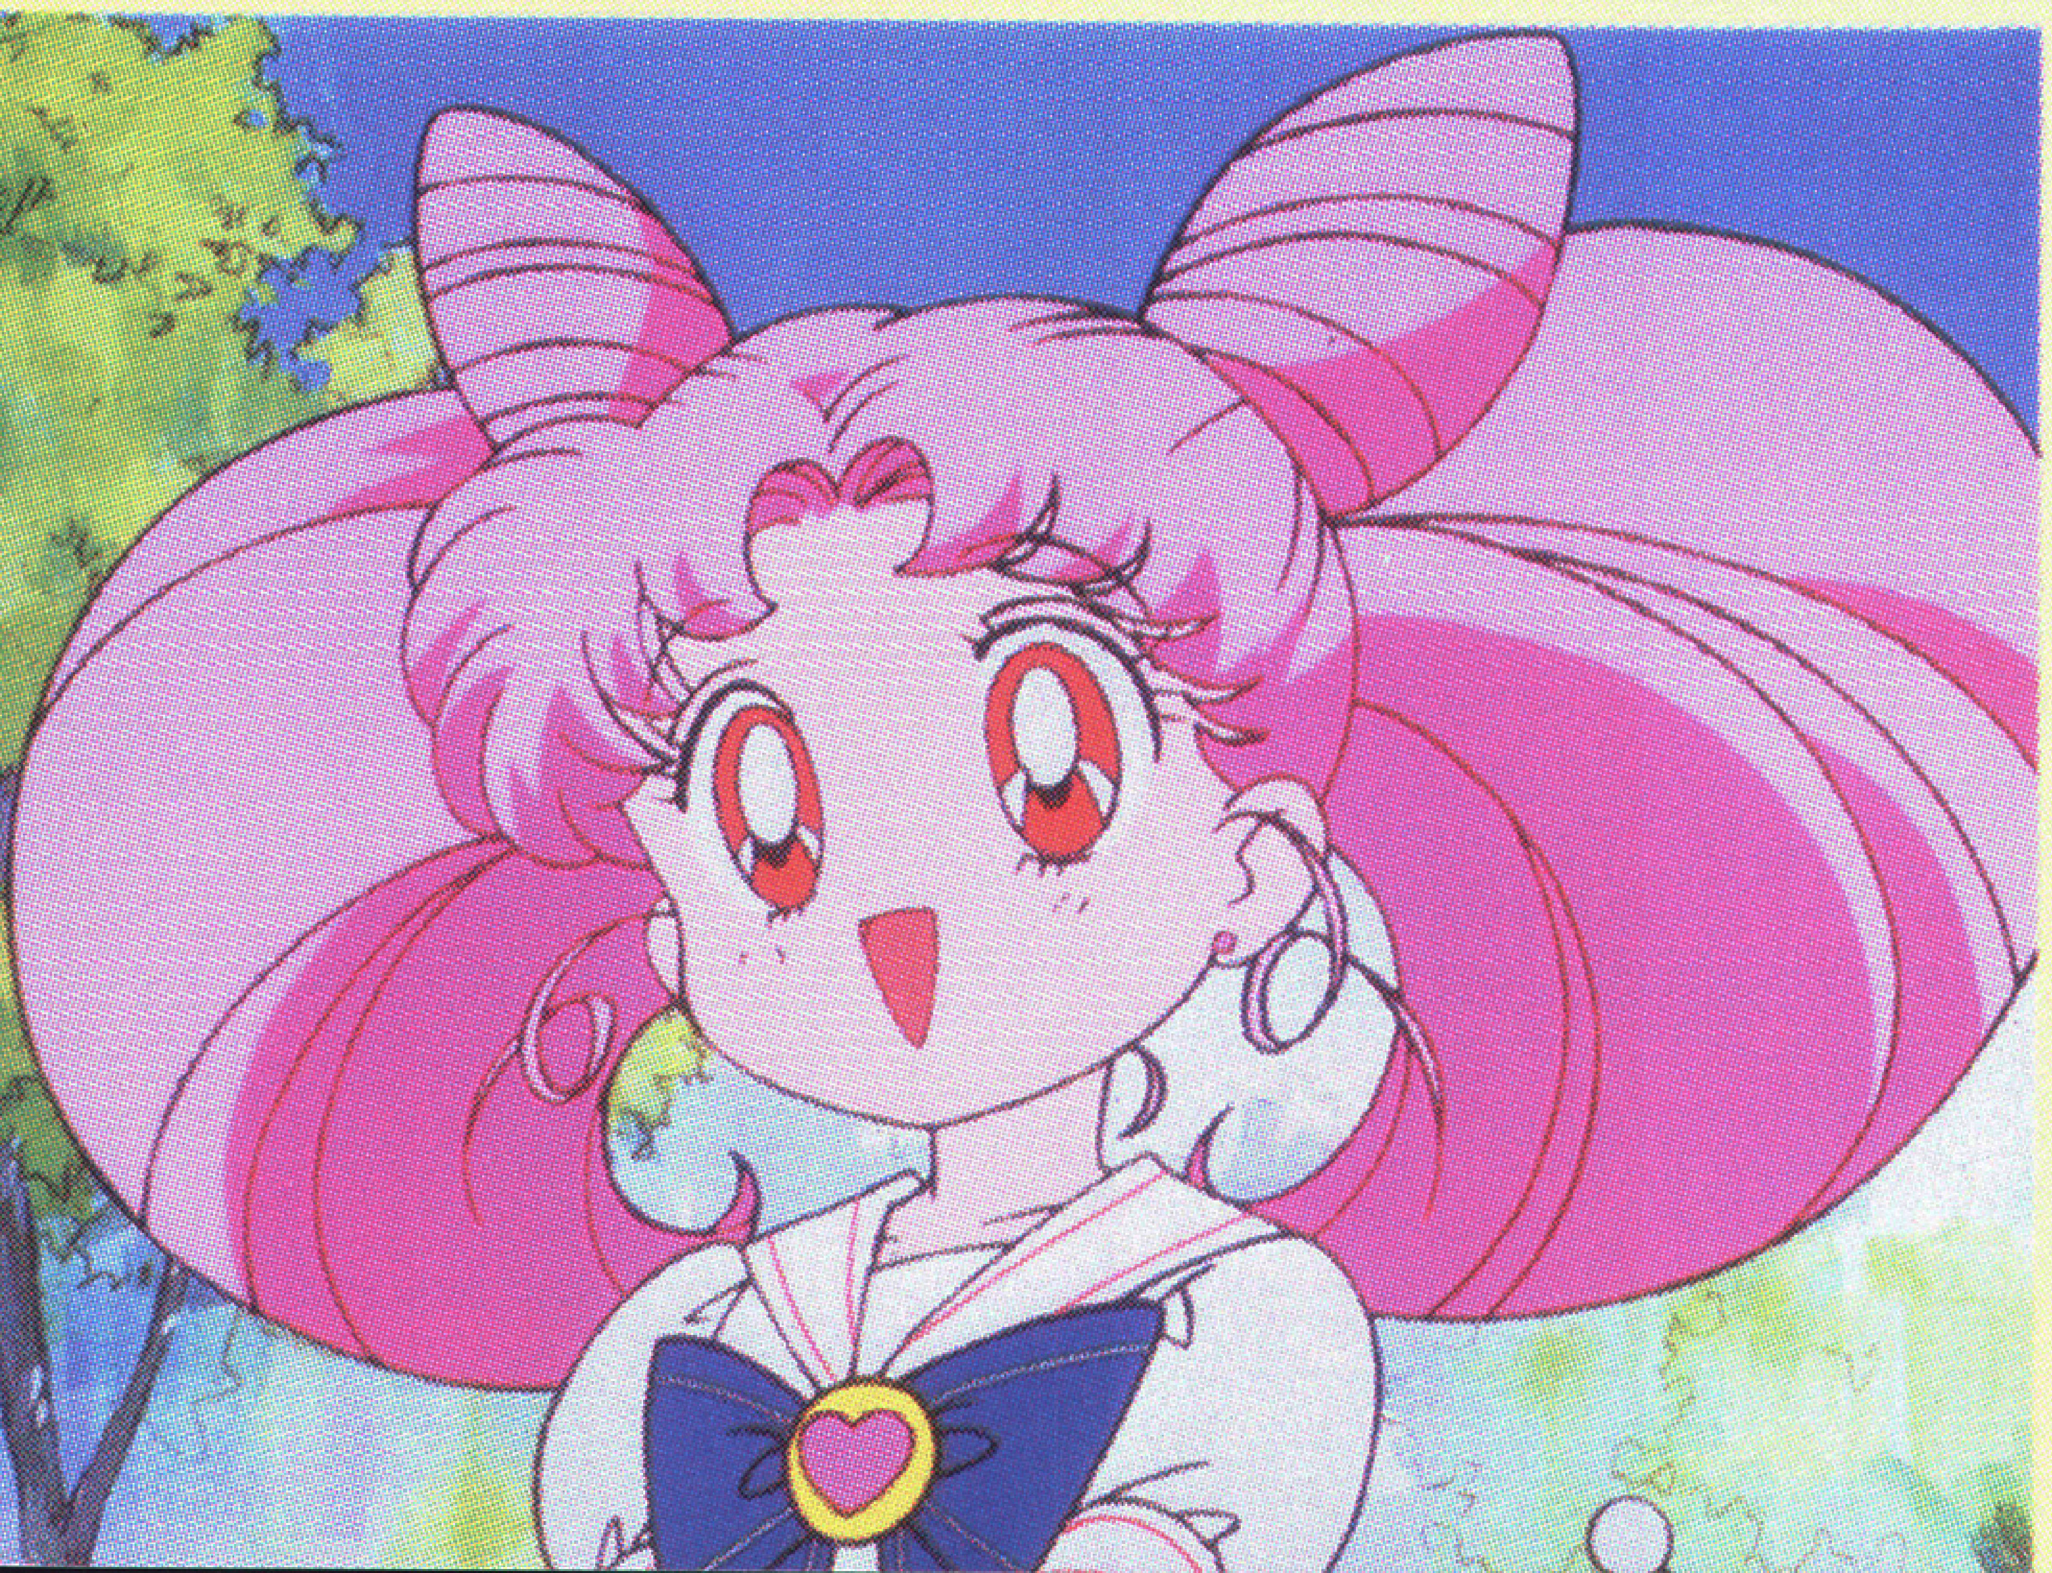
That's my little brother Sammy. He likes to call me names, the little brat!

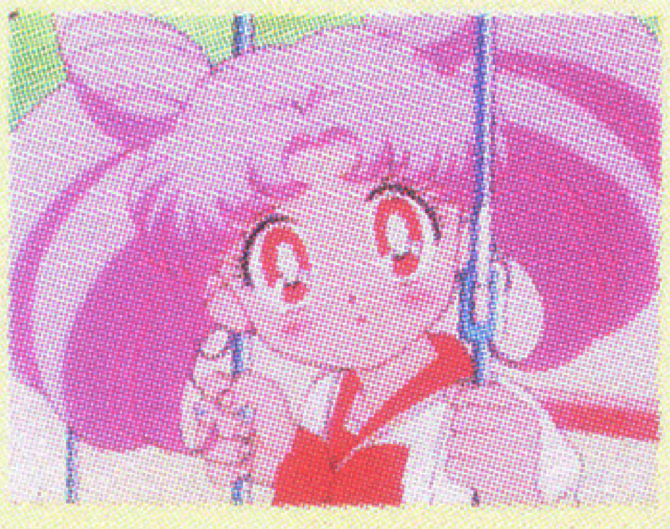


Sammy and his classmate Mika are good friends.

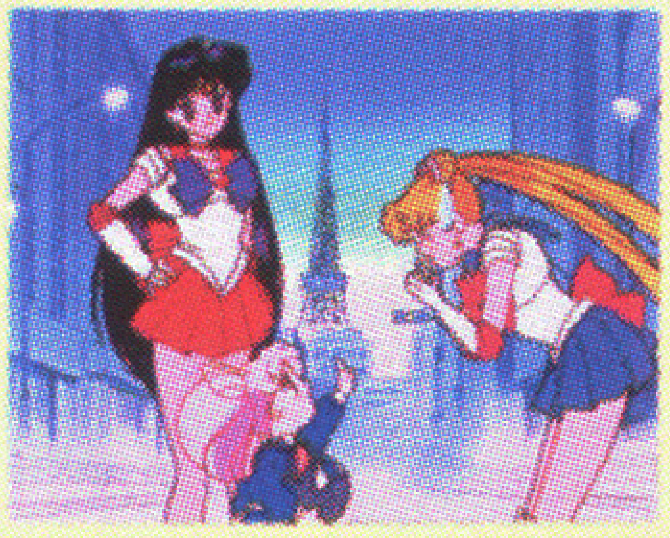
My brother Sammy can be so annoying! I don't mean to, but we're always getting into fights.

Rini





She sometimes misses her mom from the 30th century.



Rini loves to hang out with the Sailor Scouts.

Rini is a little girl who came from the 30th century. It's hard to believe, but she's actually the daughter of Darien and me.

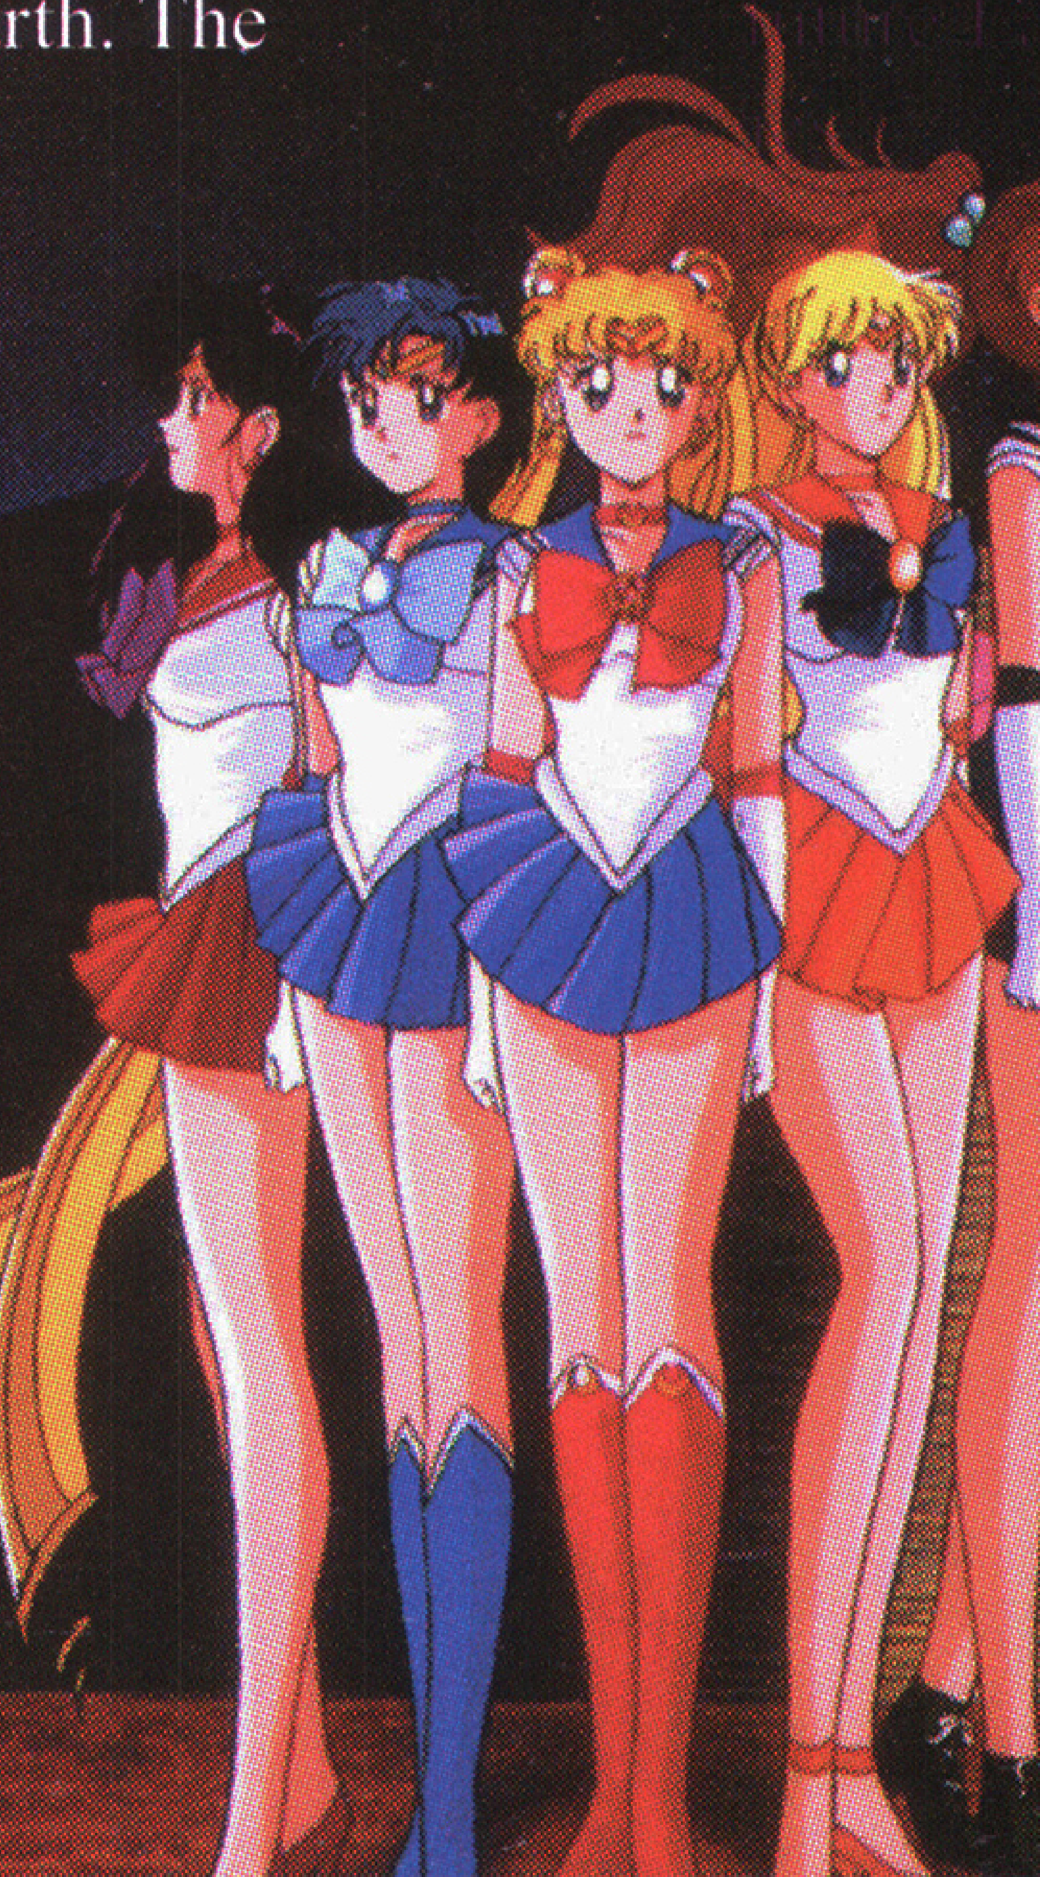
My favorite episodes: Hot Picks!

How did you like seeing Sailor Moon in action? That's not all, though! There are more stories where I shine!

One of my favorite episodes never played on American TV (Episode 6 Japan). In that story I played Cupid for the down-and-out musician Yusuke. At that time, we still hadn't formed the Sailor Team. After that, Sailor Scouts appeared one by one until episode 10 (13 Japan). Before I met the other Scouts, I always tried run away from fights, but when we formed the team, I wasn't afraid anymore. We finally defeated Jedite, a leader of the Negaverse. Episode 20 (24 Japan) is a tragic love story between Molly and Nephlite. Everyone cried the night Nephlite died. In episode 41 (47 Japan), I lost my memory as Sailor Moon and was transformed again. I still feel sad when I remember the scene where I say goodbye to my normal life. But it doesn't bother me now. In episode 61 (68 Japan), the Sailor Team fights with the four Negamoon sisters. Remember how serious I was? Wasn't I charming? Episode 81 (88 Japan) is the thrilling conclusion to the Negamoon saga (Sailor Moon "R" in Japan) in which Rini and I fight together to save the future Earth. The last story of the Sailor Moon "S" series (Episode 127 Japan) hasn't appeared in the US yet. In this episode the we battle the Death Busters' Daimons. Rini came back to join us to make the ending lively. There are still more episodes where I shine. Look for new episodes on TV or find the missing Japanese episodes on video and DVD. I even have movies now!



Sailor Moon Encyclopedia

Here, I'm going to share my secrets with you Sailor Moon fans out there. I'll tell you about my guardian planet, all my friends, and my three year battle record…you'll have it all. Just ask me anything you want to know!

Secrets of the Guardian Planet

Do you all know what horoscopes are?
How much do you know about the Moon?
Sailor Moon Encyclopedia

Sailor Moon Encyclopedia

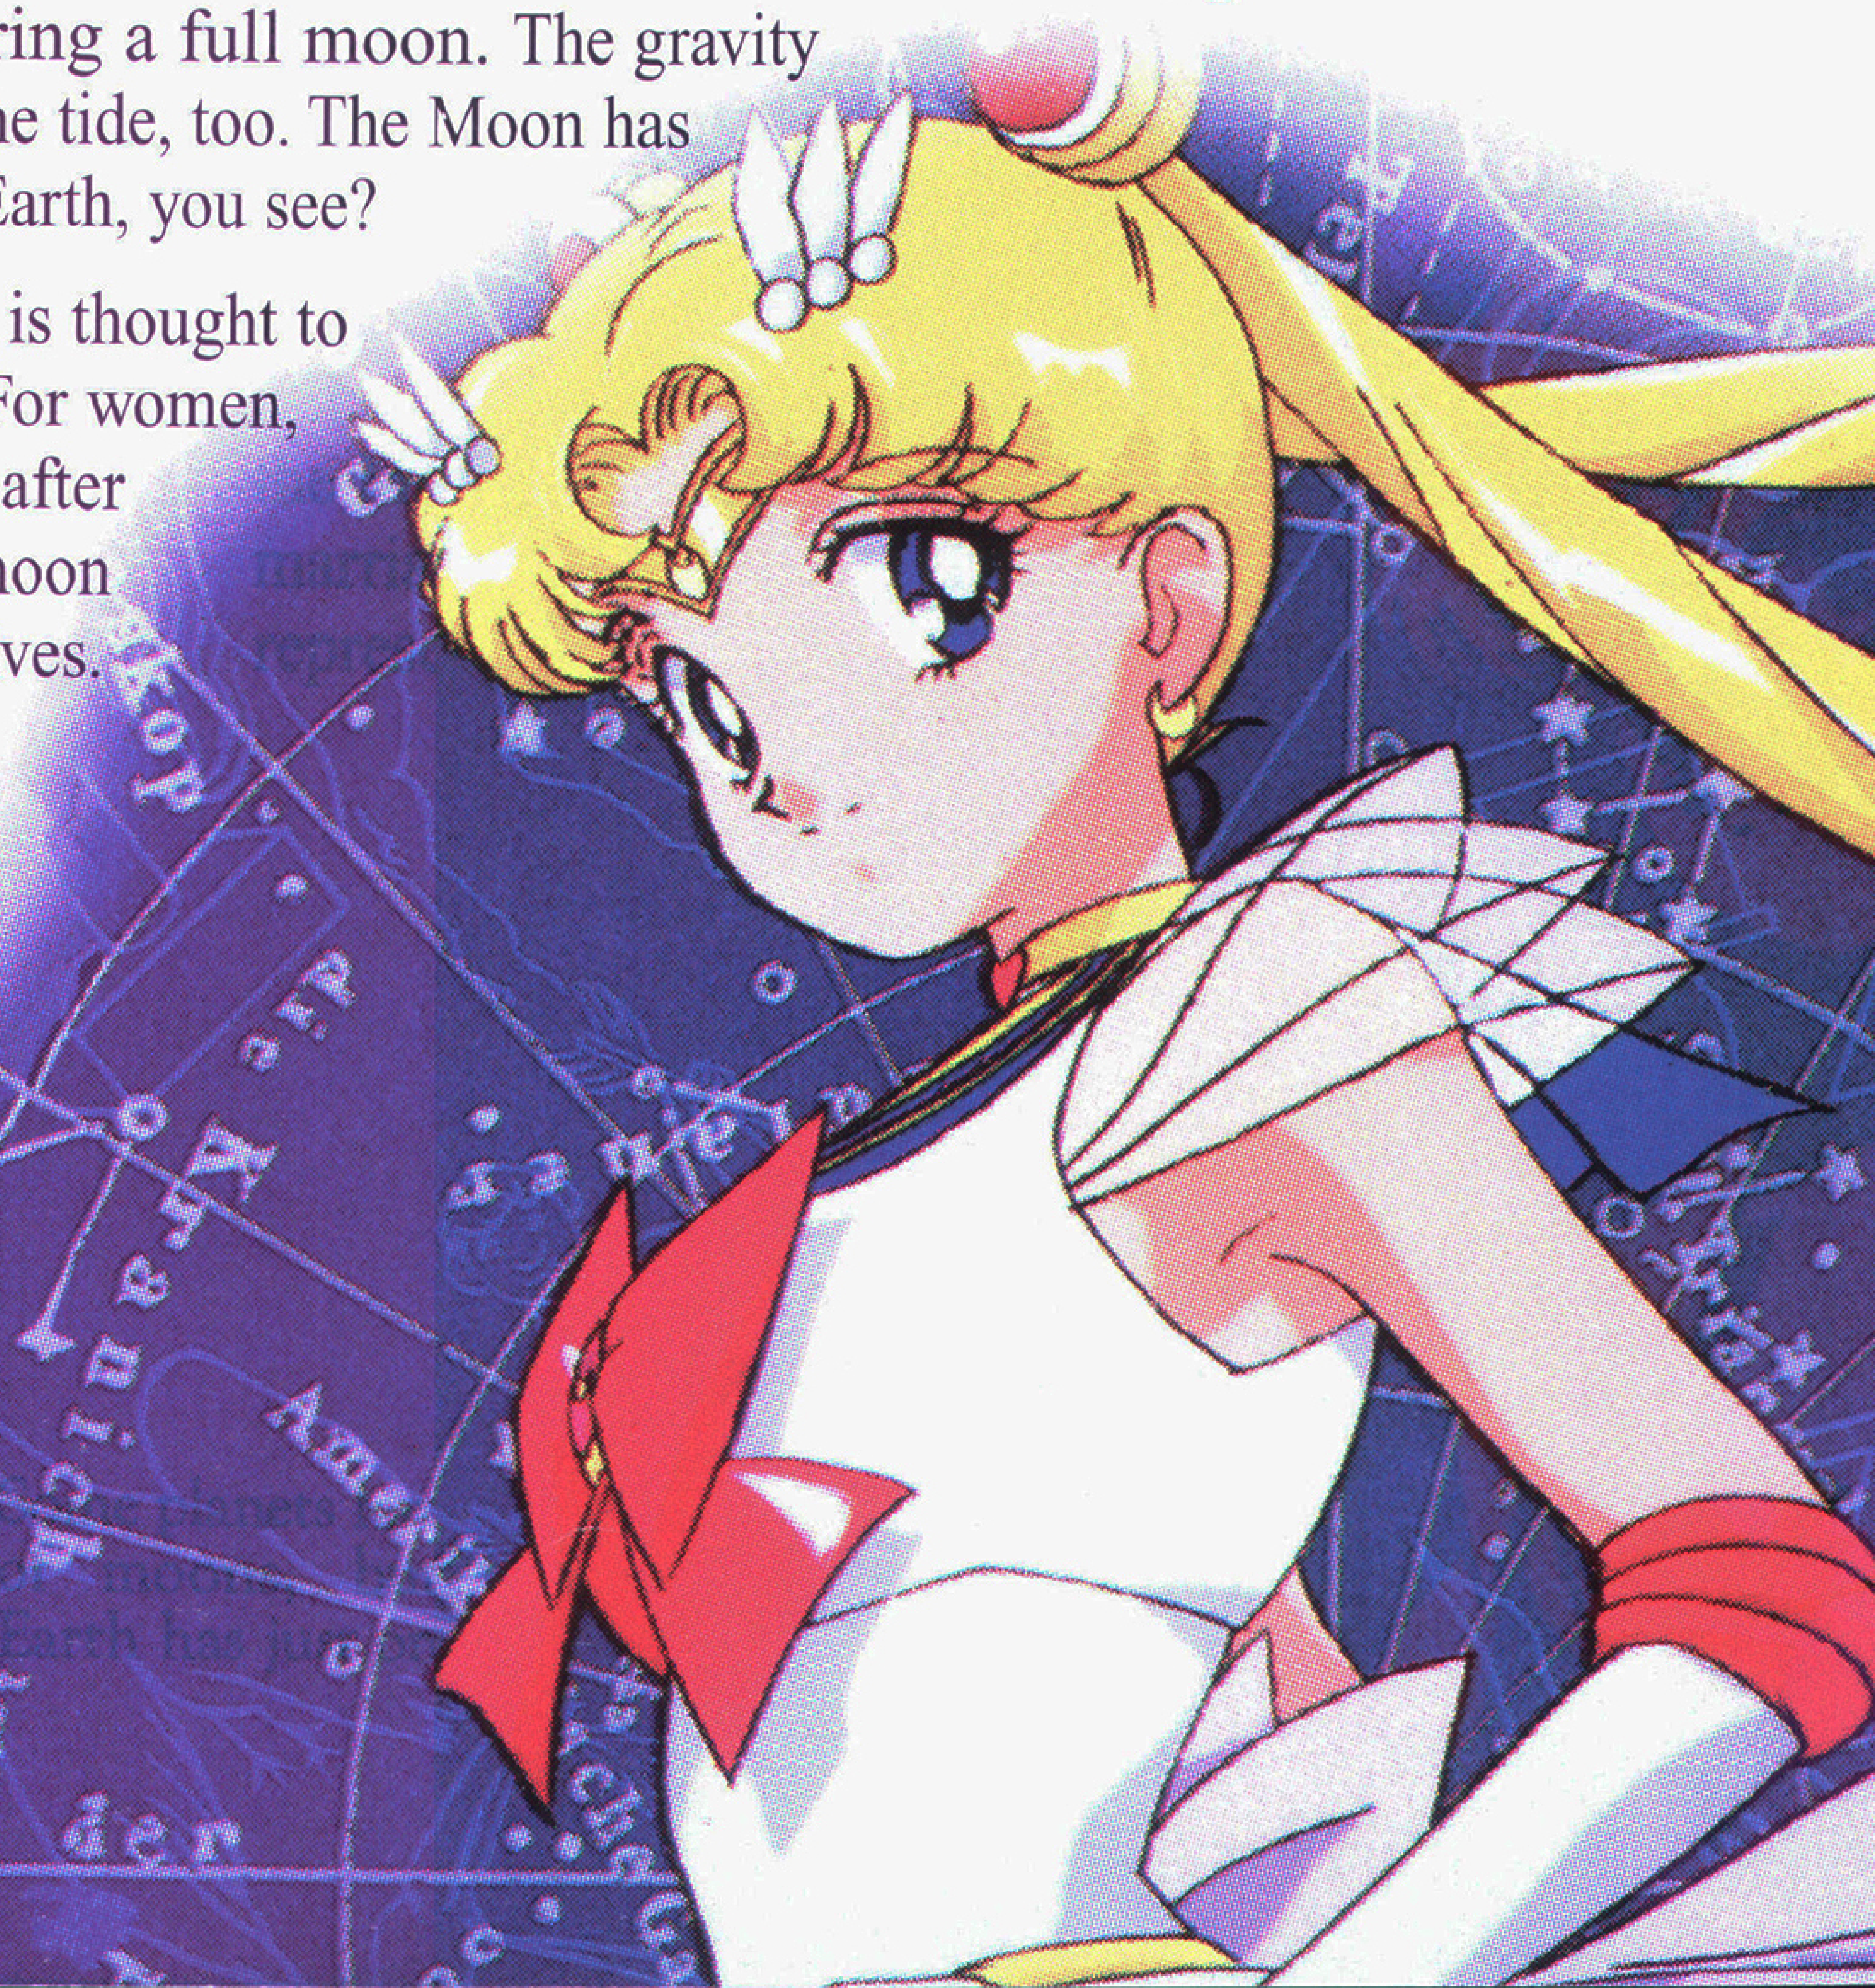
Moon Princess Kimiko -- Fortune Teller

The Moon

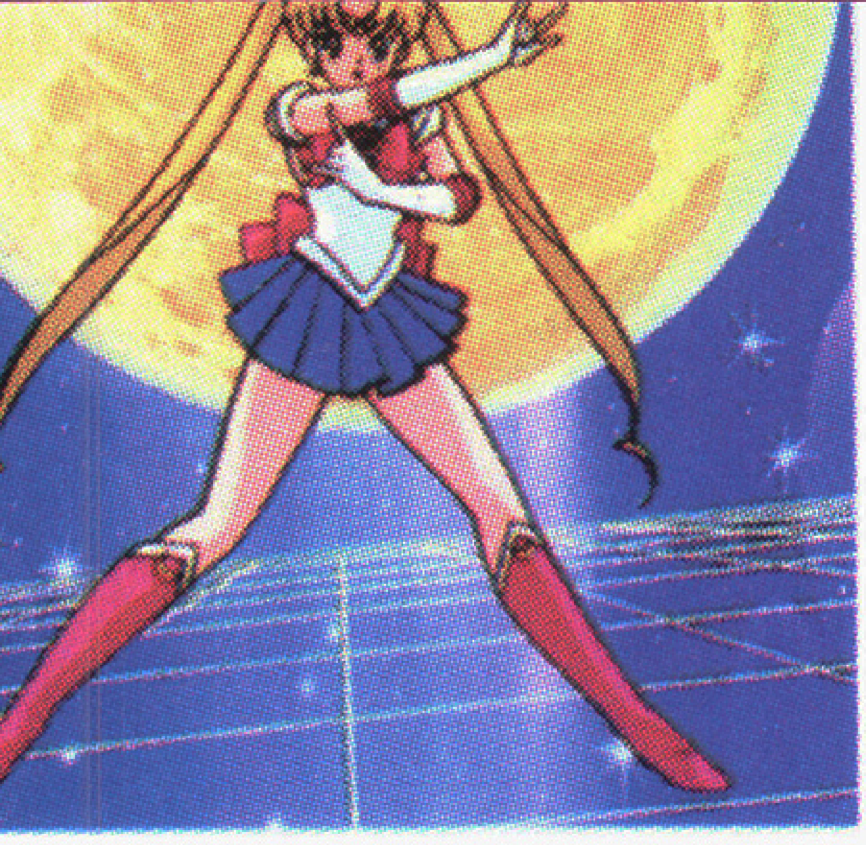
The heavenly body closest to the Earth is the Moon. People used to believe that the Moon protects the Earth during the night. In mythology, the moon goddess Diana is the sister of the sun god Apollo. She is a little saucy, but noble and courageous. She understands the feelings of other people. The guardian constellation of the moon is Cancer. Cancer represents the crab that took an oath of loyalty to Queen Juno.

The Moon changes its shape every day. During a new moon, you can't see the moon at all! It takes 15 days to become a full moon again. The first calendar was created when ancient priests discovered this law. The Moon influences animal behavior and natural phenomena on the Earth. For example, there is a flower that only blooms on the night of the full moon. I like to think that the moon's loving energy is strongest during a full moon. The gravity of the Moon influences the tide, too. The Moon has a powerful effect on the Earth, you see?

In horoscopes, the moon is thought to affect people's feelings. For women, the Moon represents life after marriage. For men, the moon represents their future wives.



Some planets have lots of moons, but the Earth has just one.



I strike a pose in front of the full moon.

Personality Someone born under the Moon is often spoiled and very feminine. However, when it is important, she puts aside her own concerns and does what is right. She can be fussy and impatient, but often has a friendly smile to hide this defect. Because she likes to take care of others, people often rely on her.

Cancer

Destiny of Cancer who has the Moon as the guardian planet

Love With a heart full of warmth, and passion as deep as an ocean, she holds her lover gently. She always loves only one boy. That means she'll never chase two boys at a time or have a date with someone she doesn't love. She'll do anything to please her boyfriend. True love is very important to her. One thing she has to be careful of is jealousy. If she is too restrictive, the boyfriend might feel smothered.

Luna is important in Moon mythology. So are Artemis and Diana!

Items that bring out your guardian planet power

Flowers: Lily, Tuberose, Gypsophila and White Rose
Jewels: Crystal, Moonstone, and Pearl
Colors: White, Pink, Milk color, Silver
Number: 2
Other items: Flower print, frill, lace, apron, and cooking

Even Amy gets this goofy look on her face sometimes. It's funny.

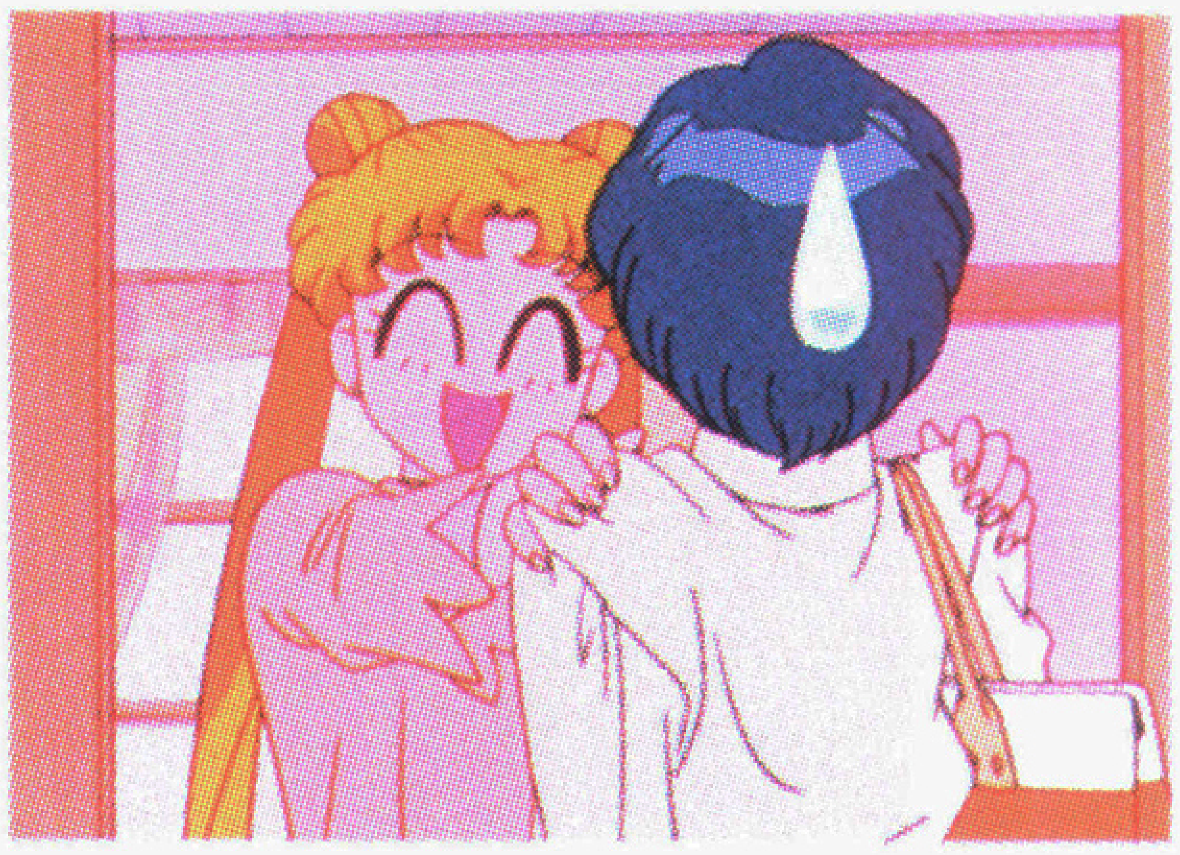
Any bad habits?

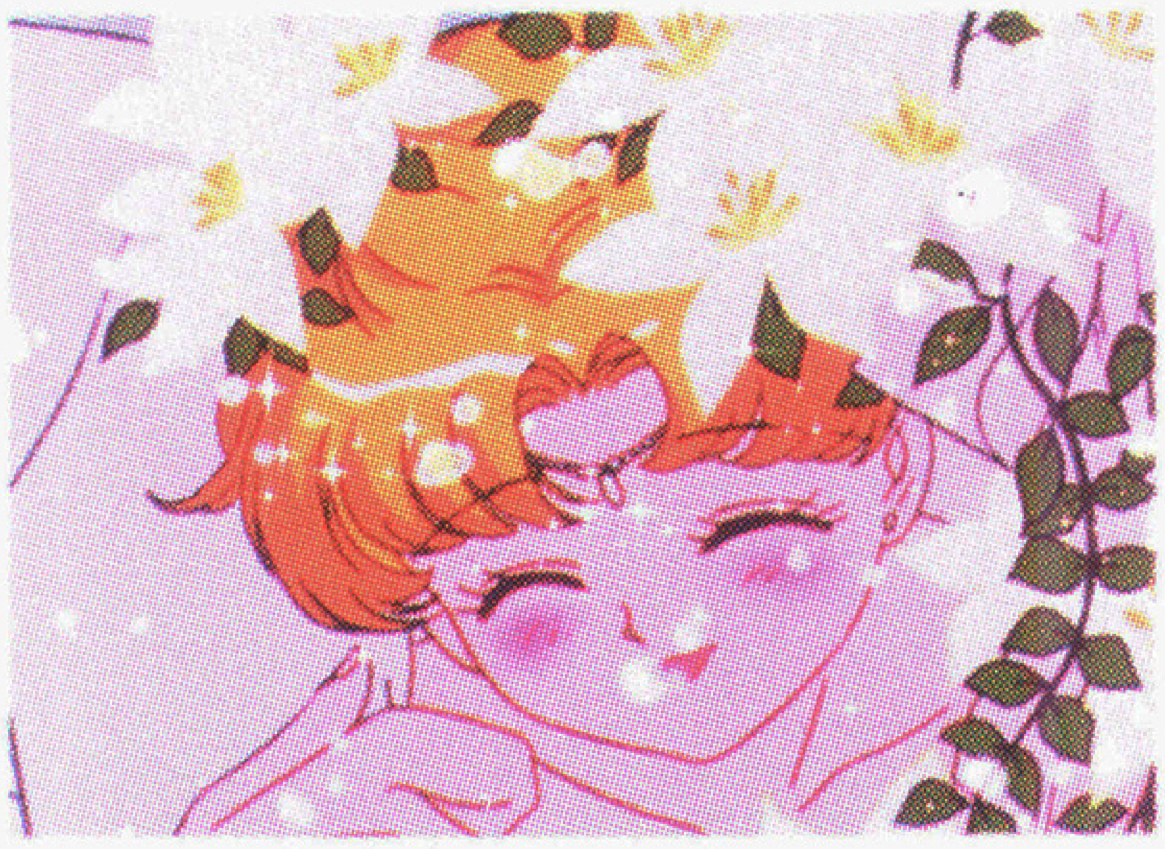
The Sailor Team tells me that I tend to laugh at signs of trouble. Ha ha. I wonder it's true?



Do I laugh about everything? I don't, do I?

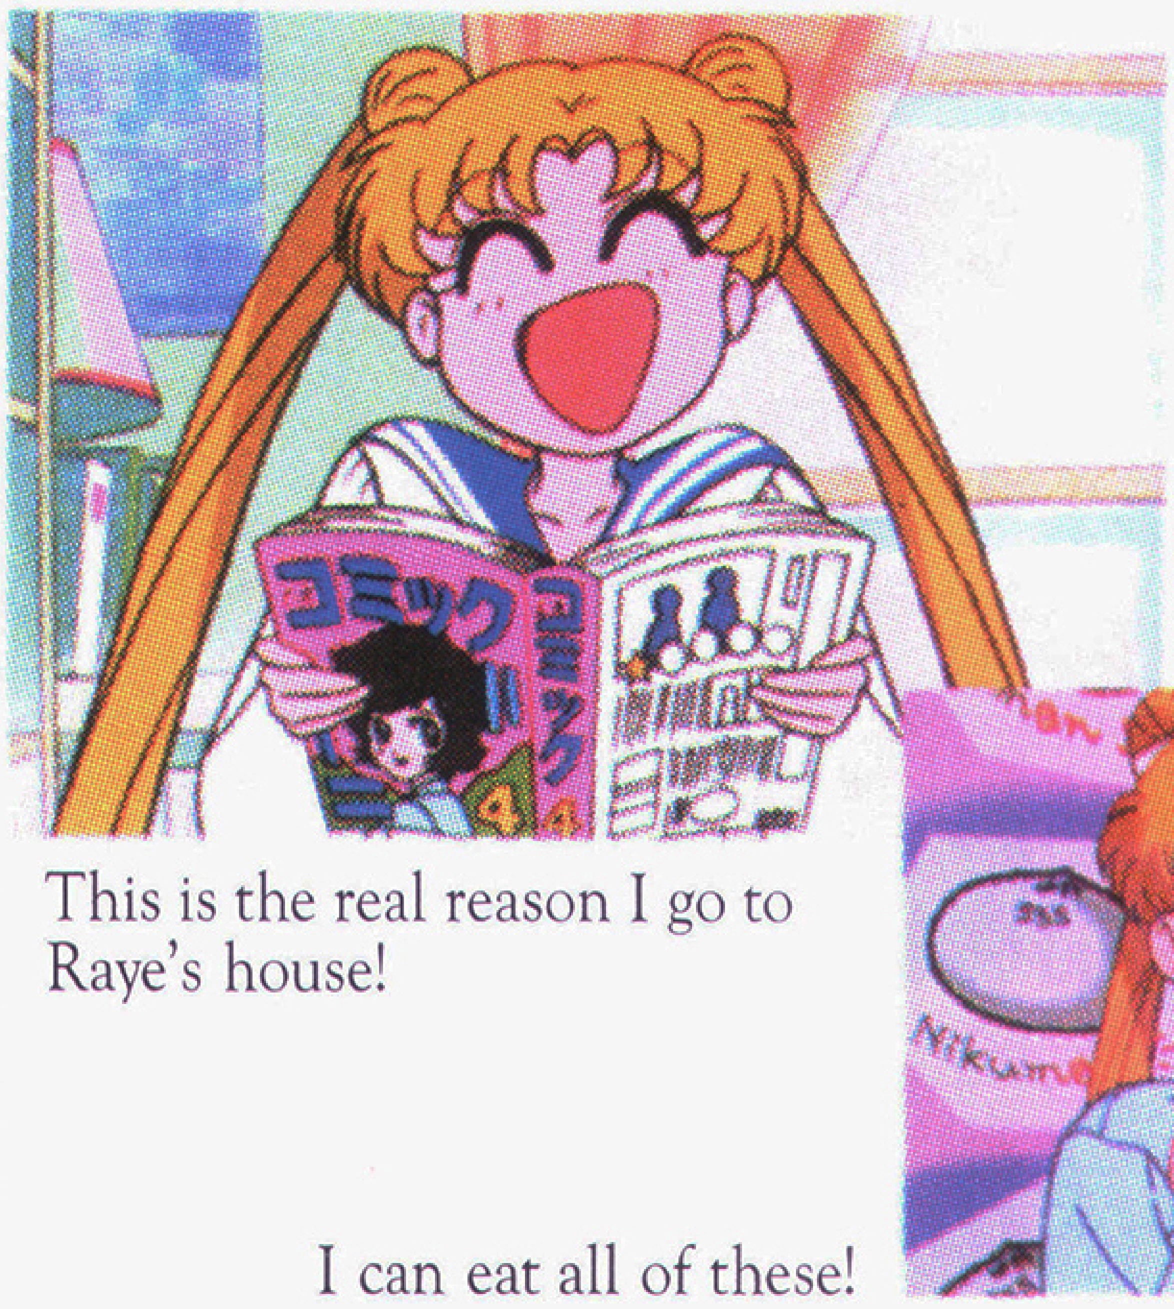
Dream for the future?

To marry Darien, of course! It's my dream to wear a white wedding dress and get married in a beautiful chapel.

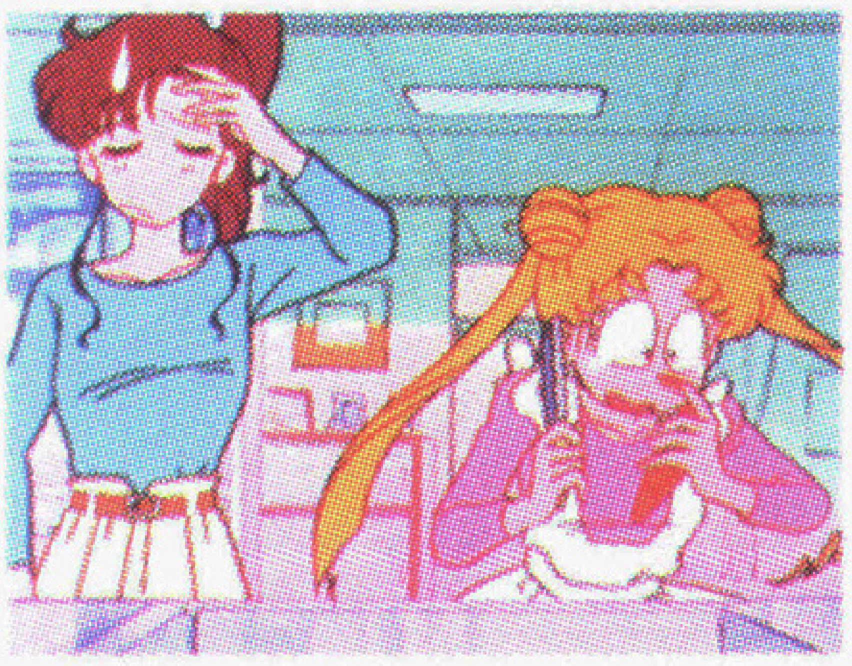


It's not bad to become a career woman like Raye.

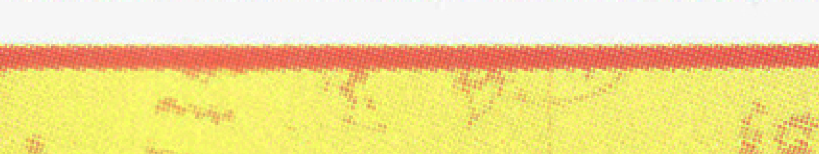
Any hobbies?



This is the real reason I go to Raye's house!



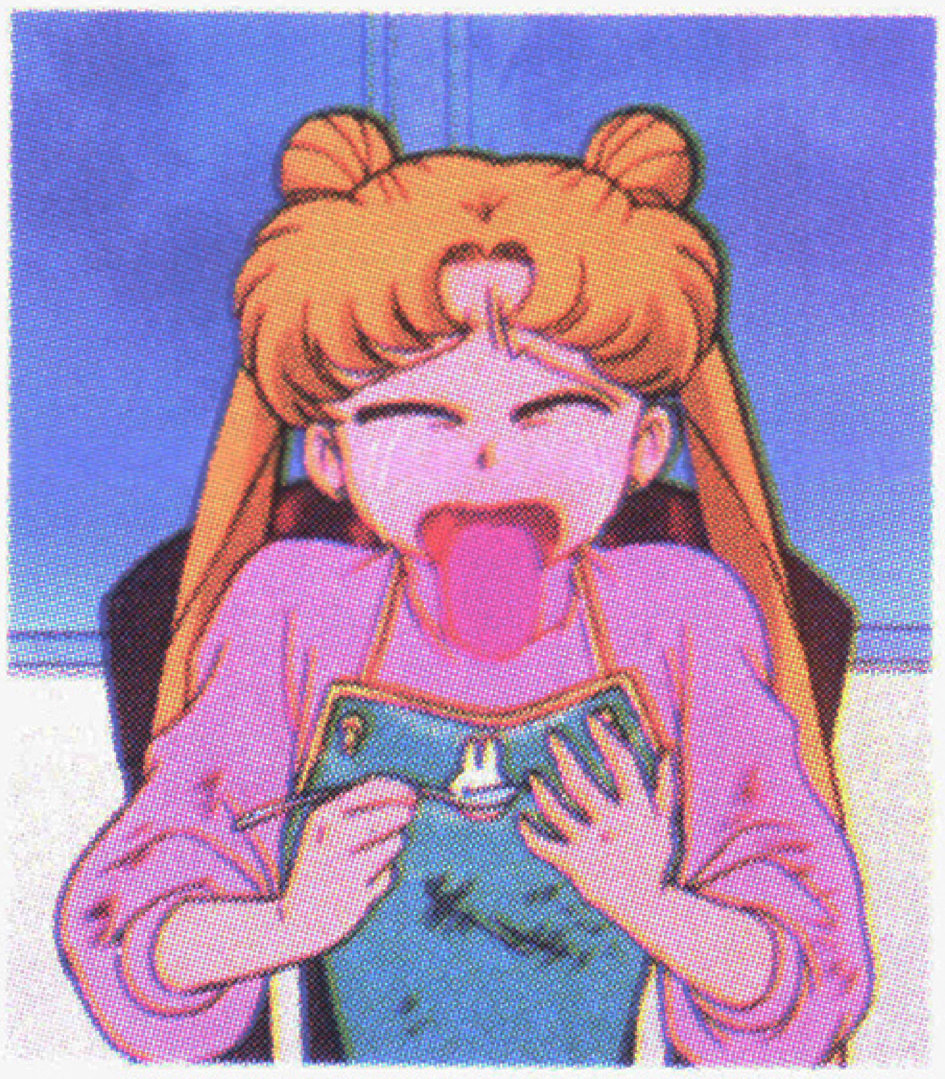
I don't hate to cook.



I can eat all of these!

Eating sweets, playing video games, reading comics, watching animation, and er… er…

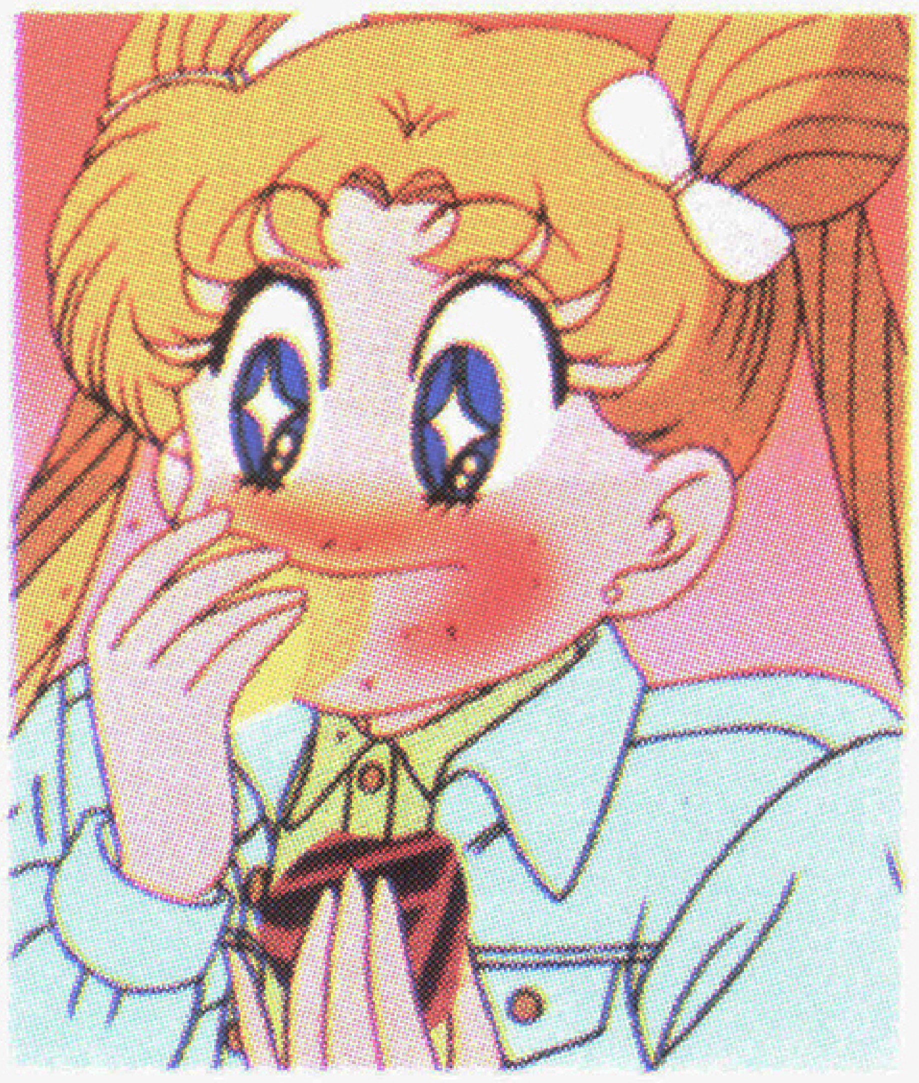
Least Favorite Food?



Let's taste the spicy curry I cooked. Oops! It's too hot for me.

Although my Japanese name, Usagi, means rabbit, I'm not like a rabbit. I hate carrots!

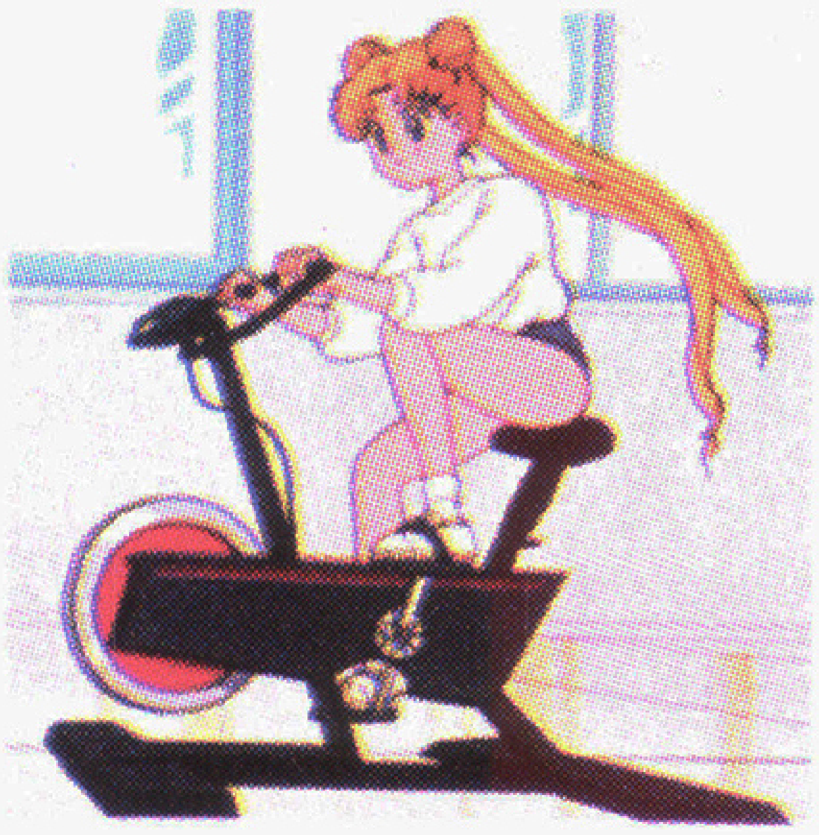
Favorite Food?



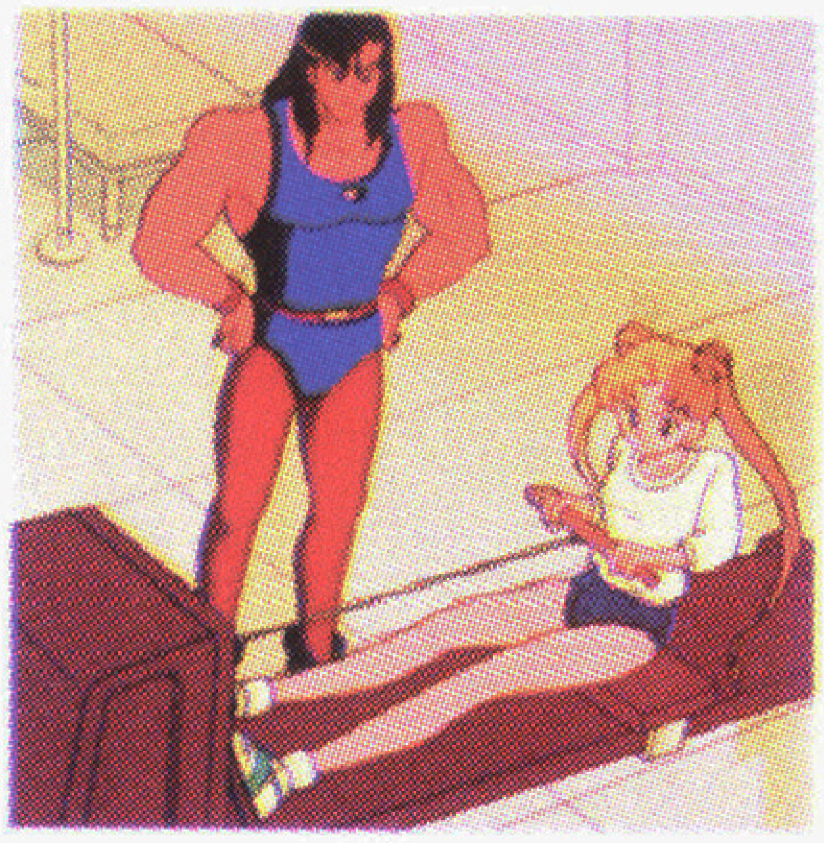
It's fun to eat with my friends.

Ice cream, cake, crepes, and my mom's homemade apple pie.

Favorite Sport?



I try to shape up at the local gym!

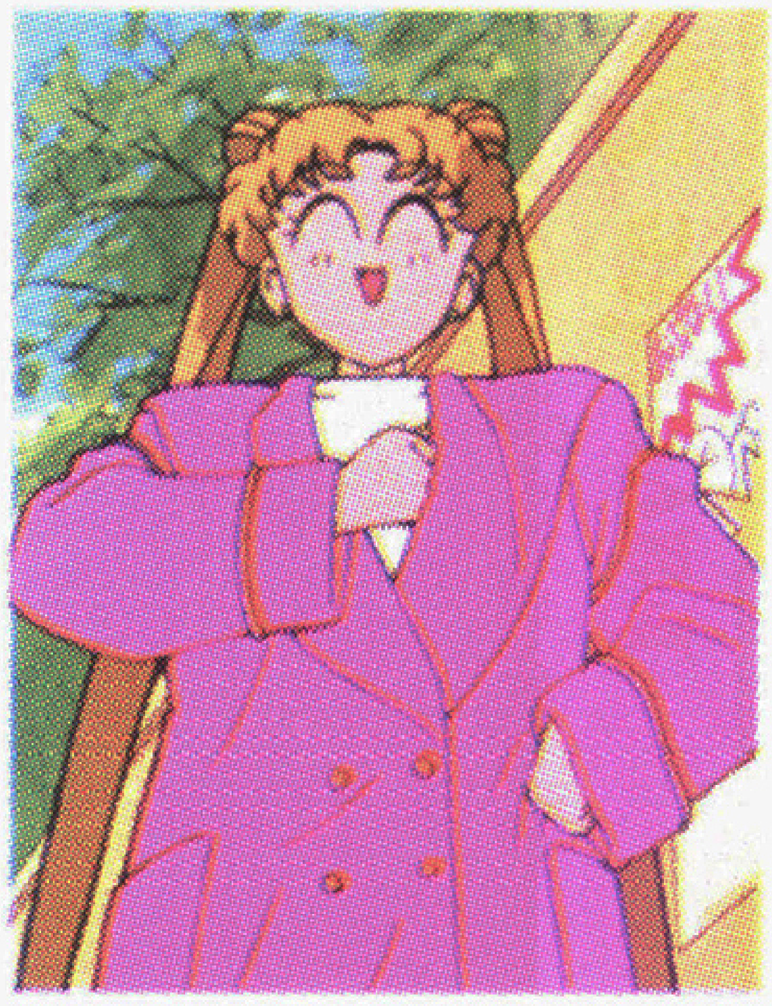


See, I have flabby muscles.

Well, this is not an easy question. I'm athletic, sure I am! I like sports as much as the next girl!

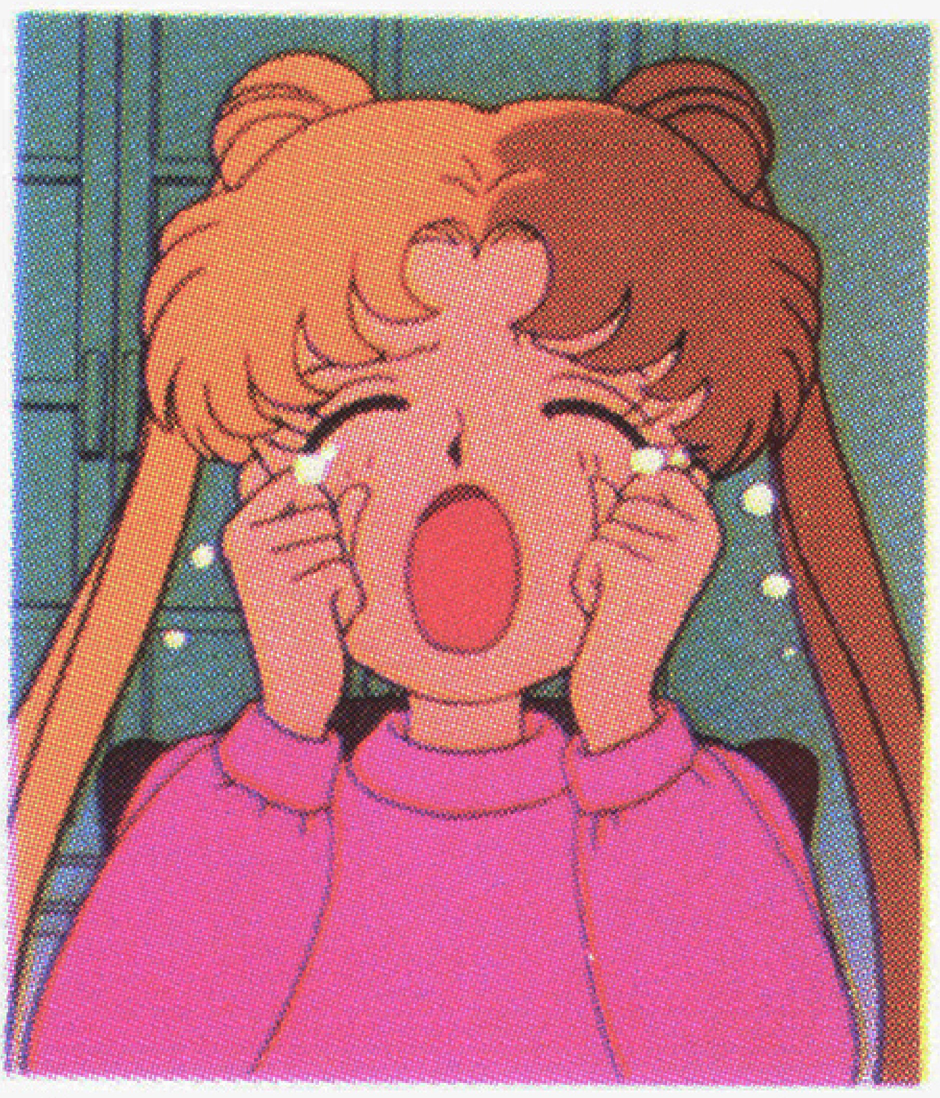
Favorite Color?

You might guess that I like yellow 'cause that's the color of my hair, but that's not the case. I like feminine white and lovely pink.



Most of my outfits are pink and white.

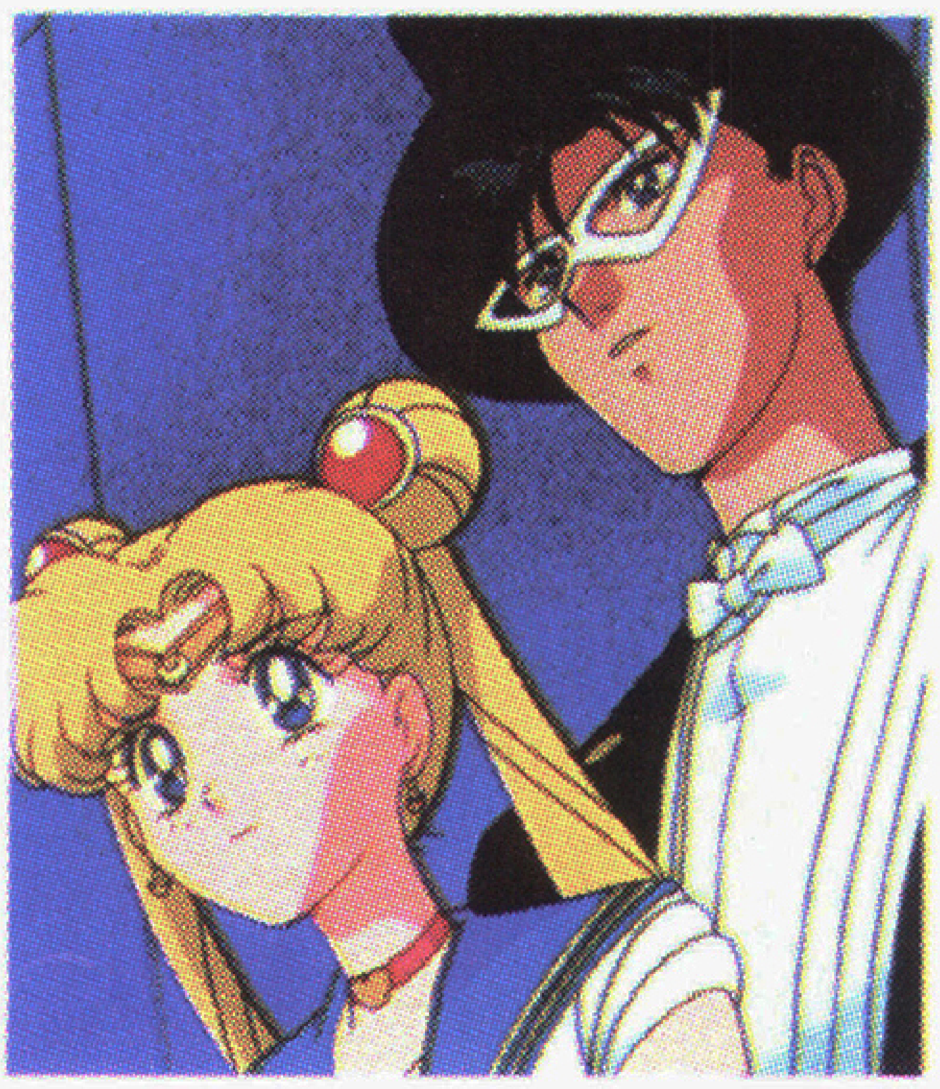
Special talent?



Because I'm a tender lady, I sometimes want to be spoiled.

I used to be able to manipulate people with my tears, but it doesn't work as much now.

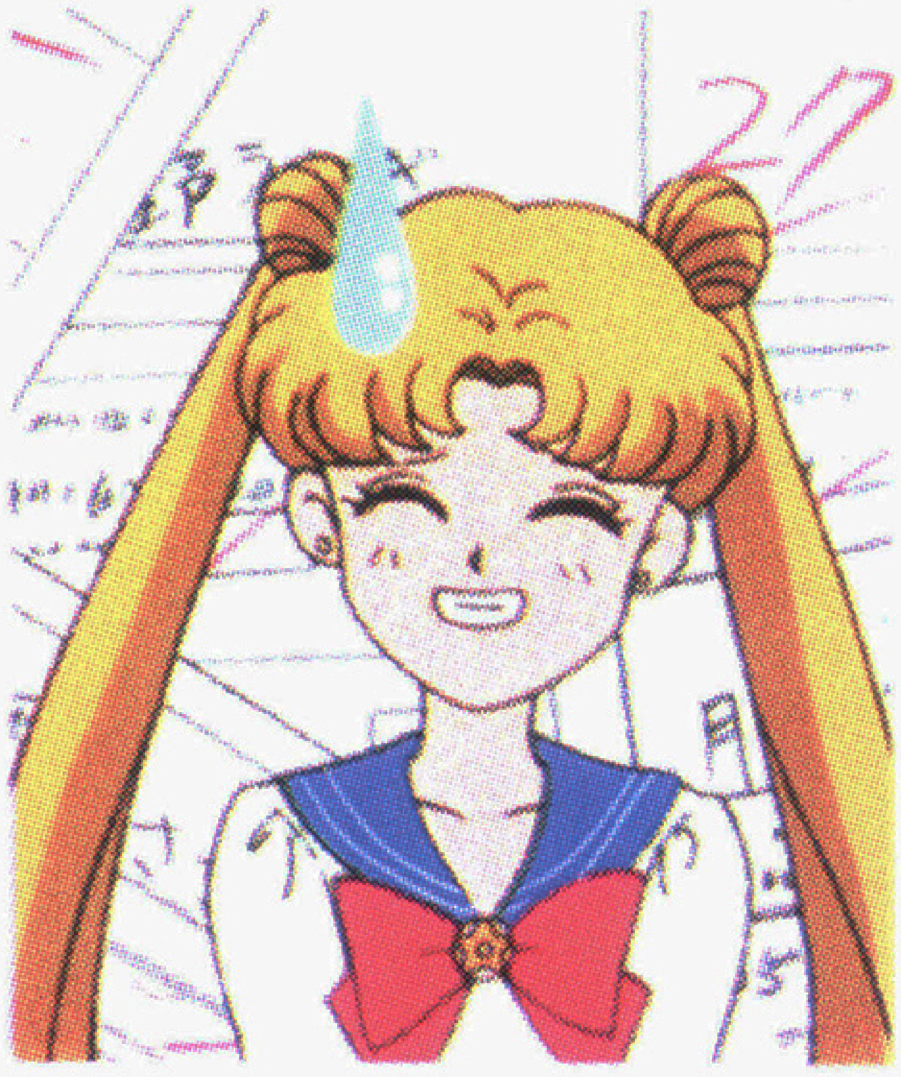
Favorite Type of Guy?



I can't imagine my life without Darien.

Great looks definitely come first. He's perfect if he's nice and tall. Needless to say, Darien is the perfect guy.

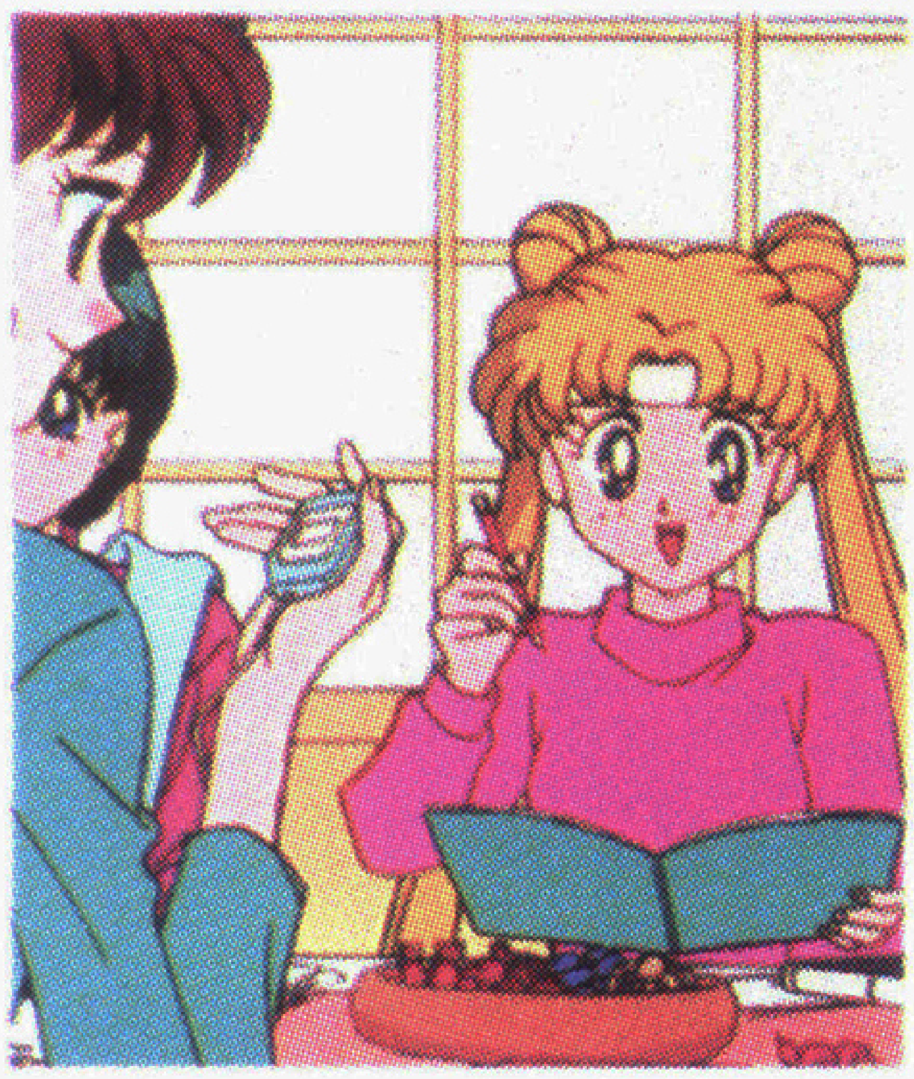
Worst School Subject?



I believe it's always better to study with friends.

To be honest, I'm not so good in English and Math. You already know my test scores, right?

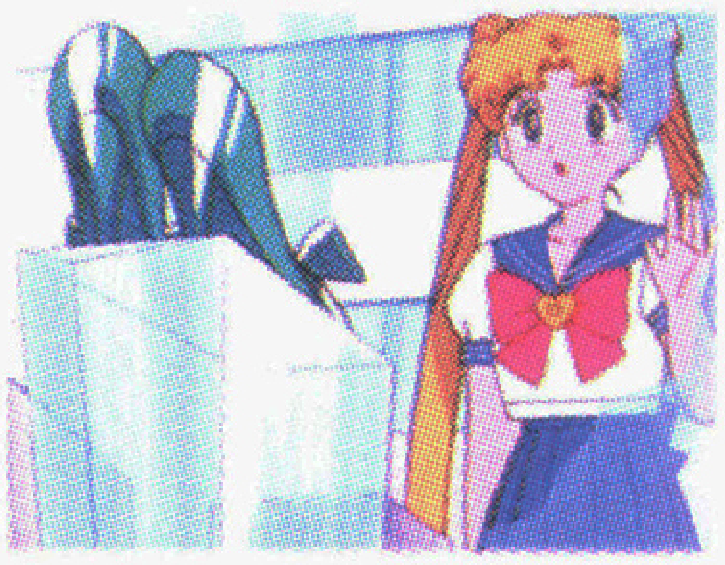
Favorite School Subject?



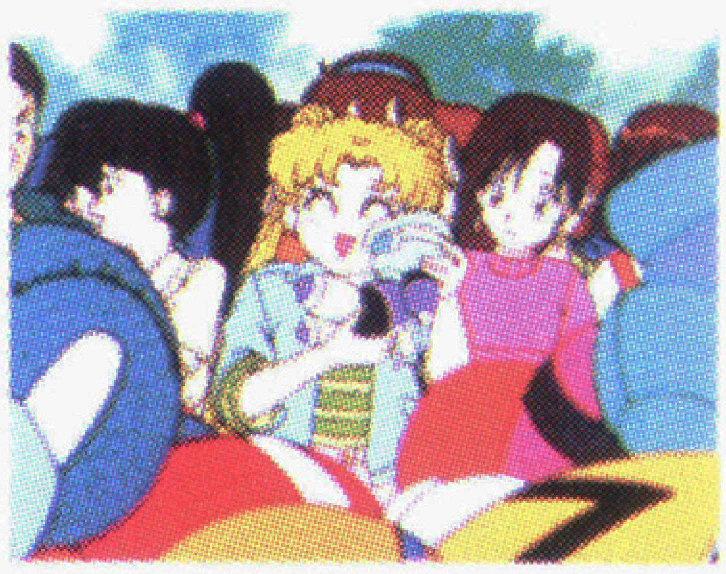
I prefer cooking to taking tests.

You know what? There's more important things in life than good grades!

Most Wanted?



Hmm... These shoes should match my dress.

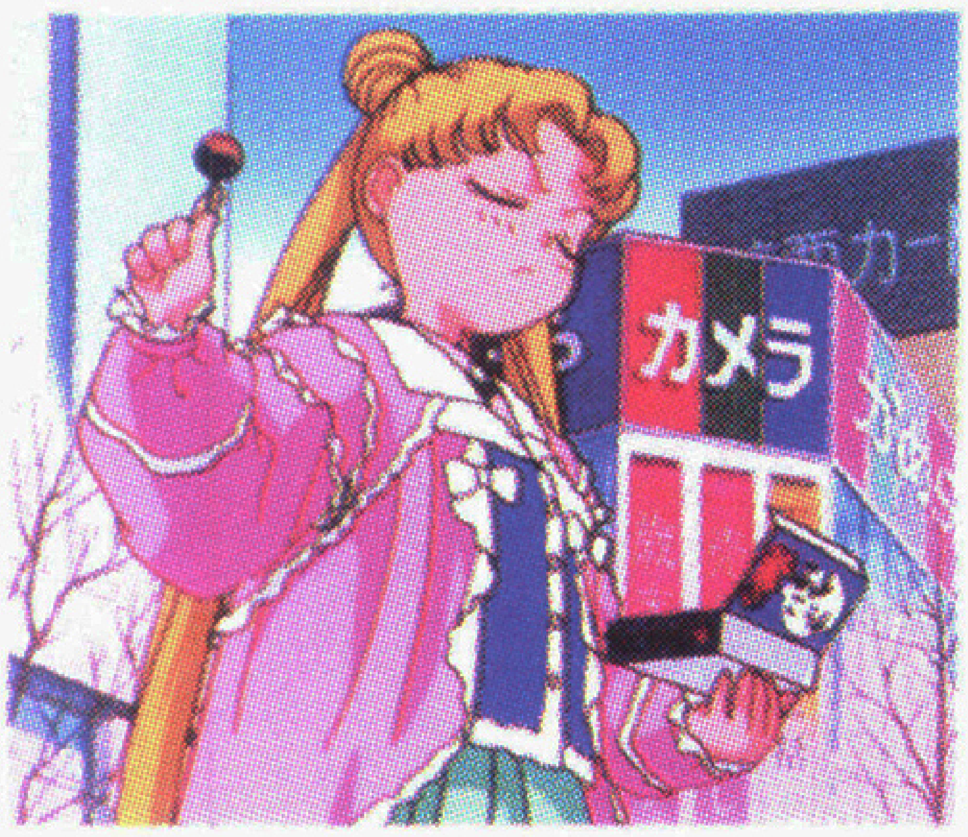


I can't decide which one is a better bargain.

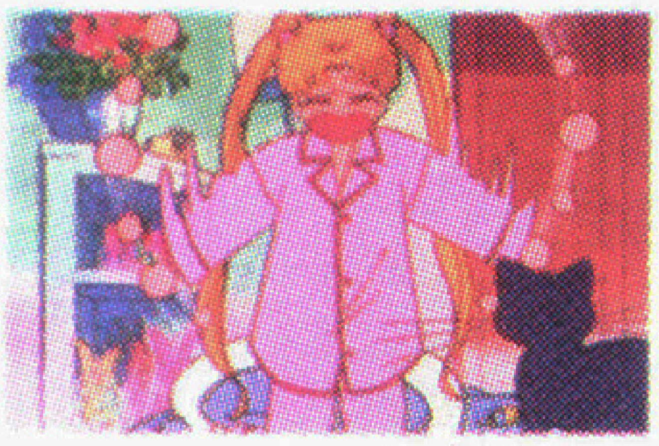
It's hard to think of just one thing, so I guess I'll say new clothes. I have to keep up with fashion.

Favorite Fashion?

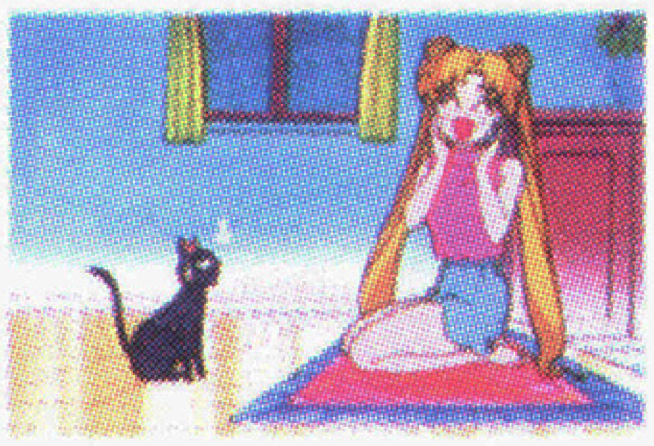
I like casual clothes. I especially like pleated skirts, regardless of length.



In winter I go for a layered look.

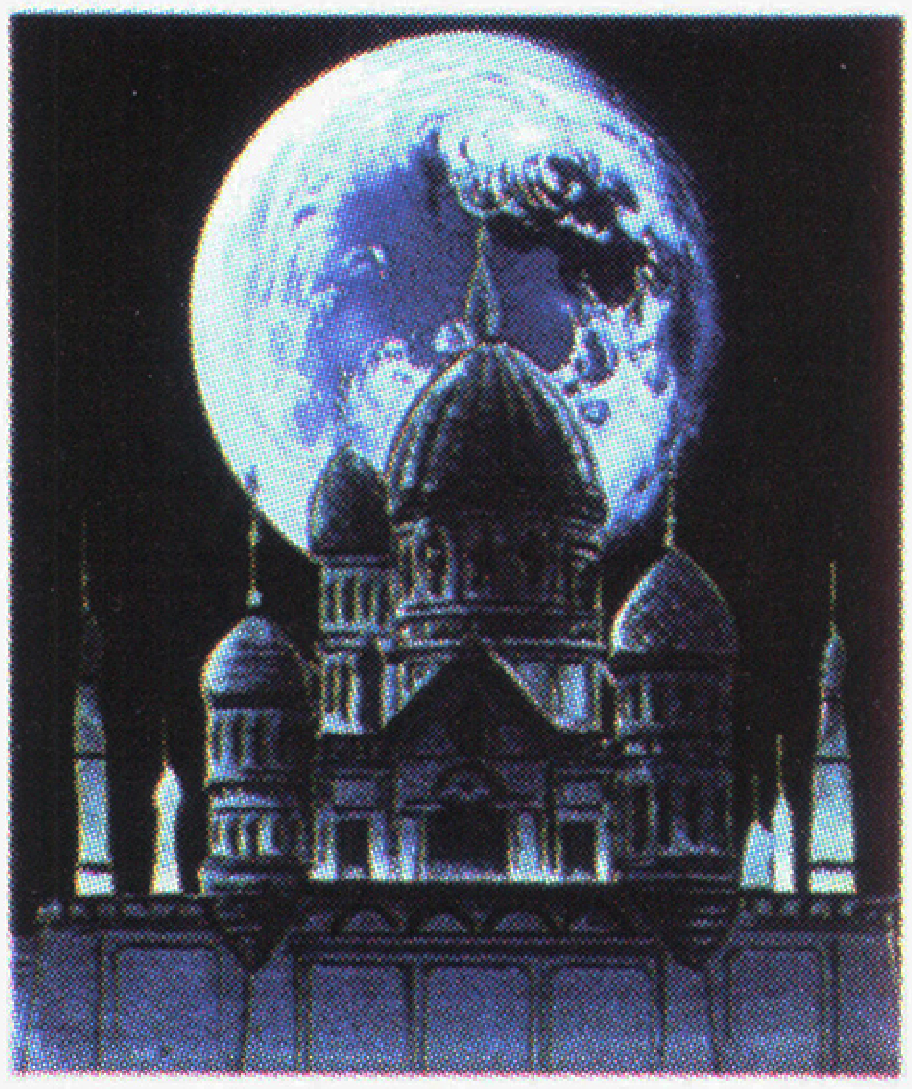


I like loose pajamas for sleeping.



I prefer skirts to pants.

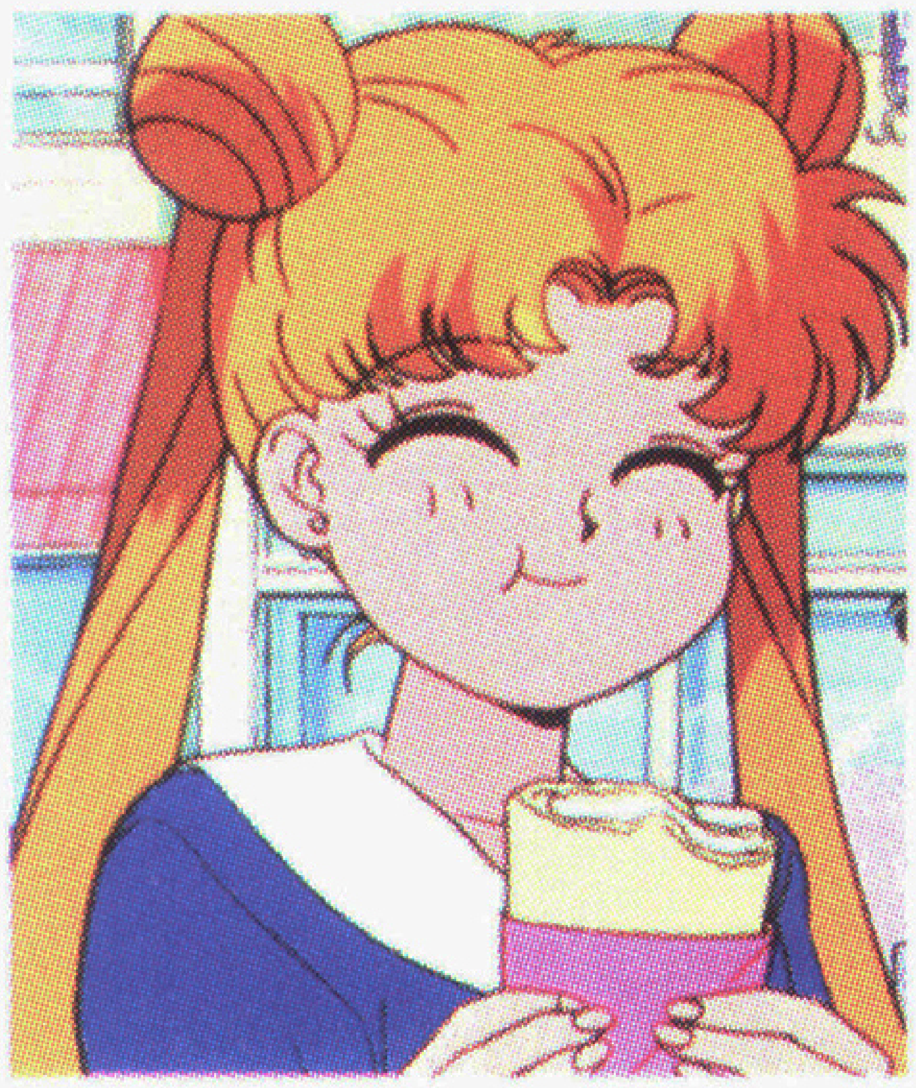
Favorite Place?



I hope the Silver Millennium is this beautiful.

The Palace of Versailles. It somehow reminds me of the Silver Millennium.

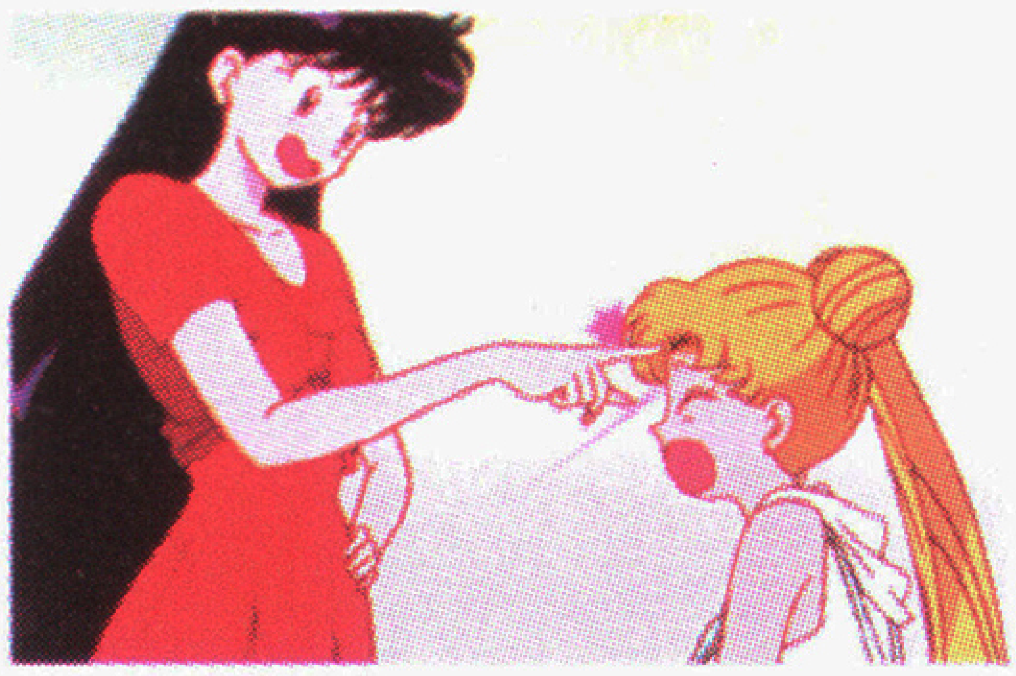
Least Favorite Activity?



I just can't stop eating sweets!

Going to the dentist! I love sweets, but I have to be careful not to get any cavities.

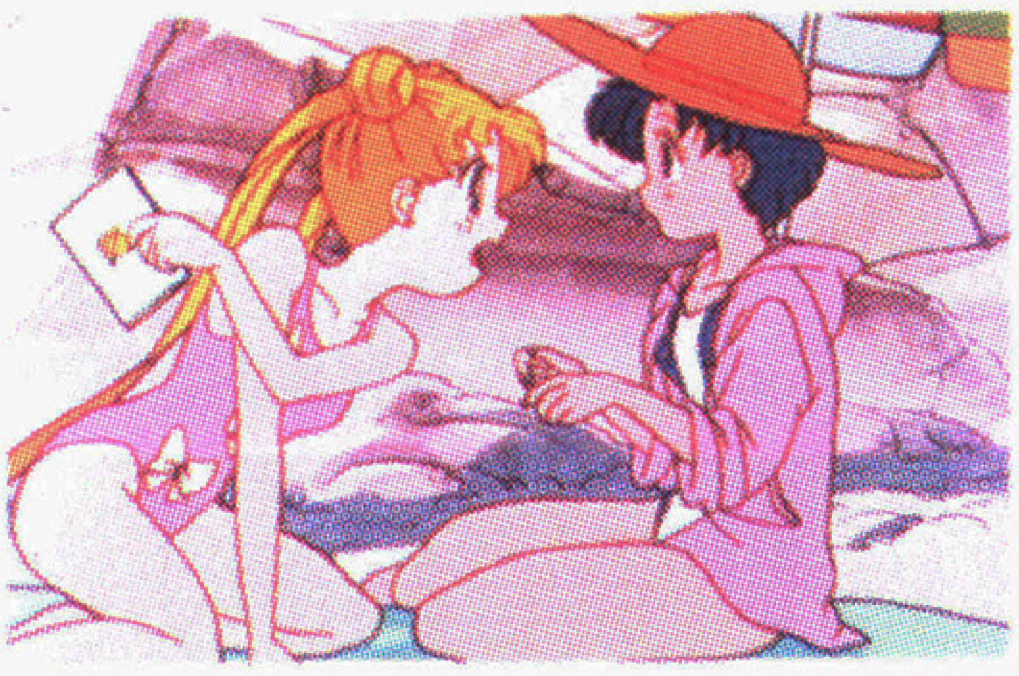
What do you think of Raye?



She's always picking on me, but we're really good friends.

She loses her temper easily, but she's very devoted to her friends. She has a great singing voice too!

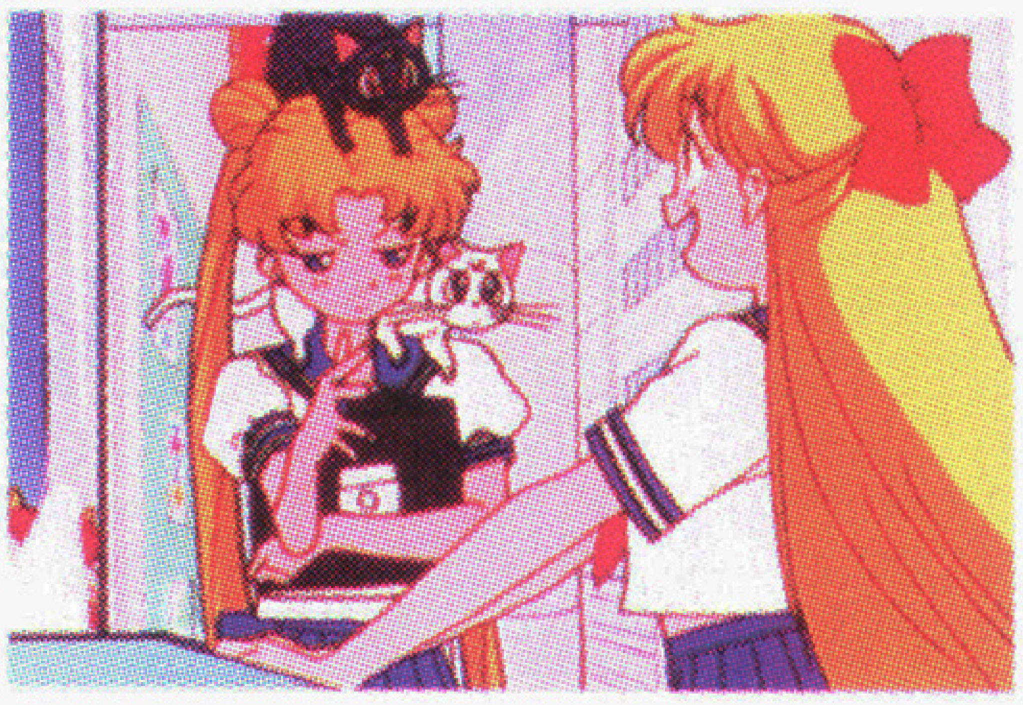
What do you think of Amy?



Forget about studying for a minute, Amy! Let's play!

She is very serious and single-minded when it comes to her studies.

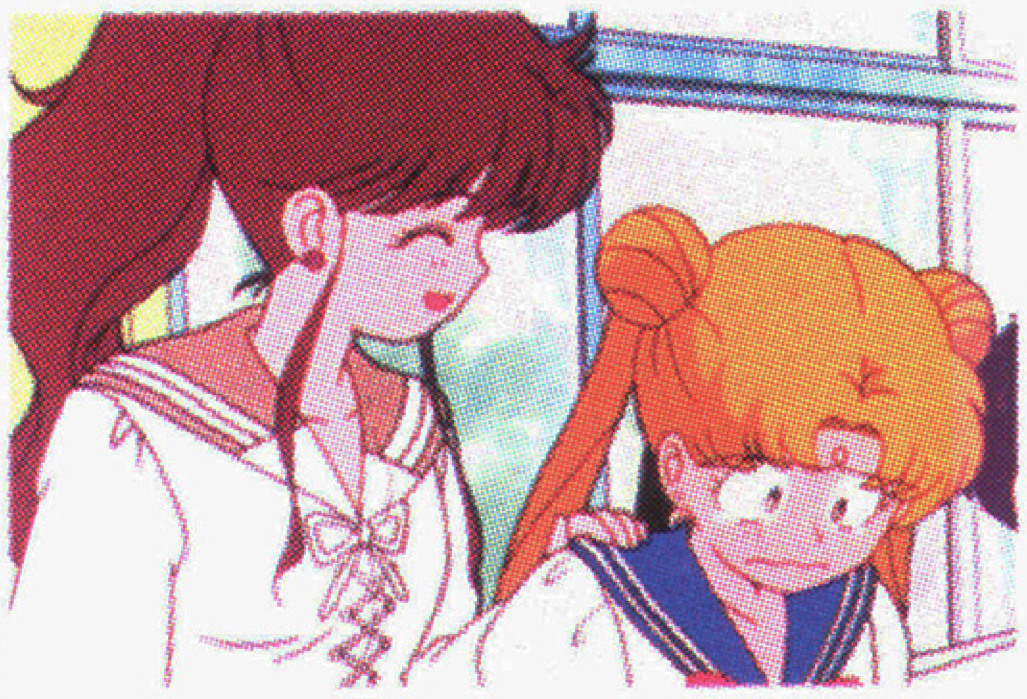
What do you think of Mina?



She uses odd proverbs. Amy corrects her most of the time.

She is cheerful and even more energetic than I am. I'd say she can be a little too obsessive at times.

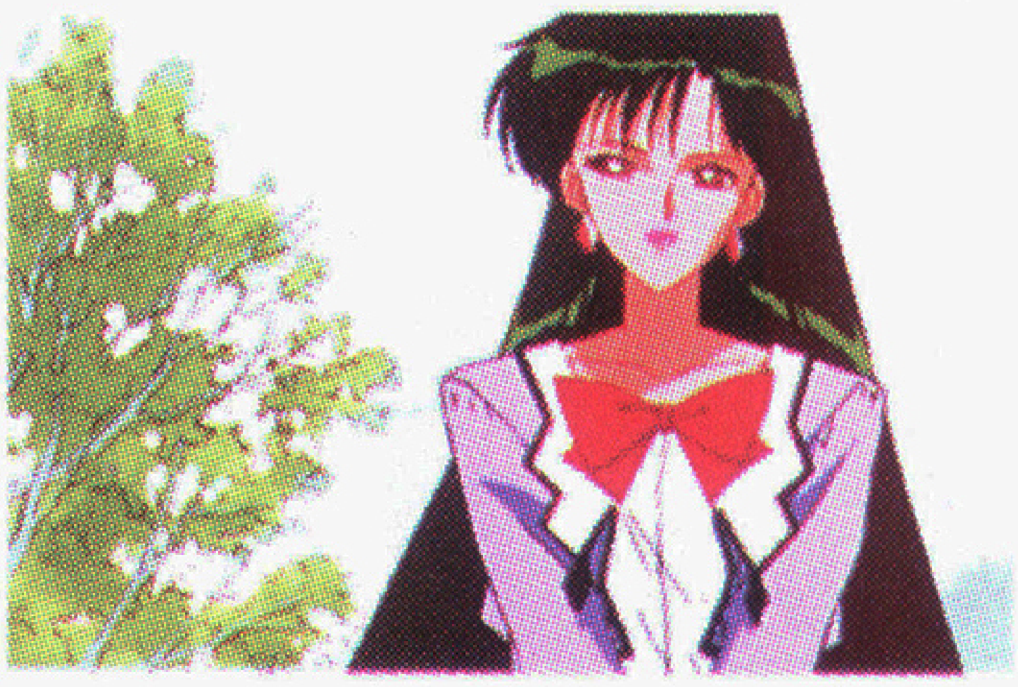
What do you think of Lita?



She easily falls for a good-looking guy.

She's the strongest and bravest member of the Sailor Team, but in a way, she's also the most feminine. All of her cooking is great!

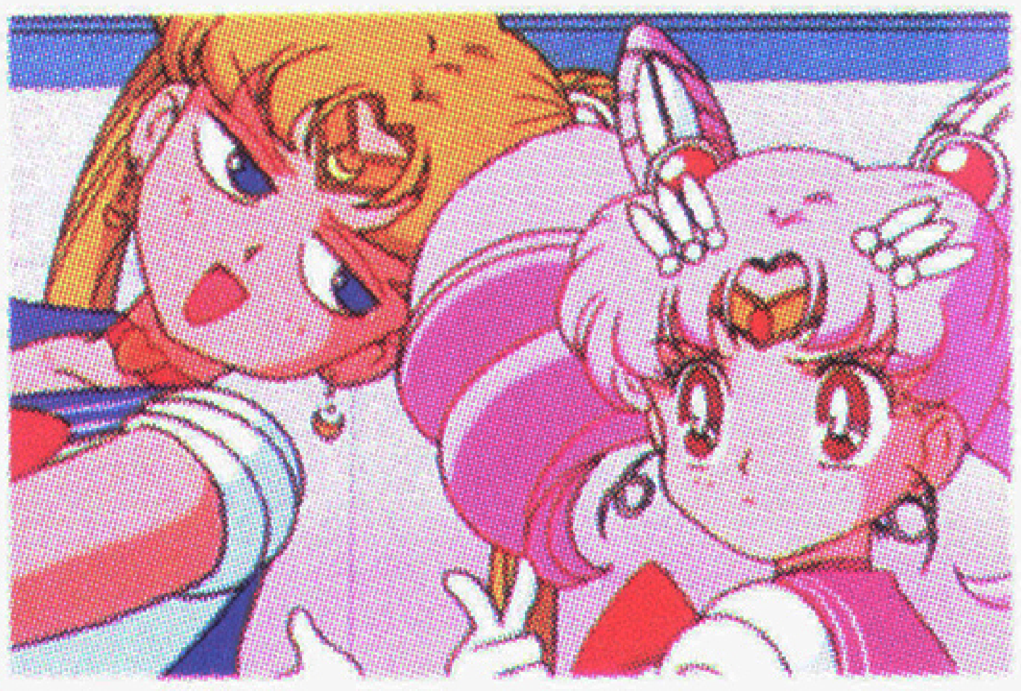
What do you think of Setsuna?



She's very concerned for Rini. She acts like her mother.

She's mysterious and acts much older than her age. When the going gets tough, she's always reliable.

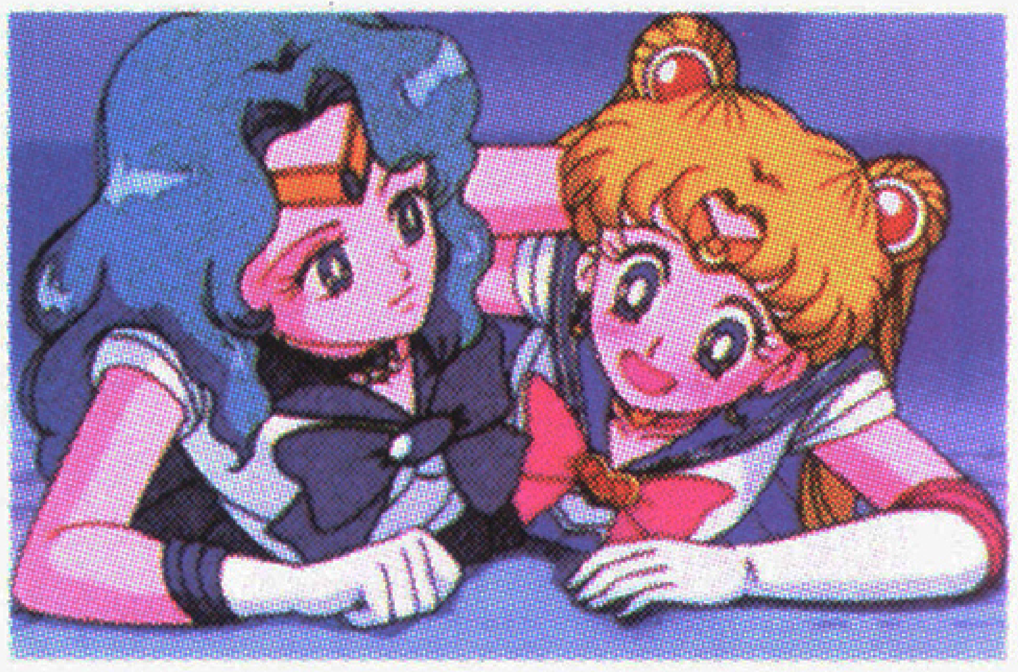
What do you think of Rini?



"You're so stubborn and selfish! Who do you think you take after?"

When she clings to Darien I sometimes get jealous. She's just a lonely little girl… and I guess Darien is her dad in later life!

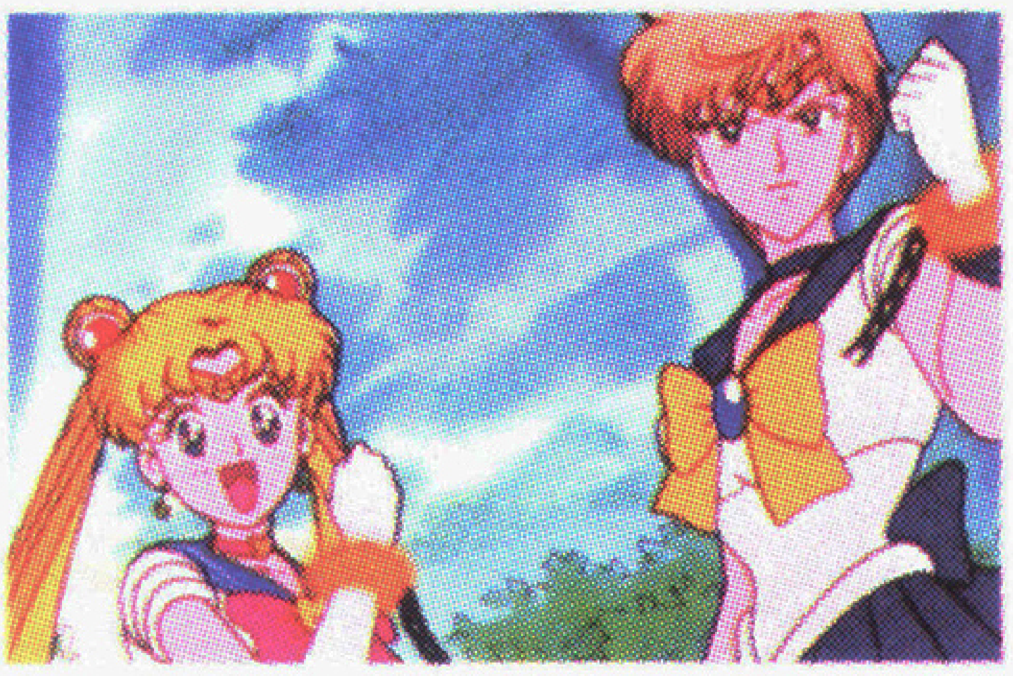
What do you think of Michiru?



Michiru and Haruka are both very talented.

She is my idol because she's pretty, elegant, and is very good in art and music.

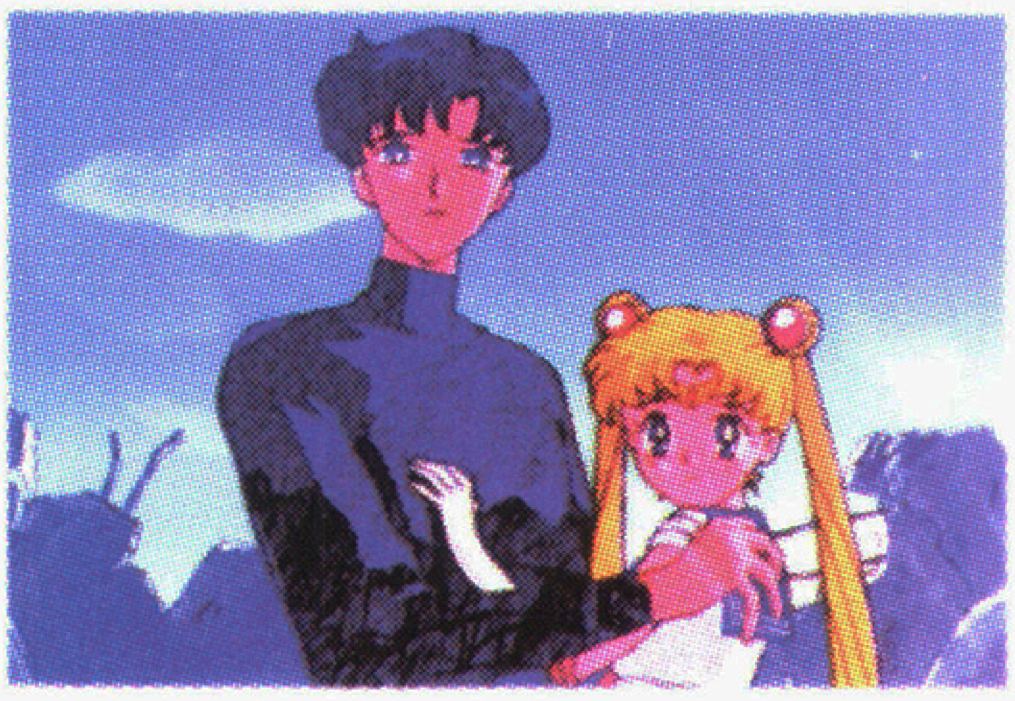
What do you think of Haruka?



In spite of her cool appearance, she has a warm heart and is very kind to us.

She is so cool. She makes me feel light-headed, but she's not really a guy!

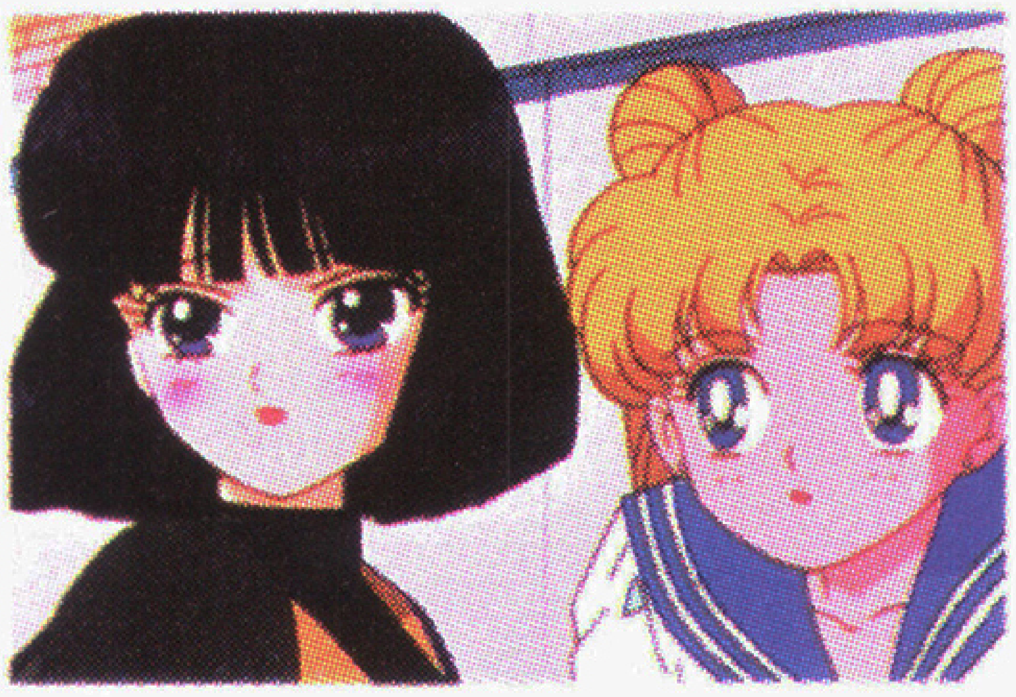
What do you think of Darien?



I believe Darien and I are star-crossed lovers.

Of course, I love him! He is sometimes strict with me, but I know he has a warm heart and is always concerned about me.

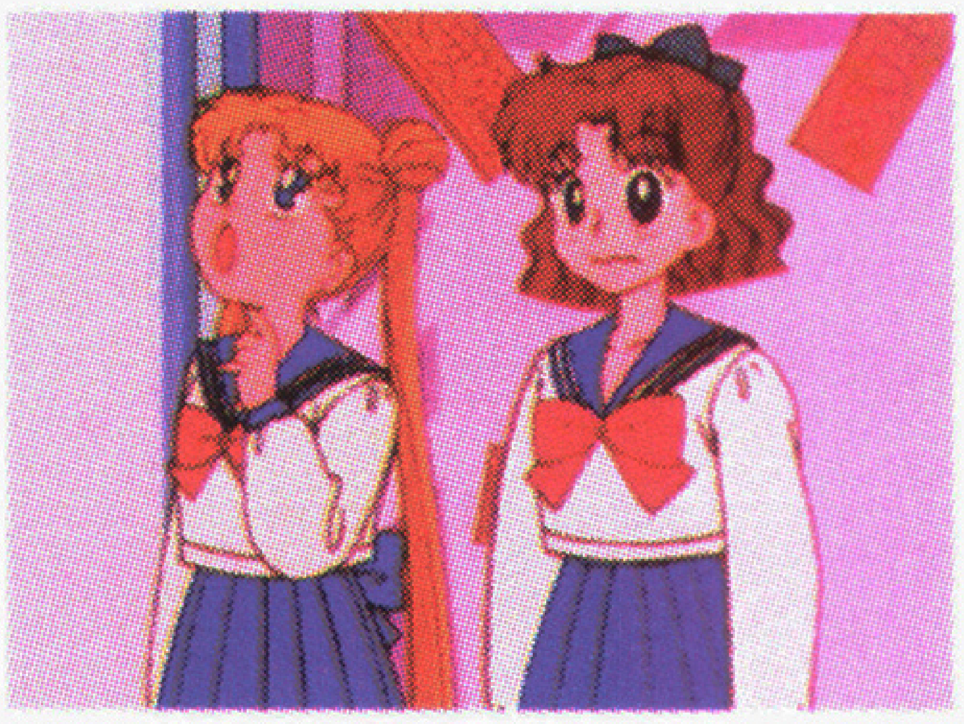
What do you think of Hotaru?



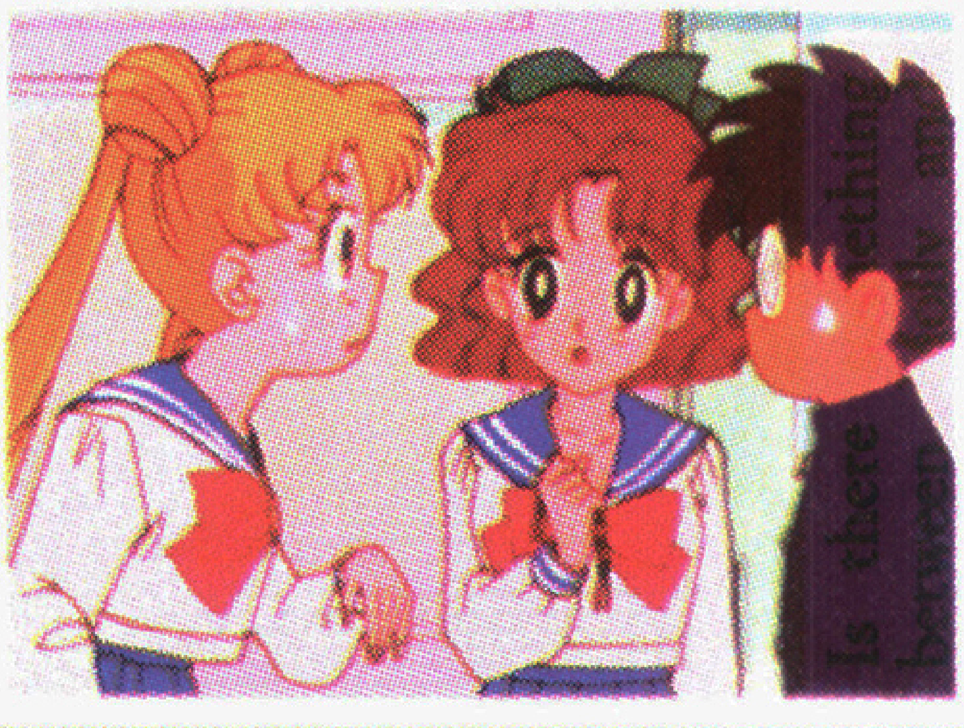
She is always polite, and a bit mysterious?

Weak health makes her frail, but she has a noble spirit. I especially like her smile!

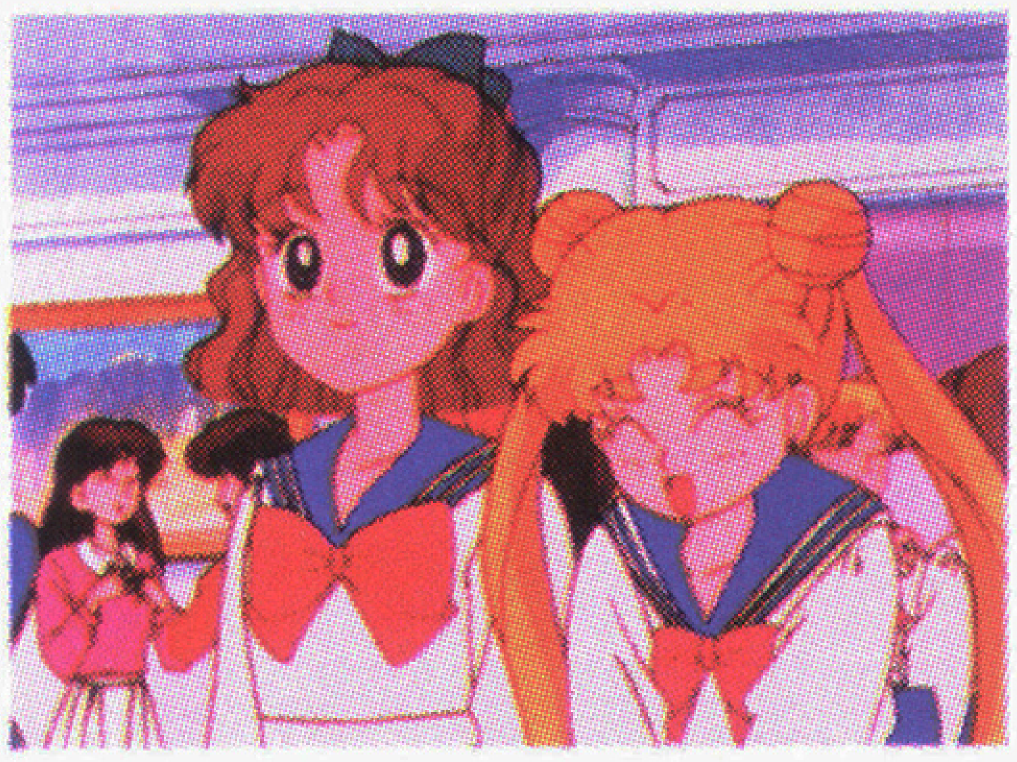
What do you think of Molly?



She takes good care of me. Sometimes it's too much.



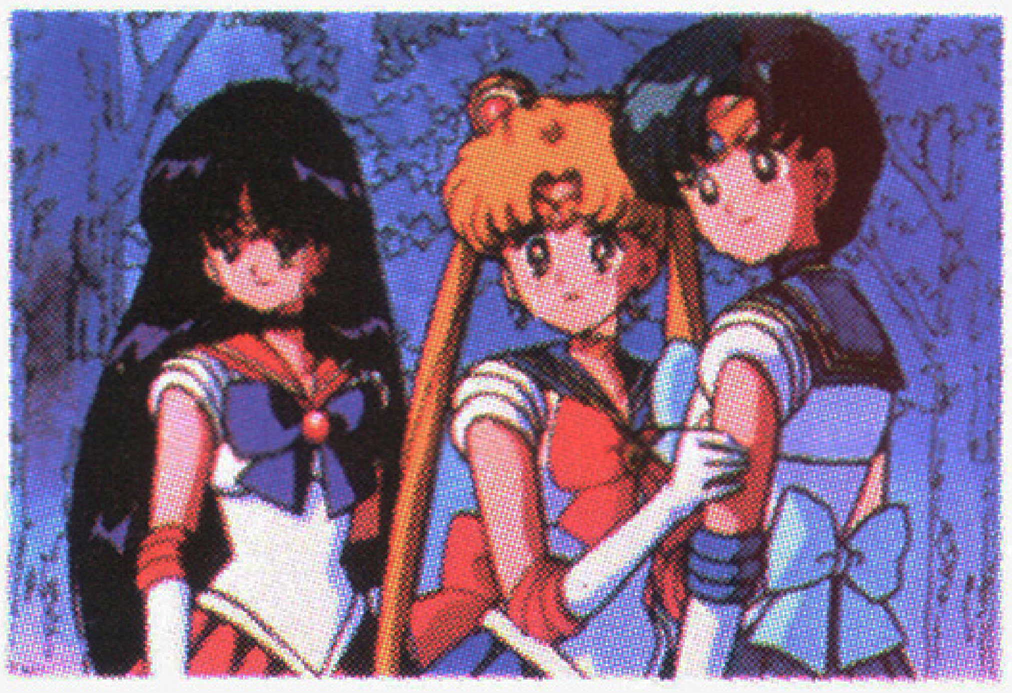
Is there something between Molly and Melvin?



We are classmates and always together.

She is cheerful and nice to her friends. She's always sharing fashion advice with me. I'll protect you when you are in trouble, Molly!

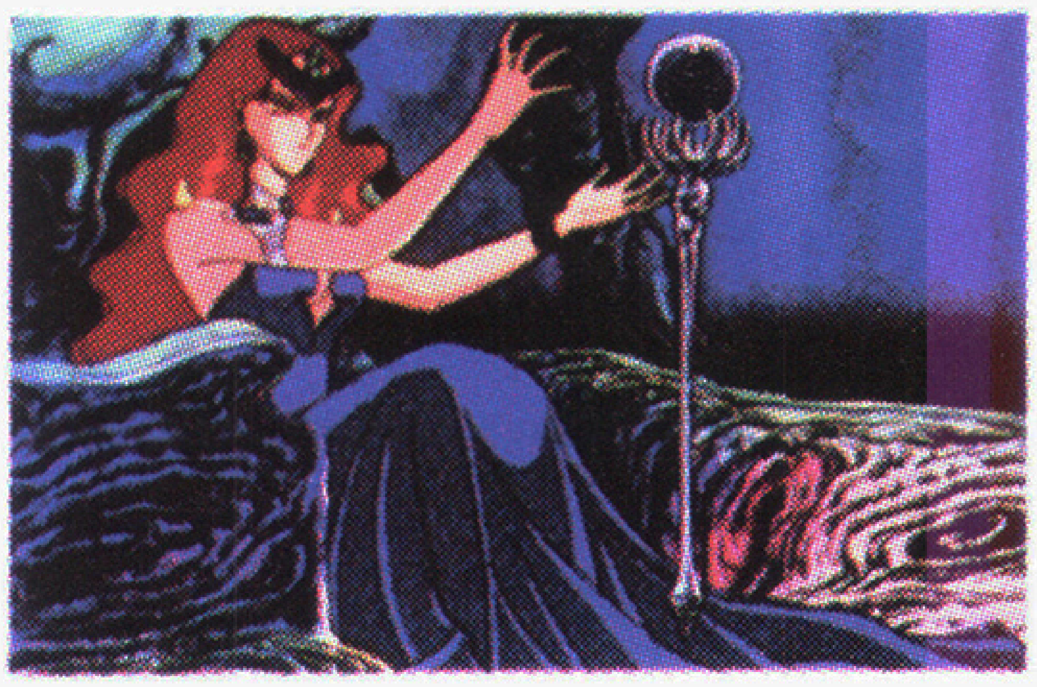
Which was the Saddest Battle?



I gave one last smile to Molly.

The last battle with Nephrite. It was a precious moment when Molly and I understood each other.

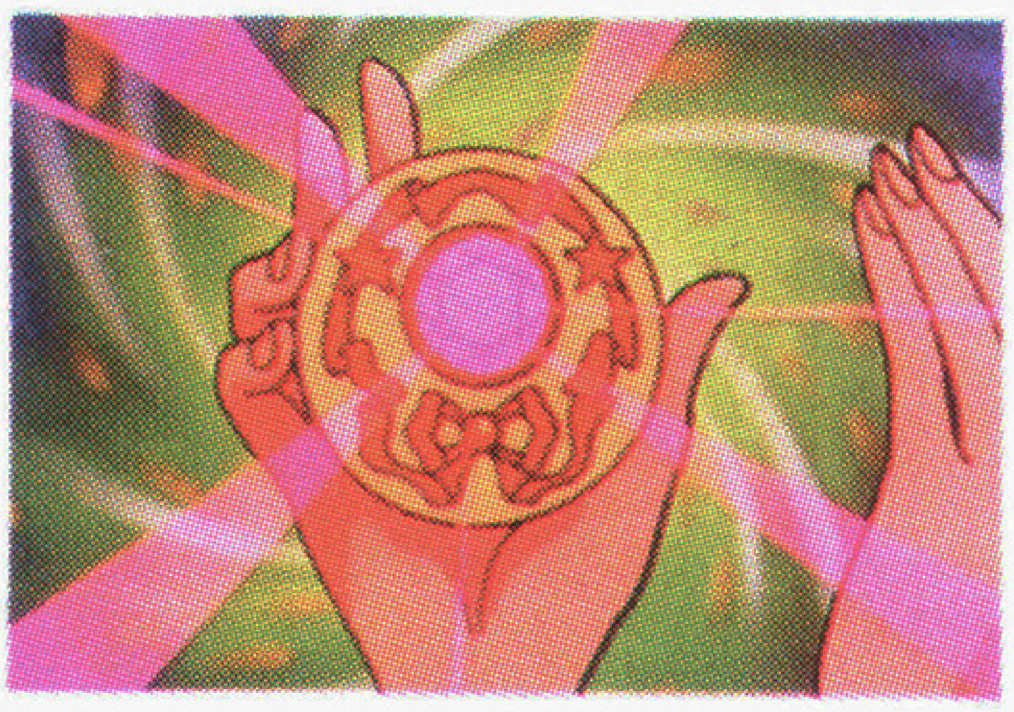
Most Powerful Enemy?



She absorbed the powers of Negaforce to become stronger.

My hardest battle was with Queen Beryl because I still hadn't mastered using the powers of the Silver Imperium Crystal.

Transformation Brooch?



I can't transform without the Transformation Brooch.

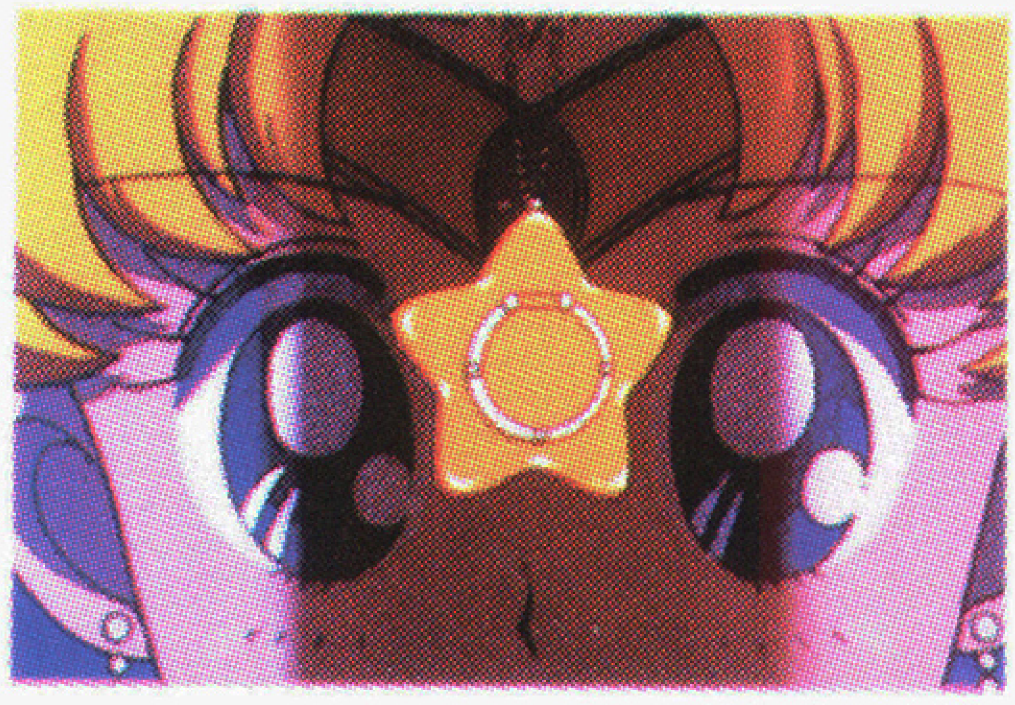
I used to use it just to transform, but the Imperium crytal combined with it to form a new compact.

Silver Imperium Crystal?

If the crystal breaks, it means Sailor Moon will die.

It holds the power handed down in the royal family. It has the power to destroy an entire planet.

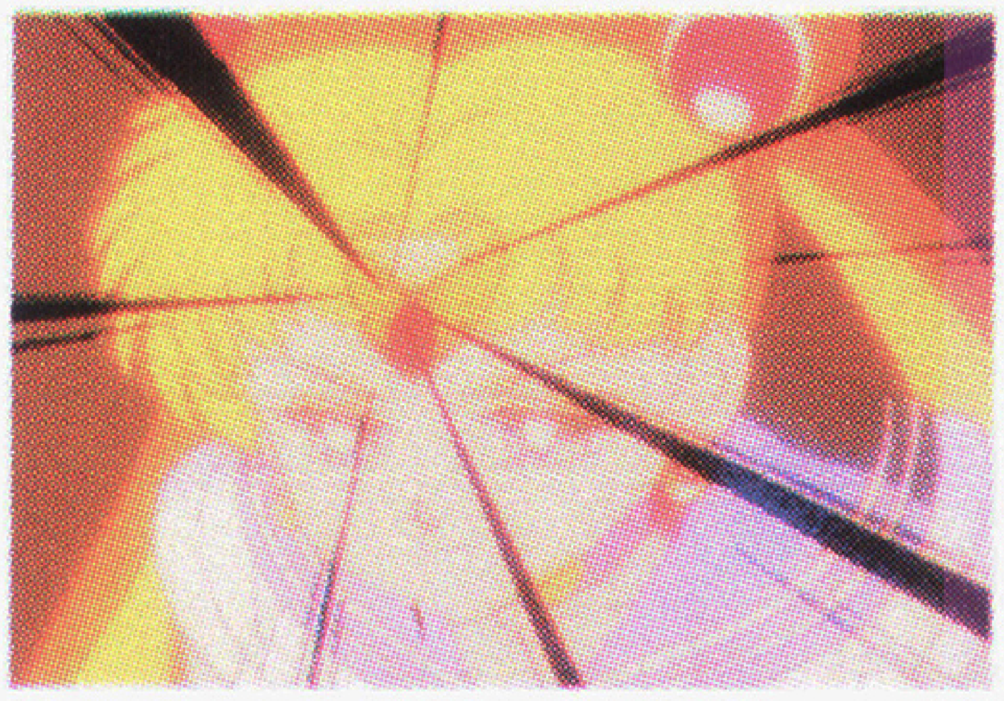
Star Music Box?



I used it to remind Darien of his past when he was brainwashed.

A long time ago, Prince Endymion (Darien) gave it to Princess Serenity as a proof of love.

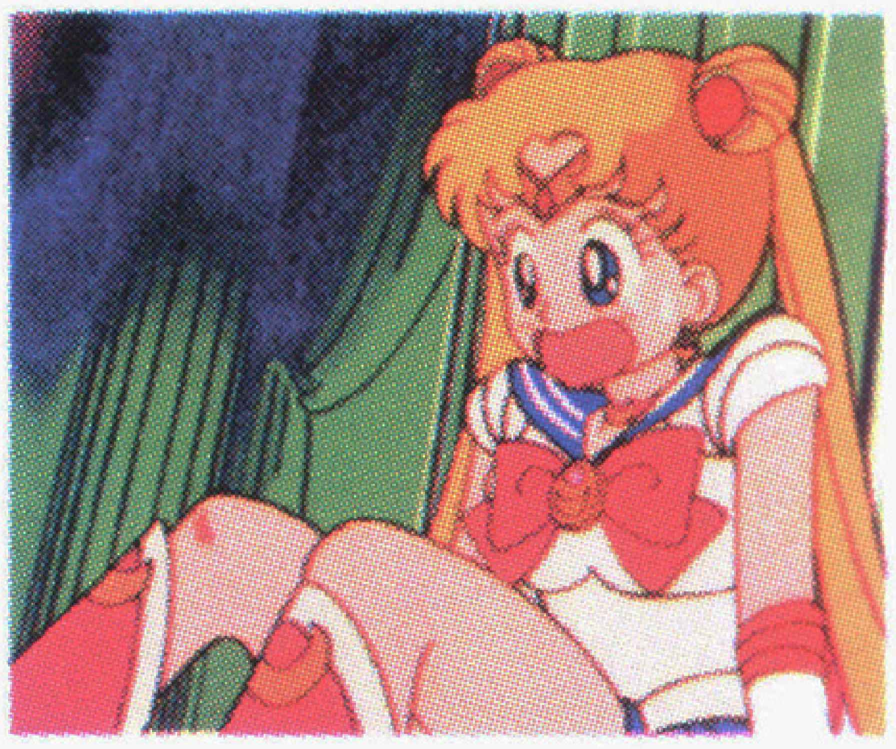
Moon Tiara?



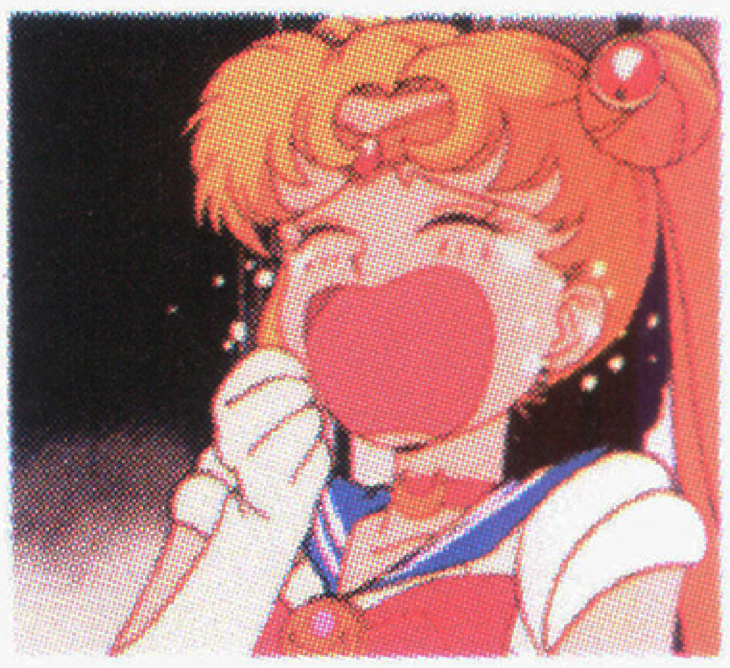
I still use Moon Tiara Magic.

In addition to using it as a weapon, I can collect the energy of all the Sailor Scouts into the center jewel.

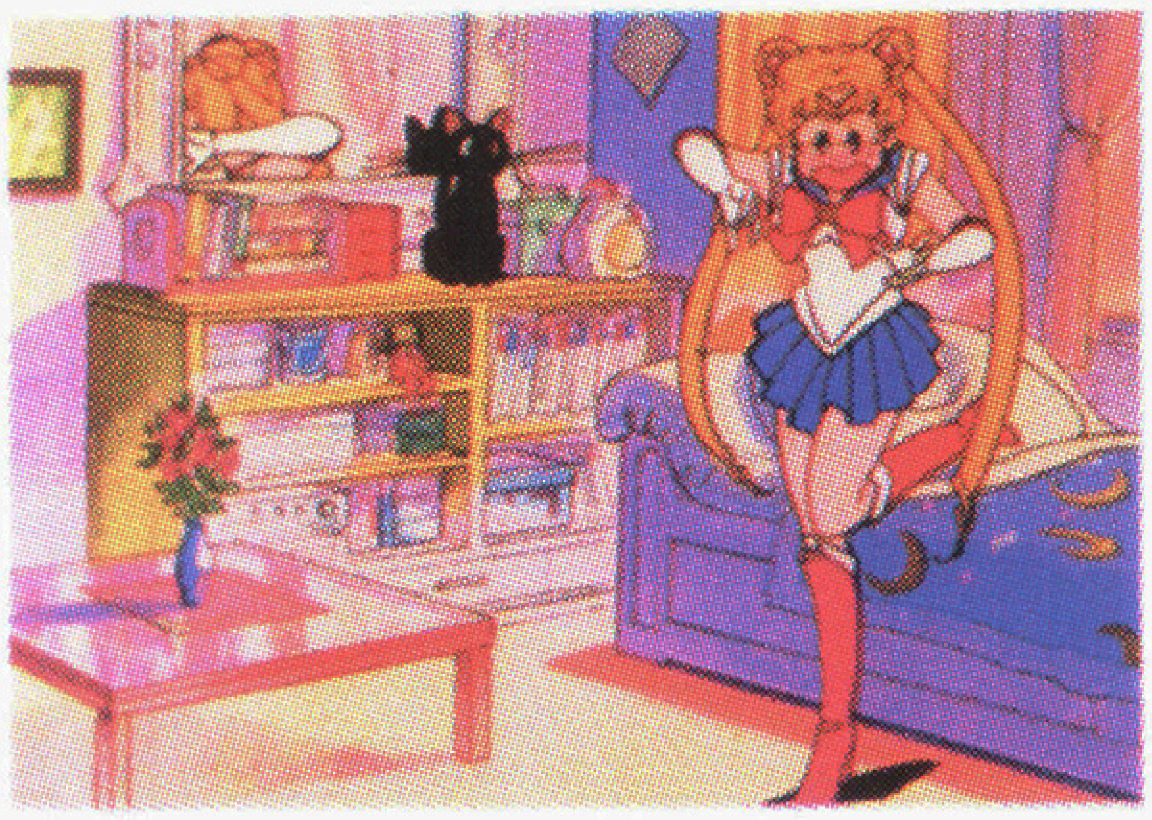
First Transformation?



I'm not used to fighting enemies!



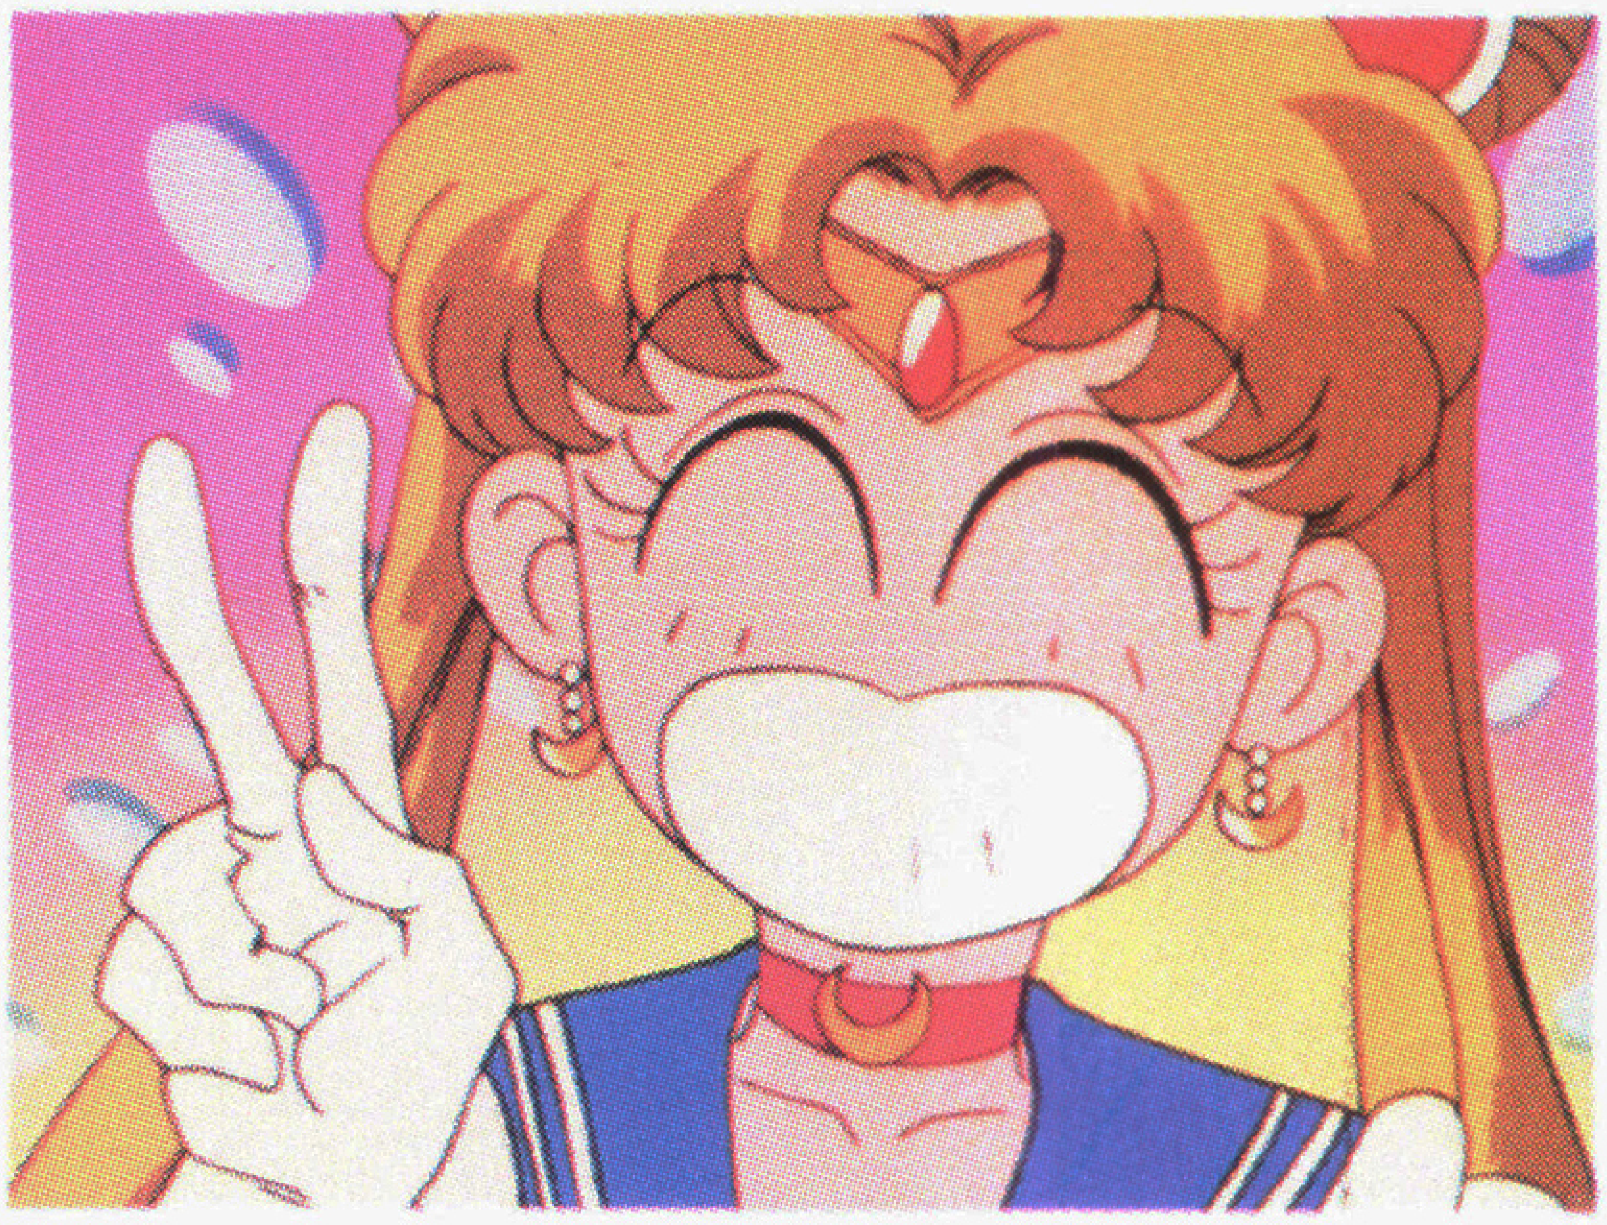
I started to cry because I was too scared.



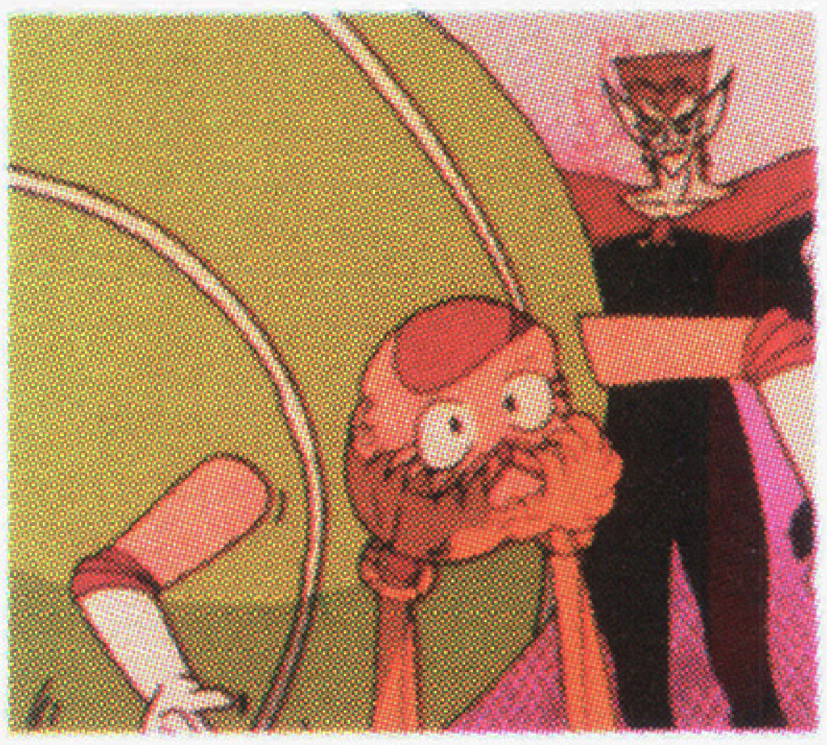
It was a big surprise to transform so suddenly.

If I had to chose one word, "Incredible!" would be it, I guess. It was unreal! I felt like I was watching myself on TV. I guess it was a bit scary, too.

Your weakness?



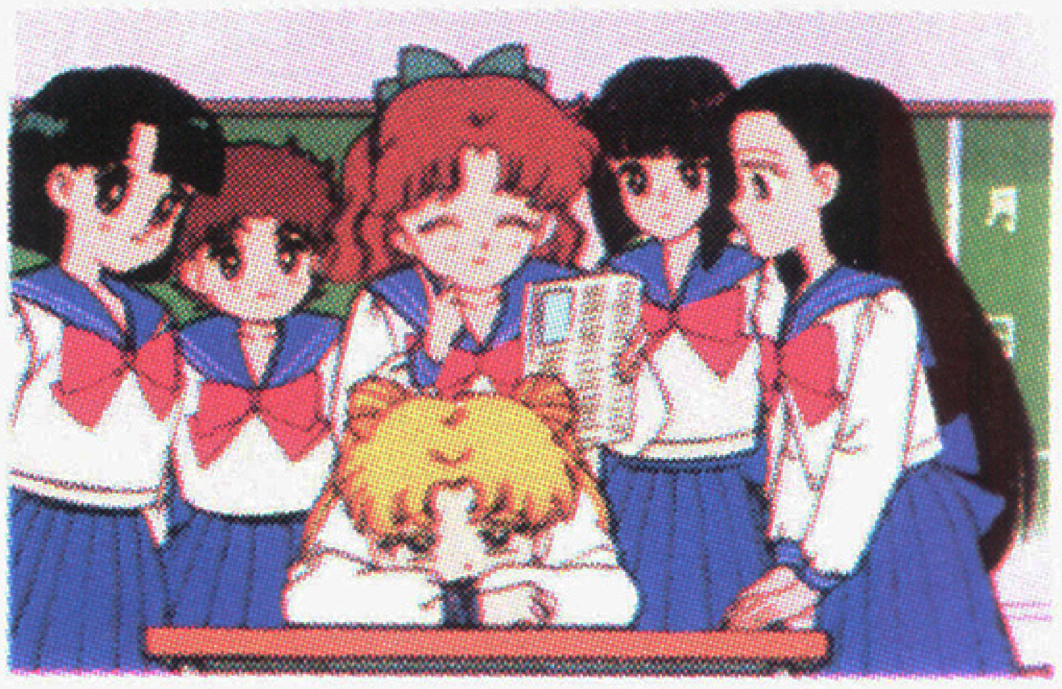
I've got such a big soft spot!



I look like such an idiot!

Hmm… To be honest, I'm a little scatterbrained. Also, I'm too sympathetic. I know I shouldn't always feel sorry for the monsters, but I do.

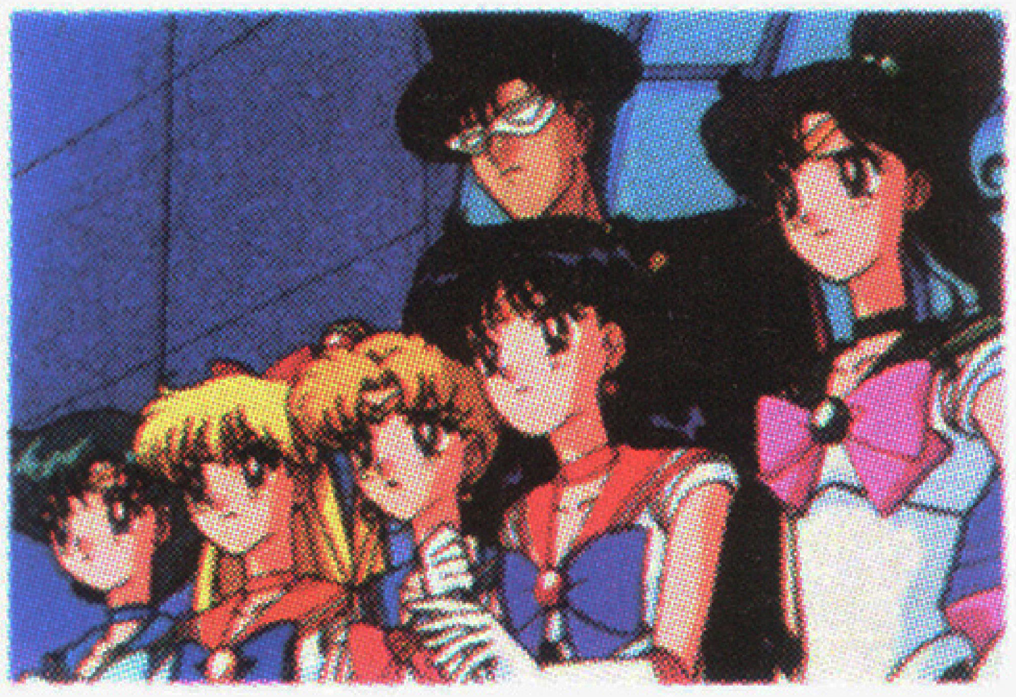
Sailor Moon disadvantage?



I'm too busy to study every day.

There's no vacation when you're a super-hero! That's why I can never get enough sleep!

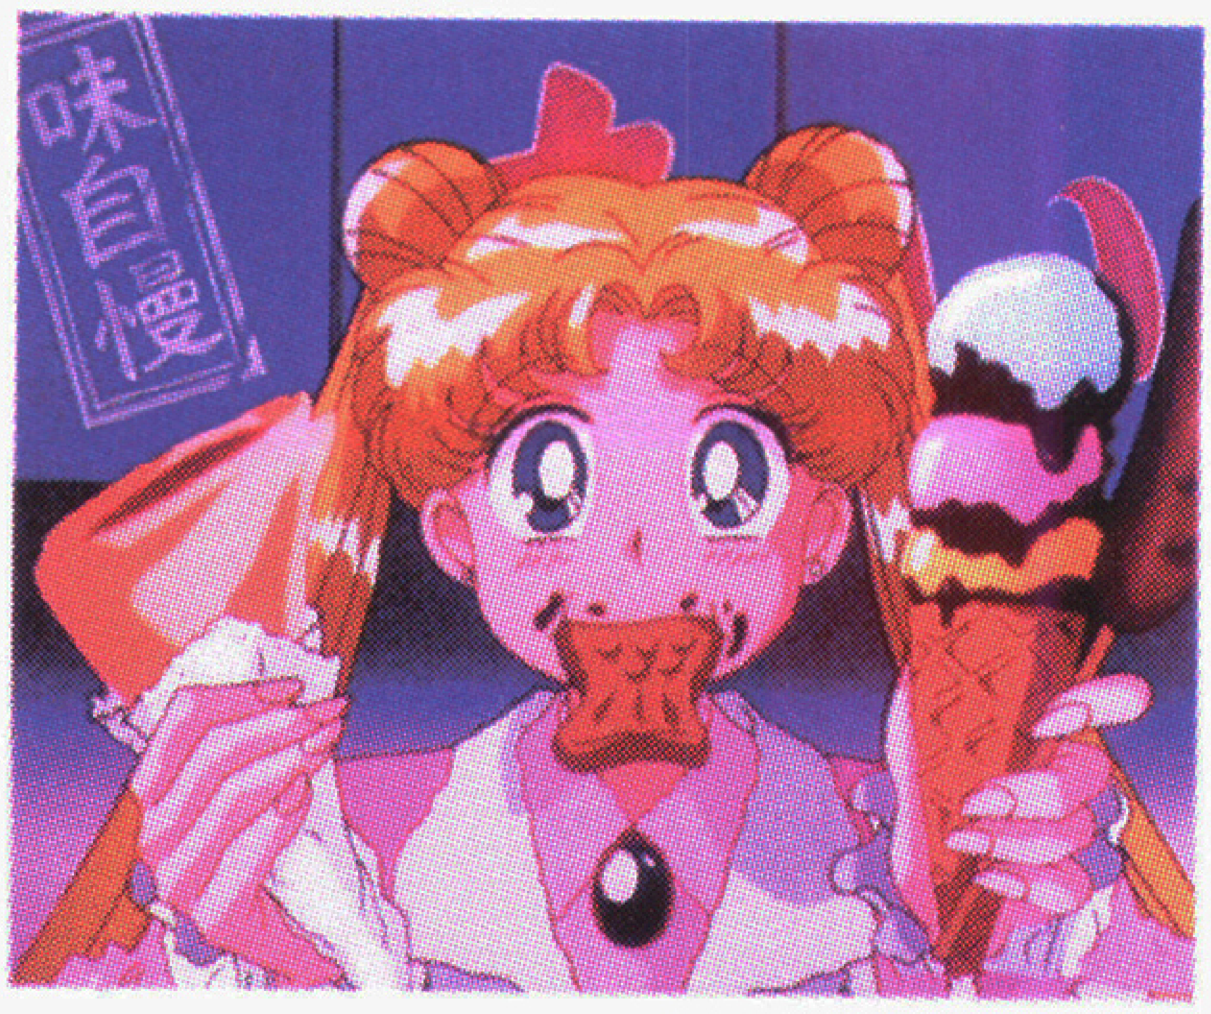
Sailor Moon advantage?



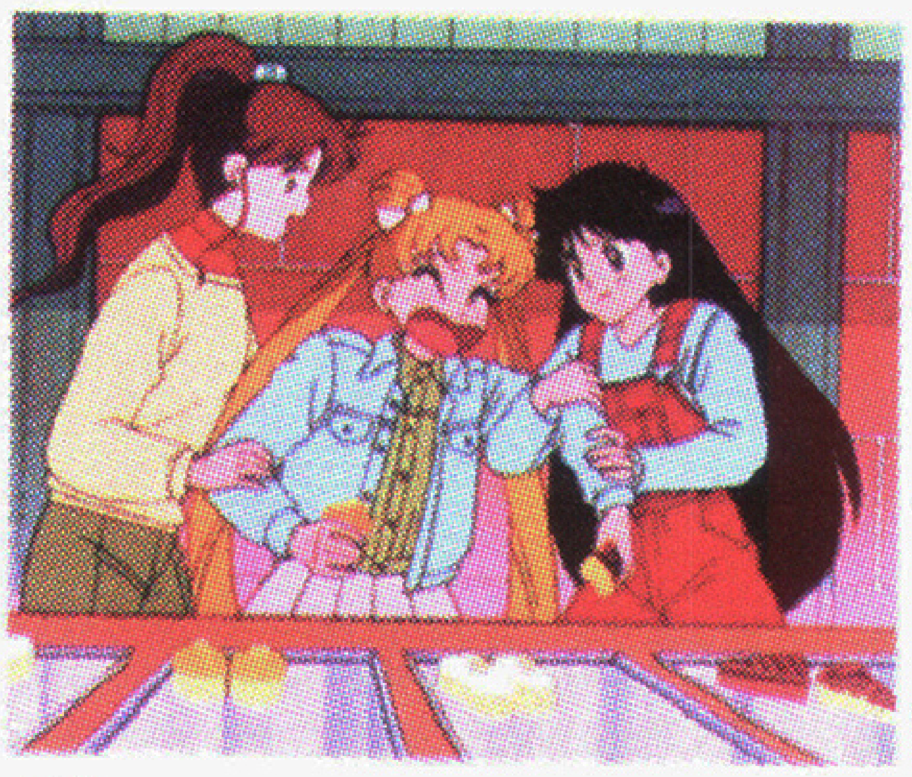
I wouldn't have met Darien if I hadn't become Sailor Moon.

I love being part of the team. Also, I'm glad to have become your friend! Don't you agree with me?

If I had $10,000?



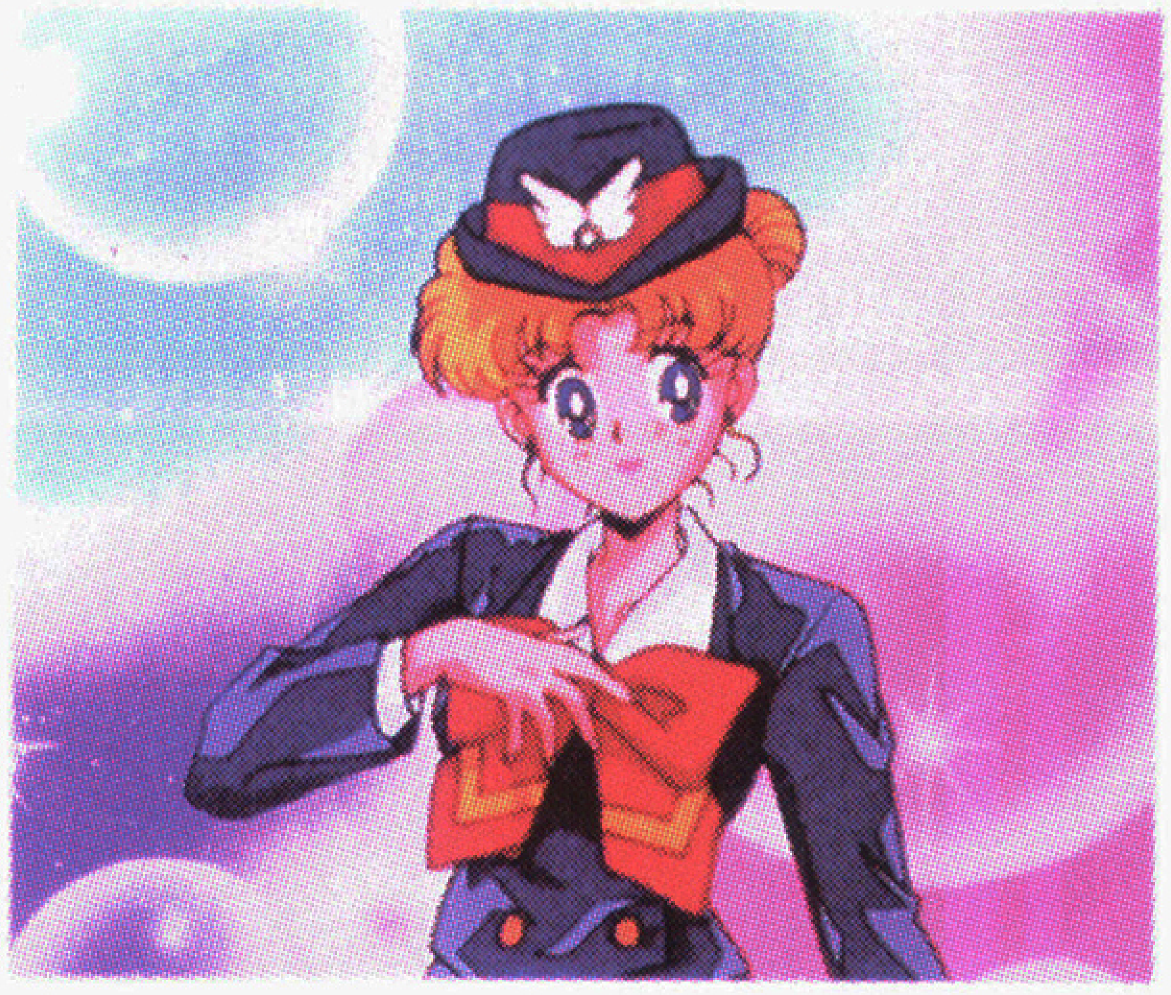
I'd spend it all on candy and video games, of course!



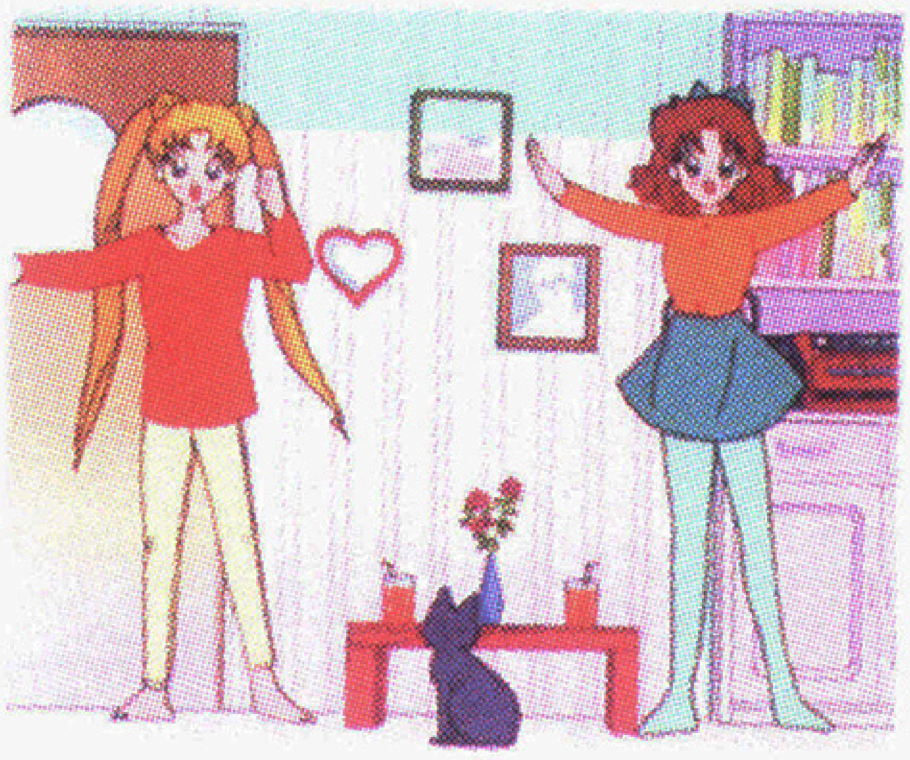
I have to be careful when I eat too much.

There are too many things to buy!

What if you weren't a Sailor Scout?



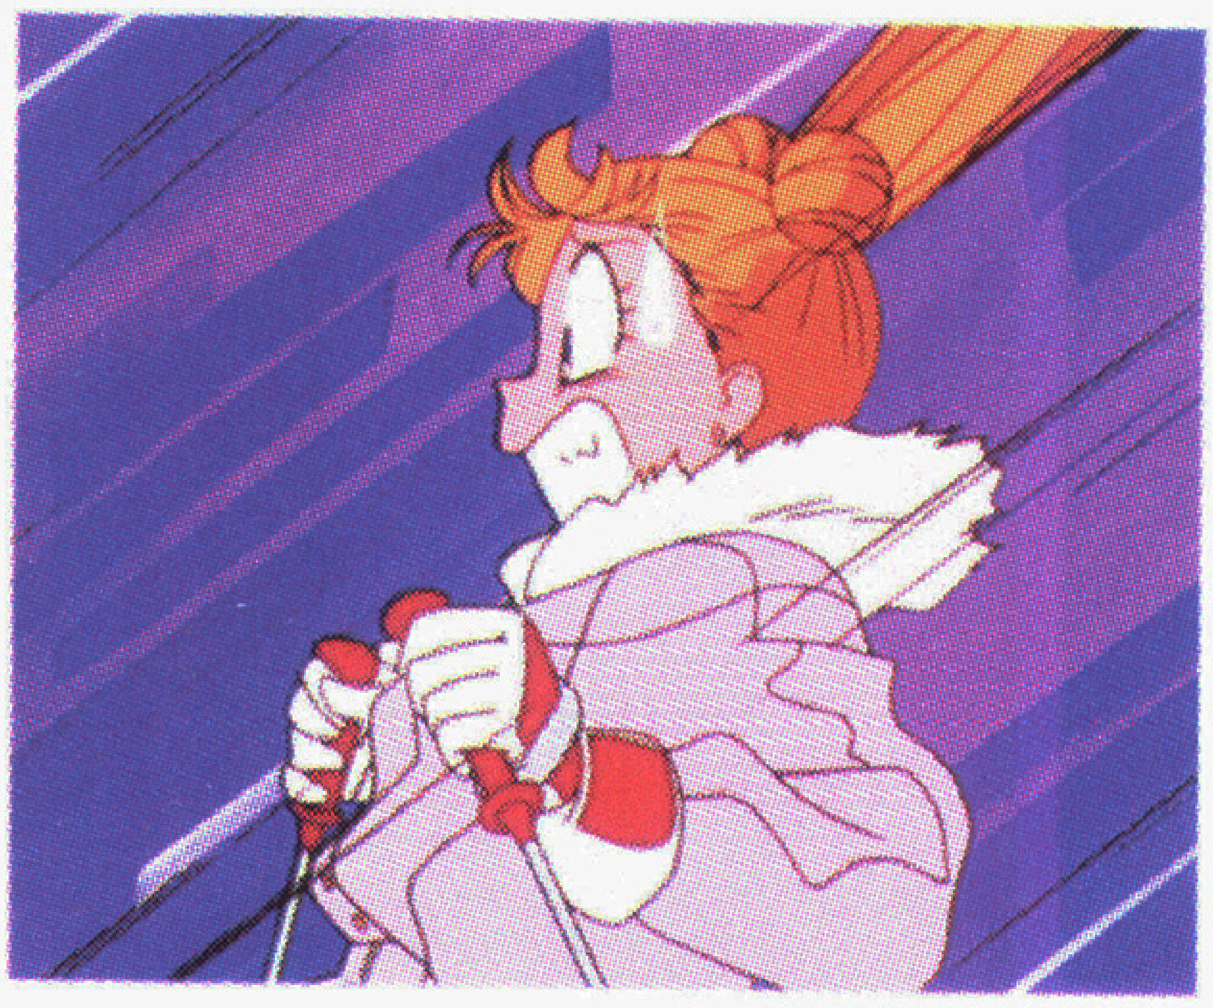
I became a stewardess once using the Luna Pen, but professional work was harder than I expected.



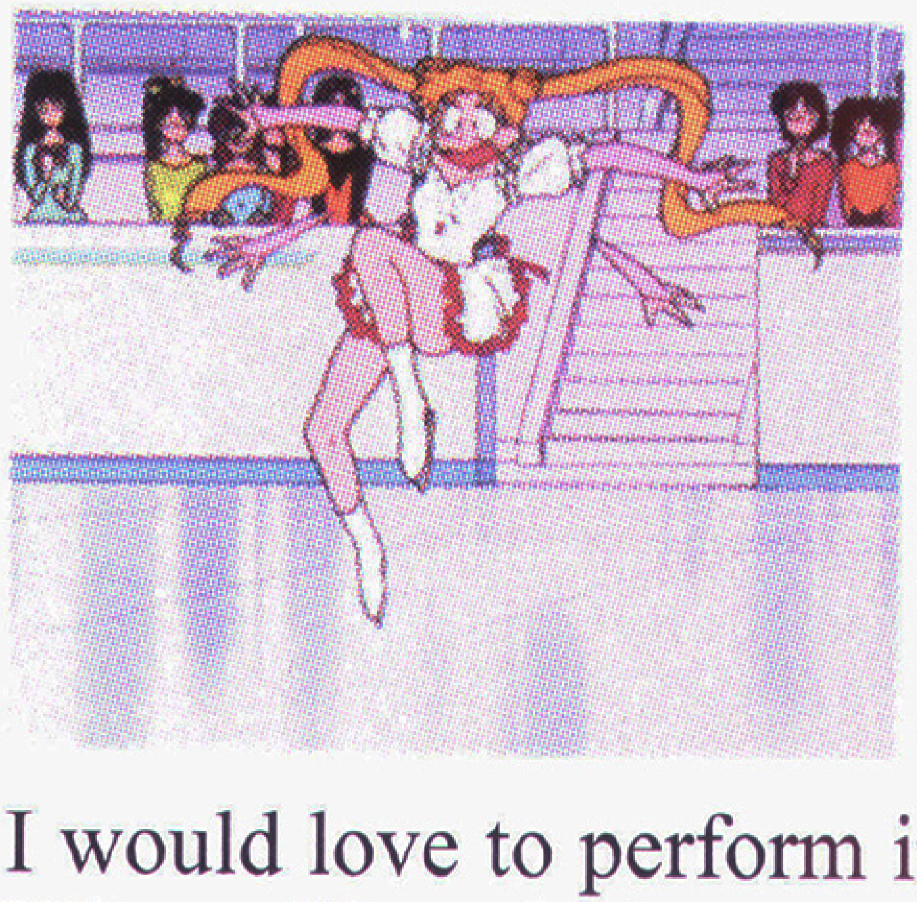
Do you think I would have made a good pop idol?

I probably would have been a singer or a stewardess.

Athletic dreams?



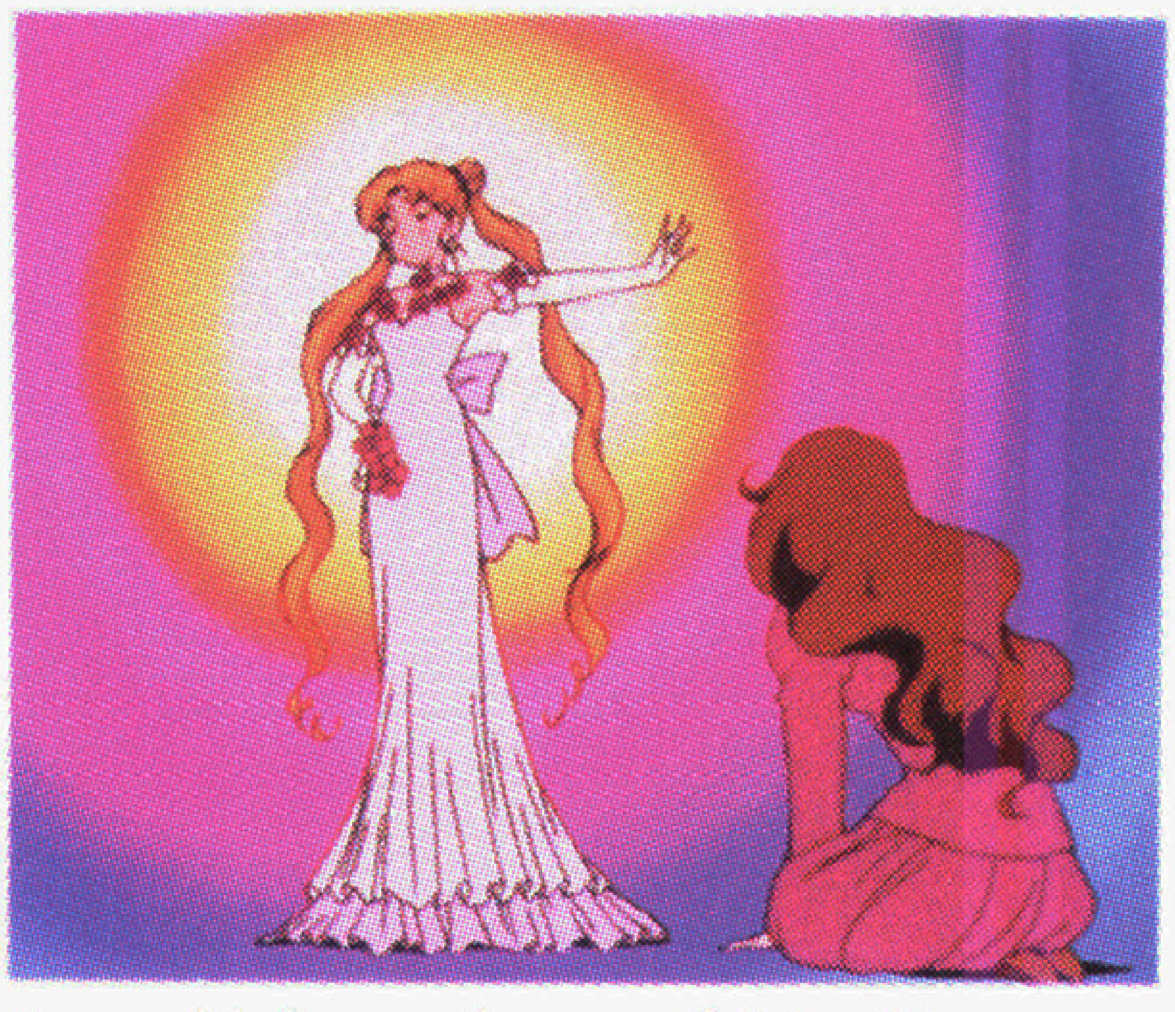
I wish I was a better skier than Raye.



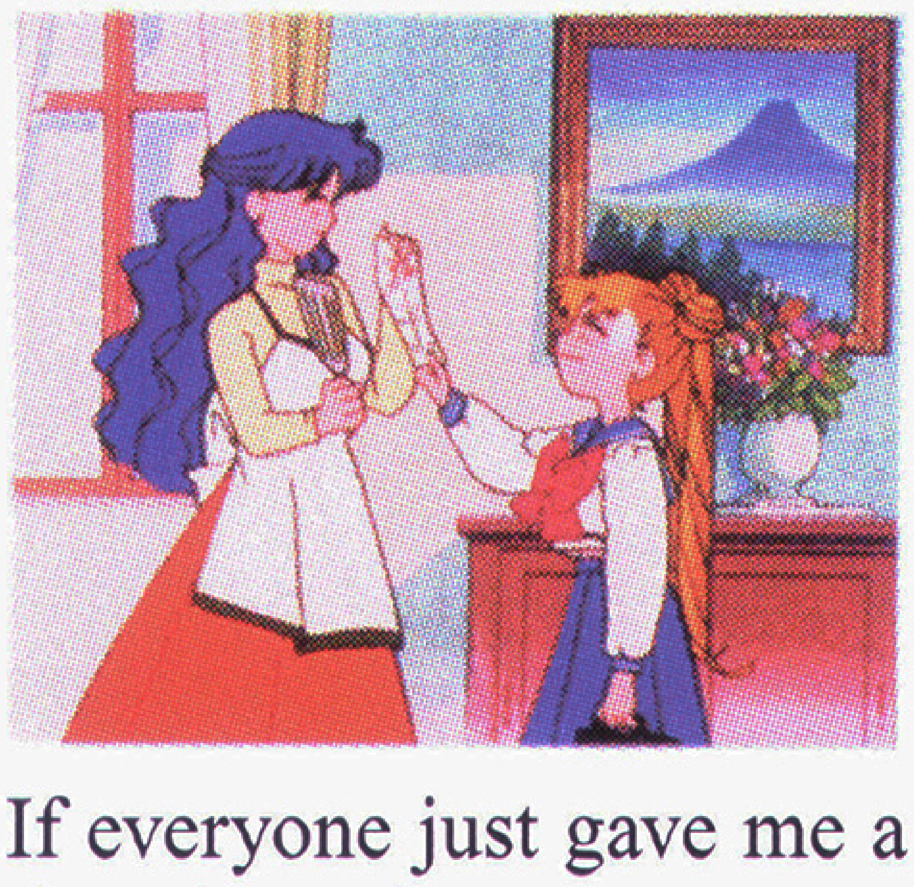
I would amaze Lita with my wonderful skating ability.

I would love to perform in the Winter Olympics!

Straight "A" student?



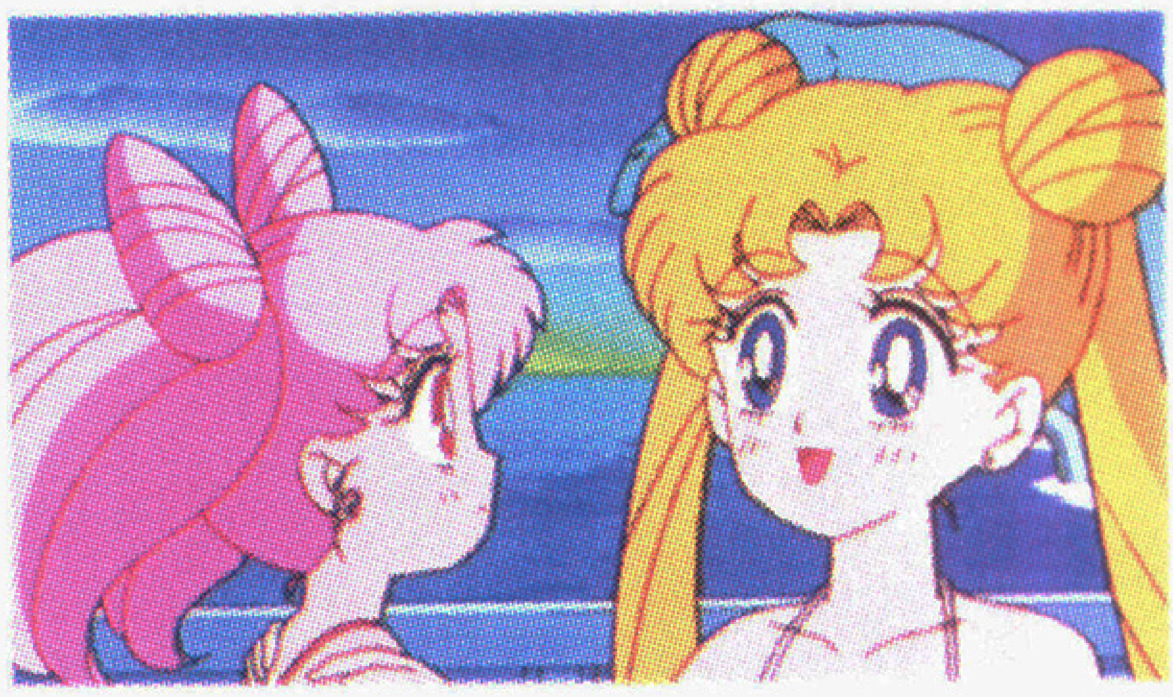
I would be so happy if Ms. Haruna would recognize my intelligent side.



I'm sure that my mom would be happy, too.

If everyone just gave me a chance, they'd see that I'm pretty smart!

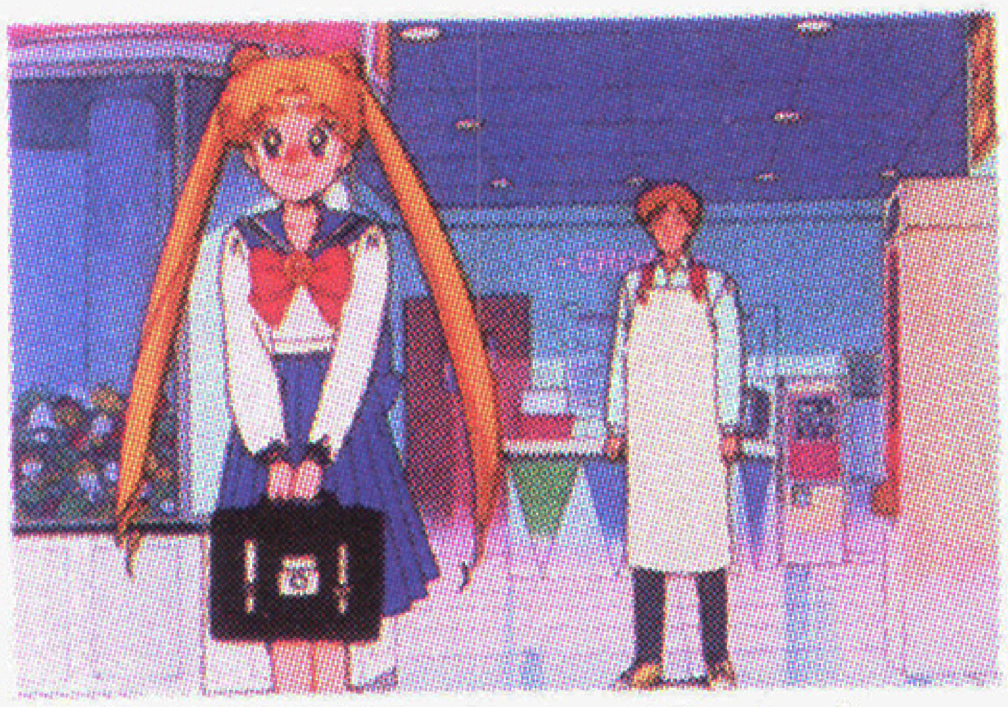
Siblings?



Now Rini feels like a little sister. She's fine when she's not being too talkative.

I'd like to have a little sister that I could raise to be respectful… unlike one little girl I know.

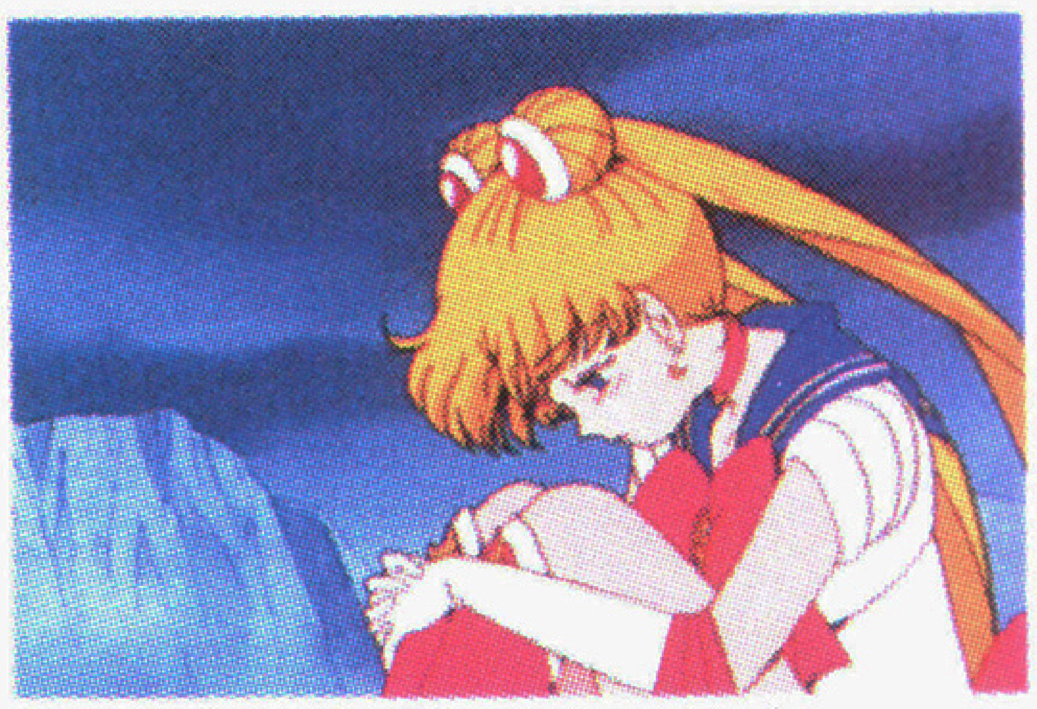
That Arcade guy?



I almost fell in love with Andrew after losing my memories.

Andrew is my type of guy because he's so good looking. But I can't imagine anybody but Darien being my boyfriend.

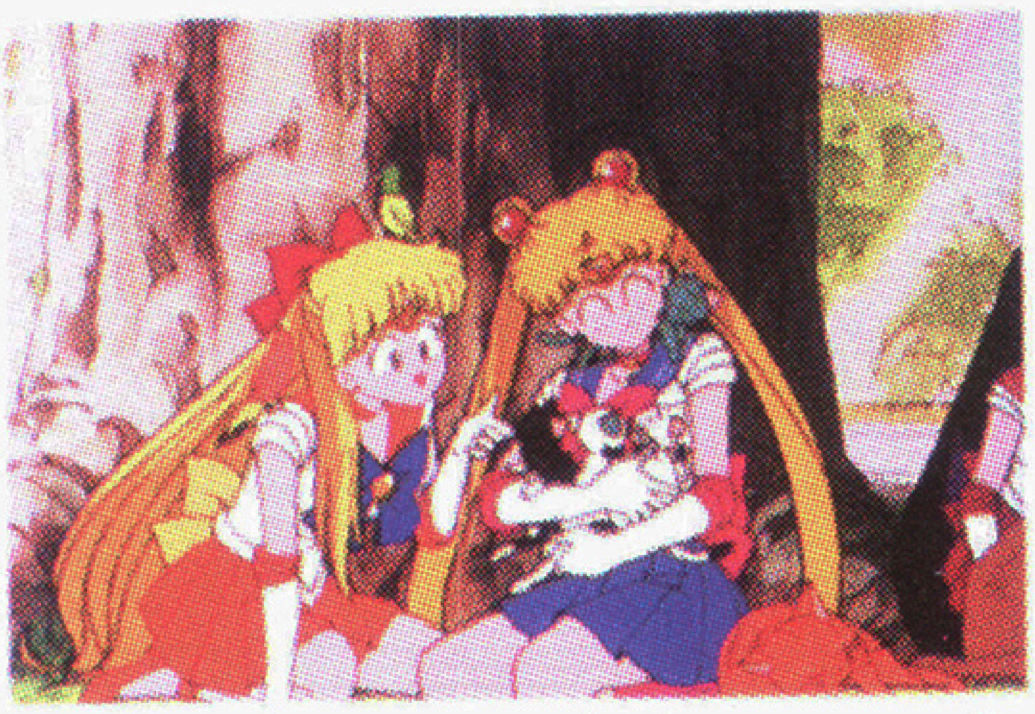
If you had to fight alone?



Even though I became the last one to fight, my friends' spirits were with me.

Well, I don't want to think about it, but I'd do my best. Sailor Moon always fights with all her strength.

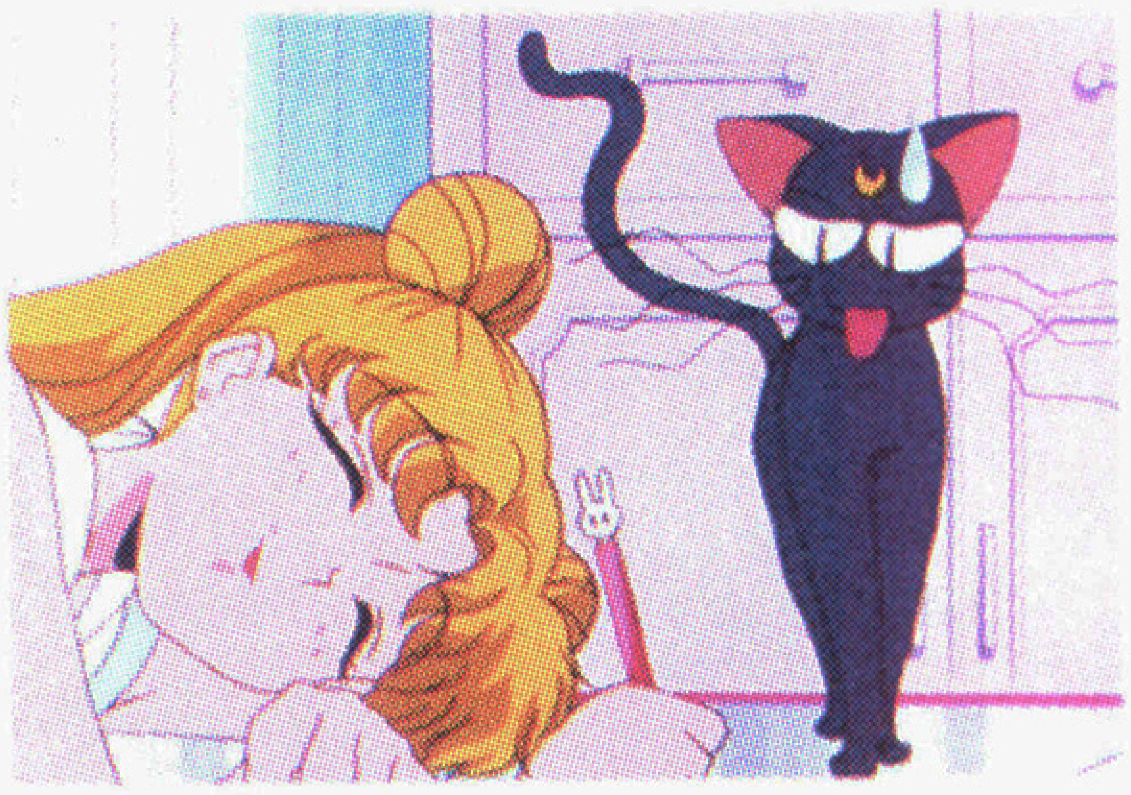
If you could have a pet?



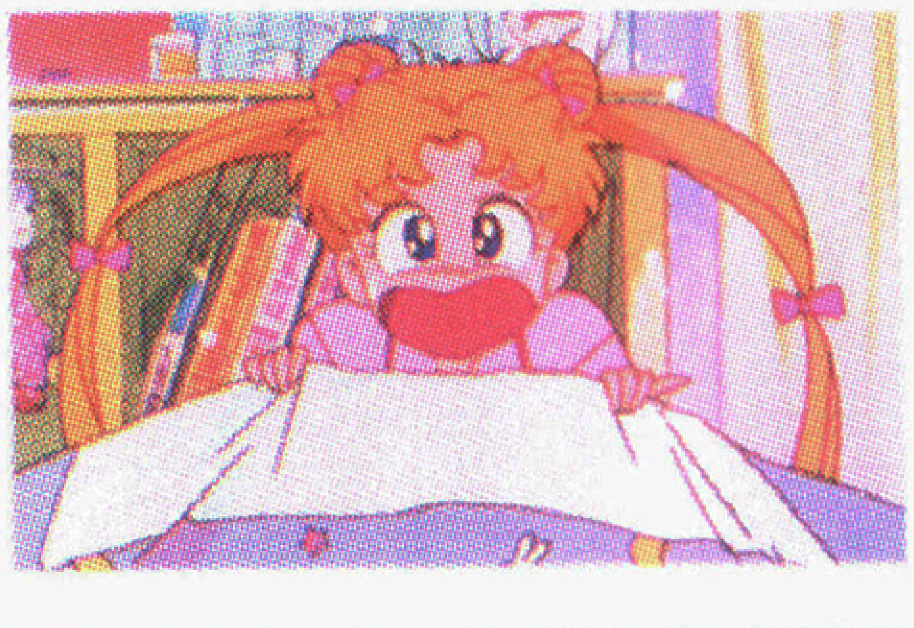
Maybe she's got a little too much energy.

A white rabbit! I have Luna, but she nags and is not as cute as a rabbit.

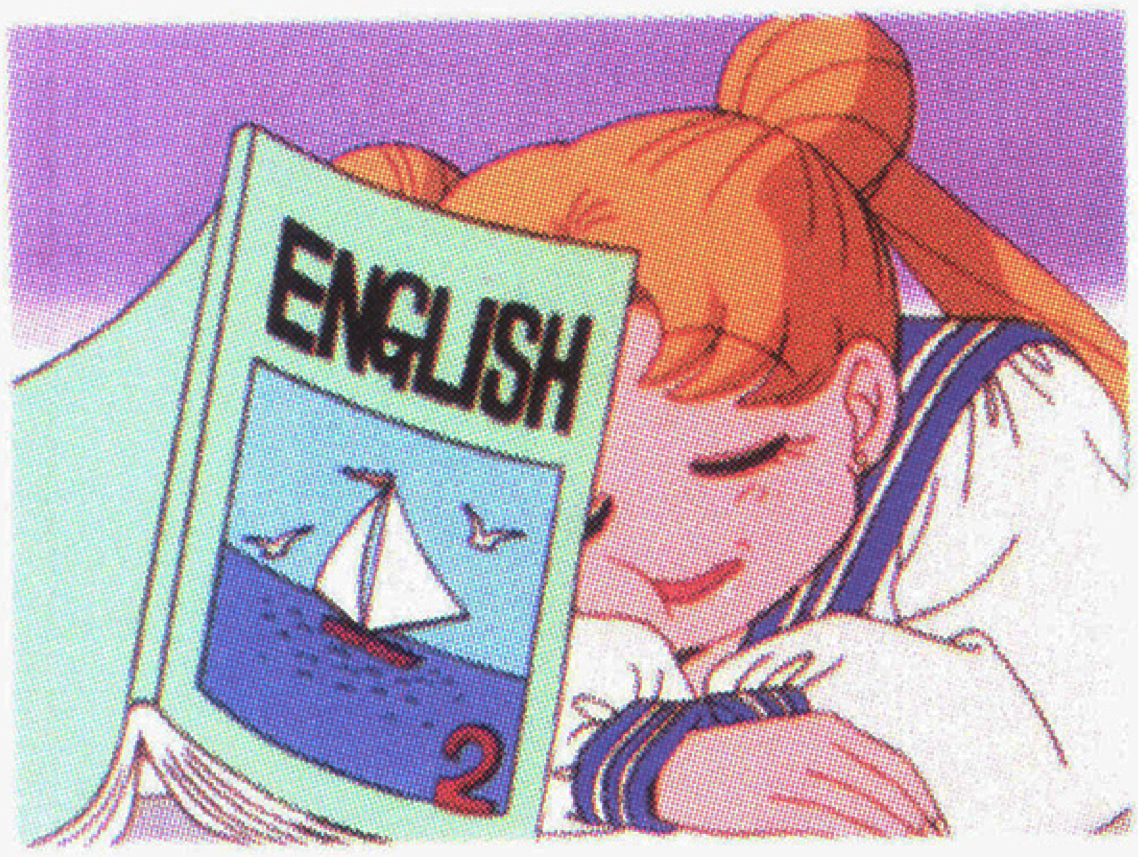
My motto?



Luna says that I'm always asleep.



I often oversleep and am late for school. Hmm… It's the real world.

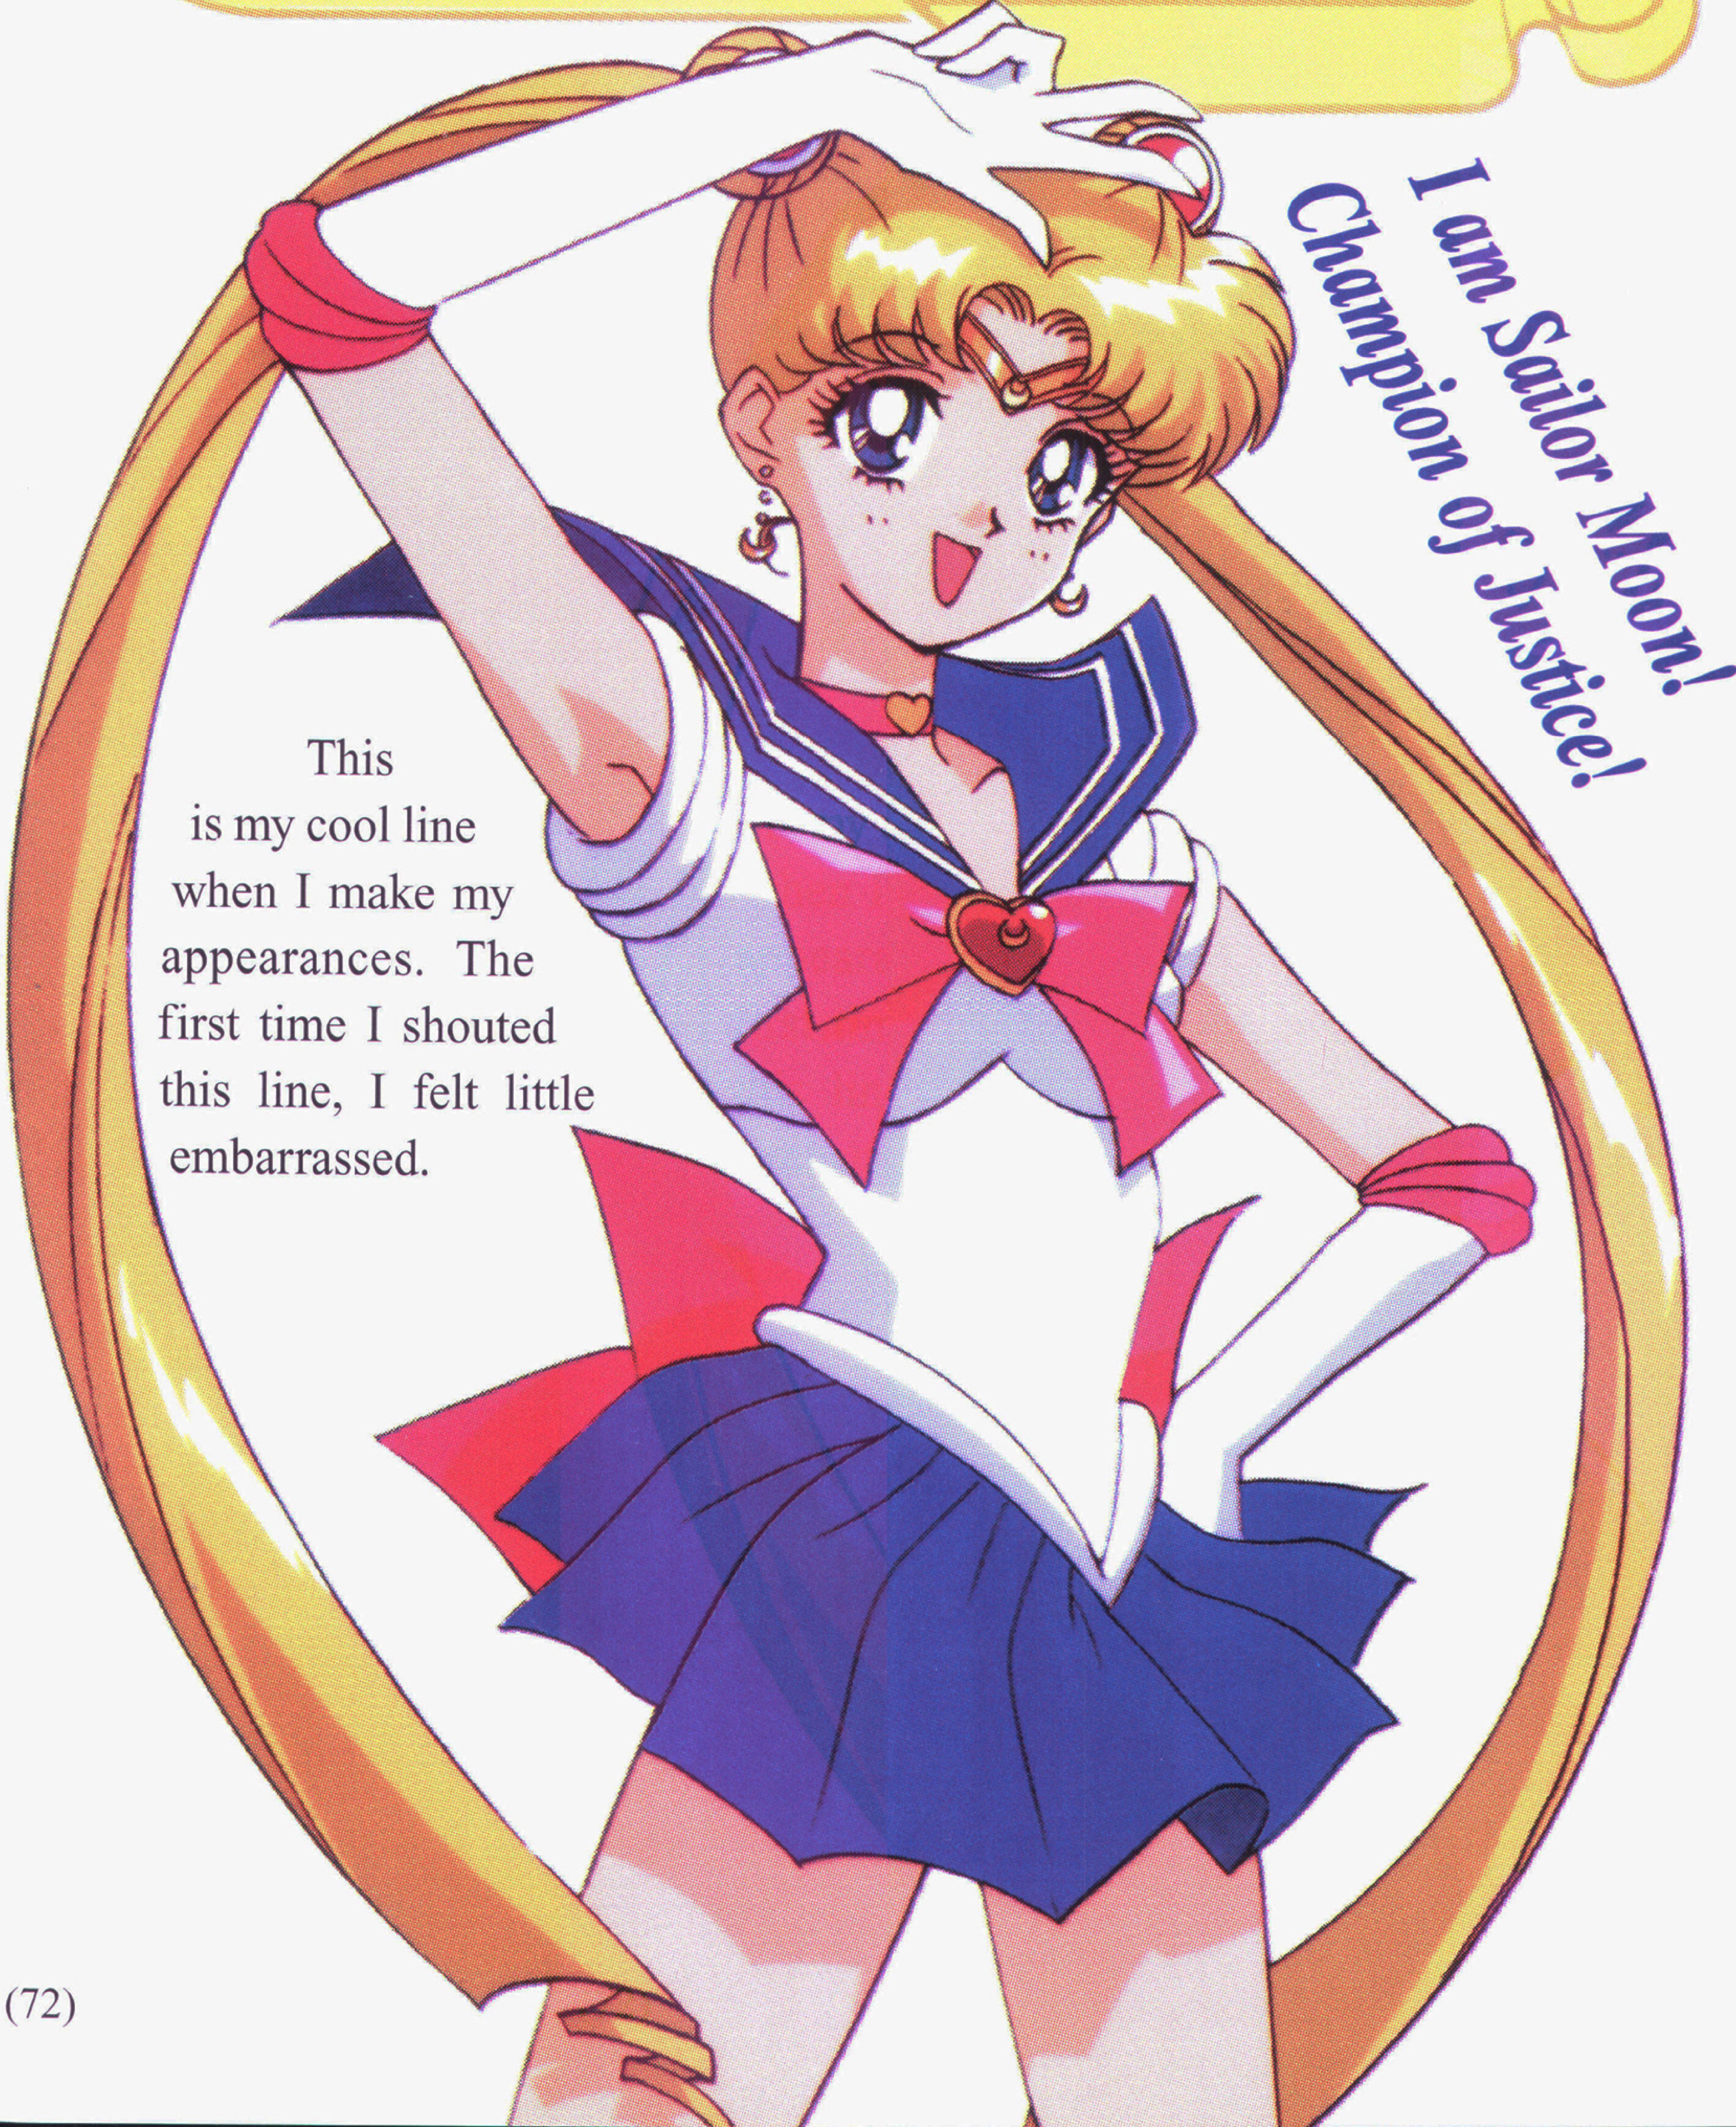


"Babies grow up in their sleep." That's why I sleep well even in class. At least I'm honest! (Ha Ha)

Sailor Moon's Greatest Lines

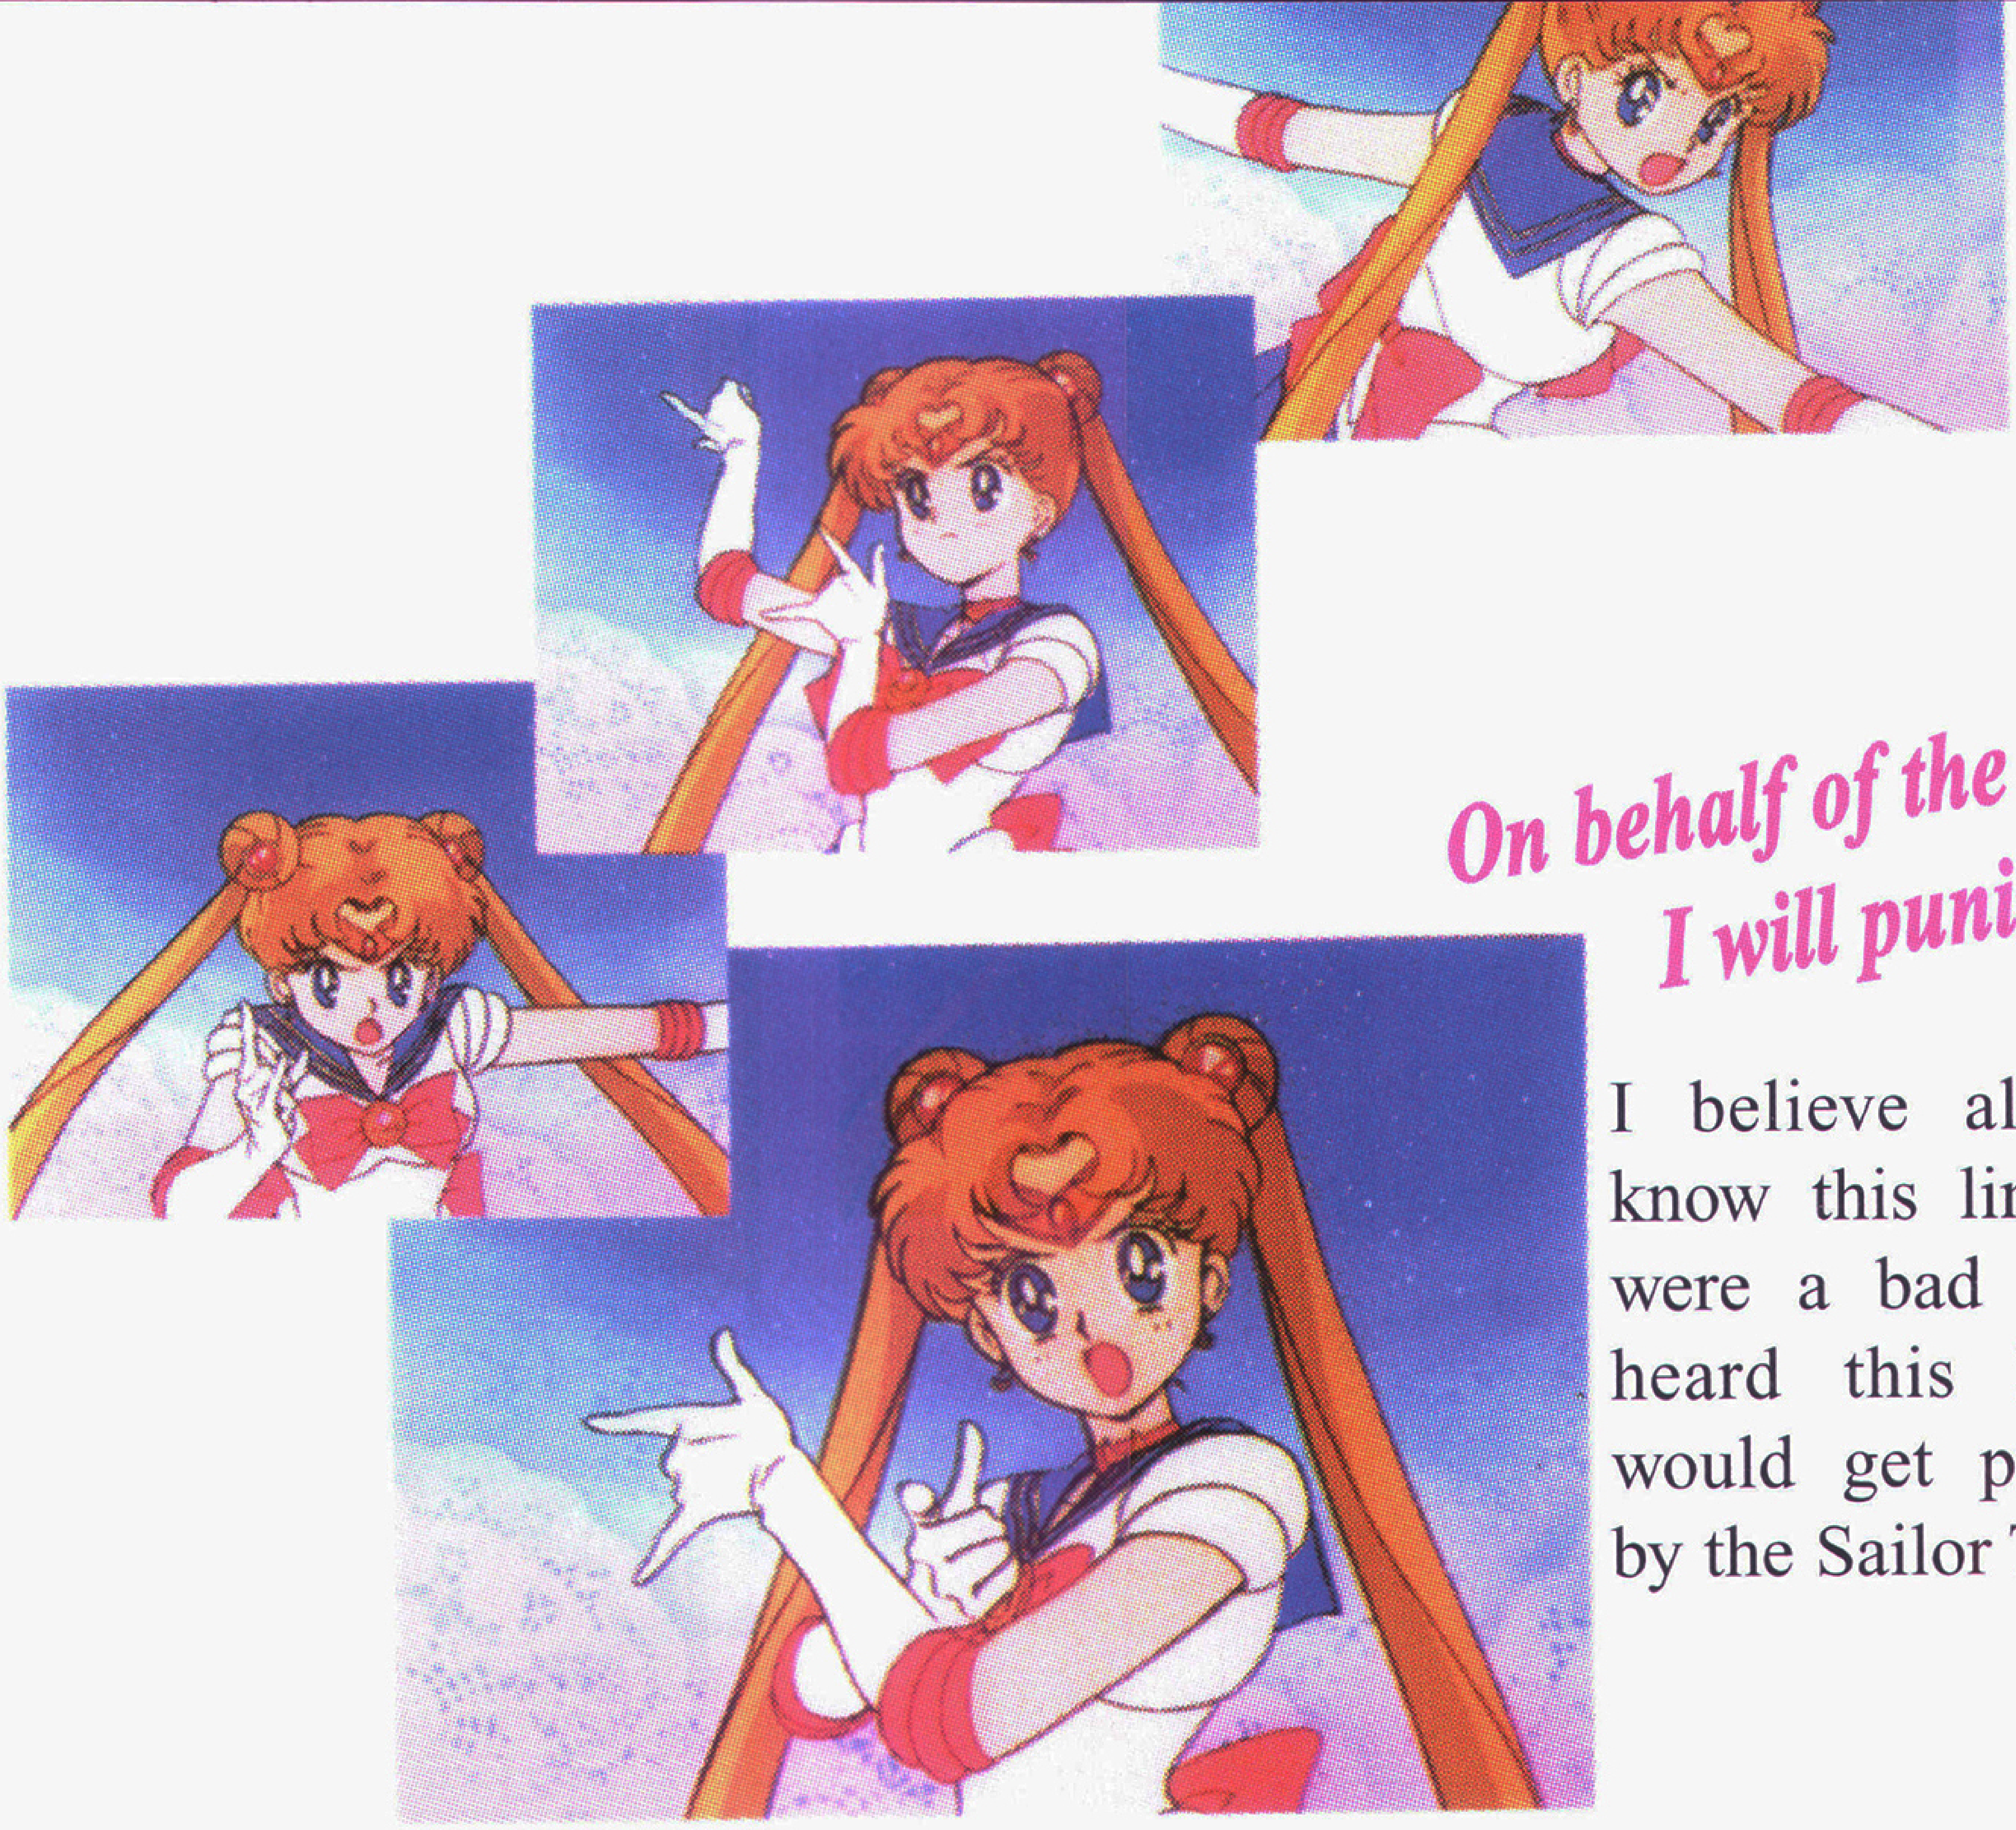
I'll share all my cool lines, right here! These are my favorite lines. Do you remember them all?

Sailor Moon Encyclopedia



I am Sailor Moon! Champion of Justice!

This is my cool line when I make my appearances. The first time I shouted this line, I felt little embarrassed.

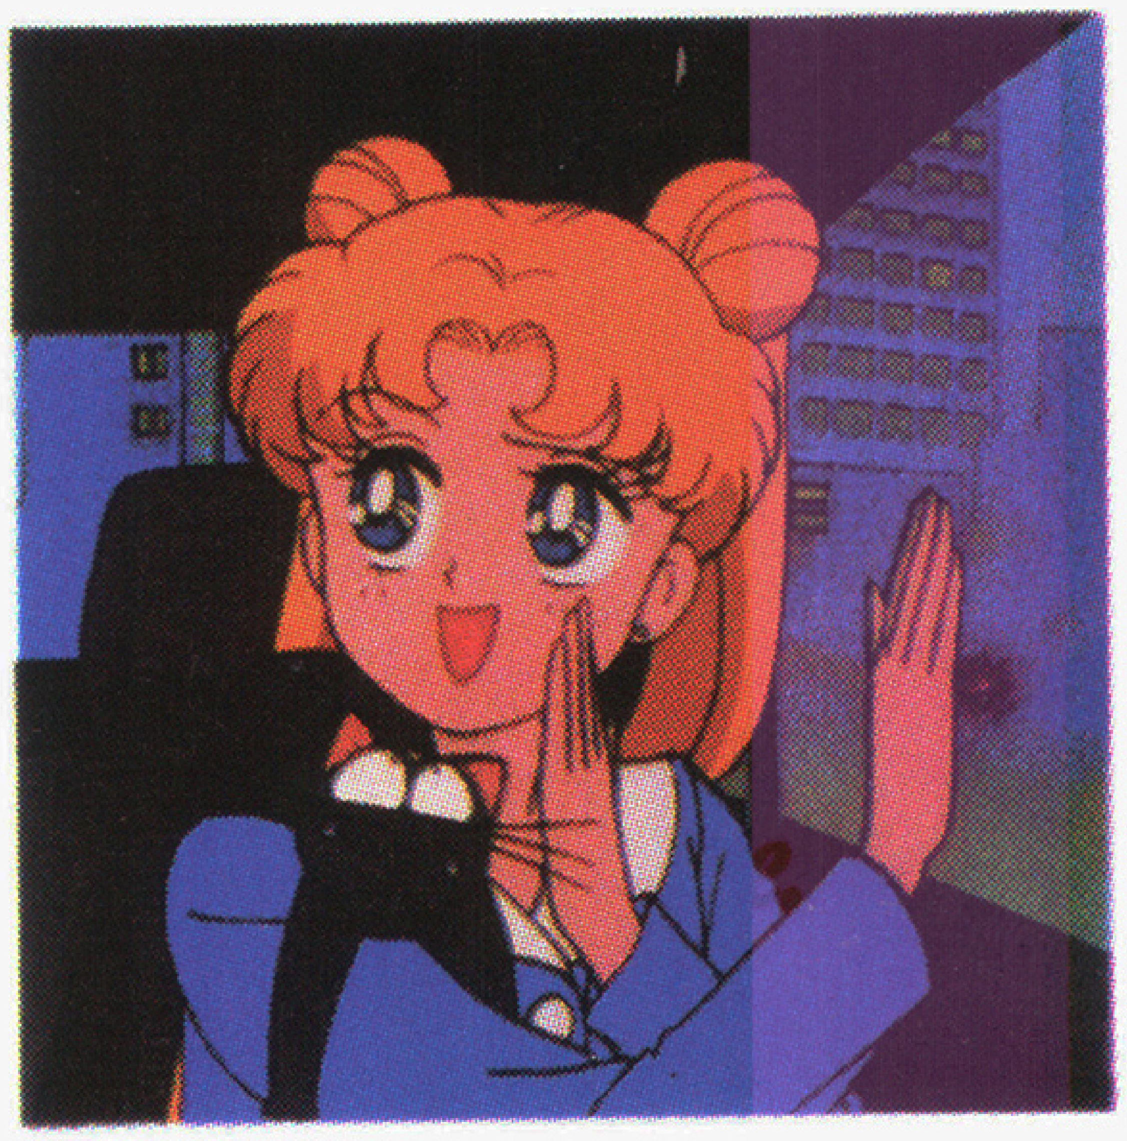


On behalf of the Moon, I will punish you!

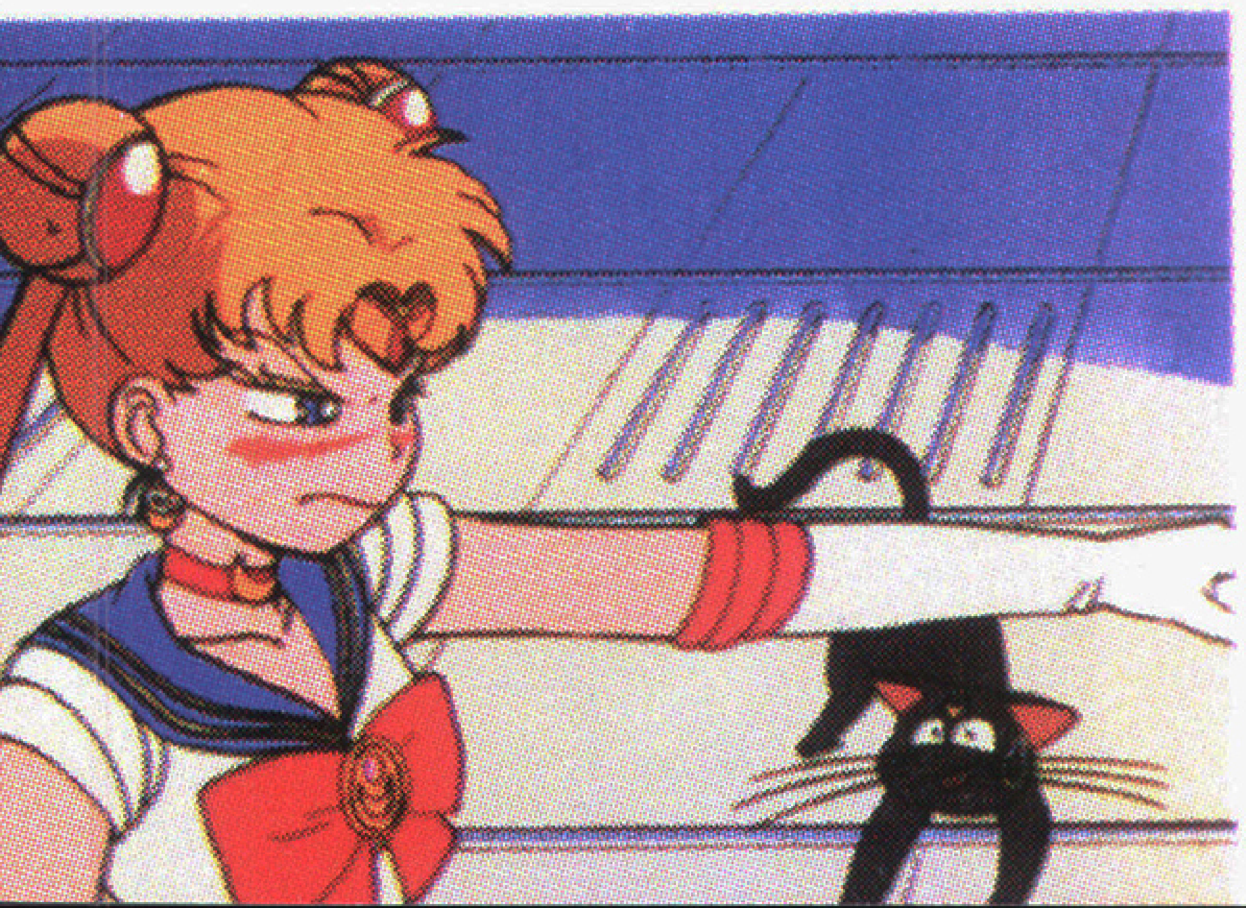
I believe all of you know this line. If you were a bad child and heard this line, you would get punishment by the Sailor Team.

Haydn, father of music, is angry!

Wasn't a father of music Haydn? Hmm… Or was it Mozart? Oh Yeah! Bach is his name. I knew it, from the beginning. Ha Ha



I stand up for love and justice.



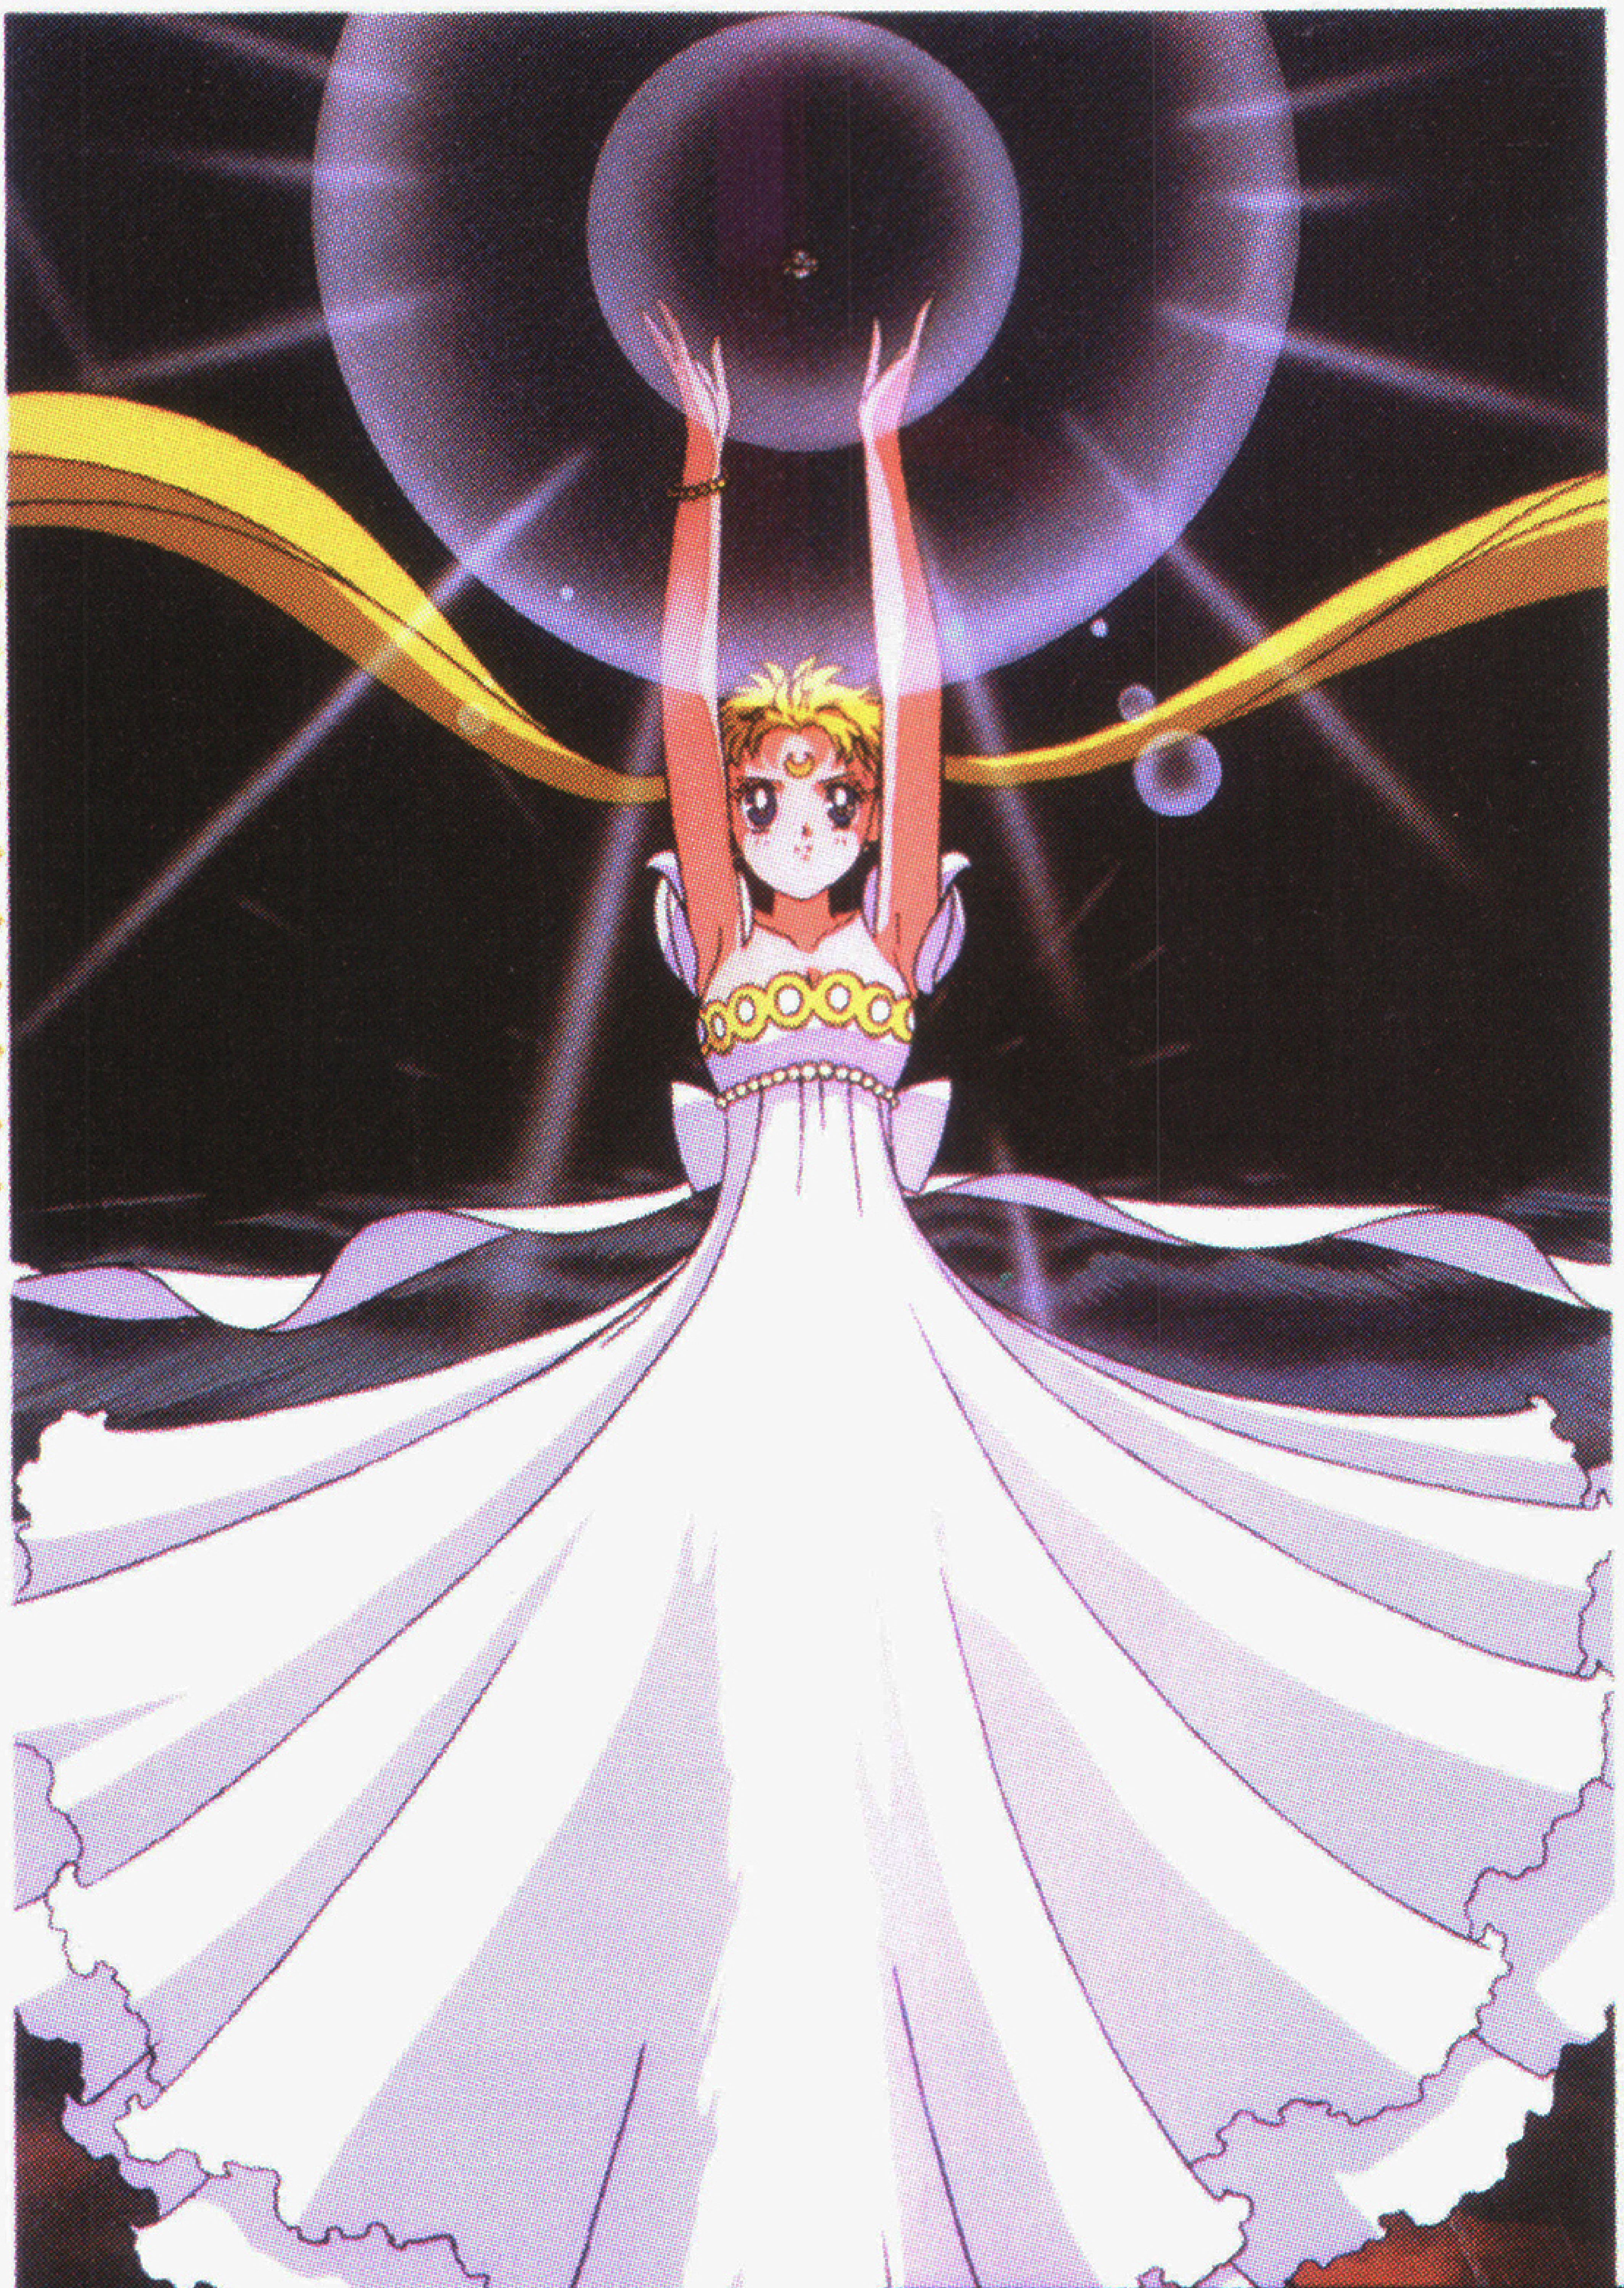
I said this line in front of this cute jazz musician once. I think he had a crush on me.

Goodbye, Serena

I lost my memory when I defeated Queen Beryl. But I came to life again when I had a new enemy to fight. That's when I realized I was no longer an ordinary middle school student.

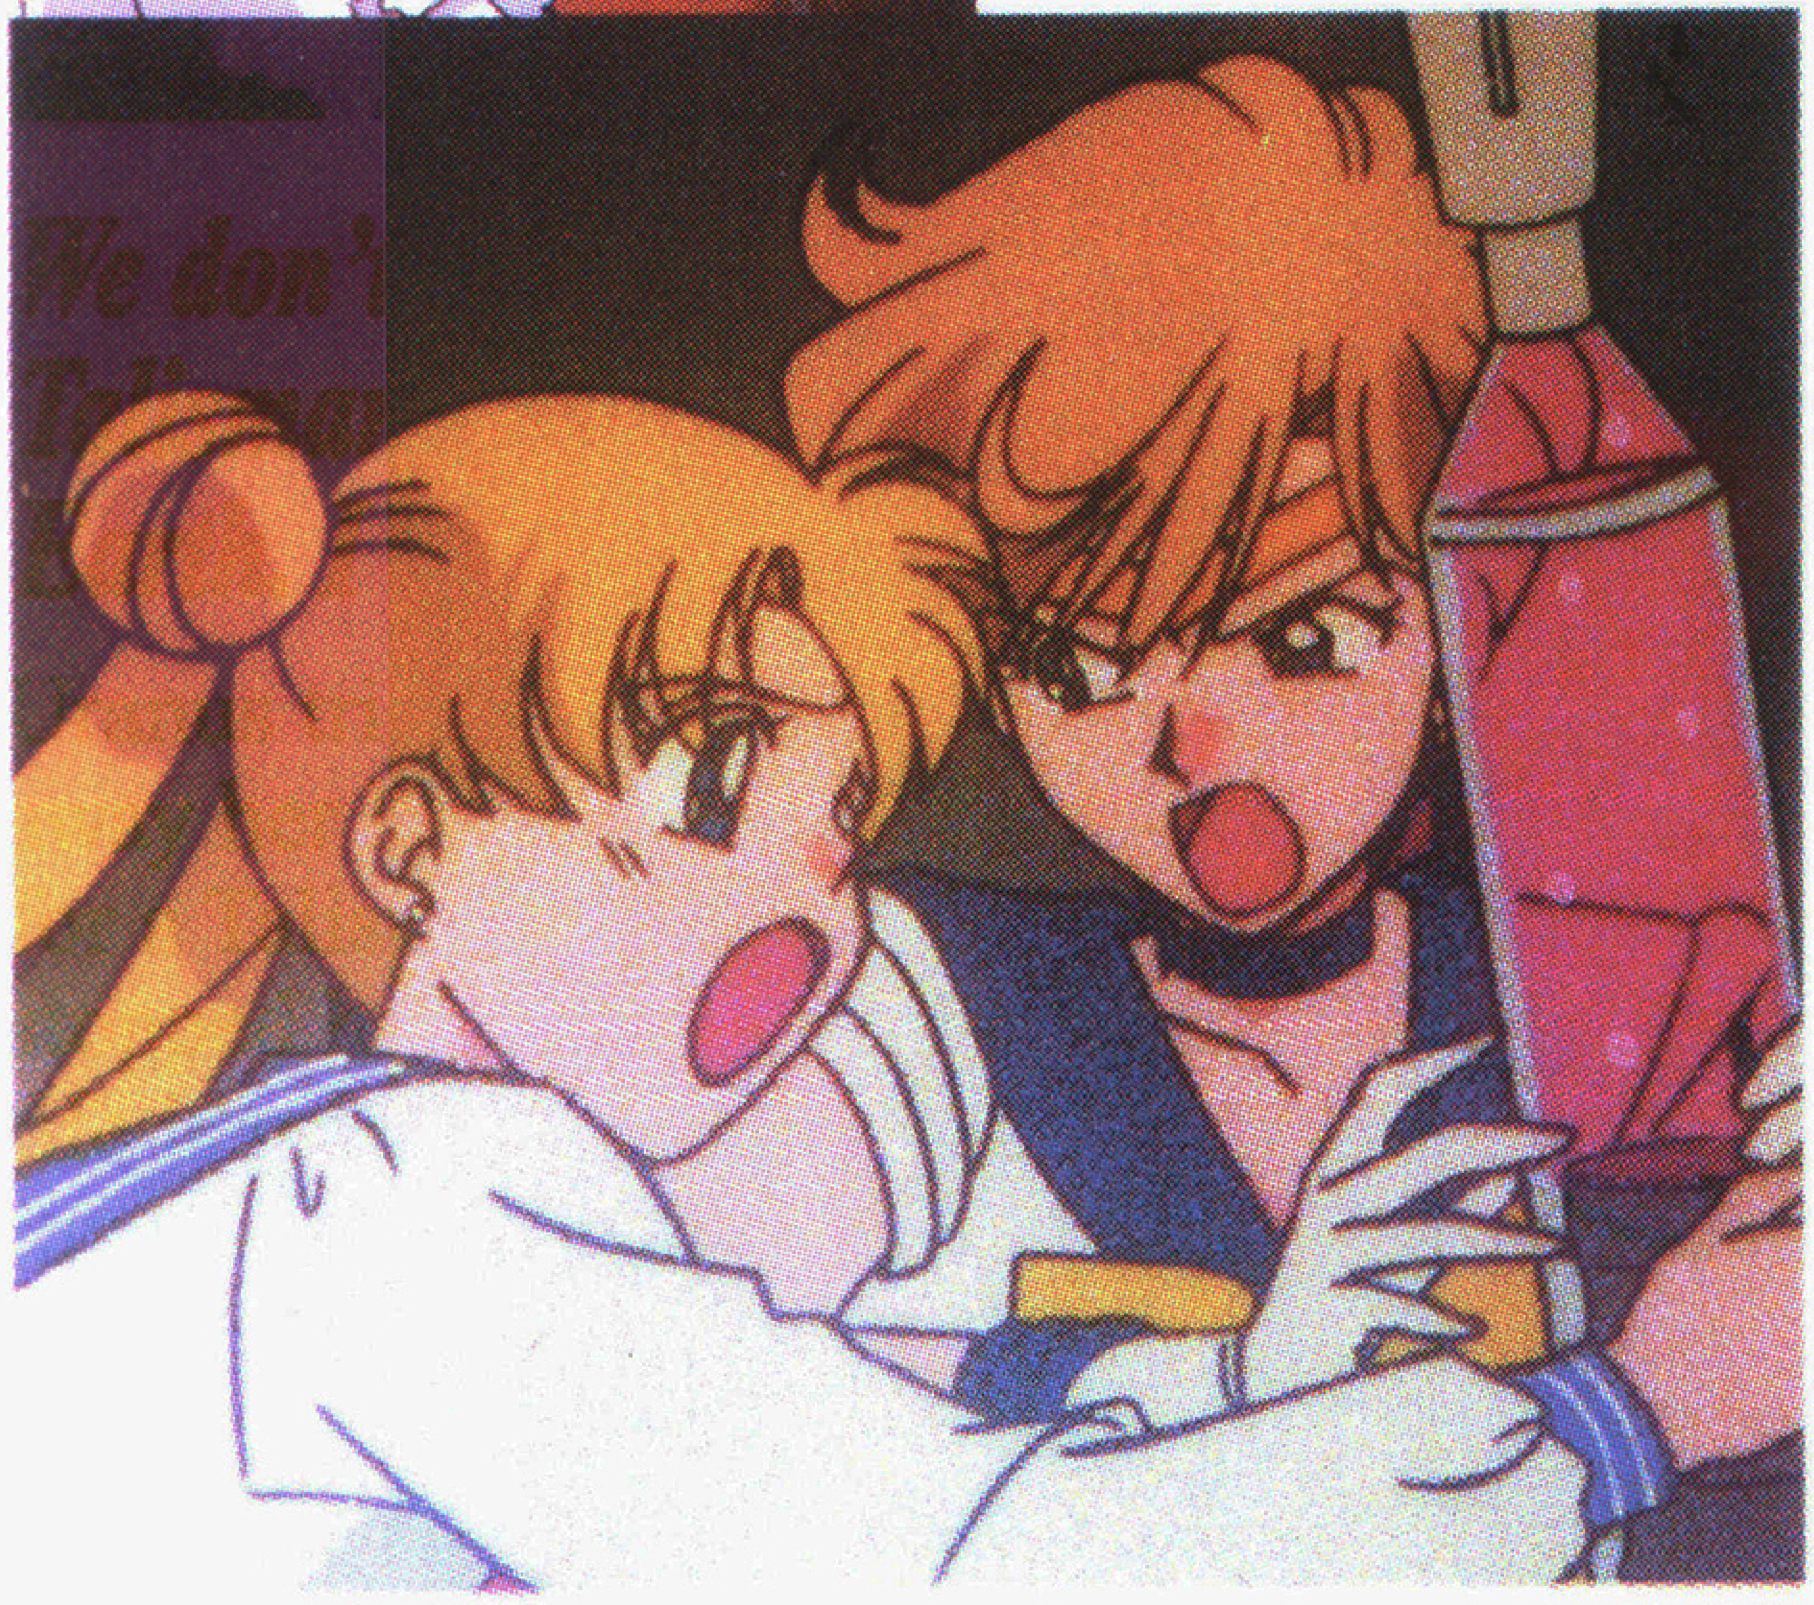
I would give my life to protect the ones I love!

I used myself as a shield to protect Darien from the enemy's attack. This line describes how I feel all the time, but particularly when my Darien's in danger.



I'll protect you!

In order to return to Earth from outer space, I used the power of the Silver Imperium Crystal. I did my best to rescue Sailor Team and Tuxedo mask.



We don't need a Talisman to save the Earth. I will save it!

Heart Moving

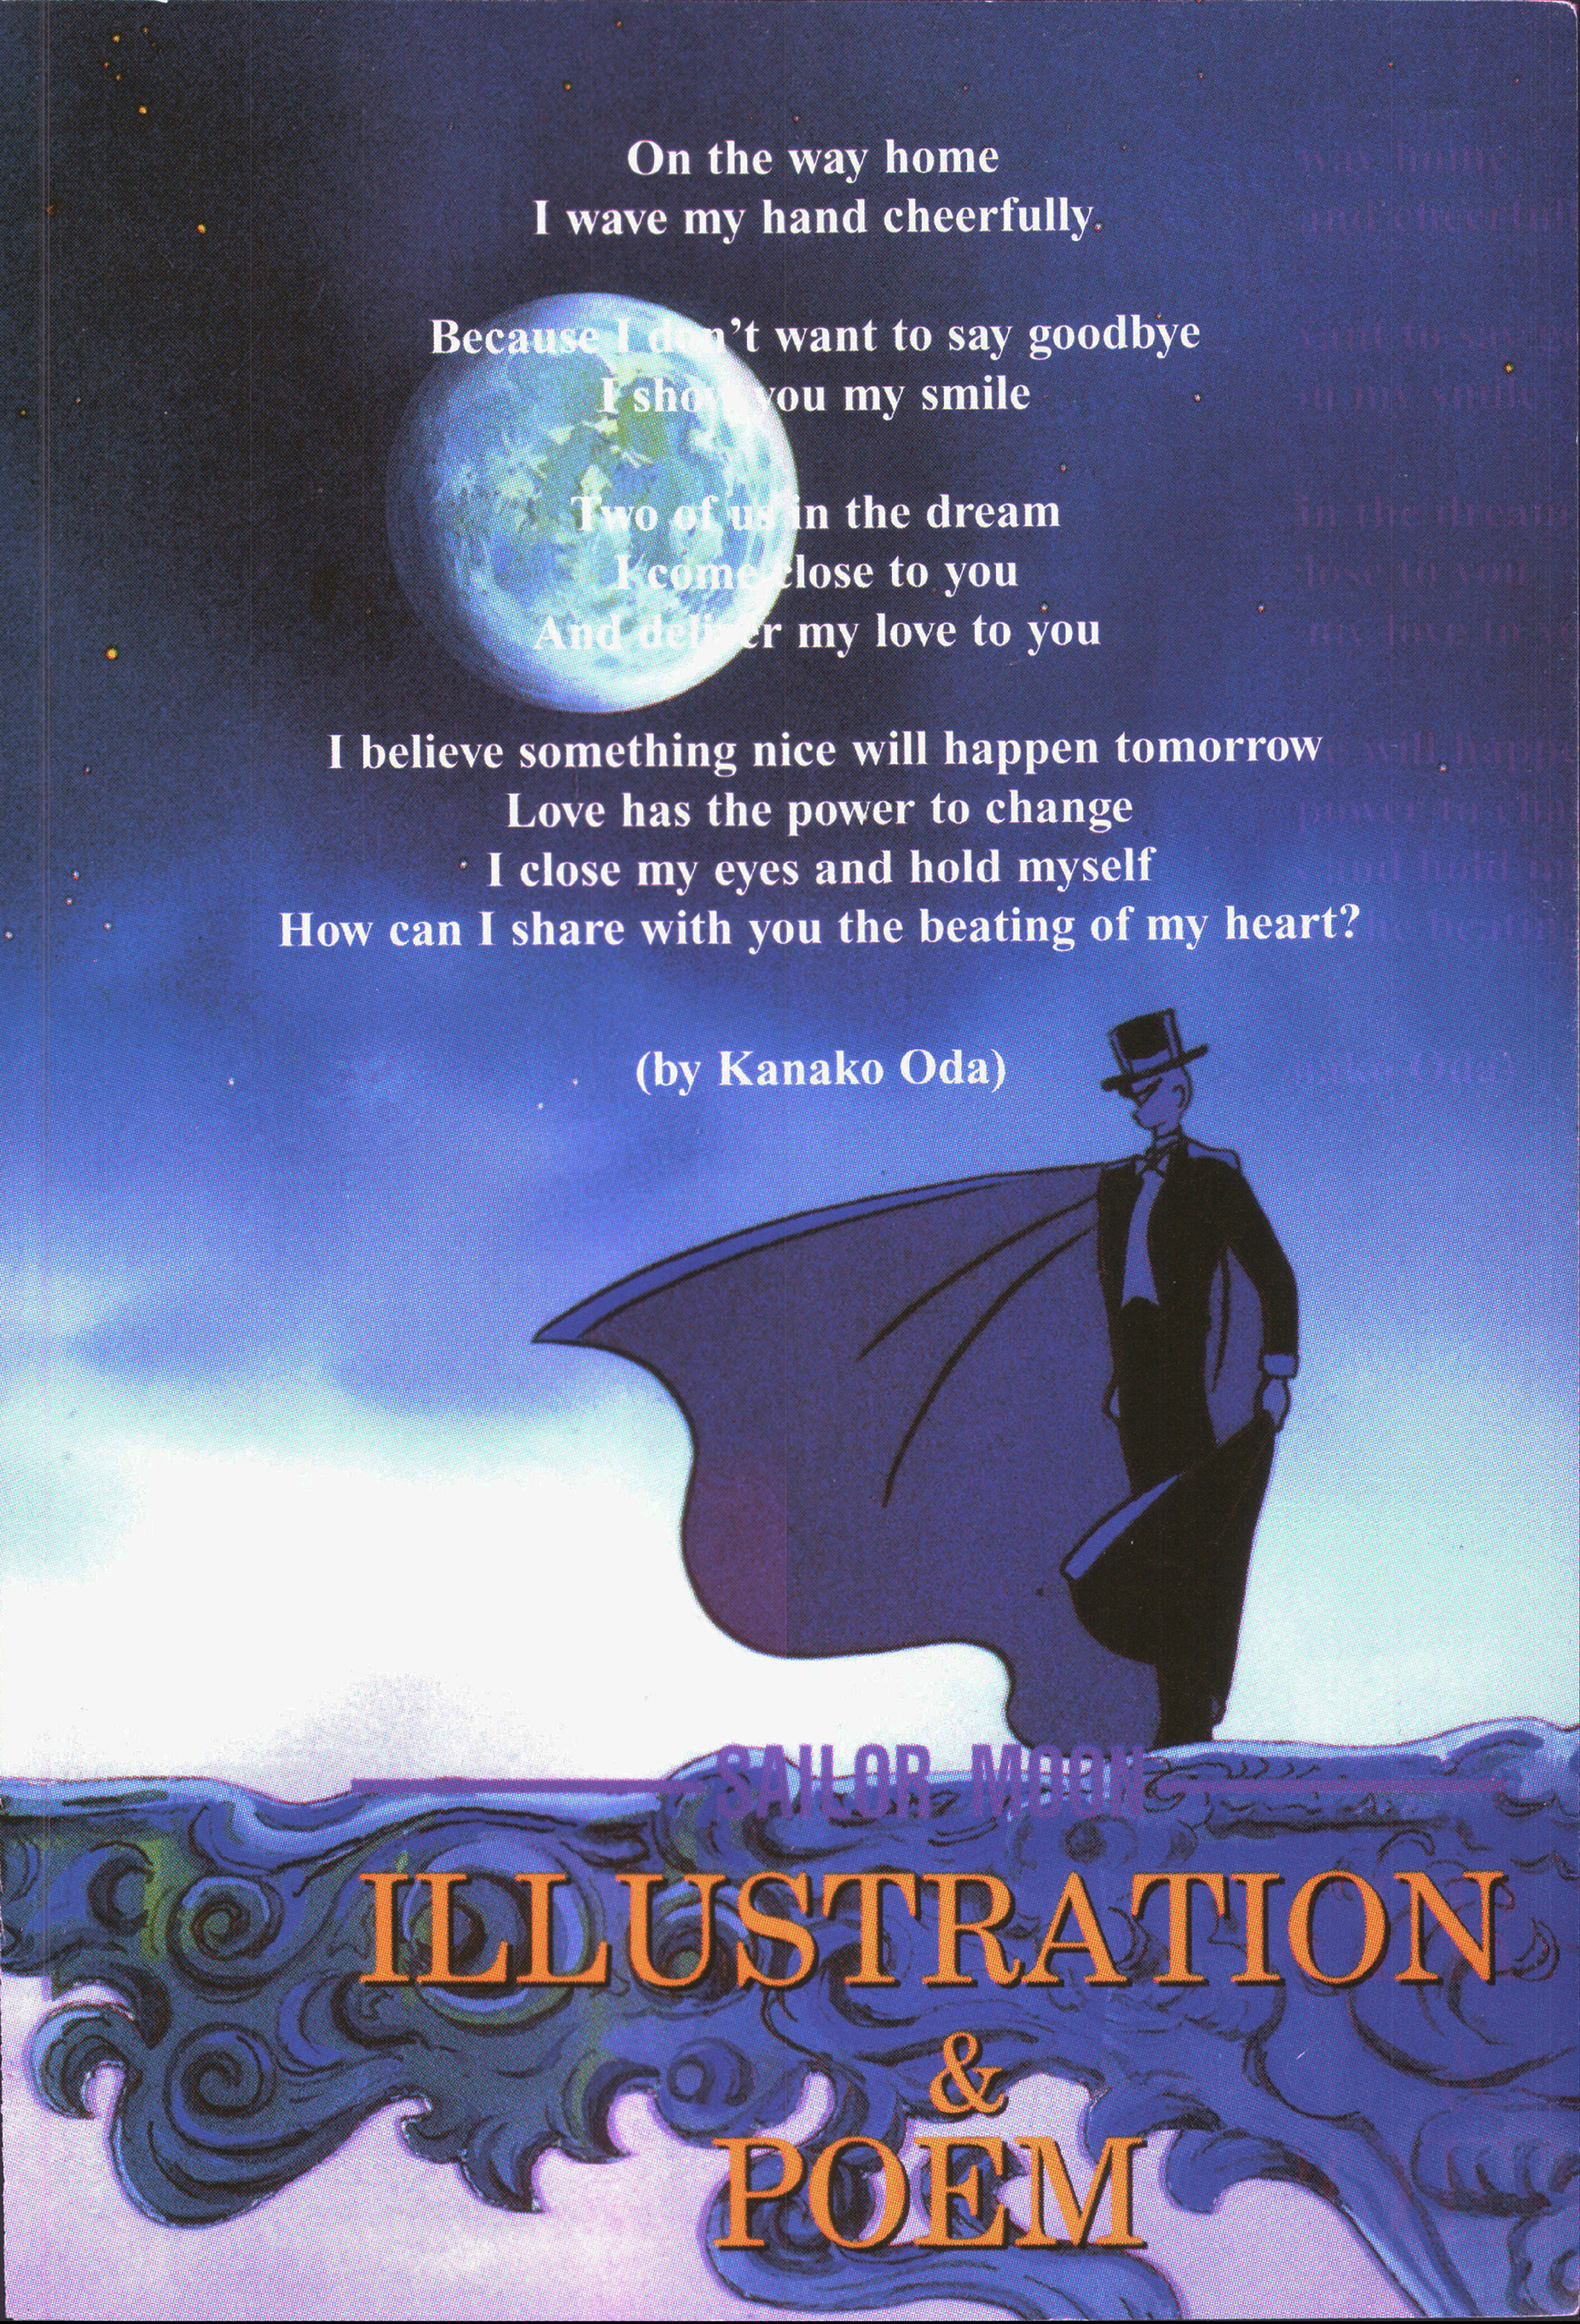
Two of us in the dream
surrounded by the stars

We weren't shy
When we were friends

But there was a moment
When I felt you were the only one

I am beautiful only for you
Love has the power to change

I close my eyes and hold myself
How can I share with you the beating of my heart?



On the way home
I wave my hand cheerfully

Because I don't want to say goodbye
I show you my smile

Two of us in the dream
I come close to you
And deliver my love to you

I believe something nice will happen tomorrow
Love has the power to change
I close my eyes and hold myself
How can I share with you the beating of my heart?

Tuxedo Mirage

My heart is exposed
like an experiment in a lab for you to study
What can I do?
You see my heart beating
My heart is too full of love

Please don't stop kissing
Even as fireworks change into stars
My love will not disappear in the night

Please steal my heart
With your velvet scent
I fell in love that night

Open your cloak in the dawn
Your rainbow magic makes me love you more

Tuxedo Mirage
Tuxedo Mirage

As the sound from the music box fades away
What can I do?
You see my heart beating
My heart is too full of love

Please don't stop kissing
Even as my tears turn into stars
Even as the carousel stops turning

Please hold my heart
With your velvet gaze
I swore my love that night

Hold me gently in the tender night
Be with me forever
